Board of Fire Engineers

J, HARRY HOLMES, Chief; F. ELIOT CABOT, ERNEST C. SOULIS, Clerk.

86th
ANNUAL TOWN REPORT
OF
MILTON
MASS.

FOR THE YEAR ENDING
DECEMBER 31, 1922

COMPILED BY
THE AUDITORS

T. O. METCALF COMPANY
BOSTON

STATEMENT OF THE AUDITORS

To the Citizens of Milton:

In accordance with the Revised Laws and the By-Laws of the Town, we have examined the books and accounts of all officers and committees intrusted with the expenditure of money, and all original bills and vouchers on which moneys have been paid from the treasury, for the year ending December 31, 1922, and have found the same correct.

Respectfully submitted,

J. HERBERT RAYMOND	} <i>Auditors</i>
FREDERICK N. KRIM	
ARTHUR S. FORBES	

MILTON, MASS., December 31, 1922.

REVISED BY-LAWS

TOWN OF MILTON, MARCH 2, 1902

Adopted by the Town and approved by the Superior Court May 20, 1902.

The amendments to Chapters 2, 3, 4, 7, 8, and 10 adopted by the Town March 2, 1914, March 13, and September 1, 1915, March 11, 1922, were approved by the Attorney-General, December 10, 1914, May 8, and September 22, 1915, April 6, and July 19, 1922.

Chapters 12 and 13 adopted by the Town July 10, 1922, were approved July 11 and 21, 1922.

CHAPTER 1

GENERAL PROVISIONS

SECTION 1. These By-Laws, contained in this and the succeeding chapters, being ten chapters in all, may be designated as the Revised By-Laws, adding the number of the chapter and section when necessary.

SECT. 2. So far as the provisions of these By-Laws are the same in effect as those of previously existing By-Laws, they shall be construed as a continuation of such By-Laws, but, subject to said limitations and the provisions of the next section, all By-Laws of the Town heretofore in force are hereby repealed; provided that this repeal shall not apply to or affect any By-Law, order, or article heretofore adopted, accepting or adopting the provisions of any statute of the Commonwealth.

SECT. 3. These By-Laws and the repeal of all By-Laws heretofore in force shall not affect any act done, any right accrued, any penalty or liability incurred, or any suit, prosecution, or proceeding, pending at the time when they take effect; nor shall the repeal of any By-Law thereby have the effect of reviving any By-Law theretofore repealed or suspended.

SECT. 4. When in a By-Law anything is prohibited from being done without the license or permission of a certain officer, officers, or board, such officer, officers, or board, shall have the power to license or permit such thing to be done.

SECT. 5. In all the By-Laws of the Town the following words and expressions shall, unless inconsistent with the manifest intent, be severally construed as follows:—

The word *public way* shall include any highway, townway, road, bridge, street, avenue, boulevard, roadway, parkway, lane, sidewalk or square; *the owner or occupant* of a building or land shall include any sole owner or occupant, and any joint tenant and tenant in common of the whole or of any part of a building or lot of land; words purporting to give a joint authority to three or more officers or other persons shall give such authority to a majority of such officers or persons; the word *person* may include corporations; words importing the singular number may apply to the plural number, and words importing the masculine gender may apply to the feminine gender.

SECT. 6. All fines and penalties for the violation of any By-Laws shall, when received, inure to the use of the Town, and be paid into the Town treasury, unless it be otherwise directed by the laws of the Commonwealth or the By-Laws of the Town.

SECT. 7. Whoever violates any of the provisions of the By-Laws of the Town, whether included in these By-Laws or any hereafter enacted, whereby any act or thing is enjoined or prohibited, shall, unless other provision is expressly made, forfeit and pay a fine not exceeding twenty dollars for each offence.

SECT. 8. Whoever shall refuse or neglect to obey any order of any Town officer or board of Town officers, issued under any of the By-Laws of the Town, directed to him and properly served upon him, shall, in cases not otherwise provided for, forfeit and pay for such offence a fine not exceeding twenty dollars.

SECT. 9. Prosecutions for the breach of any of the provisions of the By-Laws of the Town shall be commenced within six months from such breach.

SECT. 10. Any or all of the By-Laws of the Town may be repealed or amended,

or other By-Laws may be adopted, at any Town meeting, annual or special, an article containing the subject-matter of the proposed change having been inserted in the warrant for such meeting.

CHAPTER 2

TOWN MEETINGS

SECTION 1. The warrants for all Town meetings shall be directed to the constables of the Town, and the meetings shall be notified by posting attested copies of the warrant in each of the post-offices of the Town at least fourteen days, and by leaving printed copies thereof at the dwelling-houses in the Town at least four days, before the day of such meeting.

SECT. 2. The annual meeting for the election of Town officers shall be held upon the first Saturday of March, the polls to be open at fifteen minutes before six o'clock in the forenoon, and they shall remain open until four o'clock in the afternoon for the election of such other Town officers as are required by law to be elected by ballot, all said officers to be voted for on official ballots. At any time after said four o'clock a vote may be passed to close the polls in not less than ten minutes.

SECT. 3. All business except the election of such officers and the determination of such matters as by law are required to be elected or determined by ballot shall be considered at an adjournment of said meeting to the following Saturday at one-thirty o'clock in the afternoon.

SECT. 4. All motions shall, if required by the Moderator, be reduced to writing before being submitted to the meeting.

SECT. 5. Upon taking the question, if the decision of the Moderator is doubted, or a division of the house called for, the Moderator shall request the voters to be seated, and shall appoint tellers; the question shall then be distinctly stated, and those in the affirmative and negative, respectively, shall be requested to rise and stand in their places until they are counted by the tellers, who shall carefully count each side and make a report thereof to the Moderator.

SECT. 6. No vote shall be reconsidered at the same meeting, except upon a motion made within one hour of the adoption of such vote, unless ordered by two-thirds of the voters present and voting thereon.

SECT. 7. When a question is before the meeting, the following motions, viz.:—

- to adjourn,
- to lay on the table,
- for the previous question,
- to postpone to a time certain,
- to commit (or recommit) or refer,
- to amend or substitute,
- to indefinitely postpone,

shall have precedence in the order in which they are placed in this section.

In proposed amendments involving amounts or dates, the smallest amount and the shortest time shall be put first.

SECT. 8. After the declaration of the vote for Town officers, fifteen legal voters shall be appointed by the Moderator, who shall constitute a committee to be known as the Warrant Committee. The persons so appointed shall continue as members of said committee until the Town meeting of the ensuing year.

CHAPTER 3

THE WARRANT COMMITTEE

SECTION 1. The Warrant Committee shall, within two weeks after their appointment, meet, at the call of the member thereof first named, for organization by the choice of a chairman and secretary. And they shall meet thereafter from time to time as they may deem advisable.

They shall have power to fill vacancies in their number by vote, attested copy of which shall be sent by the secretary to the Town Clerk.

SECT. 2. It shall be the duty of the Warrant Committee to inform themselves concerning those affairs and interests of the Town, the subject-matter of which is generally included in the warrants for its Town meetings; and the officers of the Town shall,

upon their request, furnish them with facts, figures, and any other information pertaining to their several departments; provided, however, that any such information may be withheld when, in the opinion of the officer or board of officers so requested, the communication thereof might injuriously affect the interests of the Town or its citizens.

SECT. 3. The Warrant Committee shall consider the various articles in the warrants for all the Town meetings held during the period for which they were appointed including the various articles in the warrant for the annual Town meeting next after their appointment; they shall also consider all questions submitted to the voters of the Town at any meeting, including State elections under any act or resolve of the Legislature and proposed amendments to the Constitution; and they shall report in print before all such meetings their estimates and recommendations for the action of the Town.

CHAPTER 4

THE TOWN'S FINANCES AND PROPERTY

SECTION 1. The financial year shall begin with the first day of March.

SECT. 2. The Selectmen shall annually, not less than seven days before the annual meeting, cause to be printed and distributed among the tax-payers of the Town, a detailed report of all moneys received into and paid out of the Town treasury during the preceding calendar year, with such information and recommendations as they may deem proper, and with detailed estimates of the amounts of money that will be required for the ensuing financial year. With this report shall be printed the records of all meetings of the Town held since the last annual report was printed, the reports of the Auditors, of the Surveyors of Highways, and of the Engineers of the Fire Department, the Collector's account of receipts, payments, and abatements, a list of all taxes assessed, an abstract of the births, marriages, and deaths to be furnished by the Town Clerk, a statement concerning the condition and funds of the public library and the cemetery to be furnished by the Trustees respectively, and a statement of all other funds belonging to the Town or held for the benefit of its inhabitants; also statements of the liabilities of the Town on bonds, notes, certificates of indebtedness, or otherwise, and of the total money paid the Town, the income of which is to be applied to the care of lots in the cemetery. The annual report shall also contain such other matters as may be required by the By-Laws of the Town.

SECT. 3. The assessment of taxes shall be completed and the tax list and warrant shall be delivered to the Collector on or before the first day of August in each year.

SECT. 4. Poll taxes shall be payable on demand, and all other taxes assessed in each year shall be payable on or before the first day of November in the same year; and on all such taxes as are not paid on or before the said first day of November, interest shall be charged at a rate to be fixed annually by the Town, pursuant to Section 71 of Chapter 490 of the Acts of the year 1909, Part 1, and the Collector shall use all the means and processes provided by law for the collection of all taxes remaining unpaid after the first day of November in the same year.

SECT. 5. No person being an officer of the Town shall in his official capacity make or pass upon, or participate in making or passing upon, any sale, contract or agreement, or the terms or amount of any payment, in which the Town is interested and in which such officer has any personal interest at variance with that of the Town.

SECT. 6. The Selectmen, being duly authorized by vote of the Town under the limitations imposed by statute, may authorize the Treasurer to borrow money temporarily in anticipation of the collection of taxes, or upon loans authorized by vote of the Town, and to give promissory notes therefor in behalf of the Town, the same to be signed by the Treasurer and countersigned by a majority of the Selectmen.

SECT. 7. No money granted for special purposes shall be applied to any other use unless by a vote of the Town, and all unexpended balances of such grants shall be stated in the annual report.

SECT. 8. No order shall be drawn by any officer or committee on the Town Treasurer for any purpose not authorized by a vote of the Town, or by the laws of the Commonwealth, nor shall any such draft be made for any amount which overdraws the appropriation against which it is made, whether general or special; and the Town Treasurer shall keep full accounts in respect to the several separate appropriations and the drafts made against each, and shall not honor any draft which does not state specifically the appropriation against which it is drawn, or which overdraws such appropriation, whether general or special.

SECT. 9. The Warrant Committee shall send to the Town Treasurer certified copies

of all votes whereby transfers are made out of the Reserve Fund for extraordinary or unforeseen expenditures.

SECT. 10. No board, committee, or officer of the Town shall commit the Town to any expenditure or liability which would, in the ordinary course of business, be chargeable to the appropriation of which such board, committee or officer is or has been in charge, after such appropriation has been exhausted, or after the satisfaction of all liabilities against it would exhaust it, until either the Warrant Committee shall have transferred additional sums to such appropriation, or until the Town at a meeting of the voters, shall have acted in the matter.

SECT. 11. No grant of a sum of money exceeding five hundred dollars shall be made until the subject-matter thereof has been considered and the estimates reported to the Town, either by the Selectmen or other Town officers, or by the Warrant Committee or some committee chosen for that purpose in pursuance of a vote of the Town.

SECT. 12. The Selectmen shall have full authority as agents of the Town to institute and prosecute suits in the name of the Town, and to appear and defend suits brought against it, unless it is otherwise specially ordered by a vote of the Town.

SECT. 13. Whenever it shall be necessary to execute any deed conveying land or other instrument required to carry into effect any vote of the Town, the same shall be executed by the Selectmen, or a majority thereof, in behalf of the Town, unless the Town shall otherwise vote in any special case.

SECT. 14. Three Auditors shall be chosen by ballot at the annual meeting, who shall have the power and perform the duties prescribed by statute.

CHAPTER 5

THE CEMETERY

SECTION 1. The sole care, superintendence, management, and control of the Cemetery shall be intrusted to a Board of five Trustees to serve for the period of five years; one of said Board shall retire and a new member be elected at each annual meeting of the Town.

In case of vacancies in the Board of Trustees the remaining members may fill the same, but any member so chosen shall hold office only until the next annual Town meeting, when a Trustee shall be elected for the unexpired term.

SECT. 2. Citizens of Milton who are heads of families and have been residents of the Town not less than five years shall be entitled to lots in the Cemetery, allowing one lot to a family, subject to the regulations adopted by the Town, upon payment of the charges for putting the lot in order; but by unanimous consent of the Trustees the five years' residence requirement may be waived.

SECT. 3. The Trustees, when in their judgment it shall be deemed advisable, may sell lots at the rate of not less than fifty cents a square foot, but only to those who are in some way connected with Milton people.

SECT. 4. The proprietor of each lot shall cause to be erected, at his own expense, corner-stones, and a step with his name and the number of the lot inscribed on the same, and shall cause his lot to be kept in proper order; and if the proprietor shall omit for thirty days after notice to erect such landmarks and to keep the lot in order, the Trustees shall have authority to have the same done at the expense of said proprietor.

SECT. 5. No lot shall be used for any other purpose than as a place of burial for the dead, and no proprietor shall suffer the remains of any person to be deposited within the bounds of his lot for hire; nor shall any proprietor sell or transfer the whole or any part of his lot without the consent of the Trustees.

SECT. 6. If in the judgment of the Trustees any trees or shrubs in any lot shall become detrimental to the adjacent lots or avenues, or dangerous or inconvenient, it shall be the duty of the Trustees to enter upon said lot and to remove said trees and shrubs, or such parts thereof as are thus detrimental, dangerous or inconvenient.

SECT. 7. There shall be no structure or inscription placed in, upon or around any lot which the Trustees shall deem offensive or improper; and it shall be the duty of the Trustees to remove all offensive or improper objects.

SECT. 8. The Trustees shall have authority to purchase any tomb in the Cemetery offered for sale, paying for the same such sums as, in their judgment, may be fair and reasonable. They shall also have authority to give for any tomb a lot to be constructed on the land occupied by the tomb, or to be selected at some other point in the Cemetery grounds, as they may agree with the proprietor of the tomb. Should there be no living

proprietors, or legal representatives of deceased proprietors, the Trustees may take possession of such Tomb, carefully remove its contents to a lot prepared for the purpose, and erect over the remains a suitable memorial stone.

SECT. 9. The following regulations shall be posted within the Cemetery:—

1. All persons are prohibited from driving on the borders.
2. No horse shall be left upon the grounds without a keeper, unless fastened to posts provided for the purpose.
3. All persons are prohibited from discharging firearms within the grounds of the Cemetery, except in connection with military memorial services.
4. All persons are prohibited from writing upon or otherwise defacing any sign, monument, fence, or other structure.
5. All persons are prohibited from gathering flowers, or breaking any tree, plant or shrub.
6. Dogs are not allowed within the Cemetery grounds.

CHAPTER 6

POLICE REGULATIONS

SECTION 1. No person shall move or assist in moving any building, over any way which the Town is obliged to keep in repair, without the written permit of the Selectmen being first obtained; nor, having obtained such permit, without complying with the restrictions and provisions thereof.

SECT. 2. Whoever, without a written license from the Selectmen, shall cause or suffer any cart or wagon to remain within the limits of any public way so as in any manner to obstruct travel thereon, or for more than twenty-four hours, shall forfeit and pay a sum not less than one dollar and not more than ten dollars for each offence; and he shall be subject to a like penalty if he neglects to remove the same within the time ordered by such officers, who may revoke such license at any time.

SECT. 3. No person shall place or cause to be placed, upon any public way or sidewalk, any lumber, iron, wood, coal, trunk, bale, box, crate, cask, barrel, package or other thing, and allow the same to remain for more than one hour, or more than ten minutes after being notified by a constable, police officer or the Selectmen.

SECT. 4. Any person who intends to erect, repair or take down any building on land abutting on any way which this Town is obliged to keep in repair, and desires to make use of any portion of said way for the purpose of placing thereon building materials or rubbish, shall give notice thereof to the Selectmen. And thereupon the Selectmen may grant a permit in writing to occupy such a portion of said way to be used for such purpose as in their judgment the necessity of the case demands and the security of the public allows; such permit in no case to be in force longer than ninety days, and to be on such conditions as the Selectmen may require; and especially in every case, upon condition that during the whole of every night, from twilight in the evening until sunrise in the morning, lighted lanterns shall be so placed as effectually to secure all travellers from liability to come in contact with such building materials or rubbish.

SECT. 5. No person shall throw or place, or cause to be thrown or placed, any ice or snow into or upon any public way unless the same be broken into small pieces and spread evenly.

SECT. 6. Whoever, without the written permission of the Selectmen, shall place or cause to be placed in or upon any public way, or sidewalk, any ashes, dirt, rubbish or filth of any kind, or any animal or vegetable substance, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 7. Whoever shall suffer any horse or grazing beast, or swine, to run at large in the Town, or to feed in any public way either with or without a keeper, and whoever shall drive any such animal upon any sidewalk, or suffer any horse to remain hitched across any sidewalk, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 8. Three or more persons shall not continue to stand or remain in a group, or near to each other, on any sidewalk or in any public place in such a manner as to obstruct a free passage for foot passengers, after having been requested by a constable or police officer to move on. Any person who shall violate the provisions of this section shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 9. No person shall dig up or obstruct any portion of any way which the Town

is obliged to keep in repair without the permit, in writing, of the Selectmen, nor, having obtained such permit, shall fail to comply with the conditions thereof; and in addition to any penalty to which he may be subjected under these By-Laws for such failure, he shall reimburse the Town for all expenses and damages which, or for which the Town may be compelled to pay by reason of such unauthorized use, or any failure to comply with said conditions.

SECT. 10. No person shall ride or drive any beast of burden, carriage or draught, or shall propel or cause to be propelled any bicycle, tricycle, automobile or any vehicle whatsoever, at a rate of speed exceeding ten miles an hour, in or over any crossing in any public way.

SECT. 11. No person shall permit any team under his care or control to stand across any public way in such a manner as to obstruct the travel over the same for an unnecessary length of time; no person shall stop with any team in any public way so near to another team as to obstruct public travel; and no person shall stop with any team or carriage upon or across any crossing in any public way.

SECT. 12. No person shall drive or take charge of at the same time in any public way two or more vehicles drawn by horses or other beasts; or shall allow any vehicle belonging to him to be driven in any public way without some competent person in charge thereof.

SECT. 13. Whoever shall coast upon ice or snow on Adams Street, between Churchill's Lane and the line of the City of Boston, or upon any public way on which the Selectmen or Superintendent of Police shall by public notice have forbidden such coasting, and whoever shall drive, wheel or draw any coach, cart, wheelbarrow, handcart, velocipede, bicycle or any carriage of burden or pleasure, except children's carriages, or coast upon any sidewalk in the Town, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 14. Whoever shall behave in an indecent or disorderly manner, or use profane, indecent, or insulting language in or upon any sidewalk, public way, or other public place, to the annoyance or disturbance of any other person there being or passing in a peaceable manner, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

SECT. 15. Any person or persons who shall play or perform on any musical instruments, or sing, parade, march, or congregate in any public way or public place, except in connection with a funeral, without the written permit of the Selectmen, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

SECT. 16. Whoever shall be or remain on any doorstep, portico, or other projection from any house or building, or upon any wall or fence on or near any public way or public place, after being requested by the occupant of the premises or by any constable or police officer to remove therefrom, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 17. No person shall throw stones, snowballs, sticks, or other missiles, or kick a football or play at any game in which a ball is used, or fly any kites or balloons, in any public way.

SECT. 18. Whoever shall affix, by paste or otherwise, any handbill, placard, notice, or advertisement, or paint, draw or stamp the same, or any marks or figures, to or upon any sign board of the Town, or to or upon any building, fence, wall, tree or structure, without the permission of the owner of such building, fence, wall, tree or structure, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence; and if such handbill, placard, notice, advertisement, mark, or figure be obscene or indecent, the penalty shall not be less than twenty dollars for each offence.

SECT. 19. Whoever shall undertake to enter a particular drain into a common sewer without a permit in writing from the Sewer Commissioners or without complying with the conditions and directions of such permit, shall forfeit and pay a sum not exceeding ten dollars.

SECT. 20. Whoever shall lead or cause to be led into any public way, or running stream, any drain or pipe from any house or other building whereby filthy water or other unclean matter may be emptied into or upon any such public way or running stream; and whoever shall throw, lead or discharge or cause to be thrown, led or discharged, into any public way, or running stream, any noxious or poisonous matter or substance, or any matter or substance which shall cause an offensive smell or odor, or which shall be destructive of, or injurious to, animal life, shall forfeit and pay a sum not less than five dollars nor more than twenty dollars.

SECT. 21. The Selectmen may grant licenses to use a certain portion of any public way as a carriage-stand, under such terms and conditions as they may prescribe; and

no person shall use any portion of any public way as a carriage-stand for the solicitation of passengers for hire without a license from the Selectmen. But licenses shall not be confined to one person to the exclusion of other applicants, and shall be granted so as to allow competition and promote public convenience.

SECT. 22. No person shall distribute papers, circulars, or advertisements through the Town or any portion thereof in such a manner as to make a litter or otherwise cause public annoyance.

SECT. 23. No person shall fire, discharge, explode or set off any gun, firearm, torpedo, fire-cracker or fire-works in such manner as to frighten any horse, or to disturb the peace or quiet of any neighborhood.

SECT. 24. No person shall wilfully deface or injure any public playground, planting space, flower bed, tree, shrub or grass border.

SECT. 25. No person shall own or keep a dog which by barking, biting, howling or in any other manner is disturbing the peace or quiet of any neighborhood.

SECT. 26. No person shall hawk or peddle any of the articles enumerated in Section 15 of Chapter 65 of the Revised Laws, until he has recorded his name and residence with the Superintendent of Police, and been assigned a number by him, nor unless any vehicle or receptacle in which he shall carry or convey such articles shall have painted on it in letters and figures at least two inches in height the name of the person selling, and the number given him by the Superintendent of Police, and be approved on the first Monday in every month by the Superintendent of Police; provided, however, that the foregoing provisions shall not apply to minors licensed by the Selectmen; and, further, provided that the Selectmen may restrain the sale by minors of any or all such articles.

No person hawking, peddling or selling, or exposing for sale, any articles enumerated in Section 15 of Chapter 65 of the Revised Laws, shall cry his wares to the disturbance of the peace and comfort of the inhabitants of the town.

No hawker or peddler shall carry or convey any articles enumerated in Section 15 of Chapter 65 of the Revised Laws in any manner that will tend to injure or disturb the public health or comfort, nor otherwise then in vehicles or receptacles which are neat and clean and do not leak.

SECT. 27. The Selectmen may license suitable persons to be dealers in and keepers of shops for the purchase, sale, or barter of junk, old metals, or second-hand articles, in the Town. They may also license suitable persons as junk collectors, to collect, by purchase or otherwise, junk, old metals, and second-hand articles from place to place in the Town; and they may provide that such collectors shall display badges upon their persons, or upon their vehicles, or upon both, when engaged in collecting, transporting, or dealing in junk, old metals, or second-hand articles; and may prescribe the design thereof. They may also provide that such shops and all articles of merchandise therein, and any place, vehicle or receptacle used for the collection or keeping of the articles aforesaid, may be examined at all times by the Selectmen or by any person by them authorized thereto. The aforesaid licenses may be revoked at pleasure, and shall be subjected to the provisions of Sections 186 to 189 inclusive of Chapter 102 of the Revised Laws.

Whoever violates any provisions of Sections 26 and 27 shall in cases not otherwise provided for, forfeit and pay for each offence a fine not exceeding twenty dollars.

SECT. 28. The Selectmen may order numbers to be affixed to or painted on the buildings on any street in their discretion. The owner of every house shall comply with such order within thirty days thereafter.

PROSECUTIONS AND PENALTIES

Except when otherwise provided by law, prosecutions for offences under the By-Laws of the Town may be made by any constable or police officer of the Town.

CHAPTER 7

THE CONSTRUCTION AND INSPECTION OF BUILDINGS

SECTION 1. This Chapter shall constitute and be known as the Building Code and may be cited as such. It provides, in conjunction with Chapter 635, Acts of 1912, known as the "Tenement House Act," for all matters concerning the construction,

equipment, alteration, repair, demolition or moving of buildings or structures erected or to be erected in the Town of Milton.

SECT. 2. Whenever the word "Inspector" occurs in this Chapter it means the Inspector of Buildings.

SECT. 3. The Inspector may, so far as is necessary for the performance of his duties, enter any building or premises within the Town at any reasonable hour.

SECT. 4. In this Chapter the following terms shall have the meanings respectively assigned to them:

First Class Buildings: A first class building shall consist of fireproof material throughout, with floors constructed of iron, steel or reinforced concrete beams, filled in between with terra cotta or other masonry arches or with concrete or reinforced concrete slabs. Wood may be used only for under and upper floors, window and door frames, sashes, doors, interior finish, handrails for stairs, necessary sleepers bedded in cement, and for isolated furrings bedded in mortar. There shall be no air space between the top of any floor arches and the floor boarding.

Second Class Buildings: Second class buildings shall include all buildings not of the first class, the external and party walls of which are of brick, stone, iron, steel, concrete, reinforced concrete, concrete blocks or other equally substantial and fireproof material.

Third Class Buildings: Third class buildings shall include all buildings not of the first or second class.

Thickness of Wall: The minimum thickness of such wall.

Grade: Average grade of the ground immediately adjoining a building.

Cellar: A story more than one-half below the average grade of the ground immediately adjoining a building.

Wooden Frame Building: Any building of which an external wall is constructed wholly or partly of wood. Wood frames covered with metal, wire lath and plaster or brick shall be deemed to be wood structures.

Reinforced Concrete: By the term "reinforced concrete" is meant an approved concrete mixture reinforced by steel of any shape so combined that the steel takes up the tensile stress and assists in the resistance to shear.

Story: That part of a building between the top of any floor beams and the top of the floor or roof beams next above.

PERMITS

SECT. 5. Before the erection, construction or alteration of any building or part of any building, structure or part of any structure, wall, or any platform or flooring to be used for standing or seating purposes, is commenced, the owner or lessee, or agent of either, or the architect or builder employed by such owner or lessee in connection with the proposed erection or alteration shall, except for ordinary repairs, submit to the Inspector a detailed description of the location, purpose and construction of the proposed structure or work on proper blanks to be furnished by the Inspector, and full and complete copies of the plans of such proposed work, and such structural detailed drawings as the Inspector may require.

Such plans and detailed drawings shall be furnished in duplicate and, if approved by the Inspector, one set shall be kept at the building during the progress of the work, open to the inspection of the Inspector or his representative. The other shall be kept on file in the office of the Inspector.

The Inspector may require an applicant for a permit to submit with the plans of a building or other structure detailed drawings and calculations of any portions thereof subjected to unusual stresses, or of complicated construction, or for a steel frame or reinforced construction, or of any type of construction not particularly described in this chapter.

Nothing in this section shall be construed to prevent the Inspector from granting his approval of the erection of any part of a building or structure where the general plans and detailed descriptions have been filed for the same, before the entire detailed plans have been submitted.

SECT. 6. It shall be the duty of the Inspector to approve or reject any plans filed with him pursuant to the provisions of this chapter within a reasonable time and within ten (10) days in any event, and no work shall be commenced until a permit is issued.

SECT. 7. Upon approval of plans the Inspector shall issue a permit. The permit shall be void unless work is commenced within three (3) months from the date thereof.

SECT. 8. No building shall be lathed nor shall any metal ceiling, plaster board or

other covering be put on until the Inspector has been notified that the building is ready for such work, and until he has given written consent thereto.

SECT. 9. If a proposed building or structure is of a size or character not provided for by this chapter, plans and specifications of such building or structure shall be submitted to the Inspector and referred by him, with his recommendations thereon, to the Board of Selectmen for approval.

CONSTRUCTION

SECT. 10. The Inspector shall examine all buildings in the course of erection or alteration as frequently as is necessary, to see that the Law and the By-Laws of the Town are complied with.

SECT. 11. Every portion of every building or other structure in process of construction, alteration, repair or removal and every neighboring building or other structure or portion thereof affected by such process, or by any excavation, shall be properly supported during such process or excavation.

SECT. 12. All masonry below the finished grade shall be laid up in mortar no poorer than one part Portland cement and three parts sand.

All masonry above grade shall be laid up in mortar no poorer than one part Portland cement, one part lime, and six parts sand.

SECT. 13. Every building or structure hereafter erected shall have a masonry foundation resting upon the solid ground, piles, or other durable structure. Said foundation shall be securely and properly built, and shall be of such thickness as to properly sustain the weight it is intended to support; provided, however, that the Inspector may, in his discretion, permit the use of other materials for foundations of buildings not over one and one-half stories high.

SECT. 14. The underpinning above grade, if of concrete, shall be not less than ten (10) inches in thickness; if of brick, not less than twelve (12) inches in thickness; if of stone, not less than sixteen (16) inches in thickness; and shall be laid in cement mortar, as prescribed in Section 12.

SECT. 15. All foundation walls and pier footings shall be laid at least three (3) inches below cellar bottom and not less than three (3) feet six (6) inches below any adjoining surface exposed to frost.

SECT. 16. All piers shall be built of stone, good hard burnt brick laid in mortar, or reinforced concrete. Isolated brick piers shall not exceed in height ten (10) times their horizontal dimensions and, if of reinforced concrete, fifteen (15) times their least horizontal dimensions, which shall not be less than twelve (12) inches. Cement filled iron columns may be substituted for piers if of suitable size to carry the superimposed load. Such columns shall have cast iron caps and bases and shall rest on footings of masonry, stone, or concrete which shall be at least twelve (12) inches in each dimension.

SECT. 17. For buildings other than frame, where the walls are of brick or solid concrete, the minimum thickness in inches of all exterior and dividing walls carrying the loads of floors and roofs and including foundation walls for the same shall be not less than specified in the following table:

Height	Foundations	Basement	Stories					
			1	2	3	4	5	6
1 Story	16	12	8					
2 Stories	16	12	12	8				
3 Stories	20	16	12	12	8			
4 Stories	20	16	16	12	12	8		
5 Stories	20	16	16	16	12	12	8	
6 Stories	24	20	16	16	16	12	12	8

The height of stories for the thickness of walls given shall not exceed:

First Story	17 feet
Second Story	15 feet
Third Story	13 feet
Fourth and Upper Stories	12 feet

and if any story exceeds the foregoing heights, it shall be counted as one additional story for each twelve feet in height or fraction thereof and the thickness of the walls not diminished from the thickness of the lower portion of such story.

If stone is used in place of brick or solid concrete, the thickness of walls shall be made four (4) inches thicker than above specified.

In external walls of the thickness specified in this section, the area of openings for windows, doors, flues, etc., shall not exceed 50 per cent of the gross sectional area. In case the width of such openings exceeds one-half the length of the wall, the thickness of piers between openings shall be increased so as to maintain an area of at least fifty (50) per cent of the gross area required by the specified thickness; provided, however, that in the upper half of any vertical portion of the wall required to be of constant thickness a smaller addition may be made to the thickness of piers, if the stresses allowed by this code are not exceeded. Curtain walls of brick or concrete between piers, where carried to the piers by arches or lintels at each story, shall be not less than eight (8) inches in thickness.

SECT. 18. Vaulted walls shall contain, exclusive of ties, the same amount of material as required for solid walls, and shall be securely tied together with headers in every sixth course at least.

SECT. 19. In reckoning the thickness of walls, no allowance for ashlar shall be made unless it is at least eight (8) inches thick, in which case the excess over four (4) inches shall be reckoned as part of the thickness of the wall. Ashlar shall be at least four (4) inches thick and properly held by metal clamps to the backing, or properly bonded to the same.

SECT. 20. Reinforced concrete construction will be accepted for buildings of the first class, and must be designed in accordance with the recommendations of the Joint Committee of the American Society of Civil Engineers, or American Society for Testing Materials, and all materials used in the construction must conform to the requirements of the standard specifications of the American Society for Testing Materials.

The Building Inspector shall have authority to require tests to be made of all materials used in the construction. Such tests shall conform to the requirements as approved by the American Society for Testing Materials.

Only stone or gravel concrete shall be allowed in the construction of reinforced concrete buildings, except that slag or cinder concrete may be used for fireproofing purposes and for floors or roofs where the superimposed load does not exceed fifty (50) pounds per square foot, and the spacing between supports does not exceed six (6) feet.

The allowable unit stresses shall not exceed those recommended by the Joint Committee above mentioned.

Before issuing permit for the construction of reinforced concrete buildings, the Inspector of Buildings shall require the owner to submit a complete set of working drawings and details of the proposed construction with the approval of some well-known consulting engineer written upon each sheet of the drawing, and the cost of such approved drawings shall be paid by the owner.

SECT. 21. The studding in outside walls shall be at least two (2) by four (4) inches in size and spaced not over sixteen (16) inches on centers.

Studs next door and window openings shall be at least three (3) inches by four (4) inches and shall be mortised into sills and girts.

Openings in outside walls shall be trussed if the Inspector so requires.

SECT. 22. Every wooden building hereafter erected or altered shall have all parts of sufficient strength to carry the weight of the super-structure; shall be built with sills, posts, girts, studs and plates all properly framed, braced and secured together by mortising, strapping or halving, to the satisfaction of the Inspector.

The posts and girts shall be not less than four (4) inches in size except intermediate posts, which shall be not less than four (4) inches by eight (8) inches in size. Studs in interior partitions shall be placed not more than twenty (20) inches on centers. Plates shall be not less than four (4) inches by four (4) inches in size, but may be two (2) inches by four (4) inches doubled. Sills shall be not less than four (4) inches by six (6) inches in size.

SECT. 23. The studding of main or carrying partitions shall be not less than two (2) by four (4) inches in size, and shall rest on a sole piece of hard pine two (2) by four (4) inches. All openings in main partitions of more than thirty-six (36) inches shall be trussed and have studs doubled at sides. Every partition shall have a header extending the length of the partition, and carrying partitions shall be bridged with stock the full width of studding and two (2) inches thick, at least once in height.

Partitions over twelve (12) feet in height shall be bridged at least once in every six (6) feet.

When carrying partitions rest directly over each other, the studs shall run down between the floor beams and rest on the header of the partition below.

Headers of carrying partitions shall be at least two (2) inches by four (4) inches in size, doubled and of hard pine.

SECT. 23 A: All wooden header beams more than four (4) feet long used in any building shall be framed together and pinned or hung to the trimmer beams in stirrup-irons. When it is not practicable to frame or secure the ends of tail beams into header beams, the ends of the tail beams shall be hung to the header beams by stirrup-irons.

SECT. 24. All wooden beams of floors or flat roofs shall be properly bridged with cross bridging at least one (1) inch by three (3) inches in size, and the distance between bridging or between bridging and walls shall not exceed eight (8) feet.

SECT. 25. No part of any floor timber shall be within two (2) inches of any chimney; no studding or furring shall be within one (1) inch of any chimney; and no timbers or woodwork shall be within two (2) inches of the back wall of any fireplace. The header beam, carrying the tail beams of a floor and supporting the trimmer arch in front of a fireplace, shall be not less than eighteen (18) inches from the finished chimney breast.

SECT. 26. Every wooden beam, except header beams, shall rest four (4) inches in the wall at each end, or upon a girder or column as authorized by this chapter, unless the wall is properly corbelled out of four (4) inches, in which case the brickwork or corbelling shall extend to the top of the floor beams.

SECT. 27. The ends of all wooden beams of floors where they rest on brick walls, and the ends of all wooden roof beams in parapeted walls, shall be cut to a bevel of three (3) inches in their depth.

SECT. 28. No cutting of timbers for any purpose shall be done so as to reduce the strength of the supporting parts below that required by the provisions of this chapter. No floor timber, header or trimmer beam of any building shall be cut into more than two (2) inches in depth for piping without a permit from the Inspector. Holes for electric wires through wooden beams, girders or floor beams shall not be located more than one (1) inch from the neutral axis thereof.

SECT. 29. Every second and third class building hereafter built shall have in each story all vertical space in the exterior walls, and carrying partitions thoroughly stopped with fireproof materials not less than four (4) inches in height. These steps may be omitted on approval of the Inspector in cases where the studding is to remain open and uncovered. In every building used solely as a mill or factory there shall be a fireproof stop between the upper and under floor. This fire stop may, however, be omitted if the floor boards are at least two (2) inches thick and splined or tongued together and the space between the timbers of the floor open and uncovered.

SECT. 30. All floors shall be of sufficient strength to bear the weight imposed thereon and of sufficient strength in all parts to safely bear (in addition to the weight of the material of which the floor is composed), upon every square foot of its surface not less than the weights named below for the specified purposes for which such floors are respectively used or designed to be used:

Dwelling houses and hotels [except public rooms having a floor area of over five hundred (500) square feet and corridors], fifty (50) pounds; unfinished attics used for storage purposes only, thirty (30) pounds; schoolhouses, except corridors and assembly halls, sixty (60) pounds; stairs, landings, platforms, fire escapes, office floors, places of public assembly and public buildings having permanent seats, seventy-five (75) pounds; stables, private garages and the portions of public garages not containing machinery, seventy-five (75) pounds; corridors of hotels, of public buildings and of schoolhouses and rooms in hotels exceeding five hundred (500) square feet in area, one hundred (100) pounds; retail stores and buildings for light manufacturing purposes, one hundred and twenty-five (125) pounds; places of public assembly and public buildings having movable seats, dance halls and gymnasiums, two hundred (200) pounds; warehouses and buildings for heavy manufacturing purposes, two hundred and fifty (250) pounds. Loads not included in the above classification shall be determined by the Inspector.

SECT. 31. The pressure upon brick masonry in walls or piers, of which the thickness or least dimension is more than one-sixth of the height, when lime mortar is used, shall not exceed eight (8) tons per square foot; with lime and cement mortar, twelve (12) tons per square foot; with cement mortar, eighteen (18) tons per square foot. When the thickness or least dimension is between one-sixth and one-twelfth the height, and lime mortar is used, the pressure shall not exceed seven (7) tons per square foot; lime and cement mortar, ten (10) tons per square foot; with cement mortar, fifteen (15) tons per square foot.

On first class stone work laid in cement, pressures shall not exceed: on sandstone,

thirty (30) tons per square foot; on marble or limestone, forty (40) tons per square foot; on granite, sixty (60) tons per square foot.

Hollow blocks of terra cotta or concrete when used for bearing walls shall have not more than fifty (50) per cent of cellular space. Concrete blocks shall not be used in construction until they have attained the age of twenty-eight days, or developed the strength required in this section. All building blocks shall be laid in Portland cement mortar.

The compressive strength of building blocks shall in all cases be calculated upon the gross area of the bedding faces, no account being taken of the cellular spaces. The average ultimate compressive strength for terra cotta blocks laid with cells vertical shall be not less than twelve hundred (1200) pounds per square inch; the average for concrete blocks laid with cells vertical shall be not less than eight hundred (800) pounds per square inch. Concrete blocks shall be not less than thirty-six (36) days old when tested. The average strength of the blocks as here given shall be obtained by testing ten blocks of average quality.

The allowable working stress of hollow building blocks shall not exceed one hundred (100) pounds per square inch of gross area for terra cotta blocks, or seventy-five (75) pounds per square inch of gross area for concrete blocks. If a wall be built of blocks with the cells horizontal, the allowable working stress shall not exceed thirty (30) pounds per square inch of gross area.

The maximum stress in pounds per square inch in woodwork shall not exceed the following:

	<i>Long-leaved Yellow Pine Oak and Locust</i>	<i>Other Woods</i>
Direct tension on compr. or fiber str.	1,500	1,000
Direct comp. side grain	500	300
Shear across fiber	1,200	800
Shear with fiber	150	100
Short columns	1,000	700

Columns may be used with a length not exceeding forty (40) times the least dimension. The unit strain for lengths up to ten (10) times the least dimensions shall be as given in the above table, with a reduction of one hundred (100) pounds per square inch for every increase of ten in the ratio of length to least dimension.

The maximum stress in tension in cast iron, or tensile fiber stress in case of beams, shall not exceed three thousand (3000) pounds per square inch. The maximum compression in short pieces or compressive fibre stresses in beams shall not exceed sixteen thousand (16,000) pounds per square inch. Cast iron columns may be used with a length not exceeding twenty (20) times their least external diameter. The unit stress for lengths up to three (3) times their least diameter shall not exceed eleven thousand (11,000) pounds per square inch, with a reduction of five hundred (500) pounds per square inch for every increase of 3 in the ratio of length to least diameter.

In rolled steel the maximum stresses shall not exceed the following:

Tension and fiber stress, 16,000 lbs. per square inch; compression in columns, 13,000 lbs. per square inch.

Columns may be used with a ratio of length (l) to least radius of gyration (r) not exceeding 16, l being expressed in feet and the r in inches. The unit stress allowed shall be 13,000 pounds per square inch for l/r from 2 to 4; 12,000 from 4 to 6; with a decrease of 1,000 pounds for each succeeding increase of 2 in the ratio of l to r.

Shear in rivets, 10,000 lbs. per square inch; shear in rough bolts, 9,000 lbs. per square inch; shear in web (stiffened), 8,000 lbs. per square inch; bearing on rivets, 18,000 lbs. per square inch; bearing on rough bolts, 15,000 lbs. per square inch.

The maximum stresses in wrought iron shall not exceed seventy-five (75) per cent of those allowed in rolled steel.

Materials not specifically mentioned above shall not be allowed to carry stresses exceeding one-quarter the stresses which would cause fracture or cracks in specimens of such materials of average quality under similar conditions of loading. In cases of doubt of the strength of such materials, the owner may be required to make such tests as the Inspector shall deem necessary to determine the strength, said tests to be made in the presence of the Inspector or his authorized representative.

SECT. 32. Frame buildings veneered on the outside with four (4) inches of brick or stone work shall have such brick or stone work supported on a foundation of masonry,

and shall be properly anchored to the frame structure. The height of any such veneer shall not exceed twenty-five (25) feet above the solid masonry.

SECT. 33. All hot air furnaces, low pressure boilers, and hot water heaters shall be placed at least two (2) feet from any wooden or combustible partition or ceiling, unless such partition or ceiling is properly protected by incombustible material, when the distance shall be not less than one (1) foot.

SECT. 34. No wood shall be placed within one (1) inch of any smoke flue or metal pipe used to convey hot air. No smoke pipe shall pass through any wood floor. No smoke pipe shall be placed nearer than twelve (12) inches to any woodwork unless it is properly guarded by metal shields; if so guarded smoke pipes shall be not less than six (6) inches distant. Where smoke pipes pass through a lath and plaster partition they shall be guarded by galvanized iron ventilated thimbles at least twelve (12) inches larger in diameter than the pipes, or by galvanized iron thimbles surrounded by solid masonry extending through the partition and eight (8) inches larger than the pipe. No smoke pipe shall pass through the roof of any building unless a special permit be first obtained from the Inspector of Buildings.

SECT. 35. Steam or hot water heating pipe shall not be placed within two (2) inches of any timber or woodwork, unless the timber or woodwork is protected by a metal shield; then the distance shall be not less than one (1) inch. All steam or hot water heating pipes passing through floors and ceilings or lathed and plastered partitions shall be protected by a metal tube one (1) inch larger in diameter than the pipe — having a metal cap at the floor.

All pipes or ducts used to convey air warmed by steam or hot water shall be of metal or other fireproof material. All steam and hot water pipe coverings shall consist of fireproof materials only.

SECT. 36. All walls, ceilings and partitions inclosing drying-rooms, when not made of fireproof material, shall be wire lathed and plastered, or covered with metal, tile or other hard, incombustible material.

SECT. 36 A: No portion of any building of third class construction to which the provisions of Chapter 635 of the Acts of 1912 do not apply shall be hereafter erected, enlarged, altered, or placed nearer than four (4) feet to the line of any adjacent lot or to any other building of the first or second class; or nearer than eight (8) feet to any portion of any other building of the third class on the same lot, unless fireproof masonry walls, with openings protected as required by Section 36, are built next to the said lot or other building, such walls to be of thickness provided under Section 17.

SECT. 37. In first or second class buildings all openings in walls within four (4) feet of adjoining property lines shall be protected by metal shutters or by metal sash, frames and wire glass.

SECT. 38. Every building of the third class hereafter erected to form a block of two or more buildings shall have a wall of brick, or Portland cement concrete, or other equally substantial and approved fireproof material between adjoining buildings, completely separating same. Such walls to be of thickness specified in Section 17, carried to under side of roof boarding.

SECT. 38 A: Every dwelling to which the provisions of Chapter 635 of the Acts of 1912 do not apply shall have at least two independent means of egress.

ELECTRIC WIRING AND FIXTURES

SECT. 39. All wires, appliances and apparatus in the interior of a public building or on private premises, which are intended for the transmission of electricity and to be connected with an outside circuit, shall be made and at all times kept safe, and shall be placed, arranged, attached, changed and maintained by the person, firm or corporation owning or using the same, to the satisfaction of the Inspector of Wires appointed in accordance with the provisions of Chapter 337 of the Acts of the year 1899. The Inspector of Wires shall have access at all reasonable times to such wires, appliances and apparatus.

Before any person, firm or corporation shall arrange, fix, or essentially change any such wires, appliances and apparatus, the Inspector of Wires shall be notified and given full opportunity to inspect the said wires and their arrangement and fixtures before the same are covered or enclosed. Wires in the interior of buildings and on private premises shall not be connected with an outside circuit which crosses or runs along, over or under any street or way of the Town without written permission therefor having been first obtained from the Inspector of Wires.

Companies and contractors making any repairs on or installing any electric plants in the Town of Milton shall send a notice to the Inspector of Wires before the work is commenced.

All work and material must be supplied and installed in accordance with provisions of the National Electric code and any amendments or additions thereto.

GAS FIXTURES

SECT. 40. The burners of all gas fixtures shall be at least three (3) feet below any ceiling or woodwork, unless the same is properly protected by a shield, in which case the distance shall be not less than eighteen (18) inches. No gas bracket on any lath and plaster partition or woodwork shall be less than five (5) inches in length, measured from the burner to the plaster surface or woodwork.

SECT. 41. Gas pipes in any building or structure shall be installed in accordance with the rules and regulations prescribed by the company furnishing gas. All gas pipes shall be inspected and tested by the gas company before the pipes are covered, and a certificate of the same from the gas company shall be placed on file with the Inspector of Buildings by the owner of the building or his representative. The method of installation of the gas pipes shall be subject to the approval of the Inspector of Buildings.

SECT. 42. Every hot water boiler hereafter installed, to be used for heating purposes, shall be provided with a safety or relief valve of a size not less than that known commercially as one-half ($\frac{1}{2}$) inch. Such valve shall be attached either directly to the boiler or to some pipe connected therewith at a point not more than one foot from the boiler.

REGULATIONS MADE BY THE FIRE ENGINEERS ACCORDING TO THE PROVISIONS OF CHAPTER 32, SECTION 46 OF THE REVISED LAWS IN REGARD TO CHIMNEYS, FLUES, FIREPLACES AND HEATING PIPES.

SECT. 43. All chimneys hereafter erected shall be built of brick, stone or other incombustible material.

SECT. 44. All chimneys hereafter erected, if walls are less than eight (8) inches thick, shall be lined on the inside with terra cotta or tile pipe, made smooth on the inside from two (2) feet below girder, or from the throat of the fireplace, if the flue starts from the latter, and carried up continuously to the top. The ends of all such lining pipes shall be made to fit close together, and the pipe shall be built in, as the flue or flues are carried up. The walls shall be at least four (4) inches thick. No parging mortar shall be used on the inside of any fireplace, chimney or flue. The firebacks of all fireplaces hereafter erected shall be not less than eight (8) inches in thickness if of solid brickwork nor less than twelve (12) inches if of stone. When a grate is set in a fireplace, a lining of firebrick at least two (2) inches in thickness shall be added to the fireback, unless soapstone, tile or cast iron is used and filled solidly behind with fireproof material.

All chimneys shall extend at least three (3) feet above the highest point at which the chimney cuts the roof and at least six (6) inches above any roof surface within ten (10) feet in a horizontal line.

SECT. 45. Imitation fireplaces intended for use with gas or electricity and not having a flue shall be constructed throughout, including the hearth, of fireproof material not less than two (2) inches thick.

Hearths of all fireplaces and chimney breasts where mantels are placed shall be supported by trimmer arches of brick, stone, burnt clay or concrete at least eighteen (18) inches in width measured from the face of the finished chimney breast and not less than sixteen (16) inches longer than the width of the finished fireplace opening. Wooden centers under trimmer arches shall be removed before plastering the ceiling underneath. Hearths may be supported on steel cantilever beams built not less than sixteen (16) inches into the chimney.

SECT. 46. No chimney shall be supported by, started or built upon any woodwork. In no case shall a chimney be corbelled out more than two-thirds the thickness of a wall to which it is attached, and in all such cases the corbellings shall consist of at least five course of brick. Where chimneys are supported by piers, the piers shall start from the foundation on the same line with the chimney breast, and shall be not less than twelve (12) inches on the face, properly bonded into the walls. When a

chimney is to be cut off below, in whole or in part, it shall be wholly supported by stone, concrete, brick, iron or steel.

All chimneys which become dangerous in any manner whatever shall be repaired and made safe, or taken down.

SECT. 47. All hot air furnaces, low pressure boilers, and hot water heaters shall be placed at least two (2) feet from any wooden or combustible partition or ceiling, unless such partition or ceiling is properly protected by incombustible material, when the distance shall be not less than one (1) foot.

SECT. 48. No wood shall be placed within one (1) inch of any smoke flue or metal pipe used to convey hot air. No smoke pipe shall pass through any wood floor. No smoke pipe shall be placed nearer than twelve (12) inches to any woodwork unless it is properly guarded by metal shields; if so guarded smoke pipes shall be not less than six (6) inches distant. Where smoke pipes pass through a lath and plaster partition they shall be guarded by galvanized iron ventilated thimbles at least twelve (12) inches larger in diameter than the pipes, or by galvanized iron thimbles surrounded by solid masonry extending through the partition and eight (8) inches larger than the pipes. No smoke pipe shall pass through the roof of any building unless a special permit be first obtained from the Inspector of Buildings.

SECT. 49. Steam or hot water heating pipe shall not be placed within two (2) inches of any timber or woodwork, unless the timber or woodwork is protected by a metal shield; then the distance shall be not less than one (1) inch. All steam or hot water heating pipes passing through floors and ceilings or lathed and plastered partitions shall be protected by a metal tube one (1) inch larger in diameter than the pipe — having a metal cap at the floor.

All pipes or ducts used to convey air warmed by steam or hot water shall be of metal or other fireproof material. All steam and hot water pipe coverings shall consist of fireproof materials only.

CHAPTER 8

THE REGULATION AND INSPECTION OF PLUMBING

SECTION 1. There shall be in the Town a department for the inspection of plumbing in accordance with the provisions of Chapter 103 of the Revised Laws.

SECT. 2. The word "Inspector" without further addition wherever used in this chapter means the Inspector of Plumbing.

SECT. 3. Every plumber before commencing work on any part of the drainage system in a building, except in the case of the repair of leaks, shall file at the office of the Inspector upon blanks provided for that purpose, a description of the proposed work. No such work shall be done in any building unless approved by the Inspector and after a permit is issued therefor. Permits to perform plumbing shall be issued only to master plumbers. Drawings of the proposed work shall be filed when required by the Inspector.

SECT. 4. No drainage, waste or ventilation pipes shall be covered or concealed in any way until the same have been examined and approved by the Inspector. Notice shall be sent to the Inspector when the work is sufficiently advanced for such inspection, and it shall be the duty of such Inspector, within two (2) working days after receiving such notice, to inspect the same; and in case any change therein shall be found necessary, he shall direct in writing the change to be made.

SECT. 5. All drainage, waste and ventilation pipes shall be subjected to the water test before the fixtures are set. After all the fixtures are set, said pipings and fixtures shall be subjected to pneumatic or other reliable pressure test. All such tests shall be made in the presence of the Inspector.

SECT. 6. The drainage and waste piping of every building shall be connected with the public sewer when such sewer is located in a street, way or other land adjacent to the lot upon which the building is located, if the sewer is within two hundred (200) feet of such building and is so located as to take the sewerage therefrom. If the building is more than two hundred (200) feet from the sewer or a sewer is not accessible, connection may be made with a proper cesspool, provided a permit is granted therefor by the Board of Health.

SECT. 7. The soil pipe of every building shall be of sufficient size to receive, and allow freely to pass, all that enters or should enter the same. All soil pipes shall be of extra heavy cast iron pipe. All drain and connecting ventilating pipes within the building shall be of sufficient size, and made of cast iron with leaded and caulked joints,

but galvanized wrought iron pipe may be used for vent purposes. All pipes shall be properly secured to walls and ceilings with wrought iron hangers. Waste pipes shall be of cast iron, of lead, or of annealed brass of a thickness not less than No. 13 Stubbs gauge with brass or cast iron recessed fittings. No soil pipe of any building shall be less than four (4) inches inside diameter, except by written permission of the Board of Health. No vent pipe shall be less than one and a half ($1\frac{1}{2}$) inches inside diameter. No waste pipe shall be less than one and a quarter ($1\frac{1}{4}$) inches inside diameter.

SECT. 8. All drain pipes shall have a proper pitch, shall have an accessible clean-out, and shall extend to a point ten (10) feet outside of the cellar wall. The pipe from the sewer or cesspool to within ten (10) feet of the cellar wall shall have tight joints. The clean-out, if made accessible, may be placed outside of the cellar wall. All drain or ventilation pipes shall extend undiminished in inside diameter at least two (2) feet above the highest window on the roof. Every drain pipe, except a drain pipe from a building having but one sink, or but one sink with adjoining trays, shall have a suitable trap placed with an accessible clean-out at a reasonable distance from the point where such drain pipe leaves the building. All changes in direction of soil pipes shall be made by Y branches or by curved pipes. No ventilation pipes on the outside of any building shall be less than two (2) inches inside diameter.

SECT. 9. All joints in iron drain pipes, soil or vent pipes shall be made by thoroughly caulking the same with molten lead. Joints of lead pipes with iron pipes shall be made by soldering the same into brass ferrules by means of a full sized wiped joint and caulking the ferrules to pipes which are of cast iron, or screwing them to pipes which are of wrought iron.

SECT. 10. Every water-closet, urinal, sink, basin, bath-tub, slop hopper, and every tray or set of four or less wash trays shall have a separate trap, placed as near the fixture as possible, except that when two sinks or two basins, or a sink and a set of four or less wash trays adjoin, one trap shall be sufficient. A basin and bath-tub adjoining shall each have a separate trap, and in no case shall the waste from the bath-tub or other fixtures be connected with the water-closet trap or water-closet lead outlet pipe.

All fixture traps shall be protected from syphonage or air pressure by special vent pipes having a diameter not less than the diameter of the waste pipe and connected with the waste pipe at a point not lower than the seal of the trap in such manner as to make the vent pipe a continuation of or a Y branch from the waste pipe, except that the highest fixture on a stack which extends through the roof shall not require such special vent pipe unless the length of the waste pipe from the trap of said fixture to the said stack exceeds three (3) feet. Vent pipes for water-closets shall be of not less than two (2) inches bore and may be connected with the water-closet waste pipe below the level of the trap seal. Two or more vent pipes may be connected together or with a soil pipe, but such connection with a soil pipe shall be above the uppermost fixture connected with such soil pipe. Lead vent pipes may be used only where they are exposed to view.

SECT. 11. No drip or overflow pipes from safes under water-closets, urinals, or other fixtures, no overflow pipes from tanks or cisterns, no waste pipes from refrigerators or other receptacles in which food is stored, no rain water conductors, and no steam exhaust pipes, or steam waste pipes shall be connected with any soil pipe. No openings shall be allowed in the soil or waste pipe of any building for the purpose of receiving the surface drainage of the cellar except by permission of, and in a manner satisfactory to, the Board of Health. No brick, sheet metal, earthenware, or chimney flue shall be used as a sewer ventilator, or to ventilate any trap, drain, soil or waste pipe.

SECT. 12. Every water-closet shall be supplied with water from a tank or cistern, and shall have a flushing pipe of not less than one and a quarter ($1\frac{1}{4}$) inches inside diameter. Flushing valves attached directly to a water-closet may be used, but when used the method of installation shall conform in every particular to the requirements of the Inspector.

SECT. 13. Cesspools shall have a top of stone, or arched brick, with iron rim and cover, and may be laid up dry, unless otherwise ordered by the Board of Health.

SECT. 14. No water-closet shall be enclosed with any woodwork.

SECT. 15. None of the provisions of the foregoing sections of this chapter shall apply to the drainage systems of barns and stables, except so far as ordered by the Board of Health, and all drainage systems of barns and stables shall be constructed according to plans approved in writing by the Board of Health.

SECT. 16. Every closed tank or boiler hereafter installed, which is to be used for the storage and supply of hot water, shall, if fed by direct pressure from any source outside

of the building, have a safety or relief valve and a vacuum valve. Each valve shall be of a size not less than that known commercially as one-half ($\frac{1}{2}$) inch.

SECT. 17. Any person violating any of the provisions of Chapters numbered Seven and Eight shall be liable to a fine of not less than twenty (20) dollars nor more than one one hundred (100) dollars for each offense, to be paid into the treasury of the Town of Milton.

SECT. 18. Upon the approval of Chapters 7 and 8 by the Attorney-General of the Commonwealth and the publication as required by law, they shall go into effect, and all building laws heretofore adopted by the Town shall be thereby repealed, except that in cases where permits have been issued prior to the approval and publication as above provided, the laws then existing shall govern the work to be performed under said permits.

CHAPTER 9

STREET RAILWAYS

SECTION 1. The annual report shall contain the following concerning the street railways in the Town and the street railway companies owning or operating the same, viz.:—

Copies or full statements of all locations granted to street railways during the preceding calendar year, with all the terms, conditions and modifications thereof, and the terms of any modifications granted during the year of locations previously granted.

A copy of all regulations in force as to the rate of speed, the mode, manner and extent of use of tracks, and the number and routes of cars of any and all such companies made by the Selectmen under the provisions of Sections 40 and 42 of Chapter 112 of the Revised Laws.

A statement of all taxes paid the Town by street railway companies during the preceding calendar year, which by the terms of Section 47 of Chapter 14 of the Revised Laws are to be applied toward the construction, repair and maintenance of the public ways and removal of snow therefrom within the Town.

SECT. 2. Whenever the Selectmen are of the opinion that additional accommodations for the travelling public are required upon any street railway in the Town, and the company neglects or refuses to furnish the same at their request, it shall be their duty to petition the Board of Railroad Commissioners to order such additional accommodations to be provided under the terms of Section 70 of Chapter 112 of the Revised Laws.

CHAPTER 10

TOWN WAYS

SECTION 1. Every way that shall be laid out for the acceptance of the Town as a Town way shall be not less than thirty feet in width.

SECT. 2. Whenever an existing private way, the fee of which is in the abutters, shall be laid out for the acceptance of the Town as a Town way, the documents relating to such laying out shall be accompanied by a letter from the Selectmen, which shall be filed in the office of the Town Clerk, together with said documents, before such way shall be accepted. This letter shall state that such private way is well built; and that as constructed it is equal to the average construction of the existing highways of the Town.

SECT. 3. Whenever any way shall have been laid out or altered by the Selectmen, and accepted and allowed by the Town, no entry for the purpose of constructing any part of such laying out or alteration shall be made until all claims for damages by reason thereof shall have been finally adjusted or determined, unless such entry shall be authorized by special vote of the Town.

CHAPTER 11

BILLBOARDS

This chapter has not been approved by the Attorney-General as yet.

CHAPTER 12

USE OF BUILDINGS

SECTION 1. *Districts.* A residence district is hereby created in the Town of Milton, to be known and designated as District A, the bounds of which shall be as set forth in the Zoning Map hereinafter in this By-Law referred to, the said district comprising all territory within the corporate limits of the Town of Milton, excepting the districts marked B and C on said Zoning Map, which are bounded and described as follows:

District B. Beginning at a point in the boundary line between Milton and Quincy at the junction of the northeasterly side line of Bryant Avenue, and said boundary line: thence running northwesterly along said northeasterly boundary of Bryant Avenue to a point where the northwesterly side line of Martin Terrace extended northeasterly would intersect said line of Bryant Avenue: thence turning and running southwestwesterly along said extension of the northwesterly side line of Martin Terrace and said northwesterly side line itself to the end of said Martin Terrace at the land of L. A. Dame: thence turning to the right and running northwesterly along said land of L. A. Dame to the southeasterly side line of Boulevard Street: thence continuing in a northwesterly direction across said Boulevard Street to the intersection of the northwesterly side line of Boulevard Street with the southeasterly side line of Edge Hill Road: thence turning and running northeasterly and northerly along said southeasterly side line of Edge Hill Road and continuing northerly in the same line across Adams Street to the easterly boundary line of land of the New York, New Haven and Hartford Railroad Company: thence turning and running northwesterly along said easterly boundary line to a point where the southeasterly side line of Wood Street extended southwestwesterly would intersect said easterly boundary line: thence turning and running northeasterly along said southeasterly side line of Wood Street to a point distant 200 feet northeasterly from the northeasterly side line of Granite Avenue: thence turning at right angles and running southeasterly in line parallel with the northeasterly side line of Granite Avenue and 200 feet distant therefrom to a point distant 200 feet northerly from the northerly line of Adams Street: thence turning and running easterly in a line parallel with said northerly side line of Adams Street and distant 200 feet therefrom to the westerly side line of Church Street: thence turning and running southerly along the westerly side line of Church Street to a point where the westerly side line extended intersects the southerly side line of Adams Street: thence turning and running westerly to the westerly side line of Mechanic Street: thence turning and running southerly along the westerly side line of Mechanic Street 100 feet: thence turning to the right and running westerly on line parallel with the southerly side line of Adams Street and 100 feet distant therefrom to a point 100 feet northeasterly from the northeasterly side line of Granite Avenue: thence turning and running southeasterly in a line parallel with the northeasterly side line of Granite Avenue and 100 feet distant therefrom to the boundary line between Milton and Quincy: thence turning and running southwestwesterly along said boundary line to the point of beginning.

District C. Beginning at a point in the boundary line between Milton and Boston at the Neponset River, said point being at the intersection of the southerly boundary of land of the New England Telephone and Telegraph Company extended easterly and said boundary line between Milton and Boston: thence running westerly along said extension of the southerly boundary line of the New England Telephone and Telegraph Company and said southerly boundary line itself, to the easterly side line of Adams Street; thence continuing in the same general westerly direction across Adams Street and Canton Avenue to a point 100 feet distant westerly from the westerly side of High Street: extended: thence turning and running northerly parallel with the westerly side line of High Street and distant westerly 100 feet therefrom to the northerly side line of Eliot Street: thence turning and running westerly along said northerly side line of Eliot Street to Pine Tree Brook: thence turning and running along the center line of said Brook southerly and southwestwesterly to the southwestwesterly boundary of land of the Town of Milton used for a Police Station: thence turning and running northwesterly along the southwestwesterly boundary and southwestwesterly line extended across Central Avenue to land of Octavia L. Horne: thence turning and running in a general northerly direction along the westerly boundary line of land of said Octavia L. Horne, and said westerly boundary line extended to the northerly side line of Eliot Street: thence turning and running westerly along said northerly side line of Eliot Street to the westerly boundary of land now or formerly of the National Biscuit Company: thence turning and running northerly along said westerly boundary and said westerly boundary produced across land of the New York, New Haven and Hartford Railroad Company to

boundary line between Boston and Milton at the Neponset River; thence turning and running in a general easterly and southerly direction along said boundary between Boston and Milton to the point of the beginning.

SECT. 2. *Zoning Map.* (a) The Zoning Map prepared by C. Frederick Joy, Jr., Civil Engineer, dated June 23, 1922, bearing the signatures of the Board of Selectmen and showing the boundaries of Districts A, B, and C, is declared to be a part of this By-Law.

(b) Where a boundary line divides a lot in a single ownership at the time of the adoption of this By-Law, the regulations as to District A shall not apply provided the lot does not extend more than twenty-five feet within the boundary line of said District A.

SECT. 3. *Residence Purposes.* In District A, except as herein otherwise provided, no building shall be used, and no building shall be erected or altered which is intended or designed to be used for a store or shop, or for manufacturing or commercial purposes, or any other purposes except one or more of the following:

- (a) A dwelling for one or more families.
- (b) A hotel or a lodging or boarding house.
- (c) A club other than a club the chief activity of which is a service customarily carried on as a business.
- (d) A church, school or academy.
- (e) Other purposes which are not particular industries, trades, manufacturing or commercial purposes.
- (f) A railroad passenger station.
- (g) A farm, truck garden, nursery or greenhouse.
- (h) An accessory purpose customarily incident to the above purposes and not detrimental to the use of other property in the district for the above purposes, including a private garage for not more than two automobiles. An accessory purpose shall not include an advertising sign except a real estate sign advertising for sale or rent the property on which it is placed, but may include a sign not over one square foot in area, bearing a name and the designation of any authorized occupation, and being such a sign as is customary on any building used for the purposes permitted by this section of this By-Law.

(i) A garage for more than two automobiles, or a telephone exchange or transforming station, provided in each case that after a public hearing, fourteen days' notice of which shall be given, in such manner as the Selectmen shall determine, the Selectmen shall rule that such use in a building or buildings located, designed and constructed as described by them in their ruling, will not be seriously detrimental to the use of other property in the district for the purpose specified in the preceding paragraphs of the section, and provided that the use is confined to a building or buildings conforming to the description of said ruling.

SECT. 4. *Existing Buildings.* Any building or part of a building in District A which at the time of the adoption of this By-Law is being used for a purpose forbidden in said District may continue to be used for the same purpose or for a purpose not substantially different in character. Any such building or part of a building and any addition thereto made by permission of the Selectmen as hereinafter provided may be structurally altered or added to at any time provided the alterations or additions do not substantially enlarge the part of the building used for such purpose; and any such building or part of a building or such addition which is partially or wholly destroyed by fire or other casualty may be repaired or replaced by a structure of substantially the same size and character and used for the purpose for which it was formerly used or for a purpose not substantially different in character.

Any such building may be added to or enlarged at any time and such addition or enlargement used for the purpose for which the original building may lawfully be used under the provisions of the foregoing paragraph of this section provided in each case, that after a public hearing, of which fourteen days' notice shall be given in such manner as the Selectmen may decide, the Selectmen shall determine that such addition or enlargement and the use to be made thereof will not to any substantial extent be more detrimental to the use of other property in the district for the purposes permitted in Section 3 than the building to which such addition or enlargement is to be made or the use then lawfully made thereof, and shall issue a permit therefor. Each such permit issued by the Selectmen shall specify the size and character of the addition or enlargement and no such addition or enlargement shall be constructed or used for any purpose forbidden in District A which is not constructed in accordance with the terms of such permit.

SECT. 5. *Incidental Use of Residential Buildings.* Any building in District A designed solely for residential purposes, and used primarily and principally for residential purposes, may be used incidentally for a purpose forbidden in said District, provided, in each case, that after a public hearing, of which fourteen days' notice shall be given in such manner as the Selectmen may decide, the Selectmen shall determine that the use of such building is incidental only, within the meaning hereof, and that such incidental use will not be detrimental to the use of other property in the district for the purposes permitted in Section 3, and shall issue a permit therefor.

SECT. 6. *Enforcement.* Whoever violates any of the provisions of this By-Law shall be punished by a fine of not more than twenty dollars for each violation. Upon any well founded information from any citizen that this By-Law is being violated or upon his own initiative, the Inspector of Buildings shall take immediate steps to enforce the By-Law.

SECT. 7. *Validity.* The invalidity of any section or provision of this By-Law shall not invalidate any other section or provision hereof.

SECT. 8. The provisions of this By-Law shall be construed as being additional to and not as limiting or lessening to any extent whatsoever the requirements of Chapters 7 and 8 of the Revised By-Laws of the Town.

SECT. 9. So much of this By-Law as is approved by the Attorney-General shall go into effect upon its publication, or notice by delivery, as required by law.

CHAPTER 13

PLANNING BOARD

A Board consisting of five members is hereby created and established, to be known as the Planning Board. At the annual town meeting to be held in March, 1923, there shall be elected one member of such Board to serve for one year, two members to serve for two years, and two members to serve for three years, and thereafter there shall be elected at the annual meeting in each year one or two members of such Board to fill the places of members whose terms of office expire in such year. The members of such Board shall serve without pay.

The Board shall perform the duties prescribed by Sections 70 and 71 of Chapter 41 of the General Laws. It shall be the duty of the Board also to consider and advise upon municipal improvements in regard to which the advice of the Board, at any time, may be asked by any official or officials of the Town. The Board may upon its own initiative make to any official or officials of the Town such recommendations in regard to municipal improvements as the Board may from time to time think proper or expedient.

LEGISLATIVE ACTS ACCEPTED BY THE TOWN OF MILTON

MARCH 19, 1866. *Voted*, To establish a High School, according to the provisions of Section 2 of Chapter 38 of the General Statutes.

NOVEMBER 2, 1920. *Voted*, To accept Chapter 166 of the Acts of 1920, which authorizes the granting of one day off in every eight days to police officers without loss of pay.

MARCH 12, 1921. *Voted*, To accept Section 25A of Chapter 41 of the General Laws, relative to the appointment and removal of assistant assessors by the Assessors.

G. FRANK KEMP,
Town Clerk.

IN THE BOARD OF SELECTMEN

MILTON, September 6, 1918.

ORDERED that the following rules are hereby adopted for the regulation of carriages and vehicles in the Town of Milton, however propelled.

RULE 1. Every person having charge or control of any carriage or other vehicle, upon a public street, shall stop, place, change the position of, or move such carriage or other vehicle as directed by any police officer.

RULE 2. Every person having charge or control of a carriage or other vehicle, upon a public street, shall comply with and obey the directions upon all signs, movable posts or mechanical devices placed by direction of the Board of Selectmen or by a police officer on or near such street, unless otherwise directed by a police officer.

RULE 3. All carriages or other vehicles stopping in any business section must stand near to and parallel with the right-hand curb, unless it is necessary for the purpose of loading or unloading said vehicle to back up to the curb. By the words "business section" is meant any section of a street in the Town where two or more stores or shops for the sale of goods, wares or merchandise are located within 100 feet of each other.

RULE 4. No carriage or other vehicle shall remain backed up to the curb except when actually loading or unloading, and the horse thereof, if it be a horse-drawn vehicle, shall be turned in the direction of traffic and parallel with the curb.

RULE 5. Unless in an emergency or to allow another vehicle or a pedestrian to cross a street, no carriage or other vehicle shall stop in any public street except close to the curb.

RULE 6. No carriage or other vehicle shall stop in such a way as to obstruct any street or crossing or within ten feet of a fire hydrant, street corner, electric car or pole stop, except in case of emergency or when directed to do so by a police officer.

RULE 7. The operator of a motor vehicle shall under no circumstances cut out the muffler while on a public street.

RULE 8. A carriage or other vehicle when turning to the right into another street shall slow down and keep as near to the right-hand curb as possible.

RULE 9. A carriage or other vehicle in turning to the left into another street shall slow down and pass to the right of and beyond the center of the intersecting streets before turning.

RULE 10. A carriage or other vehicle crossing from one side of the street to the other, except for the purpose of passing other vehicles or because of dangers in the street, shall do so by turning to the left, so as to head in the general direction of traffic after it has crossed the street.

RULE 11. The words "carriage or other vehicle" herein shall include horses hitched to vehicles, horses ridden or led, motor vehicles of all kinds, bicycles, tricycles propelled by hand, and everything on wheels or runners except street cars and light carriages for the conveyance of children.

Whosoever violates any of the provisions of the foregoing rules and regulations shall be punished by a fine not exceeding twenty dollars (\$20) for each offense.

MAURICE A. DUFFY,
JAMES F. MITCHELL,
JACOB A. TURNER,

Selectmen of Milton.

MILTON TOWN RECORDS IN THE MUNICIPAL YEAR 1922

MARCH MEETING

WARRANT

COMMONWEALTH OF MASSACHUSETTS,

NORFOLK, SS.

To either of the Constables of the Town of Milton, Greeting: —

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Milton qualified to vote in Town affairs to meet at the Town Hall in said Milton upon the Fourth day of March next at fifteen minutes before six o'clock in the forenoon, then and there to act upon the following articles, to wit:

ARTICLE 1. To choose by ballot the following Town officers: Moderator, Town Clerk, 3 Selectmen, Assessor, 2 Overseers of Poor, Treasurer, 3 Auditors, Collector of Taxes, 4 Constables, 2 Sewer Commissioners, Member of Board of Health, 2 Members of School Committee, Water Commissioner, 2 Cemetery Trustees, Park Commissioner, 3 Trustees of Public Library, Tree Warden, Trustee of Wadsworth Fund.

ARTICLE 2. To vote "Yes" or "No" in answer to the question, "Shall licenses be granted for the sale of certain non-intoxicating beverages in this Town?" The polls will remain open until four o'clock in the afternoon, after which time a vote may be passed to close them in not less than ten minutes. In accordance with the By-Laws the meeting will then be adjourned until Saturday, March 11th next, at one-thirty o'clock P.M., to consider the following articles:

The following appointments of Ballot Clerks and Tellers were made by the Selectmen to serve at said meeting, viz.:

Ballot Clerks: Wallace C. Tucker, Edwin W. Hunt, Thomas M. Lennon, Edwin W. Hurd, Walter I. Marsden, James P. Thurber, Joseph M. Foley, W. Russell Pierce, George W. Shand, John B. Sangster, Charles F. Thompson, Richard C. Mulroy, William W. Robertson, James Sangster, Joseph H. Duffy.

Tellers: Herbert E. Clark, Harry L. Donovan, Walter M. Church, Frank R. Forde, Paul F. Morrissey, George Lobban, Albert Wood, Charles E. Cross, Raymond T. Hyslop, William B. Batchelder, Lewis B. Currier, Prescott Skinner, Patrick Healy, Robert J. Duncan, Walter A. Cheney, Richard C. Cronin, George Hart, C. Fred Joy, Jr., Joseph J. Dalton, George Kelly, John H. Houlahan, Daniel B. McDonald, Leon A. Minot, William H. Hooper, Henry F. Brierly, Arthur Chadbourne, Albert Mountford.

All of the above named Ballot Clerks and Tellers were sworn by the Town Clerk.

At four o'clock P.M., *Voted*, To close the Polls for Town officers in ten minutes.

At four-ten o'clock P.M., *Voted*, To close the Polls.

All ballots cast for Town officers having been sorted, counted, declared and recorded, the result being as hereby appended, and the following officers chosen, viz.:

Maurice A. Duffy, James F. Mitchell, Jacob A. Turner, Selectmen and Surveyors of Highways.

G. Frank Kemp, Town Clerk.

Clarence Boylston, Assessor.

J. Porter Holmes, Town Treasurer.

Leonard M. Patton, J. Henry Scott, School Committee.

G. Frank Kemp, Collector of Taxes.

Arthur S. Forbes, Frederick N. Krim, J. Herbert Raymond, Auditors.

William G. Rodd, Park Commissioner.

Edward L. Cutter, Sewer Commissioner, 3 years.

William A. Will, Sewer Commissioner, 2 years.

Oliver Wolcott, Water Commissioner.

Stephen B. Ames, Board of Health.

Peleg Bronsdon, George W. Higgins, Timothy McDermott, Maurice Pierce, Constables.

Nathaniel T. Kidder, Alexander McAdie, Frederic M. Stone, Trustees of Public Library.

Percy E. Sheldon, Trustee of Cemetery, 5 years.

Asaph Churchill, Trustee of Cemetery, 2 years.

Ralph E. Forbes, Tree Warden.

Albert D. Smith, Edith E. Stebbins, Overseers of Poor.

Charles S. Pierce, Moderator.

Lincoln Bryant, Trustee of Wadsworth Fund.

Voted, That no licenses for the sale of certain non-intoxicating beverages be granted in this Town.

The vote being as follows: Yes, 327; No, 548; Blanks, 301.

The whole number of ballots cast was 1176.

The result of the ballot was declared at 5.35 o'clock P.M., and the meeting adjourned until March 11, 1922, at 1.30 P.M.

ADJOURNED MEETING, MARCH 11, 1922

ARTICLE 3. To choose all such Town officers as are not required by law to be chosen by ballot.

The following officers were elected *viva voce*, namely: Ralph E. Forbes, Bird Warden; George E. Burt, Carl R. Horne, Measurers of Lumber.

ARTICLE 4. To hear and act upon the Auditors' report, and reports of other Town officers and committees.

Voted, That the Auditors' (printed) 85th Report be accepted and placed on file.

Voted, That the Town Government Committee be continued.

Voted, That the report of the Committee on Encroachments on Public Ways be accepted and the Committee be discharged with the thanks of the Town, and the balance of \$200 be transferred to the Surplus Revenue Account.

Voted, That the report of the Street Railway Committee be accepted and placed on file.

Voted, That the report of the Committee on Municipal Compensation be taken up with Article 51. The report was taken up with Article 51, and it was *Voted*, That it be accepted and placed on file and the Committee discharged with the thanks of the Town.

ARTICLE 5. To see what sum of money the Town will vote to appropriate for the support of the schools the present year.

Voted, To appropriate \$172,950, together with the receipts of the Department, this sum to cover the cost of transportation of pupils, the medical inspection of pupils, the supervision of play and games in accordance with Acts of 1911, Chapter 314, as well as general school expenditures.

ARTICLE 6. To see what sum of money the Town will vote to appropriate to pay the cost of the municipal use of the gymnasium and school buildings.

Voted, To appropriate \$2000, together with the receipts, for such municipal use.

ARTICLE 7. To see what sum of money the Town will vote to appropriate as a guarantee against loss in providing lunches for pupils in the public schools.

Voted, To appropriate \$100, together with the receipts in connection therewith.

ARTICLE 7A. To see what sum of money the Town will vote to appropriate to be expended upon the direction of the School Committee for the maintenance of the school dental clinic.

Voted, To appropriate \$550 and receipts in connection therewith.

ARTICLE 8. To see if the Town will vote to authorize the Moderator to appoint a Committee of five citizens to procure plans and specifications for a fireproof, six-grade school building to be erected on the site of the present Tucker School, said Committee to report to the Town at the next March Meeting or at an earlier special meeting called for this purpose, and to see what sum of money the Town will appropriate for the purpose of said Committee.

Voted, That a Committee of five citizens be appointed by the Moderator to study the school needs of Mattapan. Said Committee to obtain plans for a new school, with cost estimates, and to report in writing to the Selectmen and to the Warrant

Committee not later than December 31, 1922; and that \$1500 be appropriated for the expenses of the Committee.

Committee appointed: Leonard M. Patton, Alfred J. Ellsworth, Ernest E. Erickson, J. Henry Scott, Albert R. Whittier, Jr.

ARTICLE 9. To see what sum of money the Town will vote to appropriate for the Street Department the present year.

General Expenses, Sidewalk Purposes.

Maintenance of Public Fountains.

Removal of Ice and Snow.

Street Watering and Oiling.

Permanent Construction.

Voted, To appropriate \$103,000 as follows: General Expenses, including Street Watering and Oiling, Removal of Ice and Snow, and Maintenance of Public Fountains, \$60,000; Sidewalk Purposes, \$3,000; Permanent Construction, \$40,000 for rebuilding a portion of the main thoroughfares of the Town, and that it is recommended that the Board of Selectmen and Surveyors of Highways, in determining upon what thoroughfares the above sum of \$40,000 is to be used, consult with a committee of two citizens, to be appointed by the Moderator, and with an experienced road engineer familiar with traffic conditions in this part of the State. Committee appointed: John R. Rablin, Ellerton P. Whitney.

ARTICLE 10. To see what sum of money the Town will vote for the care and maintenance of Granite Avenue Bridge over the Neponset River. (See Chapter 58, General Acts, 1915.)

Voted, To appropriate \$2,600 for the care and maintenance of Granite Avenue Bridge over the Neponset River.

ARTICLE 11. To see what sum of money the Town will vote to appropriate for street lighting the present year.

Voted, To appropriate \$20,215 for street lighting.

ARTICLE 12. To see what sum of money the Town will vote to appropriate for additional street lights to be installed during the present year.

Voted, To appropriate \$300 for additional street lights to be installed during the present year.

ARTICLE 13. To see what sum of money the Town will vote to appropriate for the Fire Department the present year.

Voted, To appropriate \$45,125 for the Fire Department. It is further *Voted*, To appropriate \$1,600 to purchase a new automobile for the Department, the present Willys-Knight car to be sold and the proceeds used toward the purchase of the new car, any balance to revert to the Town.

It is further *Voted*, To appropriate an additional sum of \$9,325 for the purpose of continuing the reconstruction of the fire alarm signal service and placing it in the separate fireproof building provided for the purpose.

ARTICLE 14. To see what sum of money the Town will vote to appropriate for the use of the Department of Wires, the Police and Fire Alarm Signal System and the Inspection of Wires, the present year.

Voted, To appropriate \$3,975 for the use of the Department of Wires, the Police and Fire Alarm Signal System and the Inspection of Wires. It is further *Voted*, To appropriate an additional sum of \$1,250 for the purpose of putting wires underground.

ARTICLE 15. To see what sum of money the Town will vote to appropriate for the Police Department the present year.

Voted, To appropriate \$58,025, plus the Court and Sheriff fines.

ARTICLE 16. To see if the Town will vote to appoint three more patrolmen for traffic duty at dangerous corners, one at Brook Road and Central Avenue, one at Canton Avenue and Centre Street, one at Centre Street and Randolph Avenue, for the protection of school children and the public in general, and appropriate money for the same.

Voted, To authorize the appointment of two more Patrolmen, and to appropriate \$2,400 for pay for same. It is further *Voted*, That the Board of Selectmen and two (2) citizens, to be named by the Moderator, be requested to investigate and consider the Police and Traffic needs of the Town, both present and future, and report in writing to the Warrant Committee not later than December 31, 1922.

Committee appointed: E. Lawrence Hurd, William B. Thurber.

ARTICLE 17. To see what sum of money the Town will vote to appropriate for the Public Library the present year.

Voted, To appropriate \$13,000, together with all fines received at the Library for 1922, and the Dog Tax for 1921.

ARTICLE 18. To see what sum of money the Town will vote to appropriate for the improvement of the Cemetery the present year.

Voted, To appropriate \$5,500, together with the receipts of the Department.

ARTICLE 19. To see what sum of money the Town will vote to appropriate for the general uses of the Board of Park Commissioners the present year.

Voted, To appropriate \$3,500 for the general uses of the Board of Park Commissioners.

ARTICLE 20. To see what sum of money the Town will vote to appropriate for the purpose of installing a skating pond or rink on the Brook Road Playground.

Voted, To appropriate \$600 for the purpose of installing a skating pond or rink on the Brook Road Playground.

ARTICLE 21. To see if the Town will vote to enter into an agreement with the Trustees of the Eastern Massachusetts Street Railway Company to pay any part or all of any excess of the cost of service above the receipts on the line of said Company operating between Milton Lower Mills and East Milton, and to raise and appropriate the sums necessary therefor, and to act on anything relating thereto.

Voted, To authorize the Board of Selectmen, in the name and behalf of the Town, pursuant to the authority granted by Chapter 188 of the Special Acts of 1918, and Acts in amendment thereof and in addition thereto, and for the purpose of avoiding a reduction or discontinuance of service on the lines of the Eastern Massachusetts Street Railway Company running within the Town between Milton Lower Mills and East Milton, to enter into an agreement with the Trustees of said Railway Company to pay a part, or all, of any excess of the cost of the service as defined in Section 14 of said Act on said lines within the Town of Milton, above the amount of receipts of said lines during a period commencing April 1, 1922, and ending March 31, 1923; Provided, however, that the amount to be paid by the Town under such agreement shall in no event exceed the sum of \$2,500, and to appropriate the sum of \$2,500 for the above purpose, to be taken out of the balance in the Treasurer's hands of funds appropriated in 1920 and 1921 for similar purposes.

(Result of the Ballot: Yes, 365; No, 70.)

ARTICLE 22. To see if the Town will vote to authorize the appointment of a committee to represent the interests of the Town in connection with any agreement with the Trustees of the Eastern Massachusetts Street Railway Company which the Town may make.

Voted, To authorize the Moderator to appoint a committee of three citizens to represent the interests of the Town in connection with such agreement as the Selectmen, on behalf of the Town and as authorized by the preceding vote, may make with the Trustees of the Eastern Massachusetts Street Railway Company.

Committee appointed: Maurice A. Duffy, Lincoln Bryant, Marcy L. Sperry.

ARTICLE 23. To see what sum of money the Town will vote to appropriate for the use of the Tree Warden, to be expended in the care and planting of shade trees and the destruction of insect pests injurious to trees the present year.

Voted, To appropriate \$4,400, together with the receipts of the Department, and the further sum of \$300 for the care of the trees in the Cemetery, be appropriated.

ARTICLE 24. To see what sum of money the Town will vote to appropriate to be expended by the Local Superintendent for the suppression of the gypsy and brown-tail moths the present year.

Voted, To appropriate \$10,400, together with all receipts of the Department.

ARTICLE 25. To see what sum of money the Town will vote to appropriate for the support of the poor the present year.

Voted, To appropriate \$10,000, together with reimbursements for aid rendered and receipts from sales at the Town farm.

ARTICLE 26. To see what sum of money the Town will vote to appropriate for the Soldiers' Relief the present year.

Voted, To appropriate \$2,500 for the Soldiers' Relief.

ARTICLE 27. To see what sum of money the Town will vote to appropriate for State Aid and Military Aid under Chapter 290, General Acts of 1919, the present year.

Voted, To appropriate \$1,000 for State Aid and Military Aid under Chapter 290, General Acts of 1919.

ARTICLE 28. To see what sum of money the Town will vote to appropriate for the maintenance of the Sewer Department the present year.

Voted, To appropriate \$2,400 for the maintenance of the Sewer Department.

ARTICLE 29. To see what sum of money the Town will vote to appropriate for the extension of the sewerage system the present year.

Voted, To appropriate \$10,000 for the extension of the sewerage system, \$3,000 of this amount to be transferred from the Sewer Assessment Account, and \$7,000 to be raised by taxation.

ARTICLE 30. To see what sum of money the Town will vote to appropriate for the extension of water mains the present year.

Voted, To appropriate \$5,000 for the extension of water mains.

ARTICLE 31. To see what sum of money the Town will vote to appropriate for hydrant service the present year.

Voted, To appropriate \$9,000, this amount to cover also the water supplied for the public fountains.

ARTICLE 32. To see what sum of money the Town will vote to appropriate for the Health Department the present year.

Voted, To appropriate \$3,300, together with the receipts of the Department, and that this appropriation include the expense of inspection of sewer connections.

ARTICLE 33. To see what sum of money the Town will vote to appropriate for the collection of ashes and garbage the present year.

Voted, To appropriate \$6,366.67 to be expended under the direction of the Board of Health.

ARTICLE 34. To see what sum of money the Town will vote to appropriate for salaries the present year.

Voted, To appropriate \$11,500 for salaries for the present year, to be disbursed as follows:

Selectmen: Chairman, \$500. Second and Third Members, \$500 each.

Assessors: Chairman, \$600. Second and Third Members, \$500 each.

Treasurer, \$2,200. Town Clerk, \$500.

Collector of Taxes, \$2,200. Three (3) Auditors, \$250 each.

Registrars of Voters: Clerk, not more than \$100. Second and Third and Fourth Members, not more than \$50 each.

Inspector of Animals, not more than \$300.

Inspector of Buildings, not more than \$1,500 (to include traveling expenses).

Inspector of Milk, not more than \$300.

Inspector of Plumbing and Deputy Inspector of Plumbing, \$3 for each permit, the amount required to be taken from Miscellaneous Account.

Sealer of Weights and Measures, not more than \$200.

Tree Warden, no salary.

Inspector of Wires, not more than \$200.

ARTICLE 35. To see what sum of money the Town will vote to appropriate for miscellaneous expenses the present year.

General Expenses

Contingent

Printing

Interest

Town Hall and Lot

Insurance

Voted, To appropriate the following sums for miscellaneous expenses.

General Expenses, \$9,500 and receipts. Town Hall and Lot, \$3,100 and receipts. Printing, \$4,000. Interest, \$19,100. Insurance, \$10,000.

ARTICLE 35A. To see what sum of money the Town will vote to appropriate for the reserve fund for extraordinary or unforeseen expenditures during the current year.

Voted, To appropriate \$5,000, to be transferred from the Overlay Reserve Fund.

ARTICLE 36. To see what sum of money the Town will vote to appropriate for the general uses of the Board of Assessors the present year.

Voted, To appropriate \$2,600 for the general uses of the Board of Assessors.

ARTICLE 36A. To see what sum of money the Town will vote to authorize the Assessors to use out of the surplus revenue account, in fixing the tax rate for 1922.

Voted, That the Assessors be authorized to use \$20,000 out of the surplus revenue account in fixing the tax rate for 1922.

ARTICLE 37. To see if the Town will vote to authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer, when appointed Collector, may use.

Voted, To authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer, when appointed Collector, may use.

ARTICLE 38. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the financial year ending December 31, 1922.

Voted, That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow to an amount not to exceed \$400,000 in anticipation of the revenue of the financial year ending December 31, 1922, and to issue a note or notes therefor, payable within one year from the date thereof; any debt or debts incurred under this vote to be paid from the revenue of the financial year ending December 31, 1922.

Result of vote: Yes, 371; No, 0.

ARTICLE 39. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money on and after January 1, 1923, in anticipation of the revenue of the financial year ending December 31, 1923.

Voted, That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow on and after January 1, 1923, to an amount not to exceed \$75,000 in anticipation of the revenue of the financial year ending December 31, 1923, and to issue a note or notes therefor; any debt or debts incurred under this vote to be paid from the revenue of the financial year ending December 31, 1923.

Result of vote: Yes, 336; No, 0.

ARTICLE 40. To see what sum of money the Town will vote to appropriate to be expended by the Huntington Frothingham Wolcott Post 102, G. A. R., on Memorial Day.

Voted, To appropriate \$400 to be expended by the Huntington Frothingham Wolcott Post, 102, G. A. R.

ARTICLE 41. To see if the Town will vote to authorize the Selectmen to employ counsel to represent the Town at hearings before Committees of the General Court.

Voted, To authorize the Selectmen to employ counsel to represent the Town at hearings before Committees of the General Court.

Passed by more than two-thirds vote.

ARTICLE 42. To see if the Town will vote authorizing the Moderator to appoint a Committee of five citizens to consider such proceedings of the Legislature and of State Boards and Commissions as may affect the interests of the Town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the Town in any such proceedings; such Committee to hold office for the calendar year next following its appointment, to have power to fill vacancies in its own number, and to report in print to the Town at the Town Meeting next following the close of its term of office.

Voted, To authorize the Moderator to appoint a Committee of five citizens to consider such proceedings of the Legislature and State Boards and Commissions as may affect the interests of the Town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the Town in any such proceedings; such Committee to hold office for the calendar year next following its appointment, to have power to fill vacancies in its own number, and to report in writing to the Town at the Town Meeting next following the close of its term of office.

Committee appointed: Lincoln Bryant, W. Rodman Peabody, Felix Rackemann, Reginald L. Robbins, James S. Russell.

ARTICLE 43. To see what sum of money the Town will vote to appropriate for the retirement of teachers in the Public Schools under the provisions of Section 42, Chapter 32, General Laws, for the present year.

Voted, To appropriate \$425 for the retirement of teachers in the Public Schools, under the provisions of Section 42, Chapter 32, General Laws.

ARTICLE 44. To see what sum of money the Town will vote to appropriate for the purpose of providing pensions for members of the Police and Fire Departments retired and placed upon the pension roll under the provisions of Section 85 of Chapter 32, General Laws, the present year.

Voted, To appropriate \$4,360 for the purpose of providing pensions for members of the Police and Fire Departments retired and placed upon the pension roll under the provisions of Section 85 of Chapter 32, General Laws.

ARTICLE 45. To see what sum of money the Town will vote to appropriate for pensions for laborers under the provisions of Section 77, Chapter 32, General Laws, for the present year.

Voted, To appropriate \$4,514.31 for pensions for laborers under the provisions of Section 77, Chapter 32, General Laws.

ARTICLE 46. To see what sum of money the Town will vote to appropriate to pay an annuity, under Chapter 16, Special Act of 1919, for the present year.

Voted, To appropriate \$300 to be paid as an annuity to Katherine K. McDermott, widow of Thomas F. McDermott, in accordance with the provisions of Chapter 16 of the Special Act of 1919.

ARTICLE 47. To see what sum of money the Town will vote to appropriate for the payment of pensions under the provisions of Section 88, Chapter 32, of the General Laws, for the present year.

Voted, To appropriate \$600 for the payment of pensions for the present year, under the provisions of Section 88, Chapter 32, of the General Laws.

ARTICLE 48. To see what sum of money the Town will vote to appropriate to be expended by Selectmen for the celebration of the Fourth Day of July, 1922.

Voted, To appropriate \$300 to be expended by the Selectmen for the celebration of the Fourth Day of July, 1922.

ARTICLE 49. To see if the Town will vote to accept Cantwell Road, running easterly from Eliot Street, as laid out by the Selectmen, as a Town Way.

Voted, To accept Cantwell Road, running easterly from Eliot Street, as laid out by the Selectmen, as a Town Way.

ARTICLE 50. To see if the Town will vote to accept Clifton Road, running 300 feet, more or less, westerly from Reedsdale Road, as laid out by the Selectmen, as a Town Way.

Voted, To accept Clifton Road, running 300 feet, more or less, westerly from Reedsdale Road, as laid out by the Selectmen, as a Town Way.

ARTICLE 51. To see if the Town will vote to accept Chapter 254, Acts of 1917 entitled, "An Act to Authorize Cities and Towns to pay to their Employees who enlist in the Service of the United States the difference between their Military and their Municipal Compensation," and likewise Chapter 235, Acts of 1920, extending the same to employees of cities and towns who were drafted, inducted or commissioned into the service of the United States, as well as to those who enlisted; and to see if the Town will authorize payments to employees as provided for by the foregoing Acts, and make an appropriation for such purpose.

Voted, That the Article be indefinitely postponed.

ARTICLE 52. To see if the Town will vote to adopt a By-Law, substantially in the following form, to become Section 1 of Chapter 11, of the Revised By-Laws.

No person or corporation shall erect or maintain a billboard, sign or other outdoor advertising device, except as provided in Section 32 of Chapter 93 of the General Laws, on any location within three hundred feet of any public park or playground or Metropolitan Park or Parkway, if within public view from any portion or such parks, playgrounds, or parkways; or within three hundred feet of any other public way and within public view from any portion of the same if such billboard, sign or device exceeds

five feet in height or eight feet in length, and no billboard, sign or device placed within three hundred feet of any such public way and within public view shall be nearer than fifty feet to any other such billboard, sign or device; or at the corner of any public ways and within a radius of one hundred fifty feet from the point where the center lines of such ways intersect; or in any place unless the lowest portion of such billboard, sign or device is at least three feet from the ground and the entire structure, including its braces and supports, is maintained in good repair, painted and free from accumulations of rubbish and filth and from the pupae, eggs and caterpillars of gypsy and brown-tail moths and other tree and shrub destroying pests; provided that this section shall not apply to signs or other devices which advertise or indicate either the person occupying the premises in question, or the business transacted thereon, or advertise the property itself or any part thereof as for sale or to let.

Voted, To adopt the following By-Law, to become

CHAPTER 11

SECTION 1. No person or corporation shall erect or maintain a billboard, sign or other outdoor advertising device, except as provided in Section 32 of Chapter 93 of the General Laws, on any location within three hundred feet of any public park or playground or Metropolitan Park or Parkway, if within public view from any portion of such parks, playgrounds, or parkways; or within three hundred feet of any other public way and within public view from any portion of the same, if such billboard, sign or device exceeds five feet in height or eight feet in length, and no billboard, sign or device placed within three hundred feet of any such public way and within public view shall be nearer than fifty feet to any other such billboard, sign or device; or at the corner of any public ways and within a radius of one hundred fifty feet from the point where the center lines of such ways intersect; or in any place unless the lowest portion of such billboard, sign or device is at least three feet from the ground, and the entire structure, including its braces and supports, is maintained in good repair, painted, and free from accumulation of rubbish and filth and from the pupae, eggs and caterpillars of gypsy and brown-tail moths and other tree and shrub destroying pests; provided that this section shall not apply to signs or other devices which advertise or indicate either the person occupying the premises in question or the business transacted thereon, or advertise the property itself or any part thereof as for sale or to let.

ARTICLE 53. To see what the sentiment of the Town may be regarding the erection and maintenance of billboards and outdoor advertising signs along the streets and highways of the Town.

Voted, To adopt the following unanimous vote:

“The inhabitants of Milton, in Town Meeting assembled, hereby record their emphatic disapproval of the erection of billboards, or outdoor advertising signs, along the streets and highways of the Town. We, therefore, urge the Department of Public Works to refuse all permits for this form of advertising within the limits of Milton, these billboards and advertising signs being, in our opinion, a disfigurement, a danger, and nuisance. The Selectmen are directed to appear in person, or to be represented by counsel, before the Department of Public Works, in connection with all billboard matters affecting the Town, and to oppose the granting of all such permits. We further direct the Clerk of this Meeting to send a copy of this vote to the Department of Public Works and also to our Senator and Representative in the Massachusetts Legislature.”

ARTICLE 54. To see if the Town will vote to amend Chapter 4, Section 9, of the Revised By-Laws, by striking out said section and substituting therefor the following:

SECTION 9. The Warrant Committee shall send to the Town Treasurer certified copies of all votes whereby transfers are made out of the Reserve Fund for extraordinary or unforeseen expenditures.

Voted, To amend Chapter 4, Section 9, of the Revised By-Laws, by striking out said section and substituting therefor the following:

SECTION 9. The Warrant Committee shall send to the Town Treasurer certified copies of all votes whereby transfers are made out of the Reserve Fund for extraordinary or unforeseen expenditures.

(Approved by the Attorney-General, July 19, 1922.)

ARTICLE 55. To see if the Town will vote to amend Section 14 of Chapter 4 of the Revised By-Laws, by striking out the word "Two" therein and substituting therefor the word "Three," so that the same shall read, "Three Auditors shall be chosen by ballot at the annual meeting, who shall have the powers and perform the duties prescribed by statute."

Voted, To amend Section 14 of Chapter 4 of the Revised By-Laws, by striking out the word "Two" therein and substituting therefor the word "Three," so that the same shall read:

SECTION 14. Three Auditors shall be chosen by ballot at the annual meeting, who shall have the powers and perform the duties prescribed by statute.

(Approved by the Attorney-General, April 6, 1922.)

ARTICLE 56. To see if the Town will vote to amend Section 5 of Chapter 7 of the Revised By-Laws, relative to the Construction and Inspection of Buildings, by adding the word "shingling" after the word "construction" in the first line of the first paragraph, so as to read as follows:

SECTION 5. Before the erection, construction, shingling or alteration of any building or part of any building, structure or part of any structure, wall, or any platform or flooring to be used for standing or seating purposes, is commenced, the owner, or lessee or agent of either, or the architect or builder, employed by such owner or lessee in connection with the proposed erection or alteration shall, except for ordinary repairs, submit to the Inspector a detailed description of the location, purpose and construction of the proposed structure or work on proper blanks to be furnished by the Inspector, and full and complete copies of the plans of such proposed work, and such structural detailed drawings as the Inspector may require, and by further amending by adding the following:

SECTION 30A. All roof coverings shall be of incombustible material, and all roofs which shall hereafter require repair to the extent of one-third of their area shall be replaced with incombustible material.

Voted, That this Article be indefinitely postponed.

ARTICLE 57. To see if the Town will vote to authorize the Selectmen to sell the whole or any portion of the parcel of land on the southeasterly corner of Reservation and Brook Roads, containing two hundred and sixty-five feet, more or less, and to execute proper conveyance of same.

Voted, To authorize the Selectmen to sell the whole or any portion of the parcel of land on the southeasterly corner of Reservation and Brook Roads, containing two hundred and sixty-five feet, more or less, and to execute proper conveyance of same.

ARTICLE 58. To see if the Town will vote to direct the Trustees created by Chapter 305 of the Special Acts of 1917 to erect a public hospital to stand as a memorial to the men of Milton who gave their lives in the War service of their Country, and appropriate money for the same, and to determine how the money shall be raised.

Voted, That this Article be indefinitely postponed.

ARTICLE 59. To see if the Town will vote in accordance with the provisions of Chapter 305 of the Special Acts of 1917, to increase the Board of Trustees thereby established by the addition of six (6) trustees to be elected at the next annual meeting, one-third for one year, one-third for two years, one-third for three years and thereafter one-third annually for a term of three years, and to designate the said Board of Trustees, "Trustees of the Memorial Hospital."

Voted, That this Article be indefinitely postponed.

ARTICLE 60. To see if the Town will vote to authorize the appointment of a Committee of five or seven citizens or the continuation of the Memorial Committee of 1921 who shall consider the question of erecting a public Memorial independent of any other building or structure, to the Milton men who have heretofore given their lives in the service of their country, and report their conclusions to the Selectmen and the Warrant Committee, in writing, not later than December 31, 1922.

Voted, To authorize the appointment of a Committee of seven citizens by the Moderator, who shall consider the question of erecting a public Memorial independent of any other building or structure, to the Milton men who have heretofore given their lives in the service of their country, and to report their conclusions to the Selectmen

and the Warrant Committee in writing not later than December 31, 1922, and to appropriate \$500 for the expenses of said Committee.

Committee appointed: George Wigglesworth, Louis A. Coolidge, Joseph A. Ewart, Frederick H. Keep, Mary C. Perkins, Roger L. Scaife, William B. Thurber.

ARTICLE 60A. To see if the Town will vote to acquire land and construct a monument as a memorial to soldiers, sailors and marines, and appropriate and raise the necessary money therefor.

Voted, That this Article be indefinitely postponed.

ARTICLE 61. To see if the Town will vote to authorize the trustees elected by the Town under the provisions of Chapter 305 of the Special Acts of 1917, to erect a public hospital (definitely not as a War Memorial) to be known as the "Milton Public Hospital," and to see what sum of money the Town will raise and appropriate for this purpose and to determine how the money shall be raised.

Voted, That a Committee of seven, consisting preferably of two of the present Memorial Committee, two members of the corporation of the Convalescent Home and Hospital, one of the Wadsworth Trustees and two other residents of the Town, shall be appointed by the Moderator to consider how the need of the Town for additional or improved hospital facilities can best be met apart from any question of a Memorial, and report to the Selectmen and to the Warrant Committee in writing not later than December 31, 1922, and that \$1,000 be appropriated for the expenses of said Committee.

Committee appointed: Ralph E. Forbes, Caroline S. Saltonstall, Jesse B. Baxter, Maurice A. Duffy, Lincoln Bryant, Sarah F. Arnold, Charles R. Rockwell.

ARTICLE 62. To see if the Town will vote to appropriate the sum of one hundred and sixty thousand (160,000) dollars for the purpose of building and establishing a public hospital to be called the "Milton Public Hospital," a portion of which sum, to wit, one hundred and fifty thousand (150,000) dollars, to be raised by an issue of bonds.

Voted, That this Article be indefinitely postponed.

ARTICLE 63. To see if the Town will vote to appoint a Committee of nine (9), three (3) of whom shall be the present Trustees elected by the Town under the provisions of Chapter 305 of the Special Acts of 1917, and the other six (6) appointed as follows: two (2) by the said Trustees, two (2) by the Moderator, and two (2) by the Selectmen; this Committee to be vested with full authority to acquire the necessary land, to prepare the plans, and commence the construction of a public hospital. Said Committee to serve until the next annual meeting. And further, to see if the Town will vote, in accordance with the provisions of said Act, to increase the Board of Trustees thereby established, by the addition of six (6) Trustees to be elected at the next annual meeting, one-third for one year, one third for two years, one-third for three years, and thereafter one-third annually for a term of three (3) years, and to designate the said Board of Trustees "Trustees of the Milton Public Hospital."

Voted, That this Article be indefinitely postponed.

ARTICLE 64. To see if the Town will vote that a Committee of five citizens shall be appointed by the Moderator as a special committee to investigate the probable needs of the Town in respect to a new public building or Town Hall, in the event of the Town of Milton's adopting the representative form of government. And to consider whether a satisfactory Memorial room, hall, entrance or other feature may be planned as part of such new public building, such Memorial feature to be dedicated to the Milton men who have heretofore given their lives in the War service of their country. Said committee to make their report in writing with such recommendations as they deem best, not later than December 31, 1922, to the Selectmen and the Warrant Committee. And that the sum of \$500 be appropriated for the committee expenses.

Voted, That this Article be indefinitely postponed.

REPORT OF ART COMMITTEE FOR THE TOWN OF MILTON

By vote passed March 5, 1921, the sum of one thousand (1000) dollars was appropriated to be expended under the direction of the Art Committee in the erection of a bronze tablet, in or on the Town Hall, or upon the ground surrounding same, said tablet to contain the names of the Milton men who lost their lives while in the Military

or Naval service of the United States during the Great War. No part of this appropriation has as yet been spent, because your Committee was unanimously of the opinion that it would be an improper waste of the Town's money to go forward with such a project at a time when the question of a larger memorial was actively before the Town.

(Signed) GEORGE F. SHEPARD

ELIOT T. PUTNAM

WILLARD B. LUTHER

Voted, To reconsider the vote passed at the meeting held March 5, 1921, and that the appropriation of \$1,000 be transfered to the Surplus Revenue Account; and that the report of the Committee be accepted and the Committee be discharged with the thanks of the Town.

And you are directed to warn said inhabitants qualified as aforesaid, to meet at the time and place and for the purpose herein mentioned, by posting attested copies of this Warrant in each of the post-offices of said Town fourteen days at least before said meeting, and leaving printed copies thereof at the dwelling-houses of said Town at least four days before said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon, to the Town Clerk, at the time and place of said meeting.

Given under our hands at Milton the 10th day of February, nineteen hundred and twenty-two.

JAMES F. MITCHELL

MAURICE A. DUFFY

JACOB A. TURNER

Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS,

NORFOLK, SS.

MILTON, March 4, 1922.

Pursuant to the within Warrant I have notified the inhabitants of the Town of Milton as within directed, to meet at the time and place and for the purposes therein mentioned, by posting attested copies of the same in the post-offices of the Town and leaving copies at the dwellings of the inhabitants.

PELEG BRONSDON,
Constable of Milton.

March 18, 1922, at 5.50 P.M., *Voted*, That the meeting be dissolved.

The foregoing meeting was opened March 4, 1922, at 5.45 A.M., by the Moderator (who proceeded to read the Warrant); upon conclusion of the reading of the second Article it was moved that further reading of the Warrant be dispensed with. Said motion being put, was unanimously carried and the further reading of the Warrant (except the concluding paragraphs) was dispensed with.

The total number of ballots cast at the aforesaid meeting was 1176.

A true record,

Attest:

G. FRANK KEMP,
Town Clerk.

Warrant Committee

The following citizens were appointed by the Moderator as a Warrant Committee for the ensuing year in accordance with Chapter 2 of the Revised By-Laws, viz:

Malcolm Donald, Edward C. Bradlee, Henry F. Brierly, Annie B. Cooper, Stanley Cunningham, Elsie DeNormandie, Harold B. Garland, John W. Hallowell, Charles F. Marden, Richard C. Mulroy, Bernard F. Murray, Fred N. Russell, Russell Swift, Clyde L. Whittier, Duncan F. Will.

SPECIAL JULY MEETING

WARRANT

COMMONWEALTH OF MASSACHUSETTS,

NORFOLK, SS.

To either of the Constables of the Town of Milton, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Milton qualified to vote in Town affairs to meet at the Town Hall in said Milton upon Monday, the Tenth day of July next, at eight o'clock in the evening, then and there to act upon the following articles, to wit:

ARTICLE 1. To see if the Town will vote to adopt a By-Law substantially in the following form, to be known as Chapter 12 of the Revised By-Laws, and to act on anything relating thereto.

CHAPTER 12

USE OF BUILDINGS

ARTICLE 1

SECTION 1. *Districts.* A residence district is hereby created in the Town of Milton to be known and designated as District A, the bounds of which shall be as set forth in the Zoning Map hereinafter in this By-Law referred to, the said district comprising the corporate limits of the Town of Milton, excepting the districts marked B and C on said Zoning Map, which are bounded and described as follows:

DISTRICT B.

Beginning at a point in the boundary line between Milton and Quincy at the junction of the northeasterly side line of Bryant Avenue, and said boundary line; thence running northwesterly along said northeasterly boundary of Bryant Avenue to a point where the northwesterly side line of Martin Terrace extended northeasterly would intersect said line of Bryant Avenue: thence turning and running southwesterly along said extension of the northwesterly side line of Martin Terrace and said northwesterly side line itself to the end of said Martin Terrace at the land of L. A. Dame; thence turning to the right and running northwesterly along said land of L. A. Dame to the southeasterly side line of Boulevard Street; thence continuing in a northwesterly direction across said Boulevard Street to the intersection of the northwesterly side line of Boulevard Street with the southeasterly side line of Edge Hill Road; thence turning and running northeasterly and northerly along said southeasterly side line of Edge Hill Road and continuing northerly in the same line across Adams Street to the easterly boundary line of land of the New York, New Haven and Hartford Railroad Company; thence turning and running northwesterly along said easterly boundary line to a point where the southeasterly side line of Wood Street extended southwesterly would intersect said easterly boundary line; thence turning and running northeasterly along said southeasterly side line of Wood Street to a point distant 200 feet northeasterly from the northeasterly side line of Granite Avenue; thence turning at right angles and running southeasterly in line parallel with the northeasterly side line of Granite Avenue and 200 feet distant therefrom to a point distant 200 feet northerly from the northerly line of Adams Street; thence turning and running easterly in a line parallel with said northerly side line of Adams Street and distant 200 feet therefrom to the westerly side line of Church Street; thence turning and running southerly along the westerly side line of Church Street to a point where the westerly side line extended intersects the southerly side line of Adams Street; thence turning and running westerly to the westerly side line of Mechanic Street; thence turning and running southerly along the westerly side line of Mechanic Street 100 feet; thence turning to the right and running westerly on

line parallel with the southerly side line of Adams Street and 100 feet distant therefrom to a point 100 feet northeasterly from the northeasterly side line of Granite Avenue; thence turning and running southeasterly in a line parallel with the northeasterly side line of Granite Avenue and 100 feet distant therefrom to the boundary line between Milton and Quincy; thence turning and running southwesterly along said boundary line to the point of beginning.

DISTRICT C.

Beginning at a point in the boundary line between Milton and Boston at the Neponset River, said point being at the intersection of the southerly boundary of land of the New England Telephone and Telegraph Company extended easterly and said boundary line between Milton and Boston; thence running westerly along said extension of the southerly boundary line of the New England Telephone and Telegraph Company and said southerly boundary line itself to the easterly side line of Adams Street; thence continuing in the same general westerly direction across Adams Street and Canton Avenue to a point 100 feet distant westerly from the westerly side of High Street extended; thence turning and running northerly parallel with the westerly side line of High Street and distant westerly 100 feet therefrom to the northerly side line of Eliot Street; thence turning and running westerly along said northerly side line of Eliot Street to Pine Tree Brook; thence turning and running along the center line of said Brook southerly and southwesterly to the southwesterly boundary of land of the Town of Milton used for a Police Station; thence turning and running northwesterly along the southwesterly boundary and southwesterly line extended across Central Avenue to land of Octavia L. Horne; thence turning and running in a general northerly direction along the westerly boundary line of land of said Octavia L. Horne, and said westerly boundary line extended to the northerly side line of Eliot Street; thence turning and running westerly along said northerly side line of Eliot Street to the westerly boundary of land now or formerly of the National Biscuit Company; thence turning and running northerly along said westerly boundary and said westerly boundary produced across land of the New York, New Haven and Hartford Railroad Company to boundary line between Boston and Milton at the Neponset River; thence turning and running in a general easterly and southerly direction along said boundary between Boston and Milton to the point of beginning.

SECT. 2. *Zoning Map.* (a) The Zoning Map prepared by C. Frederick Joy, Jr., Civil Engineer, dated June 23, 1922, bearing the signatures of the Board of Selectmen and showing the boundaries of District A, is declared to be a part of this By-Law.

(b) Where a boundary line divides a lot in a single ownership at the time of the adoption of this By-Law, the regulations as to District A shall not apply, provided the lot does not extend more than twenty-five feet within the boundary line of said District A.

SECT. 3. *Residence Purposes.* In District A no building shall be used and no building shall be erected which is intended or designed to be used for any purpose except one or more of the following:

- (a) A dwelling for one or more families.
- (b) A hotel or a lodging or boarding house.
- (c) A club other than a club the chief activity of which is a service customarily carried on as a business.
- (d) A church.
- (e) Other purposes which are not particular industries, trades, manufacturing or commercial purposes.
- (f) A railroad passenger station.
- (g) A farm, truck garden, nursery or greenhouse.
- (h) An accessory purpose customarily incident to the above purposes and not detrimental to the use of other property in the district for the above purposes, including a private garage for not more than two automobiles. An accessory purpose shall not include an advertising sign except a real estate sign advertising for sale or rent the property on which it is placed, but may include a sign not over one square foot in area, bearing a name and the designation of any authorized occupation, and being such a sign as is customary on any building used for the purposes permitted by this section of this By-Law.
- (i) A garage for more than two automobiles, or a telephone exchange or transforming station, provided in each case that after a public hearing, fourteen days' notice of which shall be given, the Selectmen shall rule that such use in a building or buildings located,

designed and constructed as described by them in their ruling, will not be seriously detrimental to the use of other property in the district for the purpose specified in the preceding paragraphs of the section, and provided that the use is confined to a building or buildings conforming to the description of said ruling.

SECT. 4. *Enforcement.* Whoever violates any of the provisions of this By-Law shall be punished by a fine of not more than twenty dollars for each violation. Upon any well founded information from any citizen that this By-Law is being violated or upon his own initiative, the Inspector of Buildings shall take immediate steps to enforce the By-Law.

SECT. 5. *Validity.* The invalidity of any section or provision of this By-Law shall not invalidate any other section or provision hereof.

SECT. 6. So much of this By-Law as is approved by the Attorney-General shall go into effect upon its publication, or notice by delivery, as required by law.

Voted, To adopt the following By-Law, to be known as Chapter 12 of the Revised By-Laws.

CHAPTER 12

USE OF BUILDINGS

SECTION 1. *Districts.* A residence district is hereby created in the Town of Milton, to be known and designated as District A, the bounds of which shall be as set forth in the Zoning Map hereinafter in this By-Law referred to, the said district comprising all territory within the corporate limits of the Town of Milton, excepting the districts marked B and C on said Zoning Map, which are bounded and described as follows:

DISTRICT B.

Beginning at a point in the boundary line between Milton and Quincy at the junction of the northeasterly side line of Bryant Avenue and said boundary line; thence running northwesterly along said northeasterly boundary of Bryant Avenue to a point where the northwesterly side line of Martin Terrace extended northeasterly would intersect said line of Bryant Avenue; thence turning and running southwesterly along said extension of the northwesterly side line of Martin Terrace and said northwesterly side line itself to the end of said Martin Terrace at the land of L. A. Dame; thence turning to the right and running northwesterly along said land of L. A. Dame to the southeasterly side line of Boulevard Street; thence continuing in a northwesterly direction across said Boulevard Street to the intersection of the northwesterly side line of Boulevard Street with the southeasterly side line of Edge Hill Road; thence turning and running northeasterly and northerly along said southeasterly side line of Edge Hill Road and continuing northerly in the same line across Adams Street to the easterly boundary line of land of the New York, New Haven and Hartford Railroad Company; thence turning and running northwesterly along said easterly boundary line to a point where the southeasterly side line of Wood Street extended southwesterly would intersect said easterly boundary line; thence turning and running northeasterly along said southeasterly side line of Wood Street to a point distant 200 feet northeasterly from the northeasterly side line of Granite Avenue; thence turning at right angles and running southeasterly in line parallel with the northeasterly side line of Granite Avenue and 200 feet distant therefrom to a point distant 200 feet northerly from the northerly line of Adams Street; thence turning and running easterly in a line parallel with said northerly side line of Adams Street and distant 200 feet therefrom to the westerly side line of Church Street; thence turning and running southerly along the westerly side line of Church Street to a point where the westerly side line extended intersects the southerly side line of Adams Street; thence turning and running westerly to the westerly side line of Mechanic Street; thence turning and running southerly along the westerly side line of Mechanic Street 100 feet; thence turning to the right and running westerly on line parallel with the southerly side line of Adams Street and 100 feet distant therefrom to a point 100 feet northeasterly from the northeasterly side line of Granite Avenue; thence turning and running southeasterly in a line parallel with the northeasterly side line of Granite Avenue and 100 feet distant therefrom to the boundary line between Milton and Quincy; thence turning and running southwesterly along said boundary line to the point of beginning.

DISTRICT C.

Beginning at a point in the boundary line between Milton and Boston at the Neponset River, said point being at the intersection of the southerly boundary of land of the New England Telephone and Telegraph Company extended easterly and said boundary line between Milton and Boston; thence running westerly along said extension of the southerly boundary line of the New England Telephone and Telegraph Company and said southerly boundary line itself to the easterly side line of Adams Street; thence continuing in the same general westerly direction across Adams Street and Canton Avenue to a point 100 feet distant westerly from the westerly side of High Street extended; thence turning and running northerly parallel with the westerly side line of High Street and distant westerly 100 feet therefrom to the northerly side line of Eliot Street; thence turning and running westerly along said northerly side line of Eliot Street to Pine Tree Brook; thence turning and running along the center line of said Brook southerly and southwesterly to the southwesterly boundary of land of the Town of Milton used for a Police Station; thence turning and running northwesterly along the southwesterly boundary and southwesterly line extended across Central Avenue to land of Octavia L. Horne; thence turning and running in a general northerly direction along the westerly boundary line of land of said Octavia L. Horne, and said westerly boundary line extended to the northerly side line of Eliot Street; thence turning and running westerly along said northerly side line of Eliot Street to westerly boundary of land now or formerly of the National Biscuit Company; thence turning and running northerly along said westerly boundary and said westerly boundary produced across land of the New York, New Haven and Hartford Railroad Company to boundary line between Boston and Milton at the Neponset River; thence turning and running in a general easterly and southerly direction along said boundary between Boston and Milton to the point of the beginning.

SECT. 2. *Zoning Map.* (a) The Zoning Map prepared by C. Frederick Joy, Jr., Civil Engineer, dated June 23, 1922, bearing the signatures of the Board of Selectmen and showing the boundaries of Districts A, B, and C, is declared to be a part of this By-Law.

(b) Where a boundary line divides a lot in a single ownership at the time of the adoption of this By-Law, the regulations as to District A shall not apply, provided the lot does not extend more than twenty-five feet within the boundary line of said District A.

SECT. 3. *Residence Purposes.* In District A, except as herein otherwise provided, no building shall be used, and no building shall be erected or altered which is intended or designed to be used for a store or shop, or for manufacturing or commercial purposes, or any other purposes except one or more of the following:

- (a) A dwelling for one or more families.
- (b) A hotel or a lodging or boarding house.
- (c) A club other than a club the chief activity of which is a service customarily carried on as a business.
- (d) A church, school or academy.
- (e) Other purposes which are not particular industries, trades, manufacturing or commercial purposes.
- (f) A railroad passenger station.
- (g) A farm, truck garden, nursery or greenhouse.
- (h) An accessory purpose customarily incident to the above purposes and not detrimental to the use of other property in the district for the above purposes, including a private garage for not more than two automobiles. An accessory purpose shall not include an advertising sign except a real estate sign advertising for sale or rent the property on which it is placed, but may include a sign not over one square foot in area, bearing a name and the designation of any authorized occupation, and being such a sign as is customary on any building used for the purposes permitted by this section of this By-Law.

(i) A garage for more than two automobiles, or a telephone exchange or transforming station, provided in each case that after a public hearing, fourteen days' notice of which shall be given in such manner as the Selectmen shall determine, the Selectmen shall rule that such use in a building or buildings located, designed and constructed as described by them in their ruling, will not be seriously detrimental to the use of other property in the district for the purpose specified in the preceding paragraphs of the section, and provided that the use is confined to a building or buildings conforming to the description of said ruling.

SECT. 4. *Existing Buildings.* Any building or part of a building in District A which at the time of the adoption of this By-Law is being used for a purpose forbidden in said District, may continue to be used for the same purpose or for a purpose not substantially different in character. Any such building or part of a building and any addition thereto made by permission of the Selectmen as hereinafter provided may be structurally altered or added to at any time provided the alterations or additions do not substantially enlarge the part of the building used for such purpose; and any such building or part of a building or such addition which is partially or wholly destroyed by fire or other casualty may be repaired or replaced by a structure of substantially the same size and character and used for the purpose for which it was formerly used or for a purpose not substantially different in character.

Any such building may be added to or enlarged at any time and such addition or enlargement used for the purpose for which the original building may lawfully be used under the provisions of the foregoing paragraph of this section, provided in each case, that after a public hearing, of which fourteen days' notice shall be given in such manner as the Selectmen may decide, the Selectmen shall determine that such addition or enlargement and the use to be made thereof will not to any substantial extent be more detrimental to the use of other property in the district for the purposes permitted in Section 3 than the building to which such addition or enlargement is to be made or the use then lawfully made thereof, and shall issue a permit therefor. Each such permit issued by the Selectmen shall specify the size and character of the addition or enlargement and no such addition or enlargement shall be constructed or used for any purpose forbidden in District A which is not constructed in accordance with the terms of such permit.

SECT. 5. *Incidental Use of Residential Buildings.* Any building in District A, designed solely for residential purposes, and used primarily and principally for residential purposes, may be used incidentally for a purpose forbidden in said district, provided, in each case, that after a public hearing, of which fourteen days' notice shall be given in such manner as the Selectmen may decide, the Selectmen shall determine that the use of such building is incidental only, within the meaning hereof, and that such incidental use will not be detrimental to the use of other property in the district for the purposes permitted in Section 3, and shall issue a permit therefor.

SECT. 6. *Enforcement.* Whoever violates any of the provisions of this By-Law shall be punished by a fine of not more than twenty dollars for each violation. Upon any well founded information from any citizen that this By-Law is being violated or upon his own initiative, the Inspector of Buildings shall take immediate steps to enforce the By-Law.

SECT. 7. *Validity.* The invalidity of any section or provision of this By-Law shall not invalidate any other section or provision hereof.

SECT. 8. The provisions of this By-Law shall be construed as being additional to and not as limiting or lessening to any extent whatsoever the requirements of Chapter 7 and 8 of the revised By-Laws of the Town.

SECT. 9. So much of this By-Law as is approved by the Attorney-General shall go into effect upon its publication, or notice by delivery, as required by law.

Passed by a unanimous vote.

Approved by the Attorney-General July 11, 1922.

ARTICLE 2. To see if the Town will vote to adopt a By-Law establishing a Planning Board, substantially in the following form, to be known as Chapter 13 of the Revised By-Laws, and to act on anything relating thereto.

CHAPTER 13

PLANNING BOARD

A Board consisting of five members is hereby created and established, to be known as the Planning Board. At the annual Town Meeting to be held in March, 1923, there shall be elected one member of such Board to serve for one year, two members to serve for two years, and two members to serve for three years, and thereafter there shall

be elected at the annual meeting in each year one or two members of such Board to fill the places of members whose terms of office expire in such year. The members of such Board shall serve without pay.

The Board shall perform the duties prescribed by Sections 70 and 71 of Chapter 41 of the General Laws. It shall be the duty of the Board also to consider and advise upon municipal improvements in regard to which the advice of the Board, at any time may be asked by any official or officials of the Town. The Board may upon its own initiative make to any official or officials of the Town such recommendations in regard to municipal improvements as the Board may from time to time think proper or expedient.

Voted, To adopt a By-Law establishing a Planning Board in the following form, to be known as Chapter 13 of the Revised By-Laws.

CHAPTER 13

PLANNING BOARD

A Board consisting of five members is hereby created and established, to be known as the Planning Board. At the annual Town Meeting to be held in March, 1923, there shall be elected one member of such Board to serve for one year, two members to serve for two years, and two members to serve for three years, and thereafter there shall be elected at the annual meeting in each year one or two members of such Board to fill the places of members whose terms of office expire in such year. The members of such Board shall serve without pay.

The Board shall perform the duties prescribed by Sections 70 and 71 of Chapter 41 of the General Laws. It shall be the duty of the Board also to consider and advise upon municipal improvements in regard to which the advice of the Board, at any time may be asked by any official or officials of the Town. The Board may upon its own initiative make to any official or officials of the Town such recommendations in regard to municipal improvements as the Board may from time to time think proper or expedient.

Approved by the Attorney-General, July 21, 1922.

ARTICLE 3. To see if the Town will vote to authorize the appointment of a Committee to make a study of the need of the Town in connection with the limitation of particular classes of buildings to specific districts or zones, and the modification of existing provisions, and to see what sum the Town will appropriate for the use of this Committee.

Voted, That a Committee of seven be appointed by the Moderator to make a study of the needs of the Town in connection with the limitation of particular classes of buildings to specific districts or zones, and the limitation of the purposes for which buildings may be used in specific districts or zones, and existing provisions in regard to same, and report in writing to the Selectmen not later than January 15, 1923; that \$1,000 be appropriated for the expenses of the Committee; and that the Selectmen be authorized to cause the report to be printed and distributed to the citizens of the Town.

Committee appointed: Arthur H. Weed, Jesse B. Baxter, David A. Heffernan, G. Frank Kemp, William G. Rodd, Arthur H. Tucker, Warland Wight.

And you are directed to warn said inhabitants, qualified as aforesaid, to meet at the time and place and for the purpose herein mentioned, by posting attested copies of this Warrant in each of the post-offices of said Town fourteen days at least before said meeting, and leaving printed copies thereof at the dwelling houses of said Town at least four days before said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon, to the Town Clerk at the time and place of said meeting.

Given under our hands at Milton the 23rd day of June, nineteen hundred and twenty-two.

JACOB A. TURNER

JAMES F. MITCHELL

MAURICE A. DUFFY

Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS,

NORFOLK, SS.

MILTON, July 10, 1922.

Pursuant to the within Warrant I have notified the inhabitants of the Town of Milton as within directed, to meet at the time and place and for the purposes therein mentioned by posting attested copies of the same in the post-offices of the Town and leaving copies at the dwellings of the inhabitants.

PELEG BRONSDON,
Constable of Milton.

The foregoing meeting was opened July 10, 1922, at 8.07 P.M., by the Moderator (who proceeded to read the Warrant); upon conclusion of the reading of the first Article it was moved that further reading of the Warrant be dispensed with. Said motion being put, was unanimously carried and further reading of the Warrant (except the concluding paragraphs) was dispensed with.

At 8.57 P.M. it was voted to adjourn.

A true copy,

Attest:

G. FRANK KEMP,
Town Clerk.

SEPTEMBER PRIMARY

WARRANT

COMMONWEALTH OF MASSACHUSETTS,

NORFOLK, SS.

To either of the Constables of the Town of Milton, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of Milton qualified to vote at elections to meet in the Town Hall in said Milton, on Tuesday the twelfth day of September, 1922, at six o'clock in the forenoon, then and there to bring in their ballots to the Primary Officers for the nomination of candidates of political parties for the following offices: Governor, Lieutenant-Governor, Secretary, Treasurer and Receiver-General, Auditor, Attorney-General, Senator in Congress, all for this Commonwealth; Representative in Congress for the Fourteenth Congressional District; Councillor for the Second Councillor District; Senator for the Norfolk Senatorial District; Representative in the General Court for the Fourth Norfolk Representative District; County Commissioner for the County of Norfolk; Two Associate Commissioners for the County of Norfolk; County Commissioner to fill vacancy for the County of Norfolk; District Attorney for the Southeastern District; Clerk of Courts for the County of Norfolk; Register of Deeds for the County of Norfolk; and for the election of the following officers; District Member of the State Committee for each political party for the Norfolk Senatorial District; Members of the Republican Town Committee; Members of the Democratic Town Committee; Delegates to the State Convention of the Republican Party; Delegates to the State Convention of the Democratic Party.

All the above candidates and officers are to be voted for upon one ballot.

The polls may be closed at four o'clock, P.M.

And you are directed to warn the inhabitants qualified as aforesaid to meet at the time and place and for the purposes herein mentioned, by posting attested copies of this Warrant in each of the post-offices of said Milton at least fourteen days before the date of said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon, to the Town Clerk at or before the time of said meeting.

Given under our hands at Milton, this twenty-fifth day of August, nineteen hundred and twenty-two.

JACOB A. TURNER

JAMES F. MITCHELL

MAURICE A. DUFFY

Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS,

NORFOLK, SS.

NOVEMBER MEETING

WARRANT

COMMONWEALTH OF MASSACHUSETTS,

NORFOLK, SS.

To either of the Constables of the Town of Milton, Greeting:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the inhabitants of the Town of Milton qualified to vote at elections, to meet in the Town Hall in said Milton on Tuesday, the seventh day of November next, it being the Tuesday after the first Monday in said November, at five forty-five o'clock in the forenoon, then and there to bring in their ballots for Governor, Lieutenant-Governor, Secretary of State, Treasurer and Receiver-General, Auditor, Attorney-General, Senator in Congress, all of this Commonwealth; Congressman for the Fourteenth Congressional District; Councillor for Second District; District Attorney for Southeastern District; Senator for the Norfolk Senatorial District; Representative in the General Court for the Fourth Norfolk District; County Commissioner 2 Associate County Commissioners, County Commissioner to fill vacancy, Clerk of the Courts, Register of Deeds, for the County of Norfolk; also to see if the Town will vote on the acceptance of the following questions:

"Acceptance of the following Proposed Amendment to the Constitution."

ARTICLE OF AMENDMENT

Article XLVIII of the Amendments to the Constitution is hereby amended by striking out, in that part entitled "II, Emergency Measures," under the heading "The Referendum," the words, "A separate vote shall be taken on the preamble by call of the yeas and nays, which shall be recorded, and unless the preamble is adopted by two-thirds of the members of each House voting thereon, the law shall not be an emergency law; but" and substituting the following: "A separate vote, which shall be recorded shall be taken on the preamble, and unless the preamble is adopted by two-thirds of the members of each House voting thereon, the law shall not be an emergency law. Upon the request of two members of the Senate or of five members of the House of Representatives, the vote on the preamble in such branch shall be taken by call of the yeas and nays. But"

"LAWS SUBMITTED UPON REFERENDUM AFTER PASSAGE

Acceptance of Chapter 368, Acts of 1921, entitled "An Act providing for suits by and against certain voluntary associations."

Acceptance of Chapter 438, Acts of 1921, entitled "An Act relative to the examination and licensing of motion picture films to be publicly exhibited and displayed in this Commonwealth."

Acceptance of Chapter 427, Acts of 1922, entitled "An Act to carry into effect, so far as the Commonwealth of Massachusetts is concerned, the Eighteenth Amendment to the Constitution of the United States."

Acceptance of Chapter 459, Acts of 1922, entitled "An Act providing that district attorneys shall be members of the bar."

All to be voted for on one ballot.

The polls may be closed at 4 o'clock P.M.

And you are directed to warn said inhabitants, qualified as aforesaid, to meet at the time and place for the purposes herein mentioned, by posting attested copies of this warrant in each of the post-offices of said Milton at least fourteen days before the date of said meeting and leaving printed copies hereof at the dwelling-houses in said Milton at least four days before said meeting.

Hereof fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at or before the time of said meeting.

Given under our hands at Milton, this twentieth day of October, nineteen hundred and twenty-two.

JACOB A. TURNER,
JAMES F. MITCHELL,
MAURICE A. DUFFY,

Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS,

NORFOLK, SS.

MILTON, November 7, 1922.

DEPARTMENT REPORTS

REPORT OF SELECTMEN

MILTON, January 19, 1923.

To the Citizens of Milton:

We respectfully submit the following report for the year ending December 31, 1922:

Bonded Debt, January 1, 1922	\$325,000 00
Paid during 1922	36,500 00
							<hr/>
Bonded Debt, January 1, 1923	\$288,500 00
Outstanding, January 1, 1923:							
Water	\$100,000 00
Sewer of 1913	3,000 00
Sewer of 1915	8,000 00
School of 1909	35,000 00
School of 1916	115,000 00
School of 1917	19,000 00
Norfolk County Hospital	8,500 00
							<hr/>
							\$288,500 00
Cash on hand, January 5, 1923	\$90,639 71

William B. Westen, Bequests

The \$6,000 Hospital Fund left with the Massachusetts Hospital Life Insurance Company, amounts to \$8320.17 as of January 1, 1923. The \$15,000 Poor Fund left with Francis C. Welch, Trustee, is held in the Weston Estate, the Boston Safe Deposit and Trust Company, now being Trustee, no principal or interest having accrued.

The Board organized with Jacob A. Turner, Chairman, James F. Mitchell, Secretary, Joseph H. Duffy, Clerk of the Board.

The personnel of the several departments within our jurisdiction remains the same as last year.

We were assisted by Ellerton P. Whitney and John R. Rablin, as members appointed by the Moderator to arrange the work of Permanent Construction on the Highways. We appreciate their counsel, and good results were thereby accomplished.

Elimination of Dangerous Corners

The thanks of the Selectmen are extended to the following citizens and property owners for the giving of their land to help relieve some of the dangerous traffic conditions in the Town, namely: on Brush Hill Road, Francis Peabody, Alfred D. Foster, Mrs. Mary C. Hollingsworth; Centre Street, Milton Academy Trustees. We would call attention to the report made by the Special Committee on Traffic, which recommends further improvements in land takings at dangerous corners.

Highway Department

The Highways of the Town have been well cared for under the guidance of Superintendent, Mr. McCue. The upkeep and maintenance does not lessen under the present prevailing conditions. We are asking for the same appropriations as last year, as we think it necessary in order to continue the work of permanent construction. On account of the new developments throughout the town, necessitating new streets,

sidewalks and drainage, the tax on our General Highway account is very severe. This account takes care of removal of snow and ice, oiling and all repairs and upkeep pertaining to the Highways.

Perambulating Town Bounds

During the year the perambulation of the Town Bounds was made with officials of the City of Quincy, Town of Randolph, and Town of Canton. All bounds were found in their proper places.

We have received reports from the following Special Committee, appointed at our last March Meeting: Traffic Committee, Hospital Committee, Tucker School Committee, Memorial Committee, Planning Board Committee,— A preliminary report under vote of July 10th, 1922. These reports will be acted on at the coming March meeting, 1923.

In General

July 10, the Town held a Special Town Meeting and voted to accept the Zoning Act Law. The citizens decided by their vote that the Town acted wisely, and desires in so far as it is possible to keep Milton a strictly residential Town. The earnest work on behalf of the above is to be greatly appreciated.

JACOB A. TURNER,
JAMES F. MITCHELL,
MAURICE A. DUFFY,

Selectmen of Milton.

REPORT OF THE ASSESSORS OF TAXES FOR THE YEAR 1922

MILTON, MASS., January 1, 1923.

To the Citizens of the Town of Milton, Massachusetts:

The Assessors herein submit their Annual Report for the year 1922. At the Annual Town Meeting for the election of Town Officers, Mr. Clarence Boylston was re-elected to the Board for the three-year term.

On March 8, the Board organized as follows: William W. Churchill, Chairman, Charles H. Horne, Secretary; Wallace C. Tucker was re-appointed Clerk of the Board. Assistant Assessors were appointed as follows: William P. Hobbs, Ether H. Hunt, and William W. Robertson.

Following the advice of the State Tax Commissioner the Assessors, in the calculation of the tax rate for year 1922, have used none of the National Bank tax and only a portion of the Business Corporation tax. This has meant a serious loss in receipts, which, together with the decrease in the amount of Income Tax received, accounts largely for the sharp rise in the tax rate, which was finally declared to be \$24.00 per one thousand dollars.

The population of the Town for year 1922 was found to be 10,630.

Other statistics are as follows:

Total number of dogs	528
Total number of horses	281
Total number of cows	583
Total number of sheep	12
Total number of swine	68
Total number of fowls	2165
Total value of fowls	\$2,165
Number of people liable for military duty	1732
Total number of dwelling houses assessed	2230
Total number of acres assessed	6218.4
Amount used in National Bank Tax	00.0
Amount used in Business Corporation Tax	\$14,325 54
Amount received on account of Income Tax	152,976 95
Amount received on account of distribution of Public School Tax	14,354 00

TAXES ASSESSED IN THE TOWN OF MILTON IN 1922

Valuation of personal estate, including resident		
bank stock tax	\$2,630,895 00	
Valuation of real estate, including buildings	19,877,135 00	
<hr/>		
Total valuation		\$22,508,030 00
Tax rate, \$24.00 per thousand (total tax)		540,192 72

County tax and County Hospital tax.	43,466 66	
Pilgrim Tercentenary Commission Tax	431 28	
Overlay	7,607 80	
<hr/>		\$540,192 72

Additional Taxes		
2,917 poll taxes, at \$5.00	\$14,585 00	
Local Town sewer tax	1,327 21	
Local Gypsy Moth tax	554 80	
Sidewalk assessment	167 40	
Non-resident bank tax	3,372 60	
16 additional poll taxes at \$5.00	80 00	
December tax levy.	2,211 60	22,298 61
<hr/>		
Grand total		\$562,491-33

Statement of Overlay Accounts

1920 Overlay, Balance December 31, 1922	\$10,555 19
1921 Overlay, Balance December 31, 1922	3,502 10
1922 Overlay, Balance December 31, 1922	1,931 28

Respectfully submitted,

WILLIAM W. CHURCHILL,
CHARLES H. HORNE,
CLARENCE BOYLSTON,
Board of Assessors of Taxes, Town of Milton.

REPORT OF BIRD WARDEN

MILTON, MASS., December 31, 1922.

To the Citizens of the Town of Milton:

I beg to submit to you my report as Bird Warden for the year 1922.

There was no appropriation and there are no accounts to be submitted.

I regret to report that my observations during the year 1922, compared with my records of previous years, indicate a definite diminution of a number of species of the common birds which formerly were numerous in the town. This, I think, is true, not only of the Spring and Summer birds, which have probably been sufferers from the cold and wet Springs of the last few years, but also of the Winter birds, many of which do not breed here. It is probable that a substantial control of the insect pest which was the result of these birds being numerous, has been lost to the town.

As it may be of some interest to the citizens of the town, I append herewith a list of a number of the species which appear to have noticeably diminished.

Chickadees	Yellow-throated Vireo
Red-breasted Nuthatch	Wood Thrush
Purple Finch	Veery
Song Sparrow	Purple Martin
Savannah Sparrow	Tree Swallow
Field Sparrow	Redstart
Tree Sparrow	Chestnut-sided Warbler
Catbird	Pine Warbler
Chewink	Maryland Yellow-throat
Phoebe	Cuckoo (both species)
Wood Pewee	Bobolink
Kingbird	Quail
Warbling Vireo	

There are a number of other species which were never common that seem to have nearly or wholly disappeared now.

Of course much of this is due to the development of the town for residential purposes and the necessary clearing away of brush and woodland which follows such development. Nevertheless, I would recommend to those who have suitable places on their land that more tangles of brush and natural shelter for the birds should be allowed to grow up.

I would also recommend the killing of half-wild cats which are allowed to roam about at night, and the restraining during the evening and early morning hours of tame cats, especially during the breeding season from April to August.

Respectfully submitted,

RALPH E. FORBES,
Bird Warden.

REPORT OF TRUSTEES OF THE MILTON CEMETERY

MILTON, MASS., December 31, 1922.

To the Citizens of Milton:

The Trustees of the Milton Cemetery make the following report for the year 1922:
There were 122 interments, of which 67 were non-residents; 52 new lots were finished, and 48 were taken by residents. No lots were sold to non-residents. 23 lots were placed under perpetual care.

The wooden carriage shed which has been used as a garage for several years burned, and has been replaced by a concrete garage. The expense of replacement was covered by the general collections of the department.

PERCY E. SHELDON, *Chairman*
REGINALD L. ROBBINS, *Secretary and Treasurer*
THOMAS K. CUMMINS
ELLERTON P. WHITNEY
ASAPH CHURCHILL
THOMAS W. POND, *Superintendent.*

REPORT OF THE FIRE ENGINEERS

MILTON, MASS., January 15, 1923.

To the Honorable Board of Selectmen:

GENTLEMEN: The Board of Fire Engineers respectfully submits the following report for the year ending December 31, 1922.

There have been 290 alarms, 88 of which were bell alarms, including 25 calls to Boston. Boston has responded to 19 alarms in Milton.

The property at risk was \$184,800.00; total loss, \$45,291.58; total insurance paid, \$26,852.58; net loss, \$18,439.00; per capita loss, \$4.45.

The Department has laid 16,950 feet of hose, raised 1374 feet of ladder, used 2,577½ gallons of chemical, spread 8 rubber covers and traveled 1,434.2 miles.

Permits have been issued as follows:

Out of door fires, 666; inflammable fluids, 34; explosive, 46; fireworks, 1.

Promotions: William J. Hicks, Ashton F. McLeod, Charles L. A. Splaine and James Craig, Jr., have been designated as senior men in charge of their respective company or platoon in the absence of their immediate superior officer.

Appointments: James N. Casey was appointed to the permanent force June 8; four men were added to the call force and one callman resigned.

New Boxes: One new box was installed. 641, Adams and Squantum Streets, replacing a location signal.

Two new locations were established:

173, Allerton and Hinckley Roads; 642, Hollis and Babcock Streets.

Drills: Practice drills are now held every month throughout the year. During the period of Daylight Saving they take place out of doors with the apparatus, and the balance are held indoors at the Central Fire Station. For each of these indoor drills Captain J. F. Hanna, drill master, prepares a lecture on some subject relating usually to some particular condition existing in this Town which, when delivered and thoroughly discussed, leaves the men better prepared to face this condition when it arrives. The marked improvement in the discipline and work of the men at fires is directly traceable to these drills.

Mutual Aid: On March 5 the Mutual Aid system between Milton and Readville went into effect. On all alarms from the Brush Hill and Blue Hill sections of the Town a first class pumping engine and full company of men come over from the Readville fire station of the City of Boston. This is a big asset for Milton, and their three trips into Milton during the past year proved it.

Hose 3: A number of years ago the Board of Fire Engineers placed a small one-horse hose wagon in a shed at the Copeland Estate, in the Scott's Woods district, to be manned by volunteers in that neighborhood. Since the advent of motor apparatus this hose company has been very little used. The lease of the shed expired this summer and we did not renew. The building reverted to the Copeland Estate and the apparatus was removed to the Central Station and dismantled.

Chief's Car: On May 24 a Buick roadster was placed in commission for the Chief, and is proving to be a very satisfactory machine for this particular service.

Repairs to Buildings: Our two wooden fire stations were found to be sadly in need of repair due to economies practiced during the last few years. Accordingly it was necessary to have the whole roof at Hose 2 resingled, which was done with fire resistant shingles, and the entire outside painted. At Hose 4 leaks were stopped in the roof and the bell deck rebuilt; all outside paint renewed. A large part of the roof of this building will have to be resingled this year. The two upper floors in the Central Station were newly painted.

Fire Alarm System: During the summer the Gamewell Fire Alarm Telegraph Company installed the new equipment in the new fireproof building built the year previous, and on August 17 it was placed in commission. With the running of new circuits this coming summer the system will be complete and the Town will be provided with

RECORD OF ALARMS OF FIRE FOR THE YEAR ENDING DECEMBER 31, 1922

REPORT OF FORESTRY DEPARTMENT

TREE WARDEN DEPARTMENT

MILTON, MASS., December 31, 1922.

To the Honorable Board of Selectmen:

I beg to submit the following report of the work of the Tree Warden Department of this Town, for the past year.

Trimming

We have done during the past year more trimming than last year, and one unusual item, which proved quite expensive, was the severe storm in June which broke and damaged trees, requiring an expenditure for that work alone of something over \$500.00.

The trimming on the highways is probably the most important work which we have and requires the most constant attention, as any neglect in this direction may endanger traffic.

Planting

The Department has adopted a policy of trying to plant about 100 trees each year. During this year we have planted 87 new trees and replaced 8 that had died.

Removing Dead Trees

During this year 29 trees were removed, but of these a small number were alive and were taken out by request.

Insects

The diminution of the insect pest which we reported last year, has continued, — the elm leaf beetle being the only one still prevalent and that has not increased.

Saw Mill

The Saw Mill account shows gratifying results for the investment. For figures, see Appendix B.

Plans for Next Year

We see no reason to make any change in the policy of planting and trimming which we have adopted, and our plans for next year are substantially the same as last.

APPENDIX A

Trees planted.

	\$489 61
Credit balance	467 19
	\$956 80

Respectfully submitted,
RALPH E. FORBES,
Tree Warden.

MOTH DEPARTMENT

MILTON, MASS., December 31, 1922.

To the Honorable Board of Selectmen:

I beg to submit the following report of the work of the Moth Department of this Town, for the past year.

Suppression Work

During this year less creosoting was done, as the infestation appeared to be less. Last spring, probably due to a very late cold spell in April, which undoubtedly killed a large number of Gypsy caterpillars just after they hatched, this Department found a marked diminution of this infestation during the spraying season in May and June. We do not believe, however, that this circumstance would warrant any relaxation of our efforts to conduct a vigorous fight against the pest. Practically no Brown-tail moths were found this year.

Labor

The cost of the labor has remained substantially the same as last year — \$4.00 and \$4.25 per day.

Equipment

A Ford runabout has been exchanged for a new one. The Kissel car, which has given six years of hard service, is worn out and must be replaced this year.

Plans for Next Year

We believe it desirable to do the usual amount of creosoting and spraying during the coming year.

The results obtained from the brush clearing have in many instances hardly seemed to warrant the expense, and the present policy of the Department has been to cut down that branch of the work to a minimum.

APPENDIX A

Inventory of Property of Moth and Tree Warden Department

3 Packard trucks with sprayer bodies	\$7,500 00
1 Kissel Kar truck with sprayer body	1,000 00
1 Ford truck with express body	435 00

New hose	1,240 00
Stock on hand	1,185 00
	3,589 25
Amount reverting to Town treasury	28 57
	\$16,209 67

Respectfully submitted,

RALPH E. FORBES,
Local Moth Superintendent.

REPORT OF THE BOARD OF HEALTH

MILTON, MASS., January 11, 1923.

To the Citizens of Milton:

The number of cases of contagious diseases reported to the Board of Health for the past three years has been as follows:

	1922	1921	1920
Chicken Pox	9	96	28
Diphtheria	8	7	5
German Measles	5	9	16
Lobar Pneumonia	8	10	6
Measles	29	156	251
Mumps	36	14	17
Scarlet Fever	45	14	33
Suppurative Conjunctivitis	0	0	1
Tuberculosis (Pulmonary)	8	6	12
Tuberculosis (all other forms)	4	1	0
Typhoid Fever	9	1	0
Whooping Cough	19	31	62
Anterior Poliomyelitis	0	0	6
Influenza	59	5	152
Encephalitis	1	1	0

The whole number of deaths recorded in 1922 is 130 (male, 52, female, 78), giving a death rate of 12.22 per thousand inhabitants.

The Board of Health was organized March 14, 1922. Mr. Ames was elected Chairman; Dr. Withington, Secretary; Dr. Draper re-appointed paid Agent of the Board for one year; Mr. Peter S. Burns appointed Milk Inspector; Mr. James W. Eldridge, Caretaker of the Detention Hospital; Mr. Lorenzo E. Young, Inspector of Plumbing; Dr. A. W. Draper, Inspector of Slaughtering. The permit for cleaning cesspools was given to Mr. A. B. Snow, and the contract for collecting ashes and garbage to Mr. Samuel G. Craig.

The milk inspection has been carried out by the inspector satisfactorily, and his findings have been published monthly.

Eight houses have been connected with the sewer; fourteen are still known not to be connected, but will be in the spring.

A typhoid epidemic was discovered and throttled in its infancy by the discovery of a carrier in the person of the wife of the farmer who raised the milk. Only five cases were known to have been caused by that milk.

There have been forty-five cases of scarlet fever during the year, but these have been widely scattered as to time and place and no etiological fact has been discovered. Mumps followed with thirty-six (though the epidemic at this writing is still in progress). If physicians and parents would take the trouble to look up and carry out the Board's regulations regarding quarantine the figures would undoubtedly be less. A New England conscience is as necessary as education in disease prevention. The woman who sends her child to school three days after the rash of chicken pox has appeared, and tries to send her back when the scales are still moist is almost invariably critical of the authorities for not stopping epidemics.

On March 2, 1922, Dr. O'Donnell, District Health officer, spoke to the physicians of the town, under the auspices of this Board, on the Schick testing and immunization against diphtheria by the use of toxin-anti-toxin. Later various organizations throughout the town held meetings for educational purposes, and in November the physicians of the town public spiritedly tested and immunized any citizen who desired to be protected. The Board furnished the necessary supplies. About seven hundred, mostly children, were tested, and about eight per cent returned for immunization. There is little doubt that the ground was ripe for an epidemic of diphtheria, and the physicians have greatly reduced this likelihood by their public spiritedness.

Dr. White of the State Laboratories gave very valuable advice and assistance on the subject. The School Board kindly co-operated by lending the school buildings for the clinics. The Board would like to call the attention of the citizens to the fact that it does not function in the role of Solomon or Judge Landis except in cases where the public health is involved. Ordinary inter-family disputes should be referred to the police or to the Milton Hospital, which has improved its facilities by the installation of an operating room.

Respectfully submitted,

S. B. AMES,
P. R. WITHINGTON,
J. S. LINCOLN,
Board of Health of Milton.

COLLECTION OF ASHES AND GARBAGE

MILTON, MASS., January 14, 1923.

To the Board of Health:

I herewith submit my report for the year ending December 31, 1922.

There have been collected 128 truck loads and 2,316 double loads of ashes and 181 cords of garbage.

Yours respectfully,
SAMUEL G. CRAIG.

A. B. SNOW, GENERAL CONTRACTOR

MILTON, MASS., January 1, 1922.

To the Board of Health:

GENTLEMEN: I herewith submit my report for 1922.

6 vaults cleaned.
32 cesspools cleaned.
48 loads removed from the same.

Yours respectfully,
A. B. SNOW.

REPORT OF INSPECTOR OF MILK

MILTON, MASS., January 1, 1923.

To the Honorable Board of Health:

GENTLEMEN: I herewith submit the following report for the year ending December 31, 1922.

There have been issued 42 licenses to sell milk and cream and 4 to sell oleomargarine. There are also ten other people in the town who produce and sell milk, but less than 20 quarts daily. The milk sold in the town this year has been exceptionally low in Bacteria due mainly, I think, to your strict enforcement of the requirement that milk must be kept at a temperature of not above 50 degrees. Practically the entire milk supply of the town has been examined every month. All the dairies have been examined during the year and found mainly in a satisfactory condition, some of them beyond criticism.

Respectfully submitted,

P. S. BURNS,
Inspector.

REPORT OF INSPECTOR OF PLUMBING

MILTON, MASS., January 1, 1923.

To the Honorable Board of Health:

GENTLEMEN: Herewith I beg to submit report of the Department of Inspection of Plumbing for the year ending December 31, 1922.

	Month	Permits issued	Valuation of work per Applications
January		10	\$5,045 00
February		14	6,975 00
March		20	9,005 00
April		17	7,120 00
May		21	7,405 00
June		32	15,463 00
July		25	12,475 00
August		30	12,858 00
September		23	14,250 00
October		18	8,310 00
November		26	9,687 00
December		13	7,042 00
		249	\$115,635 00

Ninety-five buildings have been connected, or are in process of being connected, with the Town sewers.

Respectfully submitted,

LORENZO E. YOUNG,
Inspector of Plumbing.

REPORT OF THE INSPECTOR OF SLAUGHTERING

MILTON, January 1, 1923.

To the Board of Health:

GENTLEMEN: I herewith submit my report for the year ending December 31, 1922. No hogs have been examined.

ABIJAH W. DRAPER,
Inspector.

REPORT OF INSPECTOR OF ANIMALS

MILTON, MASS., December 31, 1922.

To the Honorable Board of Selectmen:

GENTLEMEN: I herewith submit my report for year ending December 31, 1922.

Inspected 80 stables and premises where cattle or swine are kept and found all in good sanitary condition.

Gave physical examination to 511 cows, 13 bulls, 33 sheep, 225 pigs and 2 goats.

Quarantined 1 cow and killed 2 rabid dogs.

Respectfully submitted,

JAMES SPENCER,
Inspector of Animals.

REPORT OF THE INSPECTOR OF BUILDINGS

MILTON, MASS., January 1, 1923.

To the Honorable Board of Selectmen:

GENTLEMEN: I herewith submit my annual report for the year ending December 31, 1922.

There have been four hundred twenty-one (421) applications received and permits issued for building.

Fifteen hundred eight (1508) inspections have been made.

WORK OF THE BUILDING DEPARTMENT BY MONTHLY REPORT

Month	Permits for Wooden Buildings	Permits for Stone, Cement and Brick Buildings	Valuation per Application
January	12	4	\$56,610 00

	346	75	\$1,263,602 00

Making valuation as per applications, One Million Two Hundred Sixty-three Thousand Six Hundred Two dollars (\$1,263,602.00).

Respectfully submitted,

G. F. BURT,
Inspector of Buildings.

REPORT OF THE INSPECTOR OF WIRES

MILTON, MASS., January 11, 1923.

To the Honorable Board of Selectmen:

GENTLEMEN: I herewith present the report of the Department of Wires for the year ending December 31, 1922.

This department has supervision of the Fire and Police Signal Systems, also inspection of all buildings equipped with Electric Light Services and all poles and wires on Town streets.

INTERIOR WIRING

	1921	1922
Certificates issued for light and power	216	343
Number of inspections	516	781
Number of incandescent lights wired for	3,708	7,050
Number of motors installed	17	15
Total horse-power	67	50
Number of electric heaters and ranges	23	14
Total watts	30,700	54,060

OVERHEAD AND UNDERGROUND CONSTRUCTION

On Blue Hill Avenue, between Oak Street and Columbia Street, this department has installed three thousand one hundred and forty-four feet of 4-conductor lead cable to replace old overhead wires.

A new Fire Alarm Box, No. 641, has been placed on pole corner of Squantum Street and Adams Street.

The Edison Electric Illuminating Co., and the New England Tel. & Tel. Co., have replaced a large number of defective poles on the various streets of the town.

The replacing of old wires on signals systems by this department this year has not been as great as usual, on account of the large amount of time required changing over wiring to new Fire Alarm Station, also the increase in electrical inspections.

For the maintenance of the Wire Department I have requested an appropriation of four thousand nine hundred and fifty dollars, (\$4,950.00).

Respectfully submitted,

E. E. CHOATE,
Inspector of Wires.

REPORT OF THE PARK COMMISSIONERS

MILTON, MASS., December 31, 1922.

To the Citizens of the Town of Milton:

At the last annual Town Meeting six hundred dollars was appropriated to be used by us for flooding a portion of Town Field for skating. After careful investigation, we found that it was not practical to use this appropriation. We believe that a permanent rink should be built for ice skating.

The attendance at the Playground is constantly increasing. Mr. Leon Harvey was again in charge of the activities, assisted by Miss Flora Douglas and Miss Dorothy Patton.

The four tennis courts at the Playground are not sufficient for the demand, and provision for more will soon have to be made.

We have requested an appropriation of \$3,600 for 1923, for general purposes.

Respectfully submitted,

J. SUMNER DRAPER
MALCOLM DONALD
WILLIAM G. RODD

Park Commissioners.

Park Commissioners, General

Paid Leon Harvey, instructor	\$393 75

POLICE DEPARTMENT

January 1, 1923.

To the Honorable Board of Selectmen:

GENTLEMEN:—I have the honor to submit for your consideration the annual report of the Police Department for the year ending December 31, 1922.

Superintendent.—Maurice Pierce.

Deputy Superintendent.—Timothy McDermott.

PATROLMEN

Fred M. Farrington.	Lucius E. Damon.
John F. O Connell.	John H. Higgins.
Frank H. McDermott.	William D. Karney.
William S. Fallon.	James R. Travers.
John J. Haley.	Patrick H. Donahue.
John P. Driscoll.	Norman R. Bowman.
William H. Byrnes.	John B. Shields.
Timothy A. McDermott.	Richard F. Chamberlain
James J. Foley.	Edward F. Lee.
Andrew J. Donahue.	Joseph F. Duggan.
Robert J. Blake.	John A. Chamberlain.
James J. Parrell.	Francis J. Lynes.
William J. Kelly.	Michael J. Murphy.
George P. Bertram.	

Special Patrolmen

Richard F. Burke.	James Downing.
-------------------	----------------

IN MEMORIAM

Patrolman Emory H. Farrington.
Appointed June 15, 1909.
Murdered June 9, 1922.

ARRESTS

Total number of arrests	232
Males	227
Females	5
Residents	47
Non-residents	185

CAUSES OF ARRESTS

MISCELLANEOUS WORK

Accidents reported and assistance rendered	158
Buildings found open and secured	97
Cases investigated	205
Dead bodies found	3
Defective lamps	5
Defective poles	5
Defective streets and sidewalks	31
Defective water pipes	9
Dogs killed	8
Electric lights out	1131
Fire alarms given	15
Fires extinguished without alarm	7
Injured and sick persons assisted	47
Lanterns on streets at night	13
Lights found burning in vacant houses	23
Lost children found and cared for	17
Officers detailed for public service	94
Officers detailed at request of citizens	53
Residences temporarily unoccupied and special attention requested	214
Stray animals found	19
Stolen automobiles found in Milton	14
Stray teams put up	1
Street obstructions removed	9
Trees and limbs blown down	22
Water running to waste	12
Wires burning trees	17
Wires broken, electric light and telephone	20

AUTOMOBILE SERVICE

The White automobile ambulance and patrol went into commission August 23, 1913. Its life is about ended, however, and it is likely to break down or go wrong at a critical time. I would recommend that a new one be purchased, as it is badly needed in case of accidents or sickness to take patients to hospitals.

I would recommend the purchase of a Ford Runabout automobile to cover the routes at night and see what is doing.

The Buick automobile has been in constant use during the year and has done splendid service in patrolling the town. The number of miles run to date is 26,550.

CRIME

On the morning of June 9, 1922, Officer Emory H. Farrington was found in the Metropolitan Park Reservation, foot of Blue Hill, shot to death by automobile bandits while in performance of his duty.

He was an efficient and faithful officer.

Outside of that the town on the whole has been quiet and orderly, making it one of the cleanest and best-governed towns of its size in the State.

DISCIPLINE

The discipline of the department has in the main been good, Several patrolmen, for minor violations of the rules, have been reprimanded and warned that any further infraction would be followed by charges filed with the Board of Selectmen.

Have made shifts in three routes for the good of the service.

INCREASE OF THE FORCE

I would recommend the appointment of two more patrolmen, in order to establish a day route in the Brush Hill District and one to operate the motorcycle.

TRAFFIC

The traffic problem is a difficult one to properly solve, and much thought is being given to this subject everywhere on account of the increasing use of the automobile.

We now have four patrolmen doing traffic duty days, two on Adams Street, East Milton at railroad crossing, one at Centre Street and Randolph Avenue, one at Brook Road and Central Avenue. The duty performed by these officers made traffic easier, and added to the comfort and safety of our people and school children.

Have painted the streets and crossings at all dangerous places throughout the town.

CONCLUSION

I wish to extend to your Honorable Board my sincere thanks for the many courtesies rendered and advice given during the year.

My thanks are due Judge Albert E. Avery of the District Court at Quincy for valuable advice and assistance; to Lawrence W. Lyons, Clerk of the Court, and his assistants and to all others who have aided this department by their co-operation.

Respectfully,

MAURICE PIERCE,
Superintendent of Police.

ANNUAL REPORT OF THE OVERSEERS OF THE POOR, MILTON, MASS. FOR THE YEAR 1922

To the Honorable Board of Selectmen:

The Board of Overseers of the Poor herewith submits its annual report, together with the statistics for the year 1922.

The membership of the Board, its organization, its efficient helpers in the persons of Mr. and Mrs. Eldredge, Superintendent and Matron of the farm, Mr. Rounseville, agent, and Mrs. Brackett, visitor, remained the same as the year before.

The interest in the report is central in the statistical tables, and the comparison of items with those of previous years. Such comparison is rendered less easy this year because the items under which receipts and expenditures have been distributed have been changed somewhat to meet the requirements of the State Department of Public Welfare, to which report is also made. This, however, is clear, — that of the credits or "available amounts," including \$10,000 appropriation, and nearly \$6000 reimbursements and receipts from sales from the town farm, over \$2000 remains unexpended and reverts to the treasury of the town. There has been this year a reduction in the number of dependents at the town farm, and fewer families outside have been helped. Thus there has been a lessened expenditure for both inside and outside relief.

While there have been at the farm but few who are supported by the town, there has been a larger family there than for several years. Some of these have been the dependent poor of neighboring towns, and some have been independent of public aid. The net income from these boarders has reduced to the town the cost of the maintenance of the farm. Judging by the number of those who seem glad to avail themselves of the opportunities of the farm for a more or less permanent home, this method of adding to the receipts from the farm apparently may be continued so long as the farm is maintained.

In the report of last year attention was called to the proceeds from sales from the farm, amounting to nearly \$1200. This year the receipts are a little more. The equipment for carrying on the farm has been improved and increased during the last few years. Superintendent Eldredge is interested in the work of the farm and is a practical farmer. Citizens of the town interested in the welfare of the poor and in good farming will be cordially welcomed whenever they are minded to visit *their* farm.

Your Board would respectfully suggest for an appropriation at the coming annual meeting of the town, the sum of \$8500, together with the receipts from sales from the farm and the customary reimbursements.

REPORT OF THE TRUSTEES OF THE MILTON PUBLIC LIBRARY FOR THE YEAR ENDING DECEMBER 31, 1922

January 15, 1923.

To the Citizens of the Town of Milton:

The Trustees of your Public Library continue their custom of making their annual report largely through the full and interesting report to them of the Librarian. This report emphasizes the salient features of the work of the Library and gives details which it is unnecessary for the Trustees to repeat.

The Blue Hill and Brush Hill districts of the Town, the only parts not served by a local branch of the Library, have had an improved method of house-to-house delivery which has brought good results.

The co-operation between the Schools and the Library is cause for satisfaction. The Library is primarily an educational institution, and this fact is always in the minds of the Trustees and the Librarian alike.

The Mattapan section of the Town is growing rapidly and it will not be long before larger and more convenient rooms will be required to meet the needs of the citizens in that district.

The generosity of the residents of Milton toward the Library has been marked the past year and the Trustees wish to make acknowledgment of the many gifts the Library has received.

The Art Room has had many memorable exhibitions of paintings during the year which have contributed much to the enjoyment of those persons who visit the Central Library.

Respectfully submitted,

NATHANIEL T. KIDDER, *Chairman*,
FRANK E. LANE, *Treasurer*,
RODERICK STEBBINS, *Secretary*,
ALEXANDER McADIE,
ARTHUR STANWOOD PIER,
ROBERT SALTONSTALL,
ROGER L. SCAIFE,
FREDERIC M. STONE,
ARTHUR H. TUCKER,

Trustees of the Milton Public Library.

REPORT OF LIBRARIAN

MILTON, January 1, 1923.

To the Trustees of the Milton Public Library:

I have the honor to submit my report for the year ending December 31, 1922.

The circulation for the system has been 98,206, a gain of 1,656 over last year. While this is a very small gain compared to the large one of last year, it nevertheless represents a more normal growth.

The new system of delivery of books in the Blue Hill and Brush Hill districts, which has been in operation for a year and a half, apparently fills a long felt want in the community. 10,588 books have been issued, a gain of 3,009 over last year and a gain of 5,474 over 1920, the last year in which the old method of supplying books through written requests was in operation. The success of this work is due in no small degree to the care and discrimination with which the books are selected for the wagon by Miss Hills. The serious question to be considered in the near future is, How long will the present inadequate equipment meet the growing needs of the service? A day and a half is now given to this work. The smallest circulation for one delivery was 158, the largest 252.

The work in the Children's Room is steadily increasing, the gain in circulation being 852. Late in the spring the Division of Public Libraries sent out graded reading lists and offered certificates to those children reading and reporting on the required number of books, the reports of necessity being written at the Library. Had the lists reached us earlier in the year so that proper advertising could have been done through the schools a larger number of children would undoubtedly have enrolled. As it was, forty-five children started on the reading and eighteen certificates were awarded. Fifty-six different titles were represented in the reports, the two most popular books being "Tom Sawyer" and "A Man Without a Country."

The story hours in the spring were interrupted by frequent epidemics of measles and scarlet fever, but they have been held regularly during the fall, with an attendance varying from nineteen to seventy-five. The circulation of books to the schools shows a gain of but twenty-four, but this is due to the fact that two schools have been closed during the year.

Too much cannot be said of the splendid spirit of co-operation existing between the schools and the library. We may ask for help in a matter of discipline, or request the Art Department to make a poster for a special occasion, or ask the Camera Club to take interior views of the library, but whatever the calls they are met with instant and generous response.

We have recently started a library of autographed children's books, and our small collection of seventeen volumes was an interesting part of our Children's Book Week celebration. We may well be proud of the fact that Milton claims seven of the authors represented: Mrs. Mary W. Tileston, Mrs. Edith Emerson Forbes, Miss Mildred Kennedy, Mr. Roger L. Scaife, Mr. Arthur S. Pier, Mr. W. Cameron Forbes, and Dr. Ellsworth Huntington. The collection also includes books autographed by N. C. Wyeth, Kate Douglas Wiggin, and Abbie Farwell Brown. Houghton Mifflin & Co. generously loaned us for the week several original letters from authors famous as writers of books for children. These letters are being displayed in turn at the Branches.

Another interesting feature of the Children's Book Week display was the poster made by the pupils of the High School Art Department. This poster, called the "Garden of Good Books," was not only cleverly and ingeniously constructed, but it showed evidence of an intelligent understanding of the motives underlying Children's Book Week.

It is to be regretted that the amount of reference work done in a library cannot be measured in terms of statistics. This important phase of the work is not only increasing in amount, but it is assuming greater importance each year. An interesting variety of questions is brought to the library for solution. Each new phase of public thought, the first mention of a new idea, and numerous personal interests are reflected in these

calls for information. It may be a student needing material for his thesis on the Development of the Colonial Policy of Great Britain, a clergyman wanting concrete figures and material on the effect of prohibition in Massachusetts, or a telephone inquiry asking us to find a speech attributed to Disraeli in which he unconsciously plagiarized a Frenchman, the subject and the occasion of the speech and the name of the Frenchman equally unknown to the inquiring mind. Such reference work is not confined to the Central Library; it is becoming more and more a part of the daily work at the Branches. Miss Hills in her report says: "The questions cover a wide range of subjects. A boy wants to know how the custom of serving mince pie on Thanksgiving Day originated and who made the first pie; a state officer wishes to look up a legal point to settle an argument; there are historical questions, questions on the geography of Modern Europe, and each day brings its new problem to be solved. A request came last summer from England from one of our townsmen who wished certain material ready for him on his return to this country. Another came from a former resident of the town living in California, asking about a certain book on natural history which he had borrowed from one of our Branches several years ago. The questions consequently not only cover a wide range of subject matter, but they come to us from great distances.

One sometimes wonders if the town wholly appreciates the work which is being done by the assistants at our Branch Libraries.

At Mattapan the room is small, the shelving and seating capacity is insufficient and yet from a deposit of about 1,500 books the circulation for the year has been 24,907, a tremendous turn-over of a small collection of books.

During the months of February and March a record of attendance was kept, showing that from 35 to 150 people used the Branch each day, and during the entire month of March the daily circulation only twice fell below 100. That such an amount of work has been accomplished under such unfavorable conditions is evidence of the splendid work which Miss Hills is doing every day in these crowded quarters.

In March Miss Arlene Slader began to assist at the Branch on busy days, by discharging books, and putting them away. This has helped in a measure to relieve the congestion around the desk during rush hours.

The Mattapan district is without doubt the most thickly settled part of the Town. It is still growing more rapidly than any other section. The demand for library service will increase rather than diminish, and the time is not far distant when the town will have to provide quarters commensurate with the growing needs of the community.

A peculiar aspect of the work at the East Milton Branch has been the variation in statistics. For several years the circulation has fluctuated, a little larger one year, dropping the next, to regain and advance the following year, until in 1921 it was the largest it has ever been. The odd years have always been a little heavier than the even. A total gain, however, from 15,000 in 1909 to 23,000 in 1921, would seem to testify to the fine work which has been accomplished during this time. The Branch has received a valuable reference book, *The Standard Dictionary of Facts*, which is the gift of the Neighborhood Club of East Milton. It is a pleasure when the appreciation of the townspeople is shown in such a concrete manner.

The circulation at Russell Reading Room for the past year has been 3,076, an increase of 376 over 1921. Since the largest gains have been during the winter months, we feel that the yearly increase is not due to summer visitors. In view of the fact that the population in this part of the town varies little from year to year, such a gain is remarkable.

A part of the work assuming greater proportion each year is the sending of books to our borrowers at their summer homes. During the vacation season of 1922 seventy-two packages were sent out, representing about 350 volumes. In addition to the packages sent to individuals a deposit of books was sent to Cunningham Camp at Orleans.

Some necessary repairing and renovating has been done during the year. In the spring, the walls of the Reading Room, Children's Room and Kidder Hall were washed and the ceilings calcimined. Shades have been installed throughout the building, and three definite leaks in the roof made some repairing imperative before the winter storms began.

The roof still needs more attention, and should be mended, patched, and pointed before another winter.

One happy phase of the gifts during the year has been the number of new and popular novels given to us. Mrs. Norton Wigglesworth recently gave twenty-one novels, all less than a year old, and twenty-five different new titles have been given by Mrs. John C. Cobb, Mr. Roger L. Scaife, Mrs. Horatio A. Lamb, the Brush Hill Book Club, and the Columbine Book Club. In January, when "If Winter Comes" was at the height of

its popularity and when the waiting list was so long that it seemed as though the calls could never be filled, Mr. James S. Russell came to our rescue with a gift of six additional copies of this popular novel. With a circulation daily increasing, and a public persistently clamoring for the latest novel, such timely gifts are immediately useful and widely appreciated. Our music collection, which is built up almost entirely by gift, has been greatly strengthened through Mr. Roger L. Scaife's gift of 124 sets of music for orchestras. This music has been in circulation less than a month, but it has already been used by an appreciative group of young people. In February Dr. M. V. Pierce gave us 89 miscellaneous volumes, consisting in part of children's books and fiction published within the last ten years. Many of these were at once placed in circulation as additional copies and many more replaced worn-out volumes. We have received several old editions. Dr. Anna C. Palmer gave an edition (without date) of the Metrical Psalms, a History of Europe, published in 1709, and a 1658 edition of Langley's Scripture Proof; Mr. Herbert E. Fleischner gave a copy of Lalla Roohk, printed in 1817, and Ossian's Poems printed in 1827; and from Mrs. Charles L. Evarts came "Historical Remarques of London" printed in 1691. Other books and magazines have been given to us by Mr. Alexander McAdie, Mr. Prescott Morse, Mrs. William Nichols, Mrs. Walter A. Lane, Mr. Louis A. Coolidge, Mr. Guy Waring, Miss Christine E. Evarts, Miss Catherine W. Faucon, Mr. Nathaniel T. Kidder, Mrs. Howard Coonley and Mr. Herbert E. Fleischner.

There have been nine exhibitions in the Art Room, consisting of water colors by Miss Alice Foster Tilden, Mrs. Elizabeth Talbot Luke, and Mr. Arthur Hazard; Oil paintings by Miss Dorothy S. Emmons, and Mr. Gerald Cassidy; a collection of original paintings of native birds by Mr. Ralph A. Quimby; Monoprints by Mr. Bert Poole, and during the summer months some examples of the work of the Camera Clubs of the Junior and Senior High Schools. The most notable show of the year, or of any past year, in fact, was the exhibition of original drawings by N. C. Wyeth. Over 400 people visited and revisited the gallery during the three weeks that the drawings were displayed. The library and the town is much indebted to Mr. Roger L. Scaife, who was instrumental in bringing these pictures to our gallery.

There have been two changes in the Staff. Miss Kate M. Foster resigned May 1, and Miss Christine E. Evarts was appointed to take her place. Miss Jane W. Kennedy, who has been an occasional member of the Central Staff for fifteen years and a regular member since 1918, resigned in September. Our regret in losing Miss Kennedy would be much greater were it not for the fact that she still continues her duties as Assistant in charge of the Russell Reading Room. Miss Edna M. Le Cain was appointed to fill the vacancy at the Central Library.

Our circulation is slowly but steadily nearing the 100,000 mark; the number of persons applying for library privileges increases each year: we are evidently living in a community which is eager for books, and the amount of service which we can render to the town is limited only by the number of books that we can supply. To keep up our present standard of service we need books, and still more books.

Respectfully submitted,

CARRIE S. ALLEN,
Librarian

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

MILTON, MASS., January 15, 1923.

To the Honorable Board of Selectmen:

GENTLEMEN: I herewith submit my report for the year ending December 31, 1922.

Number of Scales, Weights and Measures sealed	705
Number of Gasoline pumps sealed	25
Number of Gasoline pumps found incorrect and adjusted	5
Number of Scales, Weights and Measures found incorrect and adjusted	21

Respectfully submitted,

JAMES SANGSTER,
Sealer of Weights and Measures.

REPORT OF THE SEWER COMMISSIONERS

MILTON, January 1, 1923.

The Board of Sewer Commissioners makes the following report of operations of the Sewer Department during the year ending December 31, 1922.

General

Population by census of 1920	9,382
Estimated length of streets of Town (miles)	50
Percentage of length provided with sewers	37.1%
Method of Disposal	Metropolitan system

Collection Mains

	For Sewage	For Sewage and Surface Water
Lineal feet of pipe (measured)	98,234.1	700 (storm overflow)
*Lineal feet extended during year	2,172.8	
Number of inverted siphons	1	
Number of manholes	435	
Number of storm overflows	1	
Number of emergency overflows	1	
Number of automatic pumping stations	1	

House Connections

Number made during the year	81
Number of stoppages coming to notice of de- partment	10

Discharge of Sewer

Estimated population using sewer system	6,870
Number of buildings connected	1,279

Financial

Total cost of collection mains to December 31, 1922	\$226,714 99
Bonded debt at date	11,000 00
Average rate of interest on bonds	4.136%

For details of sewer construction and maintenance accounts, reference is made to the Financial Report compiled by Auditors as shown elsewhere.

Respectfully submitted,

S. CUNNINGHAM,
E. L. CUTTER,
WM. A. WILL,
Board of Sewer Commissioners.

*The extensions made during the year were as follows: Blue Hills Parkway, 363.5 feet; Brook Road, 239.2 feet; Brookside Park, 400 feet; Dyer Avenue 73.0 feet; Eliot Street, 564.7 feet; Hawthorn Road, 187.5 feet; Houston Avenue, 19.9 feet; and Rock-view Road, 325.0 feet.

REPORT OF THE SUPERINTENDENT OF STREETS

MILTON, January 15, 1923.

To the Honorable Board of Selectmen, Milton, Mass.:

GENTLEMEN:—I herewith submit the annual report of the Street Department for the year 1922.

The general character of the work of this Department in its various branches was the same as of the previous year. On account of the great increase of automobile and motor truck traffic, and the unusual amount of building in most every section of the town, this Department was obliged to do a large amount of unusual work, mostly the widening of streets at dangerous curves and intersections, providing for drainage and widening partially built streets where new houses were being constructed.

The winter season of 1920 and 1921 was not very severe, the snow storms being light, and the frost conditions about normal.

During the spring and summer season the very heavy and numerous rain storms caused a great amount of work and expense.

The general maintenance and repairs of all the streets in the town was about the same as of previous years.

Permanent Construction Work

The same policy as adopted the previous years, namely: improving the main highways used mostly by the residents of our town, was considered in using the appropriation for new road work.

The new construction work on Brush Hill Road was extended to Bradlee Road.

The south side of Reedsdale Road was rebuilt from Canton Avenue to Randolph Avenue.

Canton Avenue from the Russell estate to a point opposite the Town Hall was regraded and resurfaced. These sections of highway were old, worn-out macadam and gravel roadways.

The work on Brush Hill Road and Canton Avenue was a continuation of the same kind of construction that had been done in previous years.

The work on Reedsdale Road was much more extensive, as a new foundation had to be provided in place of the old clay base.

Reedsdale Road

Pay Roll	\$7,993 51	
Coal	182 24	
Gasoline and oil	234 88	
50 bags cement	37 20	
976 yards tailings	558 16

Painting	23 25	
		<hr/>
		\$172 22

Street Cleaning

The street cleaning in the different sections of the town, was much the same as other years.

Pay Roll	\$3,518 00	
Storage rental	25 00	
		<hr/>
		\$3,543 00

Steam Rollers

The three steam rollers are now in very good condition, having been thoroughly overhauled and inspected.

Pay Roll, own men	\$141 37	
Daniel Russell, repairs	}	673 17
Buffalo Steam Roller, fittings, etc.		
		<hr/>
		\$814 54

Sand Pit

Pay Roll	\$1,355 01
--------------------	------------

Gravel Pit

Pay Roll	\$900 83
--------------------	----------

Miscellaneous Highway Work and Supplies

Pay Roll, mowing grass, storing sand, etc.	\$987 87	
General supplies	686 76	
Registration fees	16 00	
		<hr/>
		\$1,690 63

Office Expense

Pay Roll, including part of Superintendent's salary	\$1,418 33	
Coal	85 71	
Telephone	88 76	
Supplies	46 89	
		<hr/>
		\$1,639 69

Cleaning Catch Basins

Pay Roll	\$2,620 01	
Repairs, etc.	222 50	
		<hr/>
		\$2,842 51

General Road Maintenance and Repairs

This work comprises the general repair work on all the roadways. Some of the more important and larger are as follows:

Brush Hill Road, resurfacing

Pay Roll	\$1,573 45	
Coal	48 06	
Brick	20 00	
Pipe	37 16	
Crushed stone	1,018 80	
		<hr/>
		\$2,697 47

Central Avenue, resurfacing

Pay Roll	\$1,153 99	
Crushed stone	1,126 22	
		<hr/>
		\$2,280 21

General Road Maintenance and Repairs

Pay Roll	\$3,398 21	
Coal	105 16	
Gasoline and oil	371 60	
Crushed stone	688 39	
Sand and gravel	165 50	
Kerosene	26 50	
Culvert	31 75	
Asphalt	256 11	
Tarvia	261 00	
		<hr/>
		\$5,304 22

Grading Washington Street

Pay Roll	\$450 96	
Eaton Street, repairs, Pay Roll	132 00	
Blue Hill Ave., repairs, Pay Roll	120 98	
Brush Hill Road, repairs, Pay Roll	119 47	
Robbins Street, repairs, Pay Roll	157 64	
Highland Street, repairs, Pay Roll	569 01	
Randolph Ave., repairs, Pay Roll	\$383 50	
Cru hed stone	69 09	
		<hr/>
	452 59	
Brook Road, repairs, Pay Roll	235 28	
		<hr/>
		\$2,690 52

Street Repairs by Tar Patching

The same method was employed for the patching of roadways as in the previous year viz: the cold patch method.

Pay Roll	\$2,773 09	
850,225 lbs. stone	719 37	
11,038 gallons cold patch	1,681 92	
New tar kettle	165 00	
Supplies	39 40	
		<hr/>
		\$5,378 78

Traffic Signals

A Beacon traffic signal light was placed on Randolph Avenue at Brook Road. This signal light works automatically night and day, and has proved very satisfactory.

Other safety signal warning signs have been placed on Canton Avenue opposite Thacher Street, and on Brush Hill Road near Pauls Bridge. These are effective at night and are a great benefit on bad curves and dead ends of streets.

Cost of Beacon	\$265 00	
Base and fittings	75 00	
Redflex signals and fittings	60 04	
		<hr/>
		\$390 04

Street Widening

In order to improve traffic conditions, it was necessary to widen some of the main highways on bad curves and corners.

On Canton Avenue at Atherton Street, the bank on the east side of the road was removed, and the old wall was rebuilt on a lower level, thereby making this curve, more open and safe.

The west side of Brush Hill Road north of Robbins Street, a very bad curve, was greatly improved by the widening of the road. The land was given by Messrs. Peabody and Foster, and the retaining wall was moved back and rebuilt.

On Centre Street, opposite Vose's Lane, the road was widened at the entrance to the Upton estate. The Trustees of the Milton Academy gave the land required for this widening. The wall here had to be moved back and rebuilt.

The northwest corner of Canton Avenue and Dollar Lane was widened according to a plan and decree of the Norfolk County Commissioners. This corner was a very dangerous one, but is now greatly improved.

At the intersection of Brook Road and Randolph Avenue it became necessary to widen the corners on account of the Beacon traffic signal light.

Late in the season work was started on the east side of Brush Hill Road, by the property of Mrs. Sumner Hollingsworth, to improve an obstructed curve in the road. This work is not entirely finished.

Cost of Widening

Canton Avenue at Atherton Street:

Pay Roll	\$1,540 25	
159,150 lbs. stone	137 85	
800 gallons Tarvia	100 00	
Building wall	160 00	
		\$1,938 10

Brush Hill Road North of Robbins Street:

Pay Roll	\$341 86	
L. P. Antonio, building wall.	220 00	
		561 86

Centre Street, Opposite Vose's Lane:

Pay Roll	\$190 75	
Building wall	150 00	
		340 75

Dollar Lane Northwest Corner Canton Avenue:

Pay Roll	204 70
--------------------	--------

Intersection Brook Road and Randolph Avenue:

Pay Roll	383 50
--------------------	--------

Surface Drainage

Surface drains were built on Dyer Avenue, from Warren Avenue to Houston Avenue, to relieve the Thatcher Street drains.

A new drain was built on Reservation Road to provide for the drainage of surface water coming off Brook Road. The drains on Central Avenue at Columbine Road, and on School Street, from Canton Avenue to Pine Tree Brook, were cleaned and relaid. Both of these drains were filled with tree roots and street wash.

Drains were cleaned, repaired and relaid to provide for drainage conditions.

Pay Roll	\$452 50	
Pipe	449 83	
Culvert pipe	146 66	
A. Daddario	157 68	
		\$1,206 67

Automobile and Trucks

Early in the season the old Locomobile truck was exchanged for a new five (5) ton White truck. A tractor was purchased for snow and street work. The Ford runabout was exchanged for a new one of the same type.

A Ford one-ton truck was purchased to replace a horse-drawn wagon. The Autocar truck was also used during the season.

All the equipment is in good condition, and has given excellent service.

Autocar		
Repairs and material, Autocar Co.	\$330 10

Conclusion

In concluding this report I wish to state that it will be necessary to appropriate for street and sidewalk purposes the same amount as of the year 1922, in order for the department to meet the ordinary and increasing demand for improvements and general maintenance.

I wish to thank your Honorable Board for your assistance and suggestions during the year, also the employees of the department for their co-operation.

I also wish to take this opportunity of extending to the citizens of the town my sincere thanks for their many suggestions and recommendations.

Respectfully yours,

EDWARD A. McCUE,
Superintendent of Streets.

REPORT OF THE BOARD OF WATER COMMISSIONERS

MILTON, MASS., January 12, 1923.

To the Citizens of the Town of Milton:

The Board of Water Commissioners respectfully submits the following report for the year ending December 31, 1922.

At the Annual Meeting in March the Town voted to appropriate money for the use of the Water Department during 1922 as follows:

For extension of mains	\$5,000
For hydrant rental (including water supplied to fountains)	9,000

CONSTRUCTION

During the year just ended more main pipe was laid than in any similar period since the Town has operated the plant. The demand for housing facilities has opened several new developments which of course required water mains with other public services. As in former years the majority of work was in unaccepted streets. A taking six feet in width was made in all private ways.

The work in public ways was confined to 48 feet of 6-inch pipe in Eaton Street, 252 feet of 12-inch in Brook Road and 92 feet of 1¼-inch and 142 feet of 2-inch (both cement lined) pipe in Blue Hills Parkway.

In private ways the work was much more extensive. The first included in this year's figures was really a hang-over from 1921. This work, which was completed January 5, was in Oak View Street, where a 2-inch cement-lined pipe was laid. The spring work began with a 6-inch supply to Victory Avenue. It was necessary to extend the pipe for a short distance into Adams Street in Quincy. This work will simplify the construction of an emergency connection with that city when made. The development east of Granite Avenue and lying between Squantum Street and Hope Avenue called for 711 feet in Pine Grove Street and 540 feet in Cedar Terrace, both of 6-inch pipe, at an expense of \$2,769. The number of houses already constructed in this area assures an ample return on the amount expended. In Sassamon Avenue the 6-inch main was extended 876 feet to supply one consumer. This work was done under a guarantee of a 6% return on the investment annually for 5 years. The property bordering the easterly side of Sias Avenue was purchased for home building, requiring 380 feet of 6-inch pipe. Six-inch pipe was laid in a northwesterly direction from a point near where the Milton-Quincy boundary crosses Eaton Street, for a distance of 316 feet to supply houses which front Beale Street, located in Milton. A short run of 152 feet of 6-inch pipe was laid in Governor Road. In Revere Street four new houses requested water supply and the main was extended 240 feet. Several years ago a 2-inch line was installed in Viola Street. New building this year made it advisable to install a 6-inch main and hydrant. At the lower end of Washington Street the land was opened and the 6-inch main extended for a distance of 524 feet. To improve circulation and eliminate two dead ends 316 feet of 6-inch main was laid in Plymouth Avenue. The development of the property at Brook Road and Pleasant Street required 451 feet in Hillcrest Road and 260 feet in Brae Burn Road of 6-inch main. In Mathaurs Street the present main was extended 122 feet.

The locations, sizes, lengths and costs of the several pieces of construction follow:

PUBLIC WAYS

Eaton Street — 6-inch, 48 feet	\$120 87
Brook Road — 12-inch, 252 feet	1,044 76
Blue Hills Parkway — 1 ¼-inch, 92 feet	92 83
Blue Hills Parkway — 2-inch, 142 feet	289 23
	<hr/>
	\$1,547 69

PRIVATE WAYS

Oak View Street — 2-inch, 11 feet.		\$64 76
(Completion of work begun in 1921)		
Victory Avenue — 6-inch, 584 feet		1,232 61
Pine Grove Street — 6-inch, 711 feet		1,673 36
Sassamon Avenue — 6-inch, 876 feet		2,150 79
Cedar Terrace — 6-inch, 540 feet		1,095 58
Sias Avenue — 6-inch, 380 feet		1,026 95
Development off Eaton Street — 6-inch, 316 feet		639 04
Governor Road — 6-inch, 152 feet		393 77
Revere Street — 6-inch, 240 feet		601 15
Viola Street — 6-inch, 297 feet		691 67
Washington Street — 6-inch, 524 feet		1,053 51
Plymouth Avenue — 6-inch, 316 feet		603 32
Hillcrest Road — 6-inch, 451 feet		1,073 25
Brae Burn Road — 6-inch, 260 feet		538 92
Mathaurs Street — 6-inch, 122 feet		452 07
		<hr/>
Department funds expended		\$13,290 75
		<hr/>
		\$14,838 44

More services were installed than in any year since the plant has operated, new services and renewals totaling 163. Services discontinued were 16, making a net gain of 147, and a total number of 2395 services in use. We now have over 44½ miles of services, the average length of which is 99 feet.

The automobile equipment in use during the past year included

- 1 Autocar truck
- 1 Ford ton truck
- 2 Ford light trucks
- 1 Ford coupe.

At the close of the year the Ford ton truck which had been in use for three years was replaced.

Mr. Oliver Wolcott was elected a member of the Board of Water Commissioners at the Annual Meeting in March, succeeding Mr. Chauncey C. Nash, whose valuable services rendered during his term were appreciated.

As in the past we feel that the citizens of the Town will be interested in the tables giving construction costs, the cost of operating motors and other statistics pertaining to the Department as included in the Report of the Superintendent.

Since the water system was acquired by the Town of Milton the extensions to it which have been made from time to time have, like those in this report, been only of such nature as was necessary to furnish water to new houses. Practically no mains have been laid to increase its capacity for ordinary uses and for fire service, or to interconnect its various parts, so that in cases of interruption to service at one part of the system supply of water will be furnished from other connections so that a minimum interruption of service will occur.

The demands upon the Department for water for household use and fire protection have now increased to such a degree that careful consideration should shortly be given to increasing the main system so as to serve adequately the Town. A careful study of this problem by Messrs. Metcalf & Eddy, Consulting Engineers, of Boston, Mass., indicates that approximately \$130,000 should be spent in the next five years to lay new mains in various parts of the system. This work will not involve the abandonment of any existing mains.

For details of receipts and expenditures for the year just ended, we refer those interested to the financial report of the Auditors, shown elsewhere.

Respectfully submitted,

MARCY L. SPERRY
EDWARD E. FORD
OLIVER WOLCOTT

Board of Water Commissioners.

REPORT OF THE SUPERINTENDENT

MILTON, MASS., January 1, 1923.

To the Honorable Board of Water Commissioners:

GENTLEMEN: I have the honor of submitting to you the following statistics pertaining to the operation of the Water Department for the year ending December 31, 1922.

STATISTICS RELATING TO THE CONSUMPTION OF WATER

Population of Milton	10,630
Number of families (4 in family)	2,658
Percentage of population supplied (approximate)	99%
Number of consumers	2,395
Total consumption for 1922:	
By Adams Street venturi	135,713,000 gallons
By Metropolitan Avenue meters	23,428,000 gallons
Total	159,141,000 gallons
Registered by Department's meters	136,218,000 gallons
Water unaccounted for	22,923,000 gallons
Percentage of water unaccounted for	14.4%
Average daily consumption, gallons	436,000
Gallons daily to each inhabitant	41
Gallons daily to each family	164
Gallons daily to each tap	182
Cost of water, 1922, for 159,141,000 gallons	\$13,798 19
Cost per 1000 gallons	\$0.0867
Cost per 100 cubic feet0649

STATISTICS RELATING TO DISTRIBUTION SERVICE

Mains

Kind of pipe — cast iron.	
Sizes,— 2 to 16 inches.	
Extended 6,069 feet during 1922.	
None discontinued.	
Total now in use — 292,666 feet (55.4292 miles).	
Length of pipes under 4 inches — 5,577 feet (1.0561 miles).	
Number of hydrants added during 1922:	
Public	13
Private	1
Total	14
Number of hydrants now in use:	
Public	434
Private	34
Total	468
Number of stop-gates added during 1922 — 30.	
Number of stop-gates now in use — 776.	
Number of stop-gates smaller than 4 inches — 22.	
Number of blow-offs — 16.	
Range of pressure on mains — 30 to 133 pounds.	

Services

Kinds of pipe — brass, cast iron, cement-lined iron, enameled, galvanized, lead, plain iron, tarred iron, tin-lined lead.

Sizes — $\frac{5}{8}$ inch to 6 inches.

Extended — 8,546 feet during 1922.

Discontinued — 1,288 feet.

Total now in use — 235,973 feet (44.6919 miles).

Average length of service — 99 feet.

Number of services added in 1922 — 163.

Number of services discontinued — 16.

Number of services in use — 2,395.

Number and Sizes of Services

$\frac{5}{8}$ inch	981
$\frac{3}{4}$ inch	151
1 inch	964
$1\frac{1}{4}$ inch	96
$1\frac{1}{2}$ inch	15
2 inch	158
3 inch	4
4 inch	8
6 inch	18

2,395

Conclusion

Original cost of works:

Amount paid to Milton Water Co.	\$199 608 35
Bonds of Milton Water Co. paid off	120 546 67

Total	\$320,155 02
-------	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	--------------

Total bond issue	312,000 00
Bonds paid off	212,000 00
Bonded debt, December 31, 1922	100,000 00
Per capita debt	9 41
Rate of interest (payable semi-annually) $3\frac{1}{2}$ per cent.																				
Date of maturity — August 1, 1932.																				

Respectfully submitted,

D. A. HEFFERNAN,

Superintendent.

FUNDS HELD BY THE TOWN

Perpetual Care Fund

Amount held December 31, 1922 \$49,754 50

This fund is held by the Town Treasurer in accordance with Chapter 82, Sections 15-18, of the Public Statutes, interest at the rate of 6 per cent per annum being allowed on it and paid over to the Trustees of the Cemetery.

Jason Reed Cemetery Fund

Amount held December 31, 1922 \$2,626 67

The interest on this at the rate of 4 per cent per annum is paid over to the Trustees of the Cemetery.

E. T. L. Reed Public Park Fund

Amount held December 31, 1922 \$6,372 48

Extract from the Will of Elizabeth T. L. Reed

"All the rest, residue and remainder of all the moneys remaining in the hands of said Executor or Administrator, I direct shall be divided into three equal parts.

"The second of said parts shall be paid to and deposited with the Treasurer for the time being of said Town of Milton, the same to be received, held and invested by said town as a fund to be known as the 'Jason Reed Fund,' and the income thereof shall be applied to the preservation, care, improvement, or embellishment of the said Milton Cemetery.

"And the third of said parts shall be paid to said Town of Milton, and the same shall be applied by the proper legal authorities to or towards laying out, improvement or ornamentation of a Public Park or Parks in said town, in such manner as said authorities may deem advisable.

"I make the foregoing bequests in favor of First Parish, the Cemetery and the Parks in said Milton, both on account of the deep interest taken by my father, the late Jason Reed, deceased, in the affairs of said town, and of my own profound desire for the welfare of said town and of the citizens thereof."

Mary L. Peabody Fund

Amount held December 31, 1922 \$5,000 00

The clause under which this bequest is given reads as follows: "To the Selectmen of the Town of Milton, Massachusetts, \$5,000, to be invested and the income thereof to be distributed annually to the poor at Christmas."

REPORT
OF THE
SCHOOL COMMITTEE

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of the Town of Milton:

The School Committee submits herewith as its main report the report of the Superintendent of Schools, to which it invites your careful attention.

The Committee acknowledges with pleasure the receipt of the following gifts to the several schools as indicated:

Gifts

High School:

Statuette — "Mine Eyes Have Seen the Glory" by Dallin — Class of 1922

Several publications of Eastman Kodak Company for use of the Camera Club — Mr. Eugene A. Moore

Tucker School:

Pedestal for Statue — Class of 1922

Estimate for 1923

After careful consideration of the estimated cost of maintaining the schools during the year 1923, your Committee recommends the appropriation of \$180,600, together with the receipts of the department, this amount to include the appropriation of \$550 for the Dental Dispensary, for which last year the appropriation of the same amount was made under a special article in the Town Warrant.

Respectfully submitted,

LEONARD M. PATTON, *Chairman*,
J. HENRY SCOTT, *Secretary*,
HENRY W. B. ARNOLD,
ELMER P. FLETCHER,
GEORGE Y. BADGER,
HARRIET WHITTIER,

School Committee.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and the Citizens of the Town of Milton:

The year that has just closed has meant much for the educational and life interests of the children of Milton. I select for special emphasis the fine spirit of co-operation and mutual confidence that has made possible the accomplishments of the year. More than ever before have I realized the earnest endeavor of our teachers to do their best and equally evident has been the cordial support from parents and citizens. More and more is each appreciating the other's point of view and fewer are the misunderstandings resulting from school problems. Only as we realize that people equally sincere may hold different opinions, and only as we are open-minded and careful in reaching our conclusions, can harmonious action result.

Problems of unusual importance and difficulty have confronted the School Committee. Actuated by the one desire to do that which would be best for the children they have reached decisions only after the most careful and deliberate consideration. In the schools themselves our teachers have even more than before studied the interest of the individual child with an endeavor to meet the various needs most fully. It is a privilege to be associated as Superintendent with a School Committee and a body of teachers who so fully appreciate and so conscientiously discharge their obligations to the children of Milton.

High School

In June, 1922, fifty-nine pupils were graduated from this school. As the number of pupils entering from the Junior High school and from out of town was more than twice as great, there has been a material increase in the membership over that of last year. As the number to enter next year is even larger, and the graduating class is of about the same size as this year, it is apparent that the growth of the High school is a matter of especial interest.

Of the fourteen pupils who entered the High school from out of town, nine came from Boston schools, four from other suburban schools, and one from another State. Wherever the junior high school has been adopted, an increase in high school enrollment has always resulted. This is in large measure attributable to the fact that the junior high school so definitely prepares a pupil for successful work in the high school that a much larger proportion remain in school until the end of the course.

For the school year ending June, 1921, of all the pupils in the schools of the State, 17.1 per cent were in high schools. Milton's per cent during that year was 21.7. At the present time the proportion in Milton has still further increased, being now 24.2 per cent of the total school membership. As the per capita cost of high school education is universally much greater than that of elementary education, this larger number in our High school has a material effect upon the total cost of the Milton schools. At the same time it should be a source of much pride to the citizens that the advantages of education are so much appreciated, the proportion of high school students, so far as I know, not being exceeded by any other town or city in Massachusetts.

Junior High School

The Junior High school is now upon its second year as a distinct organization. Already it has become apparent that it is much more adequately meeting the needs of the pupils of the adolescent age than did the former organization. Probably no evidence of the truth of this assertion can be more convincing than the fact that there have been enrolled in this school during the present school year four hundred fifty-six pupils, of whom four hundred forty-nine are still members. Of the seven who have left, four moved out of town. The favorable comments of visitors to this school, as well as the many inquiries by letter even from a distance, should be alike gratifying to teachers, pupils, and parents. It is our constant effort to assist the pupil to discover the particular line

of work for which he is best fitted. At the same time every possible opportunity is provided for him to assume responsibilities that definitely prepare him for useful citizenship. A cordial invitation is extended to all citizens to visit this school, as well as all other schools of the town.

Of the thirty-one pupils who have entered the Junior High school from elsewhere, twenty came from Boston, six from other cities in Massachusetts, and five from other States. The rapid growth of the Mattapan section is certain to have an appreciable effect upon the membership of this school as well as of the High School.

Until the institution of the Junior High school in September, 1921, the High school consisted of five grades, namely, the eighth through the twelfth. The High school now comprises grades ten through twelve; and the Junior High school grades, seven through nine. The last year prior to the reorganization there were 481 pupils in this building; today there are 729, an increase of over fifty per cent.

Later in this report will be found a discussion of several matters that affect both the High and the Junior High schools.

Consolidation of Elementary Schools

For several years Milton School Committees have realized that the maintenance of the smaller schools, the Houghton and the Sumner, while expensive, was not giving to the children of those sections an educational opportunity equal to that of the other parts of the town. The School Committee carefully considered the situation last spring from all points of view and as a result invited the parents of the children in those schools to meet them to discuss the question of closing those buildings and transferring the children to the Vose building. As in all cases of consolidation, the question of transportation loomed large in the minds of many. After further careful study, the School Committee in June decided to take the proposed action, which went into effect in September. At this time I wish to express my appreciation of the attitude of the parents in this matter. Especially do I appreciate the frankness and fairness of those who, although at first opposed, have recently expressed their entire satisfaction with the results of the change.

In the Houghton and also in the Sumner school one teacher had two grades and the other had three grades. Yet the five grades in the Houghton had but twenty-three pupils, while the Sumner had but thirty-eight. In the Vose school each teacher, except the sixth grade teacher, had two grades. The number of pupils in the Vose, increased by those from the other two schools, has made possible a reorganization of that school, so that now each teacher has but one grade. With the exception of one room in the Tucker school, no teacher in the town, except in the other small schools, namely, the Glover and the Wadsworth, has more than a single grade.

For some time, in consequence of the small numbers, it has not been possible to maintain classes for the children of kindergarten age in the Houghton and Sumner districts, while in the Vose school there was a small sub-primary class in the same room with the first grade. The consolidation has made possible the establishment of a kindergarten in the Vose to care for the five-year-old children of all three sections. In a large, sunny room on the second floor, with nearly ideal surroundings, is now a kindergarten of thirty-five pupils with kindergartner and assistant. The advantage derived by the children from this opportunity alone is difficult to measure.

The Vose school is the only single session elementary school in the town, its hours being from 8:45 to 2:15. At the noon intermission of a half hour, hot lunch is provided for those who wish it.

In taking up the matter of transportation, the School Committee first discussed the question with the Brush Hill Transportation Company. This company finally decided to undertake the morning and the afternoon trips from Brush Hill, but could not provide for the trips to the Randolph Avenue section. The School Committee therefore decided to buy and operate a bus for that district. After careful consideration of several types of school bus, it was decided to buy a special body to be placed upon a Reo chassis. This bus seats thirty children, is heated, and has proved exceedingly satisfactory. It makes two trips to the Randolph Avenue section in the morning, one at noon, and two in the afternoon, in addition to one trip to Brush Hill at noon.

Special consideration has been given to the safety of the children. On each trip the bus is under the supervision of a teacher. By a careful planning of the routes, practically every child takes the bus at his door, thus doing away with the necessity of the former long walk for many pupils along dangerous roads to the Houghton and Sumner buildings.

The highest grade in these two schools had long been the fifth, the pupils then going to either the Vose or the Tucker for one year and then to the Junior High school. This made the sixth grade particularly difficult for these children. Obviously there is a distinct educational advantage in the avoidance of this change of schools at the end of the fifth grade.

Above all else, the larger school with a larger variety of contacts and with the greater competition, gives a broader development to a child than is possible in the small school with but four or five in a class.

Consolidation of schools is a nation-wide movement. It reduces the number of classes per teacher, increases the size of classes to a point where the pupils have the benefit of the stimulus of competition, increases the length of recitations in each subject, gives greater opportunities for school activities, eliminates tardiness and increases regularity of attendance, makes possible more effective supervision, especially by the teachers of special subjects, and gives the pupil broader contacts, thus better preparing him to meet the demands of later life; in short, it gives him the advantages of the best school organization. In Milton it further gives to the children of the more remote sections the opportunity of the kindergarten and also does away with the break at the end of the fifth grade.

It is a distinct step forward educationally for the Town and particularly for the children of the Houghton, Sumner, and Vose schools.

Changes of Teachers

During the past year there have been fewer changes in the teaching corps than in previous years.

Two principals have withdrawn from the service after terms of unusual length.

Miss Florence G. Houghton, since 1899 the principal of the Sumner school, who had for some time been on leave of absence on account of sickness at home, decided in March to tender her resignation. Her faithfulness had made her a large influence over the lives of the children who attended that school during those years. Owing to the closing of the Sumner school, elsewhere discussed, her position was not filled.

Miss Rena M. Chamberlin came to the Tucker school in 1894 and soon afterwards was made its principal. While connected with the school she had seen it grow from a relatively small one to one of almost the proportions of a city school. The latter part of her service she suffered from both physical and nervous disease, which impaired her powers and her work. In October, 1922, supported by a statement from her physician, Miss Chamberlin asked to be retired with pension on the ground of her physical condition. This request the School Committee granted. On the twelfth of November she died of cancer at her home in Quincy. During her long years of service she had earnestly devoted herself to her school, which resulted in an unusual interest on the part of the parents of the district. The hundreds of children who attended the Tucker school during Miss Chamberlin's principalship will long remember their associations with her. After a very careful search the Superintendent recommended and the School Committee elected Miss Doris M. Dixon of the Springfield schools to this position.

For the position of physical instructor for girls, made vacant by the resignation of Miss Lucy F. Cooley to be married, Miss Alma Porter, a graduate of the Sargent School of Cambridge, and a teacher of several years of successful experience, was chosen.

Miss E. Gladys Niven, teacher of cookery in the High and Junior High Schools, was granted leave of absence for the present school year for purposes of study. Her place is being filled by Miss Harriet M. Murdock, a graduate of the Milton High school and of the Framingham State Normal school.

The increase of numbers in the High and the Junior High schools made necessary the appointment of an additional teacher. For this position the Committee elected Mr. E. P. Jones, principal of the High School of Deer Isle, Maine, and a graduate of the University of Maine.

New Tucker School Building

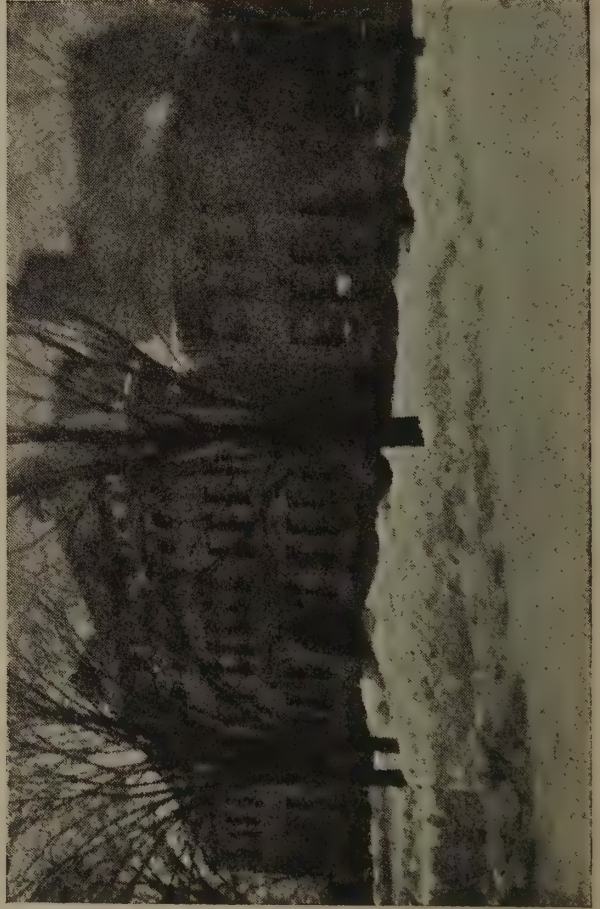

For several years School Committees have urged the need of a new building for the Tucker school district. In 1921 the Town purchased two lots of land adjacent to the Tucker school, and at the Town meeting of March, 1922, in response to a request of the School Committee, adopted an article providing for the appointment of a committee of five citizens to make a study of the school needs of Mattapan and to prepare plans with estimates for a new building to meet those needs. Since then there has been a

Tucker School

Belcher School

Vose School

Work of Special Class, Vose School

great increase in the number of permits for new buildings in that section. These will bring into the Tucker school so many children as to make the problem of overcrowding again very serious. In 1921 this school was relieved by the transfer of the seventh grades to the new Junior High school. This year the pressure has been somewhat further relieved by the transfer of certain pupils to the Vose school. The limit of transfer, however, has been reached. At the same time those best acquainted with real estate conditions assert that the building rate in Mattapan will undoubtedly still further increase. In that case, next September will find us confronted with a serious problem there and it is imperative that the new building that the Special Committee recommends be built with the utmost despatch.

I urge action, not only on the ground of insufficient room, but particularly in the interest of adequate fire protection for the children. Insurance statistics show that five school buildings are destroyed by fire each day in the United States. This wooden building should be at once replaced with a modern fireproof structure. Prompt action alone will make it possible to report a year from now that this long-standing need has at last been met.

Improvement of Teachers

One of the best assurances of sanely progressive schools is a corps of teachers who are real students of their profession. A year ago I commented upon the number of our teachers taking educational courses or in other ways better equipping themselves for their work. Summer classes at the various universities and normal schools, as well as late afternoon and Saturday classes, have attracted many again this year.

Since 1918 there has been provision for a year's leave of absence with half pay for purposes of study and travel after a teacher has served the Town for six years. Although this involves for the teacher a loss of one-half her income, and at the same time materially increases her expenses, yet each year there has been at least one who has availed herself of this provision and has thereby made herself a more valuable worker in our schools.

The past summer the National Education Association held its annual convention in Boston. Our professional interest was well attested by the fact that every teacher in our schools became a member of the Association and thus contributed to the success of that meeting.

Especial care has been exercised in the selection of new teachers. No teacher has been chosen for a High school position who is not a college graduate and no one not a graduate of a normal school has been elected a teacher in the grades. Every one selected has also either had successful experience elsewhere or has had special preparation for the work to be undertaken.

In October, as last year the Milton Education Society, in combination with the several School Associations of the Belcher, Tucker, and Vose schools, gave a reception to the teachers of the town. This reception served as a particularly happy introduction of our new teachers to Milton people. An inspiring address was given by Dr. Elbert K. Fretwell of Teachers' College, Columbia University.

Health Interests

Especial attention is being given this year to an effort to have the work in physical training have definite bearing upon the habits of the children, particularly in the matter of posture. Most earnest endeavor is being made to make the gymnasium work of the High and the Junior High school girls particularly contribute to better posture. The response of the girls is very gratifying.

While in the main the health of the children of our schools has been good the past year, yet in certain sections of the town there were so many cases of measles as to amount almost to an epidemic.

Every parent should obtain from the Board of Health a copy of their *Regulations Regarding Contagious Diseases of School Children*. In harmony with general health practice certain diseases must be reported to the Board of Health. Among these, the diseases most prevalent among school children are: diphtheria, scarlet fever, measles, whooping cough, chicken pox, and mumps. All parents recognize the importance of the first two diseases, but in the case of the other four it very often happens that they consult no physician, with the result that no report of the sickness reaches the Board of Health, few parents attending to this requirement of the law themselves. The School Department depends upon the Board of Health for its notices of such cases and failing to receive them, it gets no reliable information, and therefore children may return prematurely to school. This was particularly the case with the measles last year. The

school will enforce the rule of exclusion when notified, but unless so notified the teacher may unknowingly allow a pupil to return too soon and thus expose all the others in the class. The attitude of parents who would deliberately conceal these diseases and so contribute to their spread to others cannot be too severely condemned. Until all parents are willing to co-operate in this matter, we cannot effectively protect the children against such danger in school and are therefore justified in disclaiming responsibility.

Omission of School Sessions

In extreme weather the Superintendent is permitted to suspend school sessions. Probably few realize the large variety of questions to be considered and the care that is exercised in reaching a decision in this matter. Obviously it is impossible to omit any large number of school days and accomplish the work of the year. It is expected that parents will assume the responsibility for keeping their children at home when their physical condition does not warrant their school attendance. Parents will consider the interests of their own children, while the Superintendent must determine what in his judgment is best for the largest number. Here is one of the best opportunities for co-operation between home and school.

Extra-Curriculum Activities of Pupils

For several years the High School Glee Club and the High School Chorus have given concerts of much merit, but there has been no systematic provision for instrumental music. Early the past year an orchestra was formed, including pupils from the High and the Junior High schools. At the same time instruction at moderate cost was provided for those who wished to study the various orchestral instruments. A second orchestra was formed some months later, consisting of those whose first instruction had been received in these classes; this was known as the Junior Orchestra. On the evening of June first the two orchestras gave a concert in the High school assembly hall, which proved a fine testimonial to the efficiency of the instructor, Mr. Emil Posselt. His understanding of children, as well as his ability to enthuse them, made possible the remarkable demonstration.

The work is still carried on each week, classes now being conducted in violin, 'cello, trombone, viola, saxophone, drums, flute, clarinet, and mandolin.

The concert programs of the Glee Club, the High School Chorus, and the Orchestras are printed in the Appendix, to indicate the quality of music studied.

A Glee Club of about one hundred has been formed this year in the Junior High school. So much interest was manifested that only about one-half of those who applied could be accommodated.

One of the most successful clubs this year has been the Camera Club, composed of pupils of both the High and the Junior High schools. An enlarging camera was purchased and enlargements made of about sixty views of Milton schools and surroundings taken by members of the Club. These pictures were mounted and attracted a great deal of attention as the Milton exhibit at the meeting of the National Education Association in Boston last summer. Several of these pictures appear in this report.

In a State-wide competition in poster-design for prizes offered by the Massachusetts Society for the Prevention of Cruelty to Animals, the Milton schools, although submitting only about fifty posters of the fifteen hundred exhibited, were awarded four of the eighteen prizes.

Sale of Books by Agents

From time to time agents make their appearance at the homes of the school children and in order to sell their books assert that they have the endorsement of the Superintendent of Schools. As it is not the practice of the Superintendent to seek to influence parents in such matters, any statements of this sort should be looked upon with suspicion. At the same time the Superintendent is always glad to be of any assistance to parents who may desire his advice in the purchase of books for their children.

Contributions and Sales in Schools

The advertising value of the large number of children assembled in schools has long been recognized and when, therefore, some project is launched, its proponents usually turn first to the schools. During the war this was a necessity, but nevertheless seriously interfered with the regular school work. In some school systems the parents still are being constantly importuned through their children to make this or that expenditure

or contribution. There are so many avenues of approach to the homes in case of need that it has been the policy of the School Committee to deny all such requests, the outstanding exception being the work of the Red Cross. With this restriction I am most heartily in sympathy.

Vocational Lectures

In order to acquaint the pupils of the High and Junior High schools with the requirements and attractions of various occupations, talks are given to our pupils by those who have made a conspicuous success within their chosen field. I would direct your attention to the list of such lectures as printed in the Appendix to this report.

High School Lunch Room

With the large increase in the number of pupils in the High School building, the usual lunch room facilities were found entirely inadequate to satisfy the needs of the entire school at one time. The situation has been fully met by the establishment of a recitation and lunch period three half-periods in length. The High school constitutes one group and the Junior High school is divided into two groups. Each of the three groups has one half-period for lunch and the other two for recitation and study. Thus all overcrowding is now avoided.

Transportation

Probably in few towns is there now a system of school transportation as satisfactory and as efficient as in Milton. The officials of the Eastern Massachusetts Street Railway have increased accommodations to keep pace with the increased number of pupils coming to the High school building from East Milton, so that now there is one large car for boys and a large and a small car for girls, leaving East Milton at 8:15 and returning from the High school building at 2:40. The recently purchased school bus, elsewhere referred to, brings in the children from the Randolph Avenue section and Hillside Street section, while the Brush Hill Transportation Company cares for the Canton Avenue and Brush Hill sections. The drivers of the busses and the operators of the cars all appreciate their responsibility and are to be highly commended for their unfailing carefulness.

Repairs

In such large buildings as are our schools, there are always incidental repairs that have to receive attention. At the same time we are systematically proceeding to put all the buildings into thoroughly good condition. At present the most pressing need is the repair of the roof of the Vose school and the repair and painting of walls and ceilings damaged by water from leaks. This building will then be in excellent condition.

The acoustic properties of the High school assembly hall have always been very poor. The past summer the ceilings were given acoustical treatment so that the objectionable conditions have been entirely removed. With the disappearance of the echo all sounds are now distinct and audible. This makes possible the constant use of the hall in meeting the rapidly increasing demands upon this building.

Americanization Class

During the present year the first Americanization class has been organized, meeting every Tuesday and Thursday evening in the Vose school for a two-hour session. Under the instruction of a teacher of exceptional ability this class has made rapid progress. While it was at first composed of Italian men alone, other men have now joined it, bringing the number up to twenty-four, and its work is progressing enthusiastically. The closing exercises last May afforded an excellent opportunity to observe the remarkable progress made by these men during the few months they had been in the class.

One-half of the expense of this class is borne by the State Board of Education.

Age of Admission to School

Last September the new rule relative to age of admission to the kindergarten and the first grade went into effect. Notwithstanding the announcement in the local press and the printing of the rule in the Appendix to the Annual Report, there were numerous requests for variations from the requirement which could not be granted. Parents of children approaching school age will have special interest in this rule, which is again printed in the Appendix to this report.

Changes in Tuition Rates for Non-Resident Pupils

The rates of tuition charged non-resident pupils have not been modified for several years, although since they were fixed all costs have very materially advanced. So long as room permits Milton may well admit to its schools those wishing to enjoy their advantages, but obviously this should not be done at a loss. Accordingly the rates of tuition have been fixed as follows:

High School, \$125 per annum, payable by terms in advance
Junior High School, \$100 per annum, payable by terms in advance
Elementary Schools, \$75 per annum, payable by terms in advance

Dental Clinic

In May, 1921, as referred to in my last report, a Dental Clinic was established in the Vose building, at the expense of the Milton Branch of the American Red Cross and the Milton Social Service League, with the expectation that it would, after January 1, 1922, be maintained as a part of the school organization. In order that the sentiment of the Town toward its acceptance and maintenance might be ascertained it was made the subject of a special article in the Warrant of March, 1922. The results of the clinic have more than justified the unanimous vote of the Town in its favor. Its effect upon health and school attendance has already been demonstrated. Let me repeat, however, that its first concern must be for those of our children who might without it be unable to have dental attention.

Special Provisions for Retarded Pupils

The privilege of the special class in the Vose building has this year been extended to several more pupils. It cannot, however, meet the needs of those over-age pupils who have reached the fifth or the sixth grade and because of serious difficulty in meeting the book requirements of those grades are unable to win promotion on that basis, but whose interests would be better served by their going on. As a result of the study of such cases this year, several pupils have been transferred to the Junior High school and under a special program have been given the opportunities of the larger amount of handwork there possible. The success of these pupils is one of the most gratifying results of the work of that school.

Increased School Membership

January 1, 1921, there were 1,553 pupils attending the Milton schools; January 1, 1922, the number had increased to 1,603; at present the membership is 1,723. In two years, then, there has been an increase of 170 pupils. The 120 increase of the past year is distributed as follows: High school, 40; Junior High school, 25; elementary schools, 55. It is of interest that while there has been this large growth it has been accompanied by a material reduction in the cost per pupil. The per capita cost in 1922 was about four dollars less than in 1921, and with the amount requested by the School Committee for 1923 the cost will be reduced almost four dollars more, making a total reduction in two years of nearly eight dollars per pupil.

The Future

Milton has won a deserved reputation for dealing generously with its children. While individual pupils seem at times not to appreciate it, yet most of our boys and girls realize the opportunities that are theirs. Will they in years to come be the better citizens for what has been done for them? I believe they will.

Respectfully submitted,

JOSEPH A. EWART

Superintendent of Schools.

REPORTS OF SCHOOL PHYSICIANS AND NURSE

The following quotations are taken from reports made to the Superintendent of Schools by the School Physicians, Dr. Frank Spooner Churchill and Dr. Augusta G. Williams, and the School Nurse, Miss Sydney Clarke.

From Dr. Frank S. Churchill:

There was an unusual amount of contagious disease during the school year, measles prevailing quite extensively in the Belcher district during the fall of 1921, and thirty-one sporadic cases of scarlet fever during the early part of 1922, chiefly among pupils of the Junior High School, but living at widely separated points and without discoverable connections. Fortunately the type of disease in both infections was mild. There were no fatalities and from the school point of view the conditions were annoying rather than serious.

Study of the nutrition of the pupils has continued to be the most important part of the work. Physical examinations of 1,675 pupils have been made by Dr. Churchill and Dr. Williams, assisted by Miss Clarke. 353 or 21 per cent were found to be seriously below the average weight of pupils of corresponding age and height. This is approximately the same proportion as found during the preceding two years; in other words, physical examination of pupils for three consecutive years forces us to the conclusion that approximately one out of every five is suffering from a severe degree of mal-nutrition. Discussion of the general causes of this state of affairs is not pertinent here, but among those causes ignorance on the part of both children and parents plays an important part. I believe it to be the duty of the school to educate the pupils in these fundamental principles and to pay special attention to those pupils, far too large in number, suffering from a severe state of mal-nutrition.

The nutritional state of the child is of great importance as summing up his whole general condition. Among the specific defects, studied because of their relation to general condition, are affected tonsils and teeth, which contribute to mal-nutrition as a whole, poor posture, the result of mal-nutrition, and muscular fatigue, caused by insufficient nutrition.

From Dr. Augusta G. Williams:

I beg to submit the following report of the medical examinations of the girls from the sixth grade through the High School inclusive.

The examinations were begun October 4 and were finished December 7, 1921. The same scheme of the work as last year was carried out, all conditions were recorded upon the medical cards, the parents were notified of all defects, and Miss Clarke has been doing the follow-up work very successfully.

The children's teeth are in good condition as a rule, and having a school dentist has contributed to this fine condition. There is still too large a proportion of the girls who are ten per cent underweight, and there is still much to be desired in the posture of the pupils, but a distinct advance has been made since last year, in that every girl has been taught the rules for correct posture, which is one step towards the desired end, and it is noticeable that a large percentage are putting what they have learned into practice.

It is gratifying to see the amount of improvement during the year.

The summary of conditions of girls above the fifth grade is given on the following page.

REPORT OF EXAMINATION OF GIRLS ABOVE FIFTH GRADE

September, 1921 to January, 1922

School	Number examined	10% under weight	Eyes	Nose	Tonsils	Teeth	Scalp	Skin	Posture	Spine	Heart	Lungs	Feet	Improved
Tucker	32	5	3	3	1	9
Vose	20	9	2	6	11
Belcher	13	6	3	5	3
Junior High	210	77	5	7	30	49	3	19	97	9	21	20	21	100
High	129	24	4	3	10	16	3	42	57	13	9	8	9	53
Post-Graduates	2
Totals	406	121	9	10	48	79	6	61	154	23	30	28	30	176

From Miss Sydney Clarke:

It is a great satisfaction to find that the parents are now realizing that medical inspection in the schools is a work of *prevention*. In some instances it was found that parents had actually made a special effort to buy their homes rather than move out of the town and thus be obliged to take their children from the schools.

The year has been a busy one for our Dental Clinic. There are many more applicants for dentistry than can be cared for in our two mornings of work each week. 182 children were treated; 170 children were finished.

The very great majority of these children were registered during the year 1921-1922, leaving the children treated during the spring of 1921 until next autumn, making an interim of over one year between treatments, instead of the more desirable six months.

The nose and throat work is going along very satisfactorily. Fifty children were operated upon during the year. Forty-six are to be operated upon during the summer holidays. Many parents seemed delighted to learn that this work could be done so skillfully at Milton Hospital and at rates within their means.

Three children were operated upon for hernia. Two will be done during the summer holidays.

Eight trips were made to Boston hospitals during the year.

Many home calls were made. In 395 instances the parents or guardians were found in. In important cases, where it was impossible to find the parents at home, letters were written.

Arrangements were made for extended vacations for several of our children, from which we expect large returns in health and vigor.

REPORTS OF ATTENDANCE OFFICERS

To the Superintendent of Schools:

I present herein my report as Attendance Officer of the Town of Milton for the year 1922:

Number of cases investigated	3
Number of truants	3
Number prosecuted in court	3

Respectfully,

TIMOTHY McDERMOTT.

DECEMBER 30, 1922.

To the Superintendent of Schools:

I hereby submit to you my annual report as Attendance Officer for the year ending December 31, 1922:

Number of notices received	14
Number of pupils kept by parents	5
Number of pupils kept for sickness	6
Number of cases of truancy	3

Respectfully yours,

HENRY F. BRIERLY.

DECEMBER 29, 1922.

QUOTATIONS FROM RULES AND REGULATIONS OF THE SCHOOL COMMITTEE

1. Admission to Kindergarten and to First Grade

SECTION 38. Children may be admitted to the kindergarten during the month of September who will be five years of age before January 1 of the following year. Children may be admitted to the first grade during the month of September who will be six years of age before January 1 of the following year.

2. Tuition Pupils

SECTION 56. Tuition fees at the rate of \$125 (One Hundred Twenty-five Dollars) per year in the High school, \$100 (One Hundred Dollars) in the Junior High school, and \$75 (Seventy-five Dollars) per year in the elementary schools shall be paid by non-resident pupils to the Town Treasurer at the beginning of each term. Pupils whose term bills have not been paid at the end of the second week from the time the bills have been rendered shall be required to discontinue their attendance at school.

ADVISORY BUREAU VOCATIONAL LECTURES
1922

January 13

Speaker—Mr. Edwin Weber, Mattapan National Bank

Subject —BANKING

Special
Signals
for Fires
in the
Blue Hills
Reserv'n.

*Special Signals.

Directions for Sounding an Alarm

Open outside door of Fire Alarm Box, then pull the hook down **ONCE** and let go. Remain at until arrival of Firemen and direct them to the Fire.

Signals

- 1 One blow, 7.30 A. M., 12 M., 5.45 P. M. Fire Alarm Tests.
- 1-1 Two blows, Recall.
- 1-1-1 Three blows followed by four rounds of box number, general alarm.

Signal for No School

The signal 2-2 sounded four times on the fire alarm at

7.15 o'clock means no school sessions for all schools for entire day:

7.30 o'clock means no school sessions for all schools below the Junior High School for the day:

11.40 o'clock means no afternoon session for all schools below the Junior High School—signal will not be sounded if the 7.15 or the 7.30 signal has been sounded.

The 7.15 signal will rarely be sounded as it includes the closing of the High and Junior High School. If the 7.15 signal is given, the 7.30 signal will be unnecessary.

The widely varying conditions in the several parts of Milton make it difficult to reach decisions equally fair to all interests. Parents are, therefore, expected to exercise discretion in regard to their own children.

BOARD OF FIRE ENGINEERS

J. HARRY HOLMES, Chief
HENRY F. BRIERLY
ERNEST C. SOULIS, Clerk

**Emergency calls for Fire Department should be
"Milton Fire Department—Emergency"**

87th
ANNUAL TOWN REPORT
OF
MILTON
MASS.

FOR THE YEAR ENDING
DECEMBER 31, 1923

COMPILED BY
THE AUDITORS

T. O. METCALF COMPANY
BOSTON

STATEMENT OF THE AUDITORS

To the Citizens of Milton:

In accordance with the Revised Laws and the By-Laws of the Town, we have examined the books and accounts of all officers and committees intrusted with the expenditure of money, and all original bills and vouchers on which moneys have been paid from the treasury, for the year ending December 31, 1923, and have found the same correct.

Respectfully submitted,

J. HERBERT RAYMOND	} <i>Auditors</i>
FREDERICK N. KRIM	
ARTHUR S. FORBES	

MILTON, MASS., December 31, 1923.

REVISED BY-LAWS

TOWN OF MILTON, MARCH 2, 1902

Adopted by the Town and approved by the Superior Court May 20, 1902.

The amendments to Chapters 2, 3, 4, 7, 8, and 10 adopted by the Town March 2, 1914, March 13, and September 1, 1915, March 11, 1922, were approved by the Attorney-General, December 10, 1914, May 8, and September 22, 1915, April 6, and July 19, 1922.

Chapter 11 adopted by Town March, 1922, and approved by Attorney-General May 7, 1923.

Chapters 12 and 13 adopted by the Town July 10, 1922, were approved July 11 and 21, 1922.

CHAPTER 1

GENERAL PROVISIONS

SECTION 1. These By-Laws, contained in this and the succeeding chapters, being ten chapters in all, may be designated as the Revised By-Laws, adding the number of the chapter and section when necessary.

SECT. 2. So far as the provisions of these By-Laws are the same in effect as those of previously existing By-Laws, they shall be construed as a continuation of such By-Laws, but, subject to said limitations and the provisions of the next section, all By-Laws of the Town heretofore in force are hereby repealed; provided that this repeal shall not apply to or affect any By-Law, order, or article heretofore adopted, accepting or adopting the provisions of any statute of the Commonwealth.

SECT. 3. These By-Laws and the repeal of all By-Laws heretofore in force shall not affect any act done, any right accrued, any penalty or liability incurred, or any suit, prosecution, or proceeding, pending at the time when they take effect; nor shall the repeal of any By-Law thereby have the effect of reviving any By-Law theretofore repealed or suspended.

SECT. 4. When in a By-Law anything is prohibited from being done without the license or permission of a certain officer, officers, or board, such officer, officers, or board, shall have the power to license or permit such thing to be done.

SECT. 5. In all the By-Laws of the Town the following words and expressions shall, unless inconsistent with the manifest intent, be severally construed as follows:—

The word *public way* shall include any highway, townway, road, bridge, street, avenue, boulevard, roadway, parkway, lane, sidewalk or square; *the owner or occupant* of a building or land shall include any sole owner or occupant, and any joint tenant and tenant in common of the whole or of any part of a building or lot of land; words purporting to give a joint authority to three or more officers or other persons shall give such authority to a majority of such officers or persons; the word *person* may include corporations; words importing the singular number may apply to the plural number, and words importing the masculine gender may apply to the feminine gender.

SECT. 6. All fines and penalties for the violation of any By-Laws shall, when received, inure to the use of the Town, and be paid into the Town treasury, unless it be otherwise directed by the laws of the Commonwealth or the By-Laws of the Town.

SECT. 7. Whoever violates any of the provisions of the By-Laws of the Town, whether included in these By-Laws or any hereafter enacted, whereby any act or thing is enjoined or prohibited, shall, unless other provision is expressly made, forfeit and pay a fine not exceeding twenty dollars for each offence.

SECT. 8. Whoever shall refuse or neglect to obey any order of any Town officer or board of Town officers, issued under any of the By-Laws of the Town, directed to him and properly served upon him, shall, in cases not otherwise provided for, forfeit and pay for such offence a fine not exceeding twenty dollars.

SECT. 9. Prosecutions for the breach of any of the provisions of the By-Laws of the Town shall be commenced within six months from such breach.

SECT. 10. Any or all of the By-Laws of the Town may be repealed or amended, or other By-Laws may be adopted, at any Town meeting, annual or special, an article containing the subject-matter of the proposed change having been inserted in the warrant for such meeting.

CHAPTER 2

TOWN MEETINGS

SECTION 1. The warrants for all Town meetings shall be directed to the constables of the Town, and the meetings shall be notified by posting attested copies of the warrant in each of the post-offices of the Town at least fourteen days, and by leaving printed copies thereof at the dwelling-houses in the Town at least four days, before the day of such meeting.

SECT. 2. The annual meeting for the election of Town officers shall be held upon the first Saturday of March, the polls to be open at fifteen minutes before six o'clock in the forenoon, and they shall remain open until four o'clock in the afternoon for the election of such other Town officers as are required by law to be elected by ballot, all said officers to be voted for on official ballots. At any time after said four o'clock a vote may be passed to close the polls in not less than ten minutes.

SECT. 3. All business except the election of such officers and the determination of such matters as by law are required to be elected or determined by ballot shall be considered at an adjournment of said meeting to the following Saturday at one-thirty o'clock in the afternoon.

SECT. 4. All motions shall, if required by the Moderator, be reduced to writing before being submitted to the meeting.

SECT. 5. Upon taking the question, if the decision of the Moderator is doubted, or a division of the house called for, the Moderator shall request the voters to be seated, and shall appoint tellers; the question shall then be distinctly stated, and those in the affirmative and negative, respectively, shall be requested to rise and stand in their places until they are counted by the tellers, who shall carefully count each side and make a report thereof to the Moderator.

SECT. 6. No vote shall be reconsidered at the same meeting, except upon a motion made within one hour of the adoption of such vote, unless ordered by two-thirds of the voters present and voting thereon.

SECT. 7. When a question is before the meeting, the following motions, viz.: —
 to adjourn,
 to lay on the table,
 for the previous question,
 to postpone to a time certain,
 to commit (or recommit) or refer,
 to amend or substitute,
 to indefinitely postpone,

shall have precedence in the order in which they are placed in this section.

In proposed amendments involving amounts or dates, the smallest amount and the shortest time shall be put first.

SECT. 8. After the declaration of the vote for Town officers, fifteen legal voters shall be appointed by the Moderator, who shall constitute a committee to be known as the Warrant Committee. The persons so appointed shall continue as members of said committee until the Town meeting of the ensuing year.

CHAPTER 3

THE WARRANT COMMITTEE

SECTION 1. The Warrant Committee shall, within two weeks after their appointment, meet, at the call of the member thereof first named, for organization by the choice of a chairman and secretary. And they shall meet thereafter from time to time as they may deem advisable.

They shall have power to fill vacancies in their number by vote, attested copy of which shall be sent by the secretary to the Town Clerk.

SECT. 2. It shall be the duty of the Warrant Committee to inform themselves concerning those affairs and interests of the Town, the subject-matter of which is generally included in the warrants for its Town meetings; and the officers of the Town shall,

upon their request, furnish them with facts, figures, and any other information pertaining to their several departments; provided, however, that any such information may be withheld when, in the opinion of the officer or board of officers so requested, the communication thereof might injuriously affect the interests of the Town or its citizens.

SECT. 3. The Warrant Committee shall consider the various articles in the warrants for all the Town meetings held during the period for which they were appointed including the various articles in the warrant for the annual Town meeting next after their appointment; they shall also consider all questions submitted to the voters of the Town at any meeting, including State elections under any act or resolve of the Legislature and proposed amendments to the Constitution; and they shall report in print before all such meetings their estimates and recommendations for the action of the Town.

CHAPTER 4

THE TOWN'S FINANCES AND PROPERTY

SECTION 1. The financial year shall begin with the first day of March.

SECT. 2. The Selectmen shall annually, not less than seven days before the annual meeting, cause to be printed and distributed among the tax-payers of the Town, a detailed report of all moneys received into and paid out of the Town treasury during the preceding calendar year, with such information and recommendations as they may deem proper, and with detailed estimates of the amounts of money that will be required for the ensuing financial year. With this report shall be printed the records of all meetings of the Town held since the last annual report was printed, the reports of the Auditors, of the Surveyors of Highways, and of the Engineers of the Fire Department, the Collector's account of receipts, payments, and abatements, a list of all taxes assessed, an abstract of the births, marriages, and deaths to be furnished by the Town Clerk, a statement concerning the condition and funds of the public library and the cemetery to be furnished by the Trustees respectively, and a statement of all other funds belonging to the Town or held for the benefit of its inhabitants; also statements of the liabilities of the Town on bonds, notes, certificates of indebtedness, or otherwise, and of the total money paid the Town, the income of which is to be applied to the care of lots in the cemetery. The annual report shall also contain such other matters as may be required by the By-Laws of the Town.

SECT. 3. The assessment of taxes shall be completed and the tax list and warrant shall be delivered to the Collector on or before the first day of August in each year.

SECT. 4. Poll taxes shall be payable on demand, and all other taxes assessed in each year shall be payable on or before the first day of November in the same year; and on all such taxes as are not paid on or before the said first day of November, interest shall be charged at a rate to be fixed annually by the Town, pursuant to Section 71 of Chapter 490 of the Acts of the year 1909, Part 1, and the Collector shall use all the means and processes provided by law for the collection of all taxes remaining unpaid after the first day of November in the same year.

SECT. 5. No person being an officer of the Town shall in his official capacity make or pass upon, or participate in making or passing upon, any sale, contract or agreement, or the terms or amount of any payment, in which the Town is interested and in which such officer has any personal interest at variance with that of the Town.

SECT. 6. The Selectmen, being duly authorized by vote of the Town under the limitations imposed by statute, may authorize the Treasurer to borrow money temporarily in anticipation of the collection of taxes, or upon loans authorized by vote of the Town, and to give promissory notes therefor in behalf of the Town, the same to be signed by the Treasurer and countersigned by a majority of the Selectmen.

SECT. 7. No money granted for special purposes shall be applied to any other use unless by a vote of the Town, and all unexpended balances of such grants shall be stated in the annual report.

SECT. 8. No order shall be drawn by any officer or committee on the Town Treasurer for any purpose not authorized by a vote of the Town, or by the laws of the Commonwealth, nor shall any such draft be made for any amount which overdraws the appropriation against which it is made, whether general or special; and the Town Treasurer shall keep full accounts in respect to the several separate appropriations and the drafts made against each, and shall not honor any draft which does not state specifically the appropriation against which it is drawn, or which overdraws such appropriation, whether general or special.

SECT. 9. The Warrant Committee shall send to the Town Treasurer certified copies

of all votes whereby transfers are made out of the Reserve Fund for extraordinary or unforeseen expenditures.

SECT. 10. No board, committee, or officer of the Town shall commit the Town to any expenditure or liability which would, in the ordinary course of business, be chargeable to the appropriation of which such board, committee or officer is or has been in charge, after such appropriation has been exhausted, or after the satisfaction of all liabilities against it would exhaust it, until either the Warrant Committee shall have transferred additional sums to such appropriation, or until the Town at a meeting of the voters, shall have acted in the matter.

SECT. 11. No grant of a sum of money exceeding five hundred dollars shall be made until the subject-matter thereof has been considered and the estimates reported to the Town, either by the Selectmen or other Town officers, or by the Warrant Committee or some committee chosen for that purpose in pursuance of a vote of the Town.

SECT. 12. The Selectmen shall have full authority as agents of the Town to institute and prosecute suits in the name of the Town, and to appear and defend suits brought against it, unless it is otherwise specially ordered by a vote of the Town.

SECT. 13. Whenever it shall be necessary to execute any deed conveying land or other instrument required to carry into effect any vote of the Town, the same shall be executed by the Selectmen, or a majority thereof, in behalf of the Town, unless the Town shall otherwise vote in any special case.

SECT. 14. Three Auditors shall be chosen by ballot at the annual meeting, who shall have the power and perform the duties prescribed by statute.

CHAPTER 5

THE CEMETERY

SECTION 1. The sole care, superintendence, management, and control of the Cemetery shall be intrusted to a Board of five Trustees to serve for the period of five years; one of said Board shall retire and a new member be elected at each annual meeting of the Town.

In case of vacancies in the Board of Trustees the remaining members may fill the same, but any member so chosen shall hold office only until the next annual Town meeting, when a Trustee shall be elected for the unexpired term.

SECT. 2. Citizens of Milton who are heads of families and have been residents of the Town not less than five years shall be entitled to lots in the Cemetery, allowing one lot to a family, subject to the regulations adopted by the Town, upon payment of the charges for putting the lot in order; but by unanimous consent of the Trustees the five years' residence requirement may be waived.

SECT. 3. The Trustees, when in their judgment it shall be deemed advisable, may sell lots at the rate of not less than fifty cents a square foot, but only to those who are in some way connected with Milton people.

SECT. 4. The proprietor of each lot shall cause to be erected, at his own expense, corner-stones, and a step with his name and the number of the lot inscribed on the same, and shall cause his lot to be kept in proper order; and if the proprietor shall omit for thirty days after notice to erect such landmarks and to keep the lot in order, the Trustees shall have authority to have the same done at the expense of said proprietor.

SECT. 5. No lot shall be used for any other purpose than as a place of burial for the dead, and no proprietor shall suffer the remains of any person to be deposited within the bounds of his lot for hire; nor shall any proprietor sell or transfer the whole or any part of his lot without the consent of the Trustees.

SECT. 6. If in the judgment of the Trustees any trees or shrubs in any lot shall become detrimental to the adjacent lots or avenues, or dangerous or inconvenient, it shall be the duty of the Trustees to enter upon said lot and to remove said trees and shrubs, or such parts thereof as are thus detrimental, dangerous or inconvenient.

SECT. 7. There shall be no structure or inscription placed in, upon or around any lot which the Trustees shall deem offensive or improper; and it shall be the duty of the Trustees to remove all offensive or improper objects.

SECT. 8. The Trustees shall have authority to purchase any tomb in the Cemetery offered for sale, paying for the same such sums as, in their judgment, may be fair and reasonable. They shall also have authority to give for any tomb a lot to be constructed on the land occupied by the tomb, or to be selected at some other point in the Cemetery grounds, as they may agree with the proprietor of the tomb. Should there be no living

proprietors, or legal representatives of deceased proprietors, the Trustees may take possession of such Tomb, carefully remove its contents to a lot prepared for the purpose, and erect over the remains a suitable memorial stone.

SECT. 9. The following regulations shall be posted within the Cemetery: —

1. All persons are prohibited from driving on the borders.
2. No horse shall be left upon the grounds without a keeper, unless fastened to posts provided for the purpose.
3. All persons are prohibited from discharging firearms within the grounds of the Cemetery, except in connection with military memorial services.
4. All persons are prohibited from writing upon or otherwise defacing any sign, monument, fence, or other structure.
5. All persons are prohibited from gathering flowers, or breaking any tree, plant or shrub.
6. Dogs are not allowed within the Cemetery grounds.

CHAPTER 6

POLICE REGULATIONS

SECTION 1. No person shall move or assist in moving any building, over any way which the Town is obliged to keep in repair, without the written permit of the Selectmen being first obtained; nor, having obtained such permit, without complying with the restrictions and provisions thereof.

SECT. 2. Whoever, without a written license from the Selectmen, shall cause or suffer any cart or wagon to remain within the limits of any public way so as in any manner to obstruct travel thereon, or for more than twenty-four hours, shall forfeit and pay a sum not less than one dollar and not more than ten dollars for each offence; and he shall be subject to a like penalty if he neglects to remove the same within the time ordered by such officers, who may revoke such license at any time.

SECT. 3. No person shall place or cause to be placed, upon any public way or sidewalk, any lumber, iron, wood, coal, trunk, bale, box, crate, cask, barrel, package or other thing, and allow the same to remain for more than one hour, or more than ten minutes after being notified by a constable, police officer or the Selectmen.

SECT. 4. Any person who intends to erect, repair or take down any building on land abutting on any way which this Town is obliged to keep in repair, and desires to make use of any portion of said way for the purpose of placing thereon building materials or rubbish, shall give notice thereof to the Selectmen. And thereupon the Selectmen may grant a permit in writing to occupy such a portion of said way to be used for such purpose as in their judgment the necessity of the case demands and the security of the public allows; such permit in no case to be in force longer than ninety days, and to be on such conditions as the Selectmen may require; and especially in every case, upon condition that during the whole of every night, from twilight in the evening until sunrise in the morning, lighted lanterns shall be so placed as effectually to secure all travellers from liability to come in contact with such building materials or rubbish.

SECT. 5. No person shall throw or place, or cause to be thrown or placed, any ice or snow into or upon any public way unless the same be broken into small pieces and spread evenly.

SECT. 6. Whoever, without the written permission of the Selectmen, shall place or cause to be placed in or upon any public way, or sidewalk, any ashes, dirt, rubbish or filth of any kind, or any animal or vegetable substance, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 7. Whoever shall suffer any horse or grazing beast, or swine, to run at large in the Town, or to feed in any public way either with or without a keeper, and whoever shall drive any such animal upon any sidewalk, or suffer any horse to remain hitched across any sidewalk, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 8. Three or more persons shall not continue to stand or remain in a group, or near to each other, on any sidewalk or in any public place in such a manner as to obstruct a free passage for foot passengers, after having been requested by a constable or police officer to move on. Any person who shall violate the provisions of this section shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 9. No person shall dig up or obstruct any portion of any way which the Town

is obliged to keep in repair without the permit, in writing, of the Selectmen, nor, having obtained such permit, shall fail to comply with the conditions thereof; and in addition to any penalty to which he may be subjected under these By-Laws for such failure, he shall reimburse the Town for all expenses and damages which, or for which the Town may be compelled to pay by reason of such unauthorized use, or any failure to comply with said conditions.

SECT. 10. No person shall ride or drive any beast of burden, carriage or draught, or shall propel or cause to be propelled any bicycle, tricycle, automobile or any vehicle whatsoever, at a rate of speed exceeding ten miles an hour, in or over any crossing in any public way.

SECT. 11. No person shall permit any team under his care or control to stand across any public way in such a manner as to obstruct the travel over the same for an unnecessary length of time; no person shall stop with any team in any public way so near to another team as to obstruct public travel; and no person shall stop with any team or carriage upon or across any crossing in any public way.

SECT. 12. No person shall drive or take charge of at the same time in any public way two or more vehicles drawn by horses or other beasts; or shall allow any vehicle belonging to him to be driven in any public way without some competent person in charge thereof.

SECT. 13. Whoever shall coast upon ice or snow on Adams Street, between Churchill's Lane and the line of the City of Boston, or upon any public way on which the Selectmen or Superintendent of Police shall by public notice have forbidden such coasting, and whoever shall drive, wheel or draw any coach, cart, wheelbarrow, handcart, velocipede, bicycle or any carriage of burden or pleasure, except children's carriages, or coast upon any sidewalk in the Town, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 14. Whoever shall behave in an indecent or disorderly manner, or use profane, indecent, or insulting language in or upon any sidewalk, public way, or other public place, to the annoyance or disturbance of any other person there being or passing in a peaceable manner, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

SECT. 15. Any person or persons who shall play or perform on any musical instruments, or sing, parade, march, or congregate in any public way or public place, except in connection with a funeral, without the written permit of the Selectmen, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

SECT. 16. Whoever shall be or remain on any doorstep, portico, or other projection from any house or building, or upon any wall or fence on or near any public way or public place, after being requested by the occupant of the premises or by any constable or police officer to remove therefrom, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 17. No person shall throw stones, snowballs, sticks, or other missiles, or kick a football or play at any game in which a ball is used, or fly any kites or balloons, in any public way.

SECT. 18. Whoever shall affix, by paste or otherwise, any handbill, placard, notice, or advertisement, or paint, draw or stamp the same, or any marks or figures, to or upon any sign board of the Town, or to or upon any building, fence, wall, tree or structure, without the permission of the owner of such building, fence, wall, tree or structure, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence; and if such handbill, placard, notice, advertisement, mark, or figure be obscene or indecent, the penalty shall not be less than twenty dollars for each offence.

SECT. 19. Whoever shall undertake to enter a particular drain into a common sewer without a permit in writing from the Sewer Commissioners or without complying with the conditions and directions of such permit, shall forfeit and pay a sum not exceeding ten dollars.

SECT. 20. Whoever shall lead or cause to be led into any public way, or running stream, any drain or pipe from any house or other building whereby filthy water or other unclean matter may be emptied into or upon any such public way or running stream; and whoever shall throw, lead or discharge or cause to be thrown, led or discharged, into any public way, or running stream, any noxious or poisonous matter or substance, or any matter or substance which shall cause an offensive smell or odor, or which shall be destructive of, or injurious to, animal life, shall forfeit and pay a sum not less than five dollars nor more than twenty dollars.

SECT. 21. The Selectmen may grant licenses to use a certain portion of any public way as a carriage-stand, under such terms and conditions as they may prescribe; and

no person shall use any portion of any public way as a carriage-stand for the solicitation of passengers for hire without a license from the Selectmen. But licenses shall not be confined to one person to the exclusion of other applicants, and shall be granted so as to allow competition and promote public convenience.

SECT. 22. No person shall distribute papers, circulars, or advertisements through the Town or any portion thereof in such a manner as to make a litter or otherwise cause public annoyance.

SECT. 23. No person shall fire, discharge, explode or set off any gun, firearm, torpedo, fire-cracker or fire-works in such manner as to frighten any horse, or to disturb the peace or quiet of any neighborhood.

SECT. 24. No person shall wilfully deface or injure any public playground, planting space, flower bed, tree, shrub or grass border.

SECT. 25. No person shall own or keep a dog which by barking, biting, howling or in any other manner is disturbing the peace or quiet of any neighborhood.

SECT. 26. No person shall hawk or peddle any of the articles enumerated in Section 15 of Chapter 65 of the Revised Laws, until he has recorded his name and residence with the Superintendent of Police, and been assigned a number by him, nor unless any vehicle or receptacle in which he shall carry or convey such articles shall have painted on it in letters and figures at least two inches in height the name of the person selling, and the number given him by the Superintendent of Police, and be approved on the first Monday in every month by the Superintendent of Police; provided, however, that the foregoing provisions shall not apply to minors licensed by the Selectmen; and, further, provided that the Selectmen may restrain the sale by minors of any or all such articles.

No person hawking, peddling or selling, or exposing for sale, any articles enumerated in Section 15 of Chapter 65 of the Revised Laws, shall cry his wares to the disturbance of the peace and comfort of the inhabitants of the town.

No hawker or peddler shall carry or convey any articles enumerated in Section 15 of Chapter 65 of the Revised Laws in any manner that will tend to injure or disturb the public health or comfort, nor otherwise then in vehicles or receptacles which are neat and clean and do not leak.

SECT. 27. The Selectmen may license suitable persons to be dealers in and keepers of shops for the purchase, sale, or barter of junk, old metals, or second-hand articles, in the Town. They may also license suitable persons as junk collectors, to collect, by purchase or otherwise, junk, old metals, and second-hand articles from place to place in the Town; and they may provide that such collectors shall display badges upon their persons, or upon their vehicles, or upon both, when engaged in collecting, transporting, or dealing in junk, old metals, or second-hand articles; and may prescribe the design thereof. They may also provide that such shops and all articles of merchandise therein, and any place, vehicle or receptacle used for the collection or keeping of the articles aforesaid, may be examined at all times by the Selectmen or by any person by them authorized thereto. The aforesaid licenses may be revoked at pleasure, and shall be subjected to the provisions of Sections 186 to 189 inclusive of Chapter 102 of the Revised Laws.

Whoever violates any provisions of Sections 26 and 27 shall in cases not otherwise provided for, forfeit and pay for each offence a fine not exceeding twenty dollars.

SECT. 28. The Selectmen may order numbers to be affixed to or painted on the buildings on any street in their discretion. The owner of every house shall comply with such order within thirty days thereafter.

PROSECUTIONS AND PENALTIES

Except when otherwise provided by law, prosecutions for offences under the By-Laws of the Town may be made by any constable or police officer of the Town.

CHAPTER 7

THE CONSTRUCTION AND INSPECTION OF BUILDINGS

SECTION 1. This Chapter shall constitute and be known as the Building Code and may be cited as such. It provides, in conjunction with Chapter 635, Acts of 1912, known as the "Tenement House Act," for all matters concerning the construction,

equipment, alteration, repair, demolition or moving of buildings or structures erected or to be erected in the Town of Milton.

SECT. 2. Whenever the word "Inspector" occurs in this Chapter it means the Inspector of Buildings.

SECT. 3. The Inspector may, so far as is necessary for the performance of his duties, enter any building or premises within the Town at any reasonable hour.

SECT. 4. In this Chapter the following terms shall have the meanings respectively assigned to them:

First Class Buildings: A first class building shall consist of fireproof material throughout, with floors constructed of iron, steel or reinforced concrete beams, filled in between with terra cotta or other masonry arches or with concrete or reinforced concrete slabs. Wood may be used only for under and upper floors, window and door frames, sashes, doors, interior finish, handrails for stairs, necessary sleepers bedded in cement, and for isolated furrings bedded in mortar. There shall be no air space between the top of any floor arches and the floor boarding.

Second Class Buildings: Second class buildings shall include all buildings not of the first class, the external and party walls of which are of brick, stone, iron, steel, concrete, reinforced concrete, concrete blocks or other equally substantial and fireproof material.

Third Class Buildings: Third class buildings shall include all buildings not of the first or second class.

Thickness of Wall: The minimum thickness of such wall.

Grade: Average grade of the ground immediately adjoining a building.

Cellar: A story more than one-half below the average grade of the ground immediately adjoining a building.

Wooden Frame Building: Any building of which an external wall is constructed wholly or partly of wood. Wood frames covered with metal, wire lath and plaster or brick shall be deemed to be wood structures.

Reinforced Concrete: By the term "reinforced concrete" is meant an approved concrete mixture reinforced by steel of any shape so combined that the steel takes up the tensile stress and assists in the resistance to shear.

Story: That part of a building between the top of any floor beams and the top of the floor or roof beams next above.

PERMITS

SECT. 5. Before the erection, construction or alteration of any building or part of any building, structure or part of any structure, wall, or any platform or flooring to be used for standing or seating purposes, is commenced, the owner or lessee, or agent of either, or the architect or builder employed by such owner or lessee in connection with the proposed erection or alteration shall, except for ordinary repairs, submit to the Inspector a detailed description of the location, purpose and construction of the proposed structure or work on proper blanks to be furnished by the Inspector, and full and complete copies of the plans of such proposed work, and such structural detailed drawings as the Inspector may require.

Such plans and detailed drawings shall be furnished in duplicate and, if approved by the Inspector, one set shall be kept at the building during the progress of the work, open to the inspection of the Inspector or his representative. The other shall be kept on file in the office of the Inspector.

The Inspector may require an applicant for a permit to submit with the plans of a building or other structure detailed drawings and calculations of any portions thereof subjected to unusual stresses, or of complicated construction, or for a steel frame or reinforced construction, or of any type of construction not particularly described in this chapter.

Nothing in this section shall be construed to prevent the Inspector from granting his approval of the erection of any part of a building or structure where the general plans and detailed descriptions have been filed for the same, before the entire detailed plans have been submitted.

SECT. 6. It shall be the duty of the Inspector to approve or reject any plans filed with him pursuant to the provisions of this chapter within a reasonable time and within ten (10) days in any event, and no work shall be commenced until a permit is issued.

SECT. 7. Upon approval of plans the Inspector shall issue a permit. The permit shall be void unless work is commenced within three (3) months from the date thereof.

SECT. 8. No building shall be lathed nor shall any metal ceiling, plaster board or

other covering be put on until the Inspector has been notified that the building is ready for such work, and until he has given written consent thereto.

SECT. 9. If a proposed building or structure is of a size or character not provided for by this chapter, plans and specifications of such building or structure shall be submitted to the Inspector and referred by him, with his recommendations thereon, to the Board of Selectmen for approval.

CONSTRUCTION

SECT. 10. The Inspector shall examine all buildings in the course of erection or alteration as frequently as is necessary, to see that the Law and the By-Laws of the Town are complied with.

SECT. 11. Every portion of every building or other structure in process of construction, alteration, repair or removal and every neighboring building or other structure or portion thereof affected by such process, or by any excavation, shall be properly supported during such process or excavation.

SECT. 12. All masonry below the finished grade shall be laid up in mortar no poorer than one part Portland cement and three parts sand.

All masonry above grade shall be laid up in mortar no poorer than one part Portland cement, one part lime, and six parts sand.

SECT. 13. Every building or structure hereafter erected shall have a masonry foundation resting upon the solid ground, piles, or other durable structure. Said foundation shall be securely and properly built, and shall be of such thickness as to properly sustain the weight it is intended to support; provided, however, that the Inspector may, in his discretion, permit the use of other materials for foundations of buildings not over one and one-half stories high.

SECT. 14. The underpinning above grade, if of concrete, shall be not less than ten (10) inches in thickness; if of brick, not less than twelve (12) inches in thickness; if of stone, not less than sixteen (16) inches in thickness; and shall be laid in cement mortar, as prescribed in Section 12.

SECT. 15. All foundation walls and pier footings shall be laid at least three (3) inches below cellar bottom and not less than three (3) feet six (6) inches below any adjoining surface exposed to frost.

SECT. 16. All piers shall be built of stone, good hard burnt brick laid in mortar, or reinforced concrete. Isolated brick piers shall not exceed in height ten (10) times their horizontal dimensions and, if of reinforced concrete, fifteen (15) times their least horizontal dimensions, which shall not be less than twelve (12) inches. Cement filled iron columns may be substituted for piers if of suitable size to carry the superimposed load. Such columns shall have cast iron caps and bases and shall rest on footings of masonry, stone, or concrete which shall be at least twelve (12) inches in each dimension.

SECT. 17. For buildings other than frame, where the walls are of brick or solid concrete, the minimum thickness in inches of all exterior and dividing walls carrying the loads of floors and roofs and including foundation walls for the same shall be not less than specified in the following table:

<i>Height</i>	<i>Foundations</i>	<i>Basement</i>	<i>Stories</i>					
			1	2	3	4	5	6
1 Story	16	12	8					
2 Stories	16	12	12	8				
3 Stories	20	16	12	12	8			
4 Stories	20	16	16	12	12	8		
5 Stories	20	16	16	16	12	12	8	
6 Stories	24	20	16	16	16	12	12	8

The height of stories for the thickness of walls given shall not exceed:

First Story	17 feet
Second Story	15 feet
Third Story	13 feet
Fourth and Upper Stories	12 feet

and if any story exceeds the foregoing heights, it shall be counted as one additional story for each twelve feet in height or fraction thereof and the thickness of the walls not diminished from the thickness of the lower portion of such story.

If stone is used in place of brick or solid concrete, the thickness of walls shall be made four (4) inches thicker than above specified.

In external walls of the thickness specified in this section, the area of openings for windows, doors, flues, etc., shall not exceed 50 per cent of the gross sectional area. In case the width of such openings exceeds one-half the length of the wall, the thickness of piers between openings shall be increased so as to maintain an area of at least fifty (50) per cent of the gross area required by the specified thickness; provided, however, that in the upper half of any vertical portion of the wall required to be of constant thickness a smaller addition may be made to the thickness of piers, if the stresses allowed by this code are not exceeded. Curtain walls of brick or concrete between piers, where carried to the piers by arches or lintels at each story, shall be not less than eight (8) inches in thickness.

SECT. 18. Vaulted walls shall contain, exclusive of ties, the same amount of material as required for solid walls, and shall be securely tied together with headers in every sixth course at least.

SECT. 19. In reckoning the thickness of walls, no allowance for ashlar shall be made unless it is at least eight (8) inches thick, in which case the excess over four (4) inches shall be reckoned as part of the thickness of the wall. Ashlar shall be at least four (4) inches thick and properly held by metal clamps to the backing, or properly bonded to the same.

SECT. 20. Reinforced concrete construction will be accepted for buildings of the first class, and must be designed in accordance with the recommendations of the Joint Committee of the American Society of Civil Engineers, or American Society for Testing Materials, and all materials used in the construction must conform to the requirements of the standard specifications of the American Society for Testing Materials.

The Building Inspector shall have authority to require tests to be made of all materials used in the construction. Such tests shall conform to the requirements as approved by the American Society for Testing Materials.

Only stone or gravel concrete shall be allowed in the construction of reinforced concrete buildings, except that slag or cinder concrete may be used for fireproofing purposes and for floors or roofs where the superimposed load does not exceed fifty (50) pounds per square foot, and the spacing between supports does not exceed six (6) feet.

The allowable unit stresses shall not exceed those recommended by the Joint Committee above mentioned.

Before issuing permit for the construction of reinforced concrete buildings, the Inspector of Buildings shall require the owner to submit a complete set of working drawings and details of the proposed construction with the approval of some well-known consulting engineer written upon each sheet of the drawing, and the cost of such approved drawings shall be paid by the owner.

SECT. 21. The studding in outside walls shall be at least two (2) by four (4) inches in size and spaced not over sixteen (16) inches on centers.

Studs next door and window openings shall be at least three (3) inches by four (4) inches and shall be mortised into sills and girts.

Openings in outside walls shall be trussed if the Inspector so requires.

SECT. 22. Every wooden building hereafter erected or altered shall have all parts of sufficient strength to carry the weight of the super-structure; shall be built with sills, posts, girts, studs and plates all properly framed, braced and secured together by mortising, strapping or halving, to the satisfaction of the Inspector.

The posts and girts shall be not less than four (4) inches in size except intermediate posts, which shall be not less than four (4) inches by eight (8) inches in size. Studs in interior partitions shall be placed not more than twenty (20) inches on centers. Plates shall be not less than four (4) inches by four (4) inches in size, but may be two (2) inches by four (4) inches doubled. Sills shall be not less than four (4) inches by six (6) inches in size.

SECT. 23. The studding of main or carrying partitions shall be not less than two (2) by four (4) inches in size, and shall rest on a sole piece of hard pine two (2) by four (4) inches. All openings in main partitions of more than thirty-six (36) inches shall be trussed and have studs doubled at sides. Every partition shall have a header extending the length of the partition, and carrying partitions shall be bridged with stock the full width of studding and two (2) inches thick, at least once in height.

Partitions over twelve (12) feet in height shall be bridged at least once in every six (6) feet.

When carrying partitions rest directly over each other, the studs shall run down between the floor beams and rest on the header of the partition below.

Headers of carrying partitions shall be at least two (2) inches by four (4) inches in size, doubled and of hard pine.

SECT. 23 A: All wooden header beams more than four (4) feet long used in any building shall be framed together and pinned or hung to the trimmer beams in stirrup-irons. When it is not practicable to frame or secure the ends of tail beams into header beams, the ends of the tail beams shall be hung to the header beams by stirrup-irons.

SECT. 24. All wooden beams of floors or flat roofs shall be properly bridged with cross bridging at least one (1) inch by three (3) inches in size, and the distance between bridging or between bridging and walls shall not exceed eight (8) feet.

SECT. 25. No part of any floor timber shall be within two (2) inches of any chimney; no studding or furring shall be within one (1) inch of any chimney; and no timbers or woodwork shall be within two (2) inches of the back wall of any fireplace. The header beam, carrying the tail beams of a floor and supporting the trimmer arch in front of a fireplace, shall be not less than eighteen (18) inches from the finished chimney breast.

SECT. 26. Every wooden beam, except header beams, shall rest four (4) inches in the wall at each end, or upon a girder or column as authorized by this chapter, unless the wall is properly corbelled out of four (4) inches, in which case the brickwork or corbelling shall extend to the top of the floor beams.

SECT. 27. The ends of all wooden beams of floors where they rest on brick walls, and the ends of all wooden roof beams in parapeted walls, shall be cut to a bevel of three (3) inches in their depth.

SECT. 28. No cutting of timbers for any purpose shall be done so as to reduce the strength of the supporting parts below that required by the provisions of this chapter. No floor timber, header or trimmer beam of any building shall be cut into more than two (2) inches in depth for piping without a permit from the Inspector. Holes for electric wires through wooden beams, girders or floor beams shall not be located more than one (1) inch from the neutral axis thereof.

SECT. 29. Every second and third class building hereafter built shall have in each story all vertical space in the exterior walls, and carrying partitions thoroughly stopped with fireproof materials not less than four (4) inches in height. These steps may be omitted on approval of the Inspector in cases where the studding is to remain open and uncovered. In every building used solely as a mill or factory there shall be a fireproof stop between the upper and under floor. This fire stop may, however, be omitted if the floor boards are at least two (2) inches thick and splined or tongued together and the space between the timbers of the floor open and uncovered.

SECT. 30. All floors shall be of sufficient strength to bear the weight imposed thereon and of sufficient strength in all parts to safely bear (in addition to the weight of the material of which the floor is composed), upon every square foot of its surface not less than the weights named below for the specified purposes for which such floors are respectively used or designed to be used:

Dwelling houses and hotels [except public rooms having a floor area of over five hundred (500) square feet and corridors], fifty (50) pounds; unfinished attics used for storage purposes only, thirty (30) pounds; schoolhouses, except corridors and assembly halls, sixty (60) pounds; stairs, landings, platforms, fire escapes, office floors, places of public assembly and public buildings having permanent seats, seventy-five (75) pounds; stables, private garages and the portions of public garages not containing machinery, seventy-five (75) pounds; corridors of hotels, of public buildings and of schoolhouses and rooms in hotels exceeding five hundred (500) square feet in area, one hundred (100) pounds; retail stores and buildings for light manufacturing purposes, one hundred and twenty-five (125) pounds; places of public assembly and public buildings having movable seats, dance halls and gymnasiums, two hundred (200) pounds; warehouses and buildings for heavy manufacturing purposes, two hundred and fifty (250) pounds. Loads not included in the above classification shall be determined by the Inspector.

SECT. 31. The pressure upon brick masonry in walls or piers, of which the thickness or least dimension is more than one-sixth of the height, when lime mortar is used, shall not exceed eight (8) tons per square foot; with lime and cement mortar, twelve (12) tons per square foot; with cement mortar, eighteen (18) tons per square foot. When the thickness or least dimension is between one-sixth and one-twelfth the height, and lime mortar is used, the pressure shall not exceed seven (7) tons per square foot; lime and cement mortar, ten (10) tons per square foot; with cement mortar, fifteen (15) tons per square foot.

On first class stone work laid in cement, pressures shall not exceed: on sandstone,

thirty (30) tons per square foot; on marble or limestone, forty (40) tons per square foot; on granite, sixty (60) tons per square foot.

Hollow blocks of terra cotta or concrete when used for bearing walls shall have not more than fifty (50) per cent of cellular space. Concrete blocks shall not be used in construction until they have attained the age of twenty-eight days, or developed the strength required in this section. All building blocks shall be laid in Portland cement mortar.

The compressive strength of building blocks shall in all cases be calculated upon the gross area of the bedding faces, no account being taken of the cellular spaces. The average ultimate compressive strength for terra cotta blocks laid with cells vertical shall be not less than twelve hundred (1200) pounds per square inch; the average for concrete blocks laid with cells vertical shall be not less than eight hundred (800) pounds per square inch. Concrete blocks shall be not less than thirty-six (36) days old when tested. The average strength of the blocks as here given shall be obtained by testing ten blocks of average quality.

The allowable working stress of hollow building blocks shall not exceed one hundred (100) pounds per square inch of gross area for terra cotta blocks, or seventy-five (75) pounds per square inch of gross area for concrete blocks. If a wall be built of blocks with the cells horizontal, the allowable working stress shall not exceed thirty (30) pounds per square inch of gross area.

The maximum stress in pounds per square inch in woodwork shall not exceed the following:

	<i>Long-leaved Yellow Pine Oak and Locust</i>	<i>Other Woods</i>
Direct tension on compr. or fiber str.	1,500	1,000
Direct comp. side grain	500	300
Shear across fiber	1,200	800
Shear with fiber	150	100
Short columns	1,000	700

Columns may be used with a length not exceeding forty (40) times the least dimension. The unit strain for lengths up to ten (10) times the least dimensions shall be as given in the above table, with a reduction of one hundred (100) pounds per square inch for every increase of ten in the ratio of length to least dimension.

The maximum stress in tension in cast iron, or tensile fiber stress in case of beams, shall not exceed three thousand (3000) pounds per square inch. The maximum compression in short pieces or compressive fibre stresses in beams shall not exceed sixteen thousand (16,000) pounds per square inch. Cast iron columns may be used with a length not exceeding twenty (20) times their least external diameter. The unit stress for lengths up to three (3) times their least diameter shall not exceed eleven thousand (11,000) pounds per square inch, with a reduction of five hundred (500) pounds per square inch for every increase of 3 in the ratio of length to least diameter.

In rolled steel the maximum stresses shall not exceed the following:

Tension and fiber stress, 16,000 lbs. per square inch; compression in columns, 13,000 lbs. per square inch.

Columns may be used with a ratio of length (l) to least radius of gyration (r) not exceeding 16, l being expressed in feet and the r in inches. The unit stress allowed shall be 13,000 pounds per square inch for l/r from 2 to 4; 12,000 from 4 to 6; with a decrease of 1,000 pounds for each succeeding increase of 2 in the ratio of l to r.

Shear in rivets, 10,000 lbs. per square inch; shear in rough bolts, 9,000 lbs. per square inch; shear in web (stiffened), 8,000 lbs. per square inch; bearing on rivets, 18,000 lbs. per square inch; bearing on rough bolts, 15,000 lbs. per square inch.

The maximum stresses in wrought iron shall not exceed seventy-five (75) per cent of those allowed in rolled steel.

Materials not specifically mentioned above shall not be allowed to carry stresses exceeding one-quarter the stresses which would cause fracture or cracks in specimens of such materials of average quality under similar conditions of loading. In cases of doubt of the strength of such materials, the owner may be required to make such tests as the Inspector shall deem necessary to determine the strength, said tests to be made in the presence of the Inspector or his authorized representative.

SECT. 32. Frame buildings veneered on the outside with four (4) inches of brick or stone work shall have such brick or stone work supported on a foundation of masonry,

and shall be properly anchored to the frame structure. The height of any such veneer shall not exceed twenty-five (25) feet above the solid masonry.

SECT. 33. All hot air furnaces, low pressure boilers, and hot water heaters shall be placed at least two (2) feet from any wooden or combustible partition or ceiling, unless such partition or ceiling is properly protected by incombustible material, when the distance shall be not less than one (1) foot.

SECT. 34. No wood shall be placed within one (1) inch of any smoke flue or metal pipe used to convey hot air. No smoke pipe shall pass through any wood floor. No smoke pipe shall be placed nearer than twelve (12) inches to any woodwork unless it is properly guarded by metal shields; if so guarded smoke pipes shall be not less than six (6) inches distant. Where smoke pipes pass through a lath and plaster partition they shall be guarded by galvanized iron ventilated thimbles at least twelve (12) inches larger in diameter than the pipes, or by galvanized iron thimbles surrounded by solid masonry extending through the partition and eight (8) inches larger than the pipe. No smoke pipe shall pass through the roof of any building unless a special permit be first obtained from the Inspector of Buildings.

SECT. 35. Steam or hot water heating pipe shall not be placed within two (2) inches of any timber or woodwork, unless the timber or woodwork is protected by a metal shield; then the distance shall be not less than one (1) inch. All steam or hot water heating pipes passing through floors and ceilings or lathed and plastered partitions shall be protected by a metal tube one (1) inch larger in diameter than the pipe — having a metal cap at the floor.

All pipes or ducts used to convey air warmed by steam or hot water shall be of metal or other fireproof material. All steam and hot water pipe coverings shall consist of fireproof materials only.

SECT. 36. All walls, ceilings and partitions inclosing drying-rooms, when not made of fireproof material, shall be wire lathed and plastered, or covered with metal, tile or other hard, incombustible material.

SECT. 36 A: No portion of any building of third class construction to which the provisions of Chapter 635 of the Acts of 1912 do not apply shall be hereafter erected, enlarged, altered, or placed nearer than four (4) feet to the line of any adjacent lot or to any other building of the first or second class; or nearer than eight (8) feet to any portion of any other building of the third class on the same lot, unless fireproof masonry walls, with openings protected as required by Section 36, are built next to the said lot or other building, such walls to be of thickness provided under Section 17.

SECT. 37. In first or second class buildings all openings in walls within four (4) feet of adjoining property lines shall be protected by metal shutters or by metal sash, frames and wire glass.

SECT. 38. Every building of the third class hereafter erected to form a block of two or more buildings shall have a wall of brick, or Portland cement concrete, or other equally substantial and approved fireproof material between adjoining buildings, completely separating same. Such walls to be of thickness specified in Section 17, carried to under side of roof boarding.

SECT. 38 A: Every dwelling to which the provisions of Chapter 635 of the Acts of 1912 do not apply shall have at least two independent means of egress.

ELECTRIC WIRING AND FIXTURES

SECT. 39. All wires, appliances and apparatus in the interior of a public building or on private premises, which are intended for the transmission of electricity and to be connected with an outside circuit, shall be made and at all times kept safe, and shall be placed, arranged, attached, changed and maintained by the person, firm or corporation owning or using the same, to the satisfaction of the Inspector of Wires appointed in accordance with the provisions of Chapter 337 of the Acts of the year 1899. The Inspector of Wires shall have access at all reasonable times to such wires, appliances and apparatus.

Before any person, firm or corporation shall arrange, fix, or essentially change any such wires, appliances and apparatus, the Inspector of Wires shall be notified and given full opportunity to inspect the said wires and their arrangement and fixtures before the same are covered or enclosed. Wires in the interior of buildings and on private premises shall not be connected with an outside circuit which crosses or runs along, over or under any street or way of the Town without written permission therefor having been first obtained from the Inspector of Wires.

Companies and contractors making any repairs on or installing any electric plants in the Town of Milton shall send a notice to the Inspector of Wires before the work is commenced.

All work and material must be supplied and installed in accordance with provisions of the National Electric code and any amendments or additions thereto.

GAS FIXTURES

SECT. 40. The burners of all gas fixtures shall be at least three (3) feet below any ceiling or woodwork, unless the same is properly protected by a shield, in which case the distance shall be not less than eighteen (18) inches. No gas bracket on any lath and plaster partition or woodwork shall be less than five (5) inches in length, measured from the burner to the plaster surface or woodwork.

SECT. 41. Gas pipes in any building or structure shall be installed in accordance with the rules and regulations prescribed by the company furnishing gas. All gas pipes shall be inspected and tested by the gas company before the pipes are covered, and a certificate of the same from the gas company shall be placed on file with the Inspector of Buildings by the owner of the building or his representative. The method of installation of the gas pipes shall be subject to the approval of the Inspector of Buildings.

SECT. 42. Every hot water boiler hereafter installed, to be used for heating purposes, shall be provided with a safety or relief valve of a size not less than that known commercially as one-half ($\frac{1}{2}$) inch. Such valve shall be attached either directly to the boiler or to some pipe connected therewith at a point not more than one foot from the boiler.

REGULATIONS MADE BY THE FIRE ENGINEERS ACCORDING TO THE PROVISIONS OF CHAPTER 32, SECTION 46 OF THE REVISED LAWS IN REGARD TO CHIMNEYS, FLUES, FIREPLACES AND HEATING PIPES.

SECT. 43. All chimneys hereafter erected shall be built of brick, stone or other incombustible material.

SECT. 44. All chimneys hereafter erected, if walls are less than eight (8) inches thick, shall be lined on the inside with terra cotta or tile pipe, made smooth on the inside from two (2) feet below girder, or from the throat of the fireplace, if the flue starts from the latter, and carried up continuously to the top. The ends of all such lining pipes shall be made to fit close together, and the pipe shall be built in, as the flue or flues are carried up. The walls shall be at least four (4) inches thick. No parging mortar shall be used on the inside of any fireplace, chimney or flue. The firebacks of all fireplaces hereafter erected shall be not less than eight (8) inches in thickness if of solid brickwork nor less than twelve (12) inches if of stone. When a grate is set in a fireplace, a lining of firebrick at least two (2) inches in thickness shall be added to the fireback, unless soapstone, tile or cast iron is used and filled solidly behind with fireproof material.

All chimneys shall extend at least three (3) feet above the highest point at which the chimney cuts the roof and at least six (6) inches above any roof surface within ten (10) feet in a horizontal line.

SECT. 45. Imitation fireplaces intended for use with gas or electricity and not having a flue shall be constructed throughout, including the hearth, of fireproof material not less than two (2) inches thick.

Hearths of all fireplaces and chimney breasts where mantels are placed shall be supported by trimmer arches of brick, stone, burnt clay or concrete at least eighteen (18) inches in width measured from the face of the finished chimney breast and not less than sixteen (16) inches longer than the width of the finished fireplace opening. Wooden centers under trimmer arches shall be removed before plastering the ceiling underneath. Hearths may be supported on steel cantilever beams built not less than sixteen (16) inches into the chimney.

SECT. 46. No chimney shall be supported by, started or built upon any woodwork.

In no case shall a chimney be corbelled out more than two-thirds the thickness of a wall to which it is attached, and in all such cases the corbellings shall consist of at least five course of brick. Where chimneys are supported by piers, the piers shall start from the foundation on the same line with the chimney breast, and shall be not less than twelve (12) inches on the face, properly bonded into the walls. When a

LEGISLATIVE ACTS ACCEPTED BY THE TOWN OF MILTON

MARCH 19, 1866. *Voted*, To establish a High School, according to the provisions of Section 2 of Chapter 38 of the General Statutes.

MARCH 2, 1874. *Voted*, To accept the provisions of Chapter 265 of the Acts of 1873, relative to public landing places in the Town of Milton.

MARCH 4, 1878. *Voted*, To accept the provisions of Sections 23 to 32 of Chapter 24 of the General Statutes, relative to the establishment of a board of fire engineers.

MARCH 3, 1879. *Voted*, To accept the provisions of Section 21 of Chapter 38 of the General Statutes, relative to the election of School Committee.

DECEMBER 8, 1879. *Voted*, To accept the provisions of Section 1 of Chapter 234 of the Acts of 1878, relative to truants and neglected children.

MARCH 1, 1880. *Voted*, To accept the provisions of Section 1 of Chapter 234 of the Acts of 1878, relative to truants and neglected children.

MARCH 5, 1883. *Voted*, To accept the provisions of Section 10 of Chapter 48 of the General Statutes, relative to truants and neglected children.

MARCH 7, 1881. *Voted*, To accept the Act of the Legislature, Chapter 158 of the Laws of 1871, entitled, "An Act to Provide for the Election of Road Commissioners."

MARCH 3, 1890. *Voted*, To accept the first nine sections of Chapter 51 of the Public Statutes, said chapter being entitled, "Of Betterments, and Other Assessments on Account of the Cost of Public Improvements."

FEBRUARY 12, 1891. *Voted*, To accept the Act authorizing towns and cities to lay out public parks within their limits; being Chapter 154 of the Acts of 1882.

MARCH 2, 1891. *Voted*, To accept the provisions of Chapter 386 of the Acts of 1890, relative to the election of Town Officers.

FEBRUARY 3, 1894. *Voted*, That the Town does hereby accept the provisions of Section 268 of Chapter 417 of the Acts of the Legislature of Massachusetts passed in the year 1893, relative to the election of a separate Board of Assessors.

NOVEMBER 28, 1894. *Voted*, That the Town hereby accepts the provisions of Chapter 324 of the Acts of the Legislature of 1894, entitled "An Act Relative to the Reservation of Spaces in Public Ways."

MARCH 4, 1895. *Voted*, That the Town hereby accepts the provisions of Chapter 309 of the Acts of 1885, entitled, "An Act Authorizing Cities and Towns to License Groves, to be Used for Picnics and Other Lawful Amusements."

MARCH 4, 1895. *Voted*, That the Town hereby accepts the provisions of Section 272 of Chapter 417, Acts of the Legislature of 1893, relating to the election of Sewer Commissioners in towns.

MARCH 4, 1895. *Voted*, That the Town hereby accepts the provisions of Chapter 462 of the Acts of the Legislature of 1893, entitled "An Act to Authorize the Establishment of a Building Line on Public Ways."

MARCH 4, 1895. *Voted*, That the Town hereby accepts the provisions of Chapter 218 of the Acts of the Legislature of 1894, as amended by Chapter 473 of the Act of the same year, being "An Act Relative to the Election of Boards of Health in Towns."

MARCH 4, 1895. *Voted*, That the Town hereby accepts the provisions of Sections 20 and 21 of Chapter 50 of the Public Statutes, relating to the establishment and grading of sidewalks, by the Selectmen.

JUNE 29, 1895. *Voted*, That the Town accept the provisions of Chapter 304 of the Acts of 1895, entitled, "An Act to Authorize the Town of Milton to Construct One or More Systems of Sewerage."

MARCH 1, 1897. *Voted*, That the Town accept Chapter 101 of the Public Statutes, entitled, "Of the Suppression of Common Nuisances."

MARCH 1, 1897. *Voted*, That the provisions of Chapter 481 of the Acts of the year 1894, be accepted, entitled, "Regulation and Inspection of Buildings."

MARCH 5, 1900. *Voted*, That Chapter 344, Acts of 1899, entitled, "An Act to Make Eight Hours a Day's Work for City and Town employees," be accepted.

MARCH 3, 1902. *Voted*, That the Town accept Section 18 of Chapter 122 of the Revised Laws, relative to the appointment of an Inspector of Wires.

MARCH 3, 1902. *Voted*, That the Town accept Chapter 38 of the Revised Laws of Massachusetts, relative to the election of a treasurer of Public Library Trustees.

JULY 14, 1902. *Voted*, To accept Chapter 307 of the Acts of 1902, entitled, "An Act to Supply the Town of Milton with Water."

AUGUST 16, 1902. *Voted*, To accept Sections 58 to 64, inclusive, of Chapter 48 of the Revised Laws, relative to jurisdiction of towns over highways and county bridges.

MARCH 2, 1903. *Voted*, To accept Sections 20 and 21, of Chapter 25 of the Revised Laws of Massachusetts, relating to public baths, etc.

MARCH 2, 1903. *Voted*, To accept Section 339 of Chapter 11 of the Revised Laws, and Acts in amendment thereof and in addition thereto, relative to the election of Overseers of the Poor.

MARCH 7, 1904. *Voted*, To accept Section 70 of Chapter 75 of the Revised Laws, relating to privy vaults.

MARCH 6, 1905. *Voted*, To accept Chapter 103 of the Revised Laws, relative to supervision of plumbing.

JULY 21, 1905. *Voted*, To accept Chapter 381 of the Acts of 1905, relative to the suppression of gypsy and brown-tail moths.

MARCH 1, 1909. *Voted*, To accept the provisions of Chapter 476, Acts of 1908, relative to vacations of members of Police departments.

MARCH 7, 1910. *Voted*, To accept the provisions of Section 43 of Chapter 49 of the Revised Laws, relative to the grading and construction of sidewalks.

MARCH 4, 1911. *Voted*, To accept the provisions of Section 359 of Chapter 560 of the Acts of 1907, relative to the election of Moderator for the term of one year.

MARCH 4, 1911. *Voted*, To accept the provisions of Section 362 of Chapter 560 of the Acts of 1907, relative to the number of Constables to be elected.

NOVEMBER 7, 1911. *Voted*, To accept Chapter 634, Acts of 1911, authorizing counties to establish retirement systems for employees.

MARCH 11, 1912. *Voted*, To accept Chapter 146 of the Acts of 1911, authorizing the Town to establish an Art Commission.

MARCH 11, 1912. *Voted*, To accept the provisions of Chapter 468 of the Acts of 1911, relative to the extension of the Civil Service Act to the Chiefs of Police in certain cities and towns.

MARCH 11, 1912. *Voted*, To accept the provisions of Chapter 314 of the Acts of 1911, relative to authorizing the School Committee to spend money for the supervision of sports.

MARCH 11, 1912. *Voted*, To accept the provisions of Chapter 367 of the Acts of 1911, relative to the use of school halls for other than school purposes.

NOVEMBER 5, 1912. *Voted*, To accept the provisions of Chapter 503 of the Acts of 1912, an Act relative to pensioning laborers in the employ of cities and towns.

MARCH 3, 1913. *Voted*, To accept the provisions of Chapter 327 of the Acts of 1904, relative to the pensioning of permanent members of the Police and Fire Departments.

MARCH 3, 1913. *Voted*, To accept Chapter 498, Acts of 1908, entitled An Act to Authorize Cities and Towns to Establish Pension Funds for Teachers in the Public Schools.

MARCH 4, 1913. *Voted*, To adopt Chapter 635 of the Acts of 1912, known as the Tenement House Act for Towns.

MARCH 4, 1913. *Voted*, To accept the provisions of Chapter 191 of the Acts of 1907, authorizing the establishment of Boards of Survey in Towns.

MARCH 2, 1914. *Voted*, To accept Chapter 807 of the Acts of 1913, being an Act to provide for compensating laborers, workmen and mechanics for injuries sustained

in public employment, and to exempt from legal liability counties and municipal corporations which pay such compensation.

MARCH 2, 1914. *Voted*, To accept the provisions of Section 42 of Chapter 514 of the Acts of 1909, as affected by Chapter 494 of the Acts of 1911, which provide that eight hours shall constitute a day's work for city or town employees.

MARCH 13, 1915. *Voted*, To accept the Act provided for in Chapter 296 of the Legislative Enactments of 1913 and to establish the office of Bird Warden provided under this Act.

MARCH 10, 1917. *Voted*, To accept Chapter 15, Special Acts of 1917. "An Act authorizing the Town of Milton to revoke the reserved space for the use of street railways in a part of Blue Hill Avenue."

MARCH 2, 1918. *Voted*, To accept Chapter 140, General Acts of 1917, amending Chapter 291, General Acts of 1916. "An Act relative to the tenure of office of chiefs of fire departments in the Metropolitan Fire Prevention District."

MARCH 2, 1918. *Voted*, To accept Chapter 575 of the Acts of 1913. "An Act authorizing the furnishing of lunches for school children at a price not exceeding cost."

MARCH 9, 1918. *Voted*, To accept Chapter 305 of Special Acts of 1917, relative to the management and use of the property received under the will of Edwin D. Wadsworth and to other matters.

MARCH 8, 1919. *Voted*, To accept the provisions of Special Act of 1919, Chapter 16 entitled: "An Act to authorize the Town of Milton to pay an annuity to Katherine K. McDermott, widow of Thomas F. McDermott."

MARCH 8, 1919. *Voted*, To accept the provisions of Special Act of 1919, Chapter 17, entitled: "An Act to authorize the Town of Milton to pay an annuity to Catherine M. Moran, widow of Patrick Moran."

MARCH 13, 1920. *Voted*, To accept the provisions of Chapter 186, of the Acts of 1907, relative to the payment of pensions to widows or children of members of the Police and Fire Departments in Towns.

MAY 3, 1920. *Voted*, To accept the provisions of Chapter 240 of the Acts of 1920, entitled: "An Act to permit, under public regulation and control, certain sports and games on the Lord's day."

NOVEMBER 2, 1920. *Voted*, To accept Chapter 166 of the Acts of 1920, which authorizes the granting of one day off in every eight days to police officers without loss of pay.

MARCH 12, 1921. *Voted*, To accept Section 25A of Chapter 41 of the General Laws, relative to the appointment and removal of assistant assessors by the Assessors.

G. FRANK KEMP,
Town Clerk.

IN THE BOARD OF SELECTMEN

MILTON, September 6, 1918.

ORDERED that the following rules are hereby adopted for the regulation of carriages and vehicles in the Town of Milton, however propelled.

RULE 1. Every person having charge or control of any carriage or other vehicle, upon a public street, shall stop, place, change the position of, or move such carriage or other vehicle as directed by any police officer.

RULE 2. Every person having charge or control of a carriage or other vehicle, upon a public street, shall comply with and obey the directions upon all signs, movable posts or mechanical devices placed by direction of the Board of Selectmen or by a police officer on or near such street, unless otherwise directed by a police officer.

RULE 3. All carriages or other vehicles stopping in any business section must stand near to and parallel with the right-hand curb, unless it is necessary for the purpose of loading or unloading said vehicle to back up to the curb. By the words "business section" is meant any section of a street in the Town where two or more stores or shops for the sale of goods, wares or merchandise are located within 100 feet of each other.

RULE 4. No carriage or other vehicle shall remain backed up to the curb except when actually loading or unloading, and the horse thereof, if it be a horse-drawn vehicle, shall be turned in the direction of traffic and parallel with the curb.

RULE 5. Unless in an emergency or to allow another vehicle or a pedestrian to cross a street, no carriage or other vehicle shall stop in any public street except close to the curb.

RULE 6. No carriage or other vehicle shall stop in such a way as to obstruct any street or crossing or within ten feet of a fire hydrant, street corner, electric car or pole stop, except in case of emergency or when directed to do so by a police officer.

RULE 7. The operator of a motor vehicle shall under no circumstances cut out the muffler while on a public street.

RULE 8. A carriage or other vehicle when turning to the right into another street shall slow down and keep as near to the right-hand curb as possible.

RULE 9. A carriage or other vehicle in turning to the left into another street shall slow down and pass to the right of and beyond the center of the intersecting streets before turning.

RULE 10. A carriage or other vehicle crossing from one side of the street to the other, except for the purpose of passing other vehicles or because of dangers in the street, shall do so by turning to the left, so as to head in the general direction of traffic after it has crossed the street.

RULE 11. The words "carriage or other vehicle" herein shall include horses hitched to vehicles, horses ridden or led, motor vehicles of all kinds, bicycles, tricycles propelled by hand, and everything on wheels or runners except street cars and light carriages for the conveyance of children.

Whosoever violates any of the provisions of the foregoing rules and regulations shall be punished by a fine not exceeding twenty dollars (\$20) for each offense.

MAURICE A. DUFFY,

JAMES F. MITCHELL,

JACOB A. TURNER,

Selectmen of Milton.

MILTON TOWN RECORDS IN THE MUNICIPAL YEAR 1923

MARCH MEETING

WARRANT

COMMONWEALTH OF MASSACHUSETTS,

NORFOLK, SS.

To either of the Constables of the Town of Milton, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Milton qualified to vote in Town affairs to meet at the Town Hall in said Milton upon the third day of March next at fifteen minutes before six o'clock in the forenoon, then and there to act upon the following articles, to wit:

ARTICLE 1. To choose by ballot the following Town officers: Moderator, Town Clerk, 3 Selectmen, Assessor, Overseer of Poor, Treasurer, 3 Auditors, Collector of Taxes, 4 Constables, Sewer Commissioner, Member of Board of Health, 2 Members of School Committee, 2 Water Commissioners, Cemetery Trustee, Park Commissioner, 3 Trustees of Public Library, Tree Warden, Trustee of Wadsworth Fund, 5 Members of Planning Board.

David A. Hefferman, Planning Board (Three years).

James S. Russell, Planning Board (Three years).

Jesse B. Baxter, Planning Board (Two years).

Arthur H. Tucker, Planning Board (Two years).

Arthur H. Weed, Planning Board (One year).

Voted, That no licenses for the sale of certain non-intoxicating beverages be granted in this Town.

The vote being as follows: Yes, 582; No, 803; Blanks, 563.

Voted, That the Town petition for the installation of an accounting system by the Commonwealth.

The vote being as follows: Yes, 593; No, 357; Blanks, 998.

The whole number of ballots cast was: 1948.

The result of the ballot was declared at 7.13 P.M., and the meeting adjourned until March 10, 1923, at 1.30 P.M.

ADJOURNED MEETING, MARCH 10, 1923

ARTICLE 4. To choose all such Town officers as are not required by law to be chosen by ballot.

The following officers were elected *viva voce*, namely: Ralph E. Forbes, Bird Warden, George E. Burt, Carl R. Horne, Measurers of Lumber.

ARTICLE 5. To hear and act upon the Auditors' report and reports of other Town officers and committees.

Voted, That the Auditors' (printed) 86th Report be accepted and placed on file.

ARTICLE 6. To see what sum of money the Town will vote to appropriate for the support of the schools the present year.

Voted, To appropriate \$180,600, together with the receipts of the Department, this sum to cover cost of transportation of pupils, medical inspection of pupils, maintenance of the school dental clinic, and the supervision of play and games in accordance with Acts of 1911, Chapter 314, as well as general school expenditures.

ARTICLE 7. To see what sum of money the Town will vote to appropriate to pay the cost of the municipal use of school buildings the present year.

Voted, To appropriate \$2,000, together with the receipts for such municipal use.

ARTICLE 8. To see if the Town will vote to erect and equip a new school building in the Mattapan district and to determine how the money therefor shall be raised, and to act on anything relating thereto.

Voted, That the Committee of five citizens, consisting of Alfred J. Ellsworth, Ernest E. Erickson, Leonard M. Patton, J. Henry Scott and Albert R. Whittier, appointed by the Moderator in accordance with vote passed at the March Meeting of the Town in 1922 as a Special Committee to study the school needs of Mattapan, be continued as a Committee to be known as the Tucker School Building Committee, with authority to demolish and remove the present Tucker School building and in place thereof erect and equip a new school building on the land now belonging to the Town at the corner of Blue Hills Parkway and Oak Street, to be known as the Tucker School, substantially in accordance with the plans and specifications prepared for said Special Committee and referred to in the report of said Committee, at a cost not exceeding the sum of \$240,000; that the sum of \$240,000 be appropriated to be expended by said Committee for the erection and equipment of said new school building; and that said sum of \$240,000 shall be raised by the issuance of bonds of \$1,000 each as follows: Said bonds shall be dated May 1, 1923, and shall mature as follows, 12 bonds on May 1 of each of the years 1924 to 1943, both inclusive. The bonds shall bear interest coupons at a rate not exceeding 4½% per annum, payable semi-annually. Each bond shall be subject to registration

as to principal, and the bonds shall also, in compliance with the statutory provisions therefor, be exchangeable for registered certificates without coupons. The bonds shall not be obligatory without the authenticating certificate of The First National Bank of Boston. The bonds shall state upon their face that they are exempt from taxation in Massachusetts and be denominated on the face thereof "Town of Milton Tucker School Loan." The bonds may be sold from time to time under the direction of the Selectmen and the Town Treasurer as the money above appropriated is needed, but they shall not be sold at less than par and interest. Premiums received upon such bonds, less the cost of preparing, issuing and marketing them, shall be applied to the payment of principal of the first bond or bonds to mature. All other particulars relating to the form and sale of the bonds, except as prescribed by law, shall be determined by the Selectmen and Town Treasurer. For the purpose of payment of principal and interest of said bonds as they become due there shall be raised by taxation each year an amount sufficient to pay said principal and interest coming due each year until all of said bonds herein authorized be paid in full.

The Moderator is hereby authorized to fill any vacancy occurring in the committee at any time.

John P. Illsley was appointed to fill vacancy caused by resignation of Albert R. Whittier.

(Result of vote: Yes, 324; No, 0.)

ARTICLE 9. To see if the Town will appropriate the sum of not more than \$60,000 for the reconstruction of the highway beginning at the Canton line and extending northerly along Canton Avenue to Blue Hill Avenue, and thence northerly along Blue Hill Avenue to a point at or near its junction with Blue Hills Parkway, provided the County of Norfolk and the State Department of Public Works, Division of Highways, will each vote to contribute an equal amount for the same purpose, to determine how the money shall be raised, and to act on anything relating thereto.

Voted, To appropriate a sum of not exceeding \$60,000 for the reconstruction of the highway beginning at the Canton line and extending northerly along Canton Avenue to Blue Hill Avenue, thence northerly along Blue Hill Avenue to a point at or near its junction with the Blue Hills Parkway, provided the County of Norfolk and the State Department of Public Works, Division of Highways, each vote to contribute an equal amount for the same purpose, and that of said sum the sum of \$10,000 be raised in the levy of the current year and that the Treasurer, with the approval of the Selectmen, be and he hereby is authorized to borrow a sum not exceeding \$50,000 and to issue bonds or notes of the Town in said amount, said bonds or notes to be payable in accordance with Section 19, Chapter 44 of the General Laws, so that the whole loan shall be paid in not more than five years from the date of issue of the first bond or note, or at such earlier dates as the Selectmen and Treasurer shall determine. Other particulars as to form, issuance and sale of said bonds or notes may be determined by the Treasurer with the approval of the Selectmen.

(Result of vote: Yes, 378; No, 0.)

ARTICLE 10. To see what sum of money the Town will vote to appropriate for the Street Department the present year.

- General Expense.
- Sidewalk Purposes.
- Maintenance of Public Fountains.
- Street Watering and Oiling.
- Removal of Ice and Snow.
- Permanent Construction.

Voted, To appropriate \$101,000 as follows:

General Expenses, including Street Watering and Oiling, Removal of Ice and Snow, and Maintenance of Public Fountains.....	\$68,000
Sidewalk Purposes	3,000
Permanent Construction	30,000

for rebuilding a portion of the main thoroughfares of the Town, and that it is recommended that the Board of Selectmen and Surveyors of Highways, in determining upon what thoroughfares the above sum of \$30,000 is to be used, consult with a committee of two citizens to be appointed by the Moderator.

Committee appointed: John R. Rablin, Ellerton P. Whitney.

ARTICLE 11. To see what sum of money the Town will vote for the care and maintenance of Granite Avenue Bridge over the Neponset River. (See Chapter 58, General Acts, 1915.)

Voted, To appropriate \$2,600 for the care and maintenance of Granite Avenue Bridge over the Neponset River.

ARTICLE 12. To see if the Town will vote to accept Cliff Road, as laid out by the Selectmen, as a Town Way.

Voted, To accept Cliff Road, as laid out by the Selectmen, as a Town Way.

ARTICLE 13. To see if the Town will vote to accept Norway Road, as laid out by the Selectmen, as a Town Way.

Voted, To accept Norway Road, as laid out by the Selectmen, as a Town Way.

ARTICLE 14. To see what sum of money the Town will vote to appropriate for street lighting the present year.

Voted, To appropriate \$20,835 for street lighting.

ARTICLE 15. To see what sum of money the Town will vote to appropriate for additional street lights to be installed during the present year.

Voted, To appropriate \$112 for additional street lights to be installed during the present year.

ARTICLE 16. To see what sum of money the Town will vote to appropriate for the Fire Department the present year.

Voted, To appropriate \$47,572.91 for the Fire Department, and to appropriate \$2,675 for the purpose of completing the reconstruction of the fire alarm signal service.

ARTICLE 17. To see what sum of money the Town will vote to appropriate for the use of the Department of Wires, the Police and Fire Alarm Signal System and Inspection of Wires, the present year.

Voted, To appropriate \$4,950 for the use of the Department of Wires, the Police and Fire Alarm Signal System and Inspection of Wires.

ARTICLE 18. To see what sum of money the Town will vote to appropriate for the Police Department the present year.

Voted, To appropriate \$63,325 and receipts for the Police Department.

ARTICLE 19. To see if the Town will vote to purchase a Combination Ambulance and Patrol, and appropriate \$4400 for the same.

Voted, To appropriate \$4400 for the purchase of a Combination Ambulance and Patrol.

ARTICLE 20. To see if the Town will vote to appoint two additional patrolmen, one in order to establish a day route in the Brush Hill District, and one to operate the motorcycle, and appropriate money for the same.

Voted, That no additional patrolmen be added at this time.

ARTICLE 21. To see what sum of money the Town will vote to appropriate for the Public Library the present year.

Voted, To appropriate \$14,000, together with all fines received at the Library for 1923, and the Dog Tax for 1922.

ARTICLE 22. To see what sum of money the Town will vote to appropriate for the improvement of the Cemetery the present year.

Voted, To appropriate \$4,000, together with the receipts of the Department, for the improvement of the Cemetery.

ARTICLE 23. To see what sum of money the Town will vote to appropriate for the general uses of the Board of Park Commissioners the present year.

Voted, To appropriate \$3,600 for the general uses of the Board of Park Commissioners.

ARTICLE 24. To see if the Town will vote to enter into an agreement with the Trustees of the Eastern Massachusetts Street Railway Company to pay any part, or all of any excess of the cost of service above the receipts on the line of said Company operating between Milton Lower Mills and East Milton, and to raise and appropriate the sums necessary therefor, and to act on anything relating thereto.

Voted, That the Selectmen be, and they hereby are, authorized in the name and behalf of the Town, pursuant to the authority granted by Chapter 188 of the Special Acts

of 1918, and Acts in amendment thereof and in addition thereto, and for the purpose of avoiding a reduction or discontinuance of service on the lines of the Eastern Massachusetts Street Railway Company running within the Town between Milton Lower Mills and East Milton, to enter into an agreement with the Trustees of said Railway Company to pay a part, or all of any excess of the cost of the service as defined in Section 14 of said Act, on said lines within the Town of Milton, above the amount of receipts of said lines during a period commencing April 1, 1923, and ending March 31, 1924; Provided, however, that the amount to be paid by the Town, under such agreement, shall in no event exceed the sum of \$2,500, and to raise and appropriate the sum of \$2,500 for the above purpose.

(Result of ballot: Yes, 255; No, 136.)

ARTICLE 25. To see if the Town will vote to authorize the appointment of a committee to represent the interests of the Town in connection with any agreement with the Trustees of the Eastern Massachusetts Street Railway Company which the Town may make.

Voted, To authorize the Moderator to appoint a Committee of three citizens to represent the interests of the Town in connection with such agreement as the Selectmen, on behalf of the Town and as authorized by the preceding vote, may make with the Trustees of the Eastern Massachusetts Street Railway Company, that the Committee be directed to use its influence to procure a ten cent maximum fare within the limits of the Town, and that \$500 be appropriated for the expenses of the Committee.

Committee appointed: James F. Mitchell, Lincoln Bryant, Marcy L. Sperry.

ARTICLE 26. To see what sum of money the Town will vote to appropriate for the use of the Tree Warden, to be expended in the care and planting of shade trees and the destruction of insect pests injurious to trees the present year.

Voted, To appropriate \$4,400, together with the receipts of the Department, for the use of the Tree Warden, to be expended in the care and planting of shade trees and the destruction of insect pests injurious to trees, and the further sum of \$300 for the care of the trees in the Cemetery.

ARTICLE 27. To see what sum of money the Town will vote to appropriate to be expended by the Local Superintendent for the suppression of the gypsy and brown-tail moths the present year.

Voted, To appropriate \$10,095, together with all receipts of the Department, to be expended by the Local Superintendent for the suppression of the gypsy and brown-tail moths.

ARTICLE 28. To see what sum of money the Town will vote to appropriate for the support of the poor the present year.

Voted, To appropriate \$8,500, together with reimbursements for aid rendered and receipts from sales at the Town Farm, for the support of the poor.

ARTICLE 29. To see what sum of money the Town will vote to appropriate for the Soldiers' Relief the present year.

Voted, To appropriate \$2,500 for the Soldiers' Relief.

ARTICLE 30. To see what sum of money the Town will vote to appropriate for State Aid and Military Aid under Chapter 290, General Acts of 1919, the present year.

Voted, To appropriate \$500 for State Aid and Military Aid.

ARTICLE 31. To see what sum of money the Town will vote to appropriate for the maintenance of the Sewer Department the present year.

Voted, To appropriate \$3,500 for the maintenance of the Sewer Department.

ARTICLE 32. To see what sum of money the Town will vote to appropriate for the extension of the sewerage system the present year.

Voted, To appropriate \$10,300 for the extension of the sewerage system, with the further sum of \$900 for the purpose of obtaining a survey of a part of the sewer system of the Town; \$2,400 of this amount to be transferred from the Sewer Assessment Account, and \$8,800 to be raised by taxation.

ARTICLE 33. To see what sum of money the Town will vote to appropriate for the extension of water mains the present year.

Voted, To appropriate \$15,000 for the extension of water mains.

ARTICLE 34. To see what sum of money the Town will vote to appropriate for hydrant service the present year.

Voted, To appropriate \$9,000 for hydrant service, this amount to cover also the water supplied for the public fountains.

ARTICLE 35. To see what sum of money the Town will vote to appropriate for the Health Department the present year.

Voted, To appropriate \$4,000, together with the receipts of the Department, for the Health Department, and that this appropriation include the expense of inspection of sewer connections.

ARTICLE 36. To see what sum of money the Town will vote to appropriate for the collection of ashes and garbage the present year.

Voted, To appropriate \$8,000 for the collection of ashes and garbage, to be expended under the direction of the Board of Health.

ARTICLE 37. To see what sum of money the Town will vote to appropriate for salaries the present year.

Voted, To appropriate \$13,000 for salaries, to be disbursed as follows:

Selectmen: Chairman, \$500. Second and Third Members, \$500 each.

Assessors: Chairman, \$1,000. Second and Third Members, \$800 each.

Treasurer, \$2,200. Town Clerk, \$500.

Collector of Taxes, \$2,200. Three (3) Auditors, \$250 each.

Registrars of Voters: Clerk not more than \$100. Second, Third and Fourth Members, not more than \$50 each.

Inspector of Animals, not more than \$300.

Inspector of Buildings, not more than \$2,000. To include travelling expenses.

Inspector of Milk, not more than \$300.

Inspector of Plumbing and Deputy Inspector of Plumbing, \$3 for each permit, the amount required to be taken from Miscellaneous Account.

Sealer of Weights and Measures, not more than \$200.

Tree Warden, no salary.

Inspector of Wires, not more than \$200.

ARTICLE 38. To see what sum of money the Town will vote to appropriate for miscellaneous expenses the present year.

General Expenses
Town Hall and Lot
Insurance

Interest
Printing

Voted, To appropriate the following sums for miscellaneous expenses:

General Expenses, \$10,000. Interest, \$20,000. Town Hall and Lot, \$3,200 and receipts. Printing, \$3,700. Insurance, \$9,600.

ARTICLE 39. To see what sum of money the Town will vote to appropriate for the reserve fund for extraordinary or unforeseen expenditures during the current year.

Voted, That the sum of \$6,000 be transferred from the Overlay Reserve Fund for extraordinary or unforeseen expenditures.

ARTICLE 40. To see what sum of money the Town will vote to appropriate for the general uses of the Board of Assessors the present year.

Voted, To appropriate \$3,047 for the general uses of the Board of Assessors.

ARTICLE 41. To see what sum of money the Town will vote to authorize the Assessors to use out of the surplus revenue account in fixing the tax rate for 1923.

Voted, That the Assessors be authorized to use \$30,000 out of the surplus revenue account in fixing the tax rate for 1923.

ARTICLE 42. To see if the Town will vote to authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer, when appointed Collector, may use.

Voted, To authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer, when appointed Collector, may use.

ARTICLE 43. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the financial year ending December 31, 1923.

Voted, That the Town Treasurer, with the approval of the Selectmen, be and hereby

is authorized to borrow to an amount not to exceed \$400,000 in anticipation of the revenue of the financial year ending December 31, 1923, and to issue a note or notes therefor, payable within one year from the date thereof; any debt or debts incurred under this vote to be paid from the revenue of the financial year ending December 31, 1923.

(Result of vote: Yes, 387; No, 0.)

ARTICLE 44. To see if the Town will vote to authorize the Treasurer with the approval of the Selectmen, to borrow money on and after January 1, 1924, in anticipation of the revenue of the financial year ending December 31, 1923.

Voted, That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow on and after January 1, 1924, to an amount not to exceed \$75,000, in anticipation of the revenue of the financial year ending December 31, 1924, and to issue a note or notes therefor; any debt or debts incurred under this vote to be paid from the revenue of the financial year ending December 31, 1924.

(Result of vote: Yes, 379; No, 0.)

ARTICLE 45. To see what sum of money the Town will vote to appropriate to be expended by the Huntington Frothingham Wolcott Post 102, G.A.R., on Memorial Day.

Voted, To appropriate \$400, to be expended by the Huntington Frothingham Wolcott Post 102, G.A.R.

ARTICLE 46. To see if the Town will vote to authorize the Selectmen to employ counsel to represent the Town at hearings before Committees of the General Court.

Voted, That the Selectmen be and hereby are authorized to employ counsel to represent the Town at hearings before Committees of the General Court.

(Passed by more than 2/3 vote.)

ARTICLE 47. To see if the Town will vote authorizing the Moderator to appoint a committee of five citizens to consider such proceedings of the Legislature and of State Boards and Commissions as may affect the interests of the Town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the Town in any such proceedings; such Committee to hold office for the calendar year next following its appointment, to have power to fill vacancies in its own number, and to report in print to the Town at the Town Meeting next following the close of its term of office.

Voted, That the Moderator be and hereby is authorized to appoint a Committee of five citizens to consider such proceedings of the Legislature and of State Boards and Commissions as may affect the interests of the Town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the Town in any such proceedings; such Committee to hold office for the calendar year next following its appointment, to have power to fill vacancies in its own number and to report in print to the Town at the Town Meeting next following the close of its term of office.

Committee appointed: Lincoln Bryant, W. Rodman Peabody, Felix Rackemann, Reginald L. Robbins, James S. Russell.

ARTICLE 48. To see what sum of money the Town will vote to appropriate for the retirement of teachers in the Public Schools under the provisions of Section 42, Chapter 32, General Laws, for the present year.

Voted, To appropriate \$425 for the retirement of teachers in the Public Schools under the provisions of Section 42, Chapter 32, General Laws.

ARTICLE 49. To see what sum of money the Town will vote to appropriate for the purpose of providing pensions for members of the Police and Fire Departments retired and placed upon the pension roll under the provisions of Section 85, of Chapter 32, General Laws, the present year.

Voted, To appropriate \$4,360 for the purpose of providing pensions for members of the Police and Fire Departments retired and placed upon the pension roll under the provisions of Section 85, of Chapter 32, General Laws.

ARTICLE 50. To see what sum of money the Town will vote to appropriate for pensions for laborers under the provisions of Section 77, Chapter 32, General Laws, for the present year.

Voted, To appropriate \$4,189.92, for pensions for laborers under the provisions of Section 77, Chapter 32, General Laws.

ARTICLE 51. To see what sum of money the Town will vote to appropriate to pay an annuity under Chapter 16, Special Act of 1919, for the present year.

Voted, To appropriate \$300 to be paid as an annuity to Katherine K. McDermott, widow of Thomas F. McDermott, in accordance with the provisions of Chapter 16 of the Special Act of 1919.

ARTICLE 52. To see what sum of money the Town will vote to appropriate for the payment of pensions under the provisions of Section 88, Chapter 32, of the General Laws, for the present year.

Voted, To appropriate \$900 for the payment of pensions for the present year, under the provisions of Section 88, Chapter 32, of the General Laws.

ARTICLE 53. To see what sum of money the Town will vote to appropriate to be expended by the Selectmen for the celebration of the Fourth Day of July, 1923.

Voted, To appropriate \$500 to be expended by the Selectmen for the celebration of the Fourth Day of July, 1923.

ARTICLE 54. To see what action the Town will take relative to the pensioning of call firemen in the Town of Milton, as provided for in Chapter 15, Special Acts of 1919.

Voted, That no action be taken.

ARTICLE 55. To see if the Town will vote to amend Section 5 of Chapter 7, of the Revised By-Laws, relative to the Construction and Inspection of Buildings, by adding the word "shingling" after the word "construction" in the first line of the first paragraph, so as to read as follows: "Section 5. Before the erection, construction, shingling or alteration of any building or part of any building, structure, or part of any structure, wall or any platform or flooring to be used for standing or seating purposes, is commenced, the owner or lessee or agent of either, or the architect or builder employed by such owner or lessee in connection with the proposed erection or alteration shall, except for ordinary repairs, submit to the Inspector a detailed description of the location, purpose and construction of the proposed structure or work on proper blanks to be furnished by the Inspector, and full and complete copies of the plans of such proposed work, and such structural detailed drawings as the Inspector may require," and by further amending by adding the following Section 30A: "Section 30A. All roof coverings shall be of fire retardant material, and all roofs which shall hereafter require repair to the extent of one-third of their area shall be replaced with fire retardant material."

Voted, That the subject matter of this Article be referred to the Planning Board.

ARTICLE 56. To see what sum of money the Town will vote to appropriate for the use of the Milton Planning Board.

Voted, To appropriate \$1,000 for the use of the Milton Planning Board.

ARTICLE 57. To see if the Town will accept the trust created by decree dated March 23, 1922, of the Probate Court for the County of Suffolk, Commonwealth of Massachusetts, in the matter of Robert D. Mossman *et al*, petitioners, in case No. 200,974, whereby one-half of the balance of a certain fund is directed to be paid to the Town of Milton, to be by said Town held in trust in perpetuity, and the principal thereof kept intact and be invested, and the income thereof be from time to time devoted, under the control and direction of the Trustees of the Public Library of said Town of Milton, or their successors, to the maintenance of the Mattapan Branch of said Milton Public Library, in such way and manner as the Trustees of said Library shall deem best and fitting to promote the interest and well-being of said Mattapan Branch of said Library, and act on anything relating thereto.

Voted, To accept the trust created by decree dated March 23, 1922, of the Probate Court for the County of Suffolk, Commonwealth of Massachusetts, in the matter of Robert D. Mossman *et al*, petitioners in case No. 200,974, whereby one-half of the balance of a certain fund is directed to be paid to the Town of Milton, to be by said Town held in trust in perpetuity, and the principal thereof kept intact and be invested, and the income thereof be from time to time devoted, under the control and direction of the Trustees of the Public Library of said Town of Milton, or their successors, to the maintenance of the Mattapan Branch of said Milton Public Library, in such way and manner as the Trustees of said Library shall deem best and fitting to promote the interest and well-being of said Mattapan Branch of said Library, and that the Treasurer of the Town be and he hereby is authorized to take all steps necessary to obtain payment of the sums due the Town of Milton under said decree and to give due receipt and acquittance therefor

in the name and behalf of the Town, and that said fund be known as the Amor Hollingsworth Fund.

ARTICLE 58. To see what action, if any, the Town will take and what sum of money, if any, the Town will appropriate in aid of the improvement of the channel of the Neponset River.

Voted, That a Committee of three citizens be appointed by the Moderator to confer with the State authorities and others in regard to the improvement of the channel of the Neponset River, with authority at their discretion to contribute towards the expense of such improvement an amount not exceeding \$1,000 in any event; that the sum of \$1,000 be appropriated for this purpose; and that the Committee report to the Warrant Committee in writing not later than December 31, 1923.

Committee appointed: Felix Rackemann, Lawrence W. Lunt, Charles T. Gilbert.

ARTICLE 59. To see if the Town will vote to accept Chapter 835, Section 221, of the Acts of 1913, General Laws, namely that Precinct Voting be established in Milton.

Voted, To direct the Selectmen to prepare a division of the Town into convenient voting precincts.

ARTICLE 60. To see what action the Town will take towards improving, straightening, widening, and cleaning Pine Tree Brook, between Blue Hills Parkway and Thacher Street, and to appropriate money for the same.

Voted, That the question of improving Pine Tree Brook be referred to the Board of Sewer Commissioners, and that they report to the Warrant Committee in writing not later than December 31, 1923.

ARTICLE 61. To see if the Town will vote to re-open the Sumner School at the corner of Blue Hill Avenue and Atherton Street.

Voted, That no action be taken.

ARTICLE 62. To see if the Town will vote to erect a Memorial to those who died in the military or naval service of the United States in the World War, substantially as recommended by the committee appointed under Article 60 in the warrant for the 1922 March Meeting, and to determine how the money therefor shall be raised.

Voted, That the Committee of seven citizens, consisting of George Wigglesworth, Louis A. Coolidge, Joseph A. Ewart, Frederick H. Keep, Mary C. Perkins, Roger L. Scaife and William B. Thurber, appointed by the Moderator under Article 60 in the warrant for the 1922 March Meeting to consider and report upon the question of erecting a memorial independent of any other building or structure to the Milton men who have heretofore given their lives in the war service of their country, be continued as a committee to be known as the World War Memorial Committee, with authority in behalf of the Town to contract for and erect a memorial to those who died in the military or naval service of the United States in the World War, substantially as recommended in the report of the Committee at a cost not exceeding the sum of \$35,000; that said sum of \$35,000 be and hereby is appropriated to be expended by said Committee for said Memorial and that the Treasurer with the approval of the Selectmen be and is hereby authorized to borrow the said sum of \$35,000 or any part thereof and to issue bonds or notes of the Town in the said amount, said bonds or notes to be payable in accordance with Section 19, of Chapter 44 of the General Laws, so that the whole loan shall be paid in not more than five years from the date of the issuance of the first bond or note, or such earlier dates as the Selectmen and Treasurer shall determine. Other particulars as to the form, issuance and sale of said bonds or notes may be determined by the Treasurer with the approval of the Selectmen.

Any vacancy occurring in the Committee at any time shall be filled by the Moderator.

(Result of vote: Yes, 351; No, 0.)

ARTICLE 63. To see if the Town will vote to amend Chapter 7 of the Building Laws of the Town, by adding the following section:

"That all buildings erected for residential purposes shall be of the single type of dwelling."

Voted, That this Article be indefinitely postponed.

ARTICLE 64. To hear the report of the Committee appointed by the Moderator. pursuant to the following vote adopted at the Special Town Meeting, held on July 10, 1922.

"Voted, That a committee of seven be appointed by the Moderator to make a study of the needs of the Town in connection with the limitation of particular classes of buildings to specific districts or zones, and the limitation of the purposes for which buildings may be used in specific districts or zones, and existing provisions in regard to same, and report in writing to the Selectmen not later than January 15, 1923; that \$1,000 be appropriated for the expenses of the committee; and that the Selectmen be authorized to cause the report to be printed and distributed to the citizens of the Town," and to act on anything relating to said report.

Voted, That the report be accepted and placed on file.

ARTICLE 65. To see if the Town will vote to amend Chapter 12 of the Revised By-Laws substantially as follows: to wit, by inserting after Section 5 thereof two new sections to be numbered respectively Sections 6 and 7, and by changing the numbers of the Sections of said Chapter 12 now numbered 6, 7, 8 and 9, so that the same shall thereafter be numbered respectively Sections 8, 9, 10 and 11, said new sections to be substantially in the following form, and to act on anything relating thereto:

SECTION 6. No dwelling house shall be erected within the Single Family Residence District described in Section 7 hereof except a single family detached dwelling house.

SECTION 7. A Single Family Residence District is hereby created in the Town of Milton to be known and described as District 1, the bounds of which shall be as set forth in the map entitled, "Supplemental Zoning Map," prepared by C. Frederick Joy, Jr., Civil Engineer, dated February 1, 1923, and bearing the signatures of the Board of Selectmen, which map is declared to be a part of this By-Law. District 1 comprises a territory within the limits of the Town of Milton except the Districts marked 2, 3 and 4 on said map. The boundary lines of District 1, are unless otherwise indicated, either center lines of streets, or parallel to the nearer side lines of adjacent streets within District 1, and 100 feet distant therefrom.

Or to see if the Town will vote to amend said Chapter 12 by inserting the foregoing sections with such amendments thereto or changes therein as the Town may deem proper, or will take any other action with respect to the adoption of a By-Law or an amendment to existing By-Laws providing that certain kinds of dwelling houses and tenement houses shall be restricted to specified parts of the Town, or shall be excluded from specified parts of the Town, or tenement houses situated in specified parts of the Town shall conform to certain regulations in respect to their construction or use which do not apply to such buildings in other parts of the Town, and for the above purpose dividing the Town into districts or zones, and to act on anything relating thereto.

Voted, That this Article be indefinitely postponed.

At the opening of the meeting the following resolution was offered by Mr. Augustus Nickerson and was unanimously adopted:

"RESOLVED: That the citizens of Milton, Massachusetts, in Town Meeting assembled, hereby express their appreciation and gratitude to Honorable John W. Weeks, Secretary of War, for the prompt and efficient aid rendered them by his order extending the use of army trucks for the delivery of coal in the Town."

Prior to action taken on Article 18, the following resolution was offered by Mr. William B. Thurber, and was unanimously adopted.

"RESOLVED: That the citizens of Milton, on this 10th day of March, 1923, in Town Meeting assembled, wish to record their sincere appreciation of the efficient work accomplished by Maurice Pierce, who for forty-three years has been a member of the Police Department in Milton, and for the last thirty-three years has been Superintendent of Police, and who has now asked to be relieved of active duty."

"With absolute courage, marked ability, strict honesty and impartiality, he has given his best to safeguard the community. We extend to him our gratitude and good wishes. May the knowledge of difficult work well done be to him always a real satisfaction."

Previous to adjournment, Mr. Felix Rackemann offered the following resolution, which was adopted unanimously:

"RESOLVED: That the Inhabitants of the Town do, by the adoption of this resolution, record their grateful appreciation of the unusually long term of 21 years of good, efficient, loyal service rendered by Mr. Maurice A. Duffy as Selectman of the Town."

And you are directed to warn said inhabitants, qualified as aforesaid, to meet at the time and place and for the purpose herein mentioned, by posting attested copies of this Warrant in each of the post-offices of said Town fourteen days at least before said meeting, and leaving printed copies thereof at the dwelling houses of said Town at least four days before said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon, to the Town Clerk, at the time and place of said meeting.

Given under our hands at Milton, the ninth day of February, nineteen hundred and twenty-three.

(Signed) JACOB A. TURNER

JAMES F. MITCHELL

MAURICE A. DUFFY

Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS,

NORFOLK, SS.

MILTON, March 3, 1923.

Pursuant to the within Warrant I have notified the inhabitants of the Town of Milton, as within directed, to meet at the time and place and for the purposes therein mentioned, by posting attested copies of the same in the post-offices of the Town and leaving copies at the dwellings of the inhabitants.

(Signed) PELEG BRONSDON

Constable of Milton.

March 10, 1923, at 6.20 P.M. Voted, That the meeting be dissolved.

The foregoing meeting was opened March 3, 1923, at 5.45 A.M. by the Town Clerk (who proceeded to read the Warrant); upon conclusion of the reading of the third Article, it was moved that further reading of the Warrant be dispensed with. Said motion being put, was unanimously carried and the further reading of the Warrant (except the concluding paragraphs) was dispensed with.

The total number of ballots cast at the aforesaid meeting was 1948.

A true record,

Attest:

(Signed) G. FRANK KEMP

Town Clerk.

Warrant Committee

The following citizens were appointed by the Moderator as a Warrant Committee for the ensuing year in accordance with Chapter 2 of the Revised By-Laws, viz.:

Malcolm Donald, Sarah F. Arnold, Josiah Babcock, Stanley Cunningham, Frederick A. Eustis, Harold B. Garland, Charles F. Marden, Richard C. Mulroy, Francis S. O'Neill, Reginald L. Robbins, Charles R. Rockwell, Fred N. Russell, Edith E. Stebbins, Charles H. Thayer, Duncan F. Will.

JUNE SPECIAL MEETING

WARRANT

COMMONWEALTH OF MASSACHUSETTS,

NORFOLK, SS.

To either of the Constables of the Town of Milton, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Milton qualified to vote in Town affairs to meet at the Town Hall in said Milton upon Tuesday, the twelfth day of June next, at eight o'clock in the evening, then and there to act upon the following articles, to wit:

ARTICLE 1. To hear the report of the Selectmen preparing a division of the Town into convenient voting precincts, filed with the Town Clerk on May 5, 1923, and to act on the same and anything relating thereto.

Voted, To adopt the division of the Town into voting precincts prepared by the Selectmen and filed with the Town Clerk on May 5, 1923.

ARTICLE 2. To see if the Town will accept Section 20 of Chapter 39 of the General Laws relating to precinct voting for Town officers.

Voted, To accept Section 20 of Chapter 39 of the General Laws.

ARTICLE 3. To see if the Town will authorize the Selectmen to agree, in behalf of the Town, to contribute one-third of the cost of constructing a state highway beginning at the Canton line and extending along Canton Avenue to Blue Hill Avenue, and thence along Blue Hill Avenue to a point at or near its junction with Blue Hills Parkway, provided, however, that the total amount to be paid by the Town shall not exceed the sum of \$60,000, and to determine how the money shall be raised, and act on anything relating thereto.

Voted, That the Selectmen be and hereby are authorized, in behalf of the Town, to agree to contribute one-third of the cost of constructing a state highway beginning at the Canton line and extending along Canton Avenue to Blue Hill Avenue and thence along Blue Hill Avenue to a point at or near its junction with Blue Hills Parkway, provided, however, that the total amount to be paid by the Town shall not exceed the sum of \$60,000, and that of said sum, the sum of \$10,000 be raised in the levy of the current year, and that the Treasurer, with the approval of the Selectmen, be and he hereby is, authorized to borrow a sum not exceeding \$50,000, and to issue bonds or notes of the Town in said amount, said bonds or notes to be payable in accordance with Section 19, Chapter 44 of the General Laws, so that the whole loan shall be paid in not more than five years from the date of issue of the first bond or note, or at such earlier dates as the Selectmen and Treasurer shall determine. Other particulars as to form, issuance and sale of said bonds or notes, may be determined by the Treasurer with the approval of the Selectmen.

Result of vote : Yes, 84; No, 0.)

ARTICLE 4. To see if the Town will authorize the Selectmen to waive all rights which the Town may have under the provisions of Section 8 of Chapter 81 of the General Laws to enter into a contract for the construction of a section of state highway which the Commonwealth proposes to lay out or construct in the Town from the Canton line along Canton Avenue to Blue Hill Avenue, thence along Blue Hill Avenue to a point at or near its junction with Blue Hills Parkway, and act on anything relating thereto.

Voted, That the Selectmen be and hereby are authorized in behalf of the Town, to waive all rights which the Town may have under the provisions of Section 8 of Chapter 81 of the General Laws to enter into a contract for constructing a section of state highway which the Commonwealth proposes to lay out or construct in the Town beginning at the Canton line and extending along Canton Avenue to Blue Hill Avenue and thence along Blue Hill Avenue to a point at or near its junction with Blue Hills Parkway.

ARTICLE 5. To see if the Town will vote to authorize the Selectmen, in behalf of the Town, to agree to indemnify and save harmless the Commonwealth against all claims

and demands for damages which may be sustained by any persons whose property shall be taken for or shall be injured by the laying out or construction of a state highway which the Commonwealth proposes to construct beginning at the Canton line and extending along Canton Avenue to Blue Hill Avenue, and thence along Blue Hill Avenue to a point at or near its junction with Blue Hills Parkway, and act on anything relating thereto.

Voted, That the Selectmen be and hereby are authorized, in behalf of the Town, to agree to indemnify and save harmless the Commonwealth against all claims and demands for damages which may be sustained by any persons whose property has been taken for or has been injured by the laying out or construction of a state highway which the Commonwealth proposes to construct beginning at the Canton line and extending along Canton Avenue to Blue Hill Avenue and thence along Blue Hill Avenue to a point at or near its junction with Blue Hills Parkway.

ARTICLE 6. To see if the Town will rescind its action under Article 9 of the Warrant for the annual Town meeting held on March 3, 1923, and by adjournment on March 10, 1923, and repeal its vote under said Article whereby the sum of \$60,000 was appropriated for the reconstruction of a part of Canton Avenue and Blue Hill Avenue, and act on anything relating thereto.

Voted, That the action of the Town taken at its meeting held March 10, 1923, under Article 9 of the Warrant for said meeting, relating to the reconstruction of a part of Canton Avenue and Blue Hill Avenue, be and hereby is rescinded, and that the vote passed under said Article be and hereby is repealed.

The report of the Committee on Town Government was presented by Mr. William B. Thurber and accepted, and the Committee discharged.

The following resolve was presented by Mr. Felix Rackemann and accepted:

"RESOLVED, As the sense of this meeting, that plans for the enlargement of the Milton Cemetery would wisely be made in the near future, and that the Trustees of the Cemetery, together with the Planning Board, be therefore requested to consider such plans as may seem possible and wise and report their recommendations to the next meeting of the inhabitants, sending a copy thereof to the Warrant Committee at least five days before such meeting and in any case before January 1, 1924."

And you are directed to warn said inhabitants qualified as aforesaid, to meet at the time and place and for the purpose herein mentioned, by posting attested copies of this Warrant in each of the post-offices of said Town fourteen days at least before said meeting, and leaving printed copies thereof at the dwelling houses of said Town at least four days before said meeting.

Hereof fail not, and make due return of the Warrant with your doings thereon, to the Town Clerk at the time and place of said Meeting.

Given under our hands at Milton the 28th day of May, nineteen hundred and twenty-three.

(Signed) JAMES F. MITCHELL

JACOB A. TURNER

WILLIAM B. BATCHELDER

Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS,

NORFOLK, SS.

MILTON, June 12, 1923.

Pursuant to the within Warrant I have notified the inhabitants of the Town of Milton as therein directed, to meet at the Town Hall in said Milton upon the date above mentioned, for the purposes therein set forth.

(Signed) PELEG BRONSDON

Constable of Milton.

June 12, 1923, at 8.40 P.M. Voted, That the meeting be dissolved.

The foregoing meeting was opened June 12, 1923, at 8.05 P.M. The opening and concluding paragraphs of the Warrant were read by the Town Clerk.

A true record,

Attest:

(Signed) G. FRANK KEMP

Town Clerk.

Norfolk County Hospital	3,500 00	
Water Loan of 1902	90,000 00	
		\$494,500 00
Cash Balance, January 4, 1924		\$162,469 68

William B. Weston, Bequest

The \$6,000 Hospital Fund left with the Massachusetts Life Insurance Company, with accrued interest to January 1, 1924, amounts to \$8,736.18, \$416.01 being added on that date for the past year. The \$15,000 Poor Fund left with Francis C. Welch, Trustee, is held in the Weston Estate, the Boston Safe Deposit and Trust Company now being Trustee, no principal or interest having accrued.

The Board organized with James F. Mitchell, Chairman; William B. Batchelder, Secretary; Joseph H. Duffy, Clerk.

New Appointments

Henry F. Brierly, a call fireman in the East Milton District, was appointed Fire Engineer in place of F. Eliot Cabot, who declined to serve longer. Mr. Brierly, together with Ernest C. Soulis and Chief J. Harry Holmes, constitute the Board of Fire Engineers.

In December, 1922, Maurice Pierce, for 43 years a member of the Milton Police Force, 33 of which he was Chief, asked to be retired on a pension. His resignation was accepted, and he was asked to serve until his successor was appointed. The high esteem which the citizens had for Chief Pierce was clearly demonstrated by the unanimous vote passed at the March Town Meeting which also granted the necessary amount for the pension.

Examinations were held for the position of Chief of Police. From a list submitted by the Civil Service Commission Officer James R. Travers was appointed to that office. His report of the department will be found in detail elsewhere in the Town Report.

On June 29, 1923, the Board received the resignation of J. Porter Holmes as Town Treasurer, ill health making it impossible to continue longer in this position. The Board voted not to accept his resignation, but to grant Mr. Holmes a leave of absence. On that date, Jesse B. Baxter was appointed Temporary Treasurer. On July 23, Mr. Holmes died. The Town by his death lost a most efficient servant and an honored citizen.

Highway Department

The Highways of the Town were again under the supervision of Mr. McCue. In the planning of our Permanent Construction Mr. Ellerton P. Whitney and John R. Rablin, reappointed by the Moderator, again gave the Board their assistance, going over the streets with our Superintendent a great many times. Their experience being valuable to the Town as well as to the Board, we wish to thank them at this time.

The winter season of 1922 and 1923 was very severe with the large number of snow storms and the long period of continuous cold weather. Credit is due our Superintendent, Mr. McCue, and his department for placing the streets in good shape for the summer travel.

We are asking this year for practically the same appropriation as last year. This we think necessary in order to keep pace with increasing demands made on our highways due to heavy travel both by motor and truck throughout the town.

Dangerous Corners

There are still many dangerous curves and corners in the Town that should be improved. We believe we should adopt a policy whereby the Town would continue with this work.

The County Commissioners this year have assisted by establishing new street lines and agreeing to pay for land takings.

Brush Hill Road near Milton Street was widened bordering the property of Herbert Lyman. The thanks of the Town are tendered Mr. Lyman for the gift of the land, thus eliminating a dangerous curve at this place.

Traffic

Traffic on our streets is heavy, and we are told that it has not reached its greatest volume as yet. We have many main thoroughfares. The careless and reckless driver of the automobile is always with us. Our police department has done excellent work in keeping our streets generally safe. The traffic officer has become an absolute necessity.

Town Accounting

The Town at its meeting in March voted to adopt the State System of Accounting. The State Auditors have audited the Town accounts to January 1, 1924, and are now at work installing its system.

JAMES F. MITCHELL,
JACOB A. TURNER,
WILLIAM B. BATCHELDER

Selectmen of Milton.

REPORT OF THE ASSESSORS OF TAXES FOR THE YEAR 1923

MILTON, MASS., January 1, 1924.

To the Citizens of the Town of Milton, Massachusetts:

The Assessors hereby submit their Annual Report for the year 1923. At the Annual Town Meeting for the election of Town Officers, Mr. Charles H. Horne was re-elected to the Board for the ensuing three years.

The Board organized as follows: William W. Churchill, Chairman; Charles H. Horne, Secretary. Wallace C. Tucker was re-appointed Clerk of the Board. Assistant Assessors were appointed as follows: William P. Hobbs, Esther H. Hunt and Elliot F. Tozer.

As most of the National Banks in the State elected to pay the bank tax under the new law instead of paying at the local rate and on a valuation per share of stock as fixed by the local assessors, we, not having any figures in the past for guidance, had to estimate in accordance with our best knowledge and belief what this Town's share of the receipts from this source would be, and accordingly in the calculation of the Tax Rate we estimated that amount to be \$12,000.

This year we used the full amount of the Business Corporation Tax as against one-half of that amount last year. This increase, together with the large increase in new building, developments, etc., enabled us to cut the Tax Rate from \$24.00 to \$23.20 per thousand dollars.

The population of the Town for the year 1923 is 11,295.

Other statistics are as follows:

Total number of dogs	550
Total number of horses	254
Total number of cows	535
Total number of sheep	30
Total number of swine	73
Total number of fowls	2,050
Total value of fowls	\$2,050
Number of people liable for military duty	1826
Number of dwelling houses assessed	2382
Number of acres assessed	6218.4
Amount used in National Bank Tax	\$12,000 00
Amount used in Business and Public Service Corporation Tax	29,289 98
Amount received on account State Income Tax	135,372 99
Amount received on account of Public School Distribution Tax	14,868 50
Amount voted by Town	30,000 00

TAXES ASSESSED IN THE TOWN OF MILTON IN 1923

Respectfully submitted,

W. W. CHURCHILL,
CHARLES H. HORNE,
CLARENCE BOYLSTON,
Assessors of Milton.

REPORT OF BIRD WARDEN

MILTON, MASS., December 31, 1923.

To the Citizens of the Town of Milton:

I beg to submit to you my report as Bird Warden for the year 1923.

There was no appropriation and there are no accounts to be submitted.

The result of my observations during the year 1923 indicates that there is no very substantial change in the condition of the bird-life in the town since that reported for the year 1922.

The English Sparrows, which have apparently had something of a setback during the two previous years, are beginning to increase in numbers, and the Starlings also are increasing. I recommend that efforts should be made to diminish both these species, as they are neither of them particularly useful birds and probably in the main do more harm than good.

There are a noticeable number of cats, nearly wild, roaming about, which doubtless make much havoc among the birds, especially in the breeding season. I hope that the citizens will make an effort to exterminate such cats, and also to control their tame cats during the evening and early morning hours, especially in the breeding season of the birds, from April to August.

I am glad to report that the Chickadees and the Golden-crowned Kinglets, both useful birds, appear to be much more numerous in the Town this year than last.

Respectfully submitted,

RALPH E. FORBES,
Bird Warden.

MILTON CEMETERY

MILTON, MASS., December 31, 1923.

To the Citizens of Milton:

The Trustees report as follows for the year 1923:

There were 122 interments, of which 70 were from out of town. Twelve new lots were finished and 35 were taken by residents; no lots were sold to non-residents. There were placed under perpetual care 17 lots and 3 single graves.

The Trustees have voted to increase the charge for annual care of lots from \$4.00 a year, to \$6.00 a year, considering the latter charge nearer, though not equalling, the cost of the work done. They are of the opinion that the expenses of the Cemetery should ultimately be met, nearly if not wholly, by the income of the Cemetery, without appropriation from the Town.

PERCY E. SHELDON, *Chairman*
REGINALD L. ROBBINS, *Secretary and Treasurer*
ELLERTON P. WHITNEY
THOMAS K. CUMMINS
ASAPH CHURCHILL.

REPORT OF THE FIRE ENGINEERS

MILTON, MASS., January 15, 1924.

To the Honorable Board of Selectmen:

GENTLEMEN: The Board of Fire Engineers respectfully submits the following report for the year ending December 31, 1923.

There have been 304 alarms, 102 of which were bell alarms, including 24 calls to Boston. Boston has responded to 20 alarms in Milton. 13 false alarms were sounded, which is a very poor record for the Town of Milton.

The property at risk was \$285,905; total loss, \$50,312.11, of which \$41,570 was the damage to the plant of the Godfrey Coal Company on January 13, 1923; total insurance paid, \$50,207.11; net loss, \$105; per capita loss, \$4.40.

The Department laid 20,450 feet of hose, raised 902 feet of ladder, spread 3 covers, used 2245 gallons of chemicals, and traveled 1,475.2 miles.

Permits were issued as follows:

Out-of-door fires, 726; inflammable fluids, 27; explosives, 48; fireworks, 2.

There have been 259 inspections made of garages and gasoline tank locations. All stores, churches and public buildings have also been inspected.

On April 30 Mr. F. Eliot Cabot retired from the Board after three years of service, during which time he was of great assistance to the Town, particularly in the installation and equipment of the new fire alarm system. Mr. Henry F. Brierly was appointed in Mr. Cabot's place on May 26.

Appointments: During the year two men were appointed to the call force, and one resigned.

New Boxes: Five new boxes were installed:

153, Kahler Avenue and Blue Hills Parkway.

391, Canton Avenue and Reedsdale Road (replacing duplicate Box 37).

642, Edgehill Road and Plymouth Avenue (replacing previous location at Hollis and Babcock Streets).

643, Brook Road and Pleasant Street.

72, Antwerp and Pierce Avenues.

Ten Signal Locations were located as follows:

132, Revere Street and Dyer Road.

161, Hinckley and Allerton Roads (replacing signal 173 previously assigned).

26, Brush Hill Road and Metropolitan Avenue.

251, Beacon Street and Smith Road.

311, Randolph Avenue and Reedsdale Road.

61, Randolph Avenue and Hutchinson Street.

6644, Brook Road and Governor's Road.

691, Adams Street near Quincy Line.

74, Squantum and Pine Grove Streets.

75, Hope Avenue and Cedar Terrace.

Repairs to Buildings: A platform with awning was installed at Hose 2 for the convenience of the men at this station. The roof on Northeast side of the house of Hose 4 was reshingled.

Fire Alarm System: This Fall a Succession Noninterference Transmitter was installed at the Central Fire Station. This is the last of the new apparatus ordered to complete the new system. There remains but the stringing of 4 or 5 miles of signal wire to finish the work started three years ago.

Telephone: Early in September the Trunk Lines running to each engine house were discontinued, and a private branch exchange installed in the Central Station. This enables Headquarters to be in touch with each outlying station at all times, without going through the local exchange. Under this new arrangement, when the apparatus

is away from the Central Station telephone calls are automatically received at the out-lying fire stations; thus there is no delay in notifying the Department of a second fire, which was not always the case under the old system.

House Patrol: With the installation of the new telephone system a house patrol was inaugurated. Men are on duty at the desk and telephone switchboard in the Central station from 7 A. M. to 9 P. M. This Patrol insures prompt receipt of messages, and is of assistance to the many citizens who call at Headquarters on department business.

Fire Whistle: At the request of the Board of Selectmen we took up and studied the question of the abolition of the fire alarm whistle during the night, or at least the curtailment of the number of rounds blown. We have decided that it would be a step in the wrong direction to do away with the whistle. Three-fourths of the men who answer our alarms are members of the call force, and while we have four large out-door bells, and tappers in a good many houses, these are not sufficient to notify our men of a fire. An audible signal which can be heard all over town in almost all kinds of weather is absolutely necessary. When our department is busy at a fire, it is only through the aid of the whistle that we are able to know when another alarm is given, and it is therefore of very great assistance to us in despatching our apparatus to the second fire.

The New England Insurance Exchange, which has complete control of every city and town through the establishment of rates of insurance, has advised us that it will not sanction the abolishing of the whistle, nor the cutting down of the number of rounds blown at each alarm. Boxes pulled from the street sound four rounds of the box number. We have ordered, however, that when telephone alarms are received at the Central station and boxes must be pulled, that only two rounds of these boxes be struck. This order is changeable during the winter months when we have stormy weather, high winds, etc., as the doors and windows of houses of the citizens are closed, and more rounds are necessary to be heard by all of the men. We sympathize with the citizens of any town who live very close to a fire alarm whistle, and we would like very much to abate this necessary evil if it could be done.

General: This has been a very busy year for the Department and the work of our men has been commendable. We are particularly pleased with the assistance received from the Police Department. With the thousands of automobiles on Milton roads, response of our apparatus would be greatly impeded but for the effective work performed by the traffic officers. The presence of two or more police officers at every fire has helped greatly in keeping back the ever-increasing crowd which hampers the firemen in their work by crowding in on the fire grounds. The response of the police patrol-ambulance to all alarms of fire is a step in the right direction, for while we have not been called upon to use this machine, it is gratifying to know that it is within reach at a minute's notice if need requires. Both the permanent and call men of our department have petitioned us for an increase in pay, and we have recommended to the Warrant Committee that their requests be granted. In view of the continuance of high prices of commodities and the efficient work performed by our men, we feel that this town should pay a just and equitable salary for services rendered.

Respectfully submitted,

J. HARRY HOLMES, *Chief,*
ERNEST C. SOULIS, *Clerk,*
HENRY F. BRIERLY,
Board of Fire Engineers.

Special Notice

Because of the fact that citizens from the Brush Hill and Blue Hill sections of the town are connected by telephone with the Hyde Park Exchange, a special card was delivered to telephone subscribers in these districts asking them to call Hyde Park 76 in case of fire in their houses. These cards were delivered so long ago we believe most of them have been destroyed by this time; but in case any remain, we respectfully ask that they now be destroyed, as that telephone has been discontinued. Citizens will please follow the prescribed emergency calls of the telephone company, adding the word "Milton"; thus a call for the Fire Department, particularly in the Brush Hill and Blue Hill sections, should be "Milton Fire Department—Emergency." Also be sure and give the operator the telephone number and address.

REPORT OF FORESTRY DEPARTMENT

TREE WARDEN DEPARTMENT

MILTON, MASS., December 31, 1923.

To the Honorable Board of Selectmen:

I beg to submit the following report of the work of the Tree Warden Department of this Town, for the past year.

Trimming

There were no storms or unusual occurrences which required additional work this year, such as we had last year. Approximately the usual amount of trimming was done and the public trees appear to be in fairly good condition.

We have also been called upon to take down a number of large trees for the Highway Department this year, where the streets are being widened. This was an unexpected expense and was not allowed for in the appropriation.

Planting

On account of the unexpected draft upon our resources described in the previous paragraph, the Department has been unable to carry out its policy of planting about 100 trees this year, and has had to reduce that number by about one half. We have planted 47 new trees and replaced 4 that had died.

Removing Dead Trees

During this year 32 dead or dying trees were removed, but of these 13 were live trees that were taken out in the work of widening the street corners.

Insects

There is no substantial change in the infestation of the various insect pests throughout the town which are under the jurisdiction of this Department.

Saw Mill

The Saw Mill account still shows a satisfactory profit, although not as large as last year. This is due to the fact that the time of the men has been more fully filled with the required outside work, and therefore the mill has necessarily lain idle.

Plans for Next Year

We believe that the policy of the Department of planting and trimming, should be continued substantially the same as during the past few years. We are, however, informed that there is some more substantial street widening planned, which will involve considerable expense to this Department.

APPENDIX A

Trees planted		
Norway Maples	45
Lindens	2
		<hr/>
		47
Replacements		
Maples and Lindens	4
Trees removed	32

APPENDIX B

Appropriation	\$4,700 00
Private receipts	1,419 16
Credit from saw mill	581 60
Total receipts	<u>\$6,700 76</u>
Cost of tree trimming and spraying	\$5,353.36
Cost of trees removed	820 00
Cost of tree planting	225 00
Trimming in cemetery	302 40
Total disbursements	<u>\$6,700 76</u>

SAW MILL ACCOUNT

Credits

32,960 ft. lumber sawed, @ \$10 per 1000 ft.	\$329 60
Receipts from cord wood	192 00
Receipts from lumber belonging to Department	92 40
Receipts for saw dust	9 00
	<u>\$623 00</u>

Expenses

Cost of electricity	\$108 05
Cost of labor	90 50
Cost of repairs	115 10
	<u>\$313 65</u>
Credit balance	309 35
	<u>\$623 00</u>

Respectfully submitted,

RALPH E. FORBES,
Tree Warden.

MOTH DEPARTMENT

MILTON, MASS., December 31, 1923.

To the Honorable Board of Selectmen:

I beg to submit the following report of the work of the Moth Department of this Town for the past year.

Suppression Work

During this year less creosoting work was done, as the infestation of Gypsy Moths was manifestly less than during the past few years. We do not believe, however, that this circumstance would warrant any relaxation of our efforts to conduct a vigorous fight against this pest.

I regret to report that the Brown-tail Moth, however, seems to have increased seriously during the year 1923. There is one section of the town which has an infestation of this pest greater than we have had for ten years.

Labor

The cost of the labor remains substantially the same as last year, namely, \$4.00 and \$4.25 per day.

Equipment

A G.M.C. truck was purchased to replace the Kissel car which had done service for seven years. This we had equipped to run Sprayer direct from one power unit.

Plans for Next Year

We believe it desirable to do the usual amount of creosoting and spraying during the coming year, and that a determined effort should be made this winter to exterminate the Brown-tail Moth infestation referred to in a previous paragraph.

APPENDIX A

Inventory of Property of Moth and Tree Warden Department

3 Packard trucks with sprayer bodies	\$7,500 00
1 G.M.C. truck with sprayer body	2,100 00
1 Ford truck with express body	200 00
1 Ford Runabout	375 00
Spraying hose	1,380 00
Tools of all kinds (including field supplies)	525 00
Buildings and Equipment	6,200 00
Office Equipment	200 00
Total	<u>\$18,480 00</u>

APPENDIX B

Financial Statement

Appropriation	\$10,095 00	
Received from tax assessment and private work	<u>5,262 76</u>	\$15,357 76

The whole number of deaths recorded in 1923 is 142 (male, 72; female, 70); giving a death rate of 12.57 per thousand inhabitants.

The Board of Health organized March 22, 1923, with Mr. Ames, Chairman; Dr. Withington, Secretary. The following appointments were made: Agent, Dr. A. W. Draper; Inspector of Milk, P. S. Burns; Inspector of Plumbing, L. E. Young; Deputy Inspector of Plumbing, B. F. Murray; Caretaker of Detention Hospital, J. W. Eldridge; Inspector of Slaughtering, A. W. Draper. The permit for cleaning cesspools was given to A. B. Snow, and the contract for collecting ashes and garbage to S. G. Craig.

The Board took over the work on prevention of diphtheria started last year by the physicians of the town, and held free clinics for Schick testing and immunization with toxin-antitoxin at the Vose and Belcher Schools. Great assistance was given by Superintendent of Schools Ewart and the principals of the schools in which the clinics were held. The Board hereby acknowledges their kindness. It is hoped that the clinics will be held annually, and that all parents will take advantage of the protection thus offered.

The contagious disease regulations were gone over by the Town physicians and Dr. Edwin Place, and several minor changes were agreed to. A system of reporting cases was also adopted whereby parents of patients will receive two postals with the regulations for that disease printed on them; these must be returned with the signature of the attending physician, one to the Board, one to the Superintendent of Schools before the child and his contacts may return to school.

Reporting cases and following regulations has been very lax, and it must be fully realized that, as a chain is no stronger than its weakest link, all precautions must be taken if epidemics are to be checked. It is the duty of every one who knows of laxity to report it to the authorities.

The Board wishes to express its gratitude to Dr. Place, who has repeatedly given of his time and energy to help decide matters of policy with respect to contagious diseases, but who has persistently refused to accept compensation for his services other than our thanks. The Board wishes it could pay all its debts in that currency.

The only other new constructive work is the milk regulation reformation. After April first no milk may be sold in the town which has not been properly pasteurized or

which does not come from cattle which have been tested within six months for tuberculosis, without reaction. Producers have, once the regulation was explained to them, been for the most part enthusiastically for it, realizing that in spite of the fact that they will be temporarily annoyed and put to extra expense, ultimately it will be to their advantage as well as to the advantage of the public whose children will be safeguarded to have tuberculosis free herds.

The Pine Tree Brook is still with us, and seems to be as unpopular as ever.

Respectfully submitted,

S. B. AMES
P. R. WITHINGTON
J. S. LINCOLN

Board of Health of Milton.

REPORT OF COLLECTION OF ASHES AND GARBAGE

MILTON, MASS., January 1, 1924.

To the Board of Health:

GENTLEMEN:—I herewith submit my report for the year ending December 31, 1923.

There have been collected 190 truck loads and 2,811 double loads of ashes and 205 cords of garbage.

Yours respectfully,

SAMUEL G. CRAIG.

A. B. SNOW, GENERAL CONTRACTOR

MILTON, MASS., January 18, 1924.

To the Board of Health:

GENTLEMEN:—I herewith submit my report for year ending January 10, 1924.

4 vaults cleaned.

36 cesspools cleaned.

40 loads removed from same.

Yours respectfully,

ALVAH B. SNOW.

REPORT OF INSPECTOR OF MILK

MILTON, MASS., January 1, 1924.

To the Honorable Board of Health:

GENTLEMEN: I herewith submit the following report for the year ending December 31, 1923.

During the year 45 licenses to sell milk or cream have been issued and five registrations to sell oleomargarine. Five dairies supplying the town milk have ceased to keep cows. The quality of the milk with a few exceptions has been good and the usual monthly examinations has been continued.

Respectfully submitted,

P. S. BURNS,
Inspector.

REPORT OF INSPECTOR OF PLUMBING

MILTON, MASS., January 1, 1924.

To the Board of Health, Milton, Mass.:

GENTLEMEN: Herewith I submit my report for the year 1923 of the Department of Inspection of Plumbing.

Month	Permits issued	Valuation per Applications
January	11	\$6,900 00
February	12	3,900 00
March	17	9,320 00
April	32	13,135 00
May	28	19,655 00
June	26	12,737 00
July	33	18,310 00
August	32	27,740 00
September	25	13,075 00
October	33	18,705 00
November	21	10,850 00
December	18	9,725 00
	288	\$164,052 00

One hundred and twelve buildings have been or are being connected with the Town sewers.

Respectfully submitted,

LORENZO E. YOUNG,
Inspector of Plumbing.

REPORT OF THE INSPECTOR OF SLAUGHTERING

MILTON, MASS., January 1, 1924.

To the Board of Health:

GENTLEMEN: Herewith I submit my report for the year 1923.

Animals examined and passed for food, none.

Respectfully submitted,

ABIJAH WELD DRAPER,
Inspector of Slaughtering.

REPORT OF INSPECTOR OF ANIMALS

MILTON, MASS., December 31, 1923.

To the Honorable Board of Selectmen:

GENTLEMEN: I herewith submit my annual report for the year ending December 31, 1923.

Inspected 75 stables and premises where cattle or swine are kept, and found all in good sanitary condition, meeting requirements of light, space, ventilation, etc.

Gave physical examination to 557 cows, 8 bulls, 46 sheep, 267 pigs and 10 goats, also 45 cows that came in from outside Massachusetts.

Quarantined 2 cows for tuberculosis and 1 dog for rabies.

Respectfully submitted,

JAMES SPENCER,

Inspector of Animals.

REPORT OF THE INSPECTOR OF BUILDINGS

MILTON, MASS., January 1, 1924.

To the Honorable Board of Selectmen:

GENTLEMEN: I herewith submit my annual report for the year ending December 31, 1923.

There have been five hundred fifteen applications received and permits issued for buildings.

WORK OF THE BUILDING DEPARTMENT BY MONTHLY REPORT

Month	Permits for New Buildings	Permits for Alterations	Permits for Garages	Valuation per Application

	219	85	211	\$2,043,665 00

Making valuation as per applications Two Million Forty-three Thousand Six Hundred Sixty-five dollars (\$2,043,665.00).

Respectfully submitted,

G. E. BURT,

Inspector of Buildings.

REPORT OF THE INSPECTOR OF WIRES

MILTON, MASS., January 15, 1924.

To the Honorable Board of Selectmen:

GENTLEMEN: I herewith present the report of the Department of Wires for the year ending December 31, 1923.

This department has supervision of the Fire and Police Signal Systems, also inspection of all buildings equipped with Electric Light Services and all poles and wires on Town streets.

INTERIOR WIRING

	1922	1923
Certificates issued for light and power	343	363
Number of inspections	781	750
Number of incandescent lights wired for	7,050	7,346
Number of motors installed	15	17
Total horse-power	50	19
Number of electric heaters and ranges	14	15
Total watts	54,060	25,460

OVERHEAD AND UNDERGROUND CONSTRUCTION

On Hillside Street, between the Park Police Station and Fire Box 512, two miles of old iron wire were removed and replaced with two miles of No. 10 covered iron wire.

Wires were run and four new Fire Alarm Boxes installed at the following locations: Box 642, Edge Hill Road and Plymouth Avenue; Box 643, Brook Road and Pleasant Street; Box 153, Kahler Avenue near Blue Hills Parkway; and Box 72, Antwerp and Pierce Avenues. Box 37, at the Central Fire Station, has been changed to a new type box.

On Blue Hill Avenue, between Columbia Street and Brush Hill Road, the Fire and Police Signal Systems were rebuilt, a distance of two and one-half miles.

One mile of underground cable and about eight miles of overhead wires were installed for special bell circuits on Fire Alarm system.

A traffic gong has been placed on pole corner of Brook Road and Central Avenue. Any one having Radio Sets may receive a copy of Rules Governing Receiving and Transmitting Stations by notifying the Inspector of Wires.

For the maintenance of the Wire Department I have requested an appropriation of five thousand five hundred dollars (\$5,500.00).

Respectfully submitted,
ERNEST C. CHOATE,
Inspector of Wires.

REPORT OF THE PARK COMMISSIONERS

MILTON, December 31, 1923.

To the Citizens of the Town of Milton:

The Park Commissioners are pleased to report a greatly increased use of the facilities at Brook Road Playground during the season of 1923, and also an increased amount of interest on the part of the townspeople in the various bits of Town property under the control of the Park Department.

At the request of interested citizens two plots of shrubbery were set out on Crane Field, E. Milton, and the grass mowed. Bushes were removed and the grass mowed on the E. Milton Playground, Adams Street. An arrangement was made with the Milton Yacht Club whereby they assumed the entire care of grounds and the property at the Town Landing, which arrangement has worked out to our mutual advantage and the property has had as neat an appearance during the past season as was possible.

Riverside Common was ploughed, harrowed and seeded down early in the spring, removing the last traces of the war gardens, and we expect during the coming season it will care for many of the younger children in the Mattapan District. In connection with this we are asking for an appropriation for 1924 of \$305 for equipment, consisting of sand-boxes, swings, etc.

At the Brook Road Playground the extreme dryness of the season told heavily on the tennis courts, baseball diamond, and even the football field during the later season, despite the frequent use of water by the Superintendent. Baseball games were played practically every Saturday and Sunday, with a fair sized crowd in attendance, amusement being furnished thereby to a considerable number of the townspeople. The tennis courts which number four, have not been properly re-surfaced since 1917, and they are used from early morning until sunset every pleasant day, affording a most healthful form of amusement for a large number of adults as well as children. We strongly recommend an appropriation of \$800 to put these in good condition. It is most apparent that in the very near future it will be necessary to build more courts if the majority of persons wishing to play are to be accommodated.

Under the direction of Mr. Harvey, Miss Douglas and Miss Patton, the younger children were instructed in basketry and plain needlework during the summer, and the boys in tennis, baseball and setting-up drills, etc. The housing equipment, both in connection with the work of the instructors and for the baseball players, is entirely inadequate, and something must be done in this connection within the year.

The appropriation of \$600 voted by the Town in 1922 was found to be entirely insufficient in the building of a skating rink, but the ground has been levelled, banked, and with extreme care can be flooded and frozen for skating, with freezing weather. The care of this rink will require the services of at least one man throughout the season, whereas we have formerly had no one on the pay roll from November 1 to March 15.

In outlining the work for 1924 we regret the necessity of requesting larger funds from the Town, but we believe the townspeople will realize the importance of supervised play and games for the children of all ages, especially since the use of automobiles and trucks has rendered the streets, particularly in the Mattapan District, so unsafe for play of any sort.

The population of the Mattapan District is nearly double that of four or five years ago, and the playground population has increased from less than 100 to over 300 per day and it can readily be seen that increased equipment is absolutely necessary.

We have asked for an appropriation of \$5978 for 1924.

Respectfully submitted,

WM. G. RODD, *Chairman*,
MALCOLM DONALD,
CLYDE L. WHITTIER,

Park Commissioners of the Town of Milton.

POLICE DEPARTMENT

MILTON, MASS., January 1, 1924.

To the Honorable Board of Selectmen:

GENTLEMEN: I have the honor to submit for your consideration the report of the Police Department from June 1 to December 31, 1923.

Chief.—James R. Travers.
Deputy.—Timothy McDermott.

Lost articles found	30
Animals lost	16
Residences unoccupied and attention requested	202
Animals shot by police	5
Officers detailed for public service	67

MOTOR SERVICE

The new White Ambulance, which was purchased by Ex-Chief Pierce, was accepted by me and put into commission June 29, 1923.

The motorcycle was put into commission June 16, 1923, and has covered 6500 miles, doing excellent work in rounding up the speeders and doing motor patrol work in general.

The Buick Car has been in constant service since 1921, has covered about 55,000 miles, and its usefulness is about ended. On account of the service that it has rendered it needs constant repairs and I would recommend a new automobile.

July 31, 1923, a Ford Touring Car was put into commission in the department to cover routes 6, 7, 8, and 13, which are in the Blue and Brush Hill Sections of the Town. This machine covers about sixty miles every night and two officers are together to give better protection to the residents in these sections. These routes were formerly covered by four patrolmen, so this is a saving to the Town of \$3,600, or the salary of two patrolmen.

DISCIPLINE

The discipline of the department has been good in general.

CRIME

The ranks of law breakers throughout the country have been recruited largely by young men, many of them just over the juvenile age. We have had exceptionally few serious crimes and have been fortunate in most cases in apprehending the offender.

The amount of property reported stolen was \$1,215.00.

The amount of property recovered was \$670.00.

The officers have been alert and interested in their duties, with the result that we believe that no town in the country is cleaner or freer from serious crime than ours.

INCREASE IN THE FORCE

Since my appointment as Chief, June 1, 1923, four officers have been appointed: three to fill vacancies in the department and one for the motorcycle. In reality this is an appointment of only one man. The vacancies caused by the appointment of two sergeants was filled by detailing two officers to cover four routes in the Blue and Brush Hill Districts. I would recommend another officer to be appointed to do traffic duty at the Central Library, because of several bad accidents at that crossing.

TRAFFIC

The four traffic officers stationed at East Milton Square, High School and the Academy have been equipped with a white traffic harness and a platform with an umbrella to shield them from the sun. They have been supplied with a light, neat and comfortable traffic uniform for summer wear also.

They have been drilled to give one clear and decisive set of signals, thereby adding comfort and safety for the public.

Several changes have been made in the method of painting the streets by white lines. Danger signals are indicated by a large cross near intersecting streets and three bars indicate a bad curve. On the one way streets the word "One Way Street, Do not Enter" is painted. In order to expedite traffic and relieve the congestion in East Milton, I made Center Street, from Brook Road going south, a one-way street on Sundays and Holidays, also Brook Road, from Adams Street to Center Street, going north. This method has worked well, and next spring to further solve the traffic problem, more one-way streets will be put into effect throughout the Town.

The school children throughout the Town have been taken care of in the following manner:

At East Milton the traffic officer takes care of the pupils passing through the square. At Church Street a traffic officer takes care of the pupils going to and from the Belcher School; at the Academy the traffic officer handles the pupils; the traffic officer at the High School takes care of the pupils there; a patrolman is detailed on Thatcher Street during the hours that the pupils are going and returning from schools in that section; a patrolman in the police auto safeguards the children getting in the bus at the Scott's Woods section. School signs were placed on different streets for autoists to use precaution.

July 19, 1923, a spot-light was installed in East Milton Square. This light casts a reflection on the traffic officer and makes him visible for some distance.

September 29, 1923, three shifts were put into effect in Milton Village and East Milton Square. This gives the taxpayers and property owners protection twenty-four hours daily. In Milton Village and East Milton the banks and thousands of dollars worth of other property are being protected from 4 A. M. until 8 A. M. that previously were left unprotected because the night officer rang off duty at 4 A. M.

CHANGES IN THE DEPARTMENT

November 2, 1923, Norman R. Bowman and John B. Shields were appointed Sergeants, having obtained the highest rating from Civil Service in a competitive examination. The Sergeants are detailed to street duty from 8 P. M. until 4 A. M. and station duty from 1 A. M. until 8 A. M., alternating. Some one in authority is on duty twenty-four hours every day except when the Chief is called to court or to investigate complaints. The work being done by the Sergeants is above criticism.

November 9, 1923, the Town was re-districted and several officers assigned to different routes.

During the month of September five day and five night officers were drilled for riot gun practice at the Montclair Gun Club under the direction of Mr. C. B. Young, who willingly instructed them *gratis*. These officers have had some pistol practice also and are ready when emergencies arise. A pistol range is being installed in the upper part of the police station and upon its completion all officers will be compelled to practice.

THE POLICE AND THEIR DUTIES

The conception many people have of police work, gained from the movies and sensational newspaper stories, is of a crusty, crabbed official at the station house desk who frowns at you when you cross the threshold. Enlightened people of today know that this is not so. Those officials know that they are there for service and they render it in every possible way. The same is true of the patrolman on the street. A patrolman is often the first person a stranger speaks to and the impression formed is liable to gauge his estimate of the entire town, and that is one reason why each officer is instructed to render the utmost service and courtesy to those with whom he comes in contact, and it is surprising how many legal questions of various kinds they are asked. The police must be diplomatic in dealing with those whom misfortune often renders most unreasonable and the large amount of common sense with which most police officers are endowed enables them in many cases to render real service.

POLICE SIGNALLING SYSTEM

I desire to call your particular notice to improvements necessary to our police signalling system and to recommend the installation of a Bell and Flashlight Recall System, whereby the Police Department can call any officer when required.

This system is manufactured by the Gamewell Fire Alarm Telegraph Company, which company has manufactured fire and police signalling apparatus for over sixty-seven years and which apparatus has been used by our Town for many years.

This improvement furnishes an effective means of locating the members of the Police Department within a few moments when emergency cases arise.

The proposed Bell-Lights have been located throughout the Town at important intersections of streets so that the light can be seen at night time in several directions and in the day time the bell is sounded to attract the officer's attention. The system is arranged so that Sergeants or any individual officer can be called, and if required all officers on their beats can be notified at the same time that they must communicate at once with the Police Station.

There are many occasions in conducting the police force that several officers are required at the same time, and with this system it is possible to get them together and thereby do more effective work. Without an up-to-date signalling system no chief can bring his department to the degree of efficiency that safeguards against evil influences, fires, hold-ups, automobile thefts and innumerable other things, protection from which the taxpayers are justly entitled to. With the installation of this up-to-date Recall System the police department will be greatly improved. It permits extending beats when desired and still the officers are within call of Headquarters at all times.

I have had a plan prepared by an engineer of the Gamewell Company and Mr. Ernest Choate, Superintendent of Wires of this Town, which covers the entire Town, not only for the present needs, but for the future developments. This plan calls for this year's installation, if adopted by the Town, for the Station equipment including necessary batteries to operate the system, 12 combination Bell-Lights, also 2 new police boxes to be connected in the present police system, together with all wiring necessary, at a total cost of \$6,000.00.

With this improvement the citizens of the Town are better protected, and when an emergency call is made to Headquarters, either day or night, the entire force or any part of it can be assembled and response given immediately, whereas under the present conditions an extended time might elapse before police service can be given and the difference between the two may mean success or failure to carry out and enforce the law or give to our citizens the proper protection which they are entitled to.

In conclusion I express my thanks and appreciation for the assistance and co-operation extended to me by the Honorable Board of Selectmen. I am extremely grateful for the advice and aid of the Justice of the District Court, Honorable Albert E. Avery, and his associates, and to the Clerk of the District Court, Lawrence W. Lyons, and his associates. I also extend my sincere thanks to Ex-Chief Pierce, who so kindly assisted me when I took charge of the Department. I commend my comrades in service for their loyalty and co-operation which contributed greatly in making my administration a success.

Respectfully,

JAMES R. TRAVERS,
Chief of Police.

ANNUAL REPORT OF THE OVERSEERS OF THE POOR, MILTON, MASS. FOR THE YEAR 1923

To the Honorable Board of Selectmen:

The annual reports of the Board of Overseers of the Poor vary little from year to year. We have nothing remarkable to chronicle of the year just closed. In personnel and in organization the Board has been constituted as for two or three years preceding. Mr. Rounseville, Mrs. Brackett, Mr. and Mrs. Eldredge still serve as agent, visitor and superintendent and matron of the town farm, respectively. Perhaps the best report that could be written would be a reference to the statistics which form a part of this report and a recommendation to compare them carefully with those of the last few years.

The Board, through its policy of receiving as boarders dependents of neighboring towns and some independent of public aid, has thereby reduced the per capita expense of our own dependents. We would call attention to the fact that the amount of sales from the farm has continued to increase somewhat, as it has for a number of years. There is a natural limit to the capacity of the farm to produce and the *increase* can hardly be expected longer.

Where there is little to report, it is a fair inference that the year has been a satisfactory one. Such has been the year 1923.

We would respectfully ask as an appropriation for the coming year the sum of \$14,500. As the proceeds of sales and reimbursements must henceforward be paid directly into the treasury of the Town and cannot be applied by the Board to the expenses of the department, the Board is obliged to ask an increase in its appropriation sufficient to cover these previous items of income.

Respectfully submitted by the Board of Overseers of the Poor,

HORACE N. PLUMMER, *Chairman*,
ALBERT D. SMITH, *Secretary*,
FREDERICK CHASE,
EDITH E. STEBBINS.

REPORT OF THE TRUSTEES OF THE MILTON PUBLIC LIBRARY FOR THE YEAR ENDING DECEMBER 31, 1923

January 9, 1924.

To the Citizens of the Town of Milton:

The Trustees of your Public Library herewith submit their annual report, together with the annual report made to them by Miss Allen, the Librarian. We commend to all citizens a careful reading of the Librarian's report. We believe that it shows an ever increasing usefulness of the Library and that the work has never been better done. The increase in circulation is more than commensurate with the growth of the town, and the character of the books circulated indicates the seriousness with which the function of the Library is regarded by the citizens. The Library is rapidly becoming an information bureau of general intelligence. Its range of service is wide, and as a department of education for citizens of all ages it holds an important position.

The Trustees are asking that the town appropriate at the annual meeting in March \$14,000, the dog tax for 1923 and the fines for 1924. This is the same as last year, but \$500 of this amount, if granted, will be used to increase the salaries of the Librarian and members of the staff. The increase in each case is small, and, the Trustees think, highly deserved. The Librarian and all the members of the staff but one are citizens and residents of Milton. They live in their own homes and are therefore free from the necessity of paying the large price of board in Milton. This is a distinct advantage to them and to the town, but Milton should not press this advantage so far as to receive from these young women a service which is not adequately paid for. Even with the slight increase proposed by the Trustees the town is receiving conspicuous service for what it pays.

Respectfully submitted,

NATHANIEL T. KIDDER, *Chairman*,
FRANK E. LANE, *Treasurer*,
RODERICK STEBBINS, *Secretary*,

FREDERIC M. STONE,
ARTHUR H. TUCKER,

Trustees of the Milton Public Library.

REPORT OF LIBRARIAN

MILTON, January 1, 1924.

To the Trustees of the Milton Public Library:

I have the honor to submit my report for the year ending December 31, 1923.

The report last year ended with the statement that our circulation was slowly but steadily nearing the 100,000 mark. This prophecy has been fulfilled, with a small margin to spare. In other words, the circulation for the year is 100,525, a gain of 2,319 over 1922, and a per capita circulation of 8.8 (based on 1923 Town census). This yearly increase in circulation, however, presents a problem. The wear and tear on the books increases in measure as the circulation increases, with the result that a large number of books must be discarded each year. The expense of this discarding and of the replacement of these volumes constitutes a very considerable amount, of which people rarely think.

Whatever activities have taken place in the Children's Room the motive behind them has been to create added interest in reading, or awaken such an interest where it has been dormant. So we started a Travel Club. Each club member was required to read books of travel from a designated list; to give verbal reports of the books read and to answer satisfactorily questions regarding the particular country read about. Forty-two boys and girls joined this Club and when one considers that many of them were unfortunately early addicted to the fiction habit, one must feel that much benefit was derived from their reading.

Still following out the idea of creating interest in worth-while books in the child of limited reading and to guide the child who already has the library habit a Reading Contest was conducted. The Division of Public Libraries offered certificates to any child who read and reported on five books from the State list for his grade or one grade below or grade above. Honor certificates were to be awarded to any child who had read twenty-five books from the lists. That such an incentive is worth putting before children is evidenced by the fact that some of the children who, up to the time of enrollment had read nothing but primers and books of the Thornton Burgess type, have read books for their grade to the extent of earning one or more certificates.

The story hours have gone on without interruption. Hoping to make them co-ordinate with the work of the schools we conferred with a neighboring principal and found that mythology stories would best fit into the needs of the class room. Therefore the Greek Myths have been the basis of the bi-weekly story hours this fall. The attendance has varied from twenty to one hundred and forty.

It would seem as though the East Milton and Mattapan Branches had reached a maximum of service, restricted as they are by inadequacy of space.

Particularly is this true of Mattapan. This is a reiteration of a similar statement made last year and it is likely to be repeated until the Mattapan section is provided with a building which can give comfortable service to those living in that part of the town. Given a room in which only twelve people can be seated at one time, filled with children, as is frequently the case, there is no incentive for older people to go to the Branch for a quiet hour of reading. Indeed, the choosing of a book from the shelves is often accomplished only after an acrobatic feat of no mean proportion.

The obvious reaction from such a condition is that the adult population of Mattapan in no inconsiderable number send their sons and daughters to the Branch for the books they may wish to read. To cope with a situation such as presents itself at the Mattapan Branch calls for patience, tact and a keen sense of humor. No one using the Branch can fail to appreciate that the assistant in charge possesses all of these characteristics.

The circulation for the year has been 25,422, a gain of 515 over 1922.

The circulation at East Milton shows a gain of 561, making a total of 23,436. Although the space at this Branch is small, yet the arrangement of the shelves, tables and chairs is such that a maximum of working and moving space is obtained in a minimum of floor area.

A number of new reference books have been sent to the Branches, which have helped much in taking care of the Junior and Senior High School reference work.

With the present method of transportation, which takes many of the pupils immediately at the close of the school session to their homes, the question of keeping up a live reference collection at the Branches is one to be given much thought.

The time has passed when we can say to the pupils that they must do their reference work at the Central Library. The Branches must more and more, as time goes on, have an adequate supply of permanent books which can answer many of these school calls. With this end in view we are adding each year to the nucleus already housed at the Branches.

The circulation at Russell Reading Room has been 2,970. Miss Kennedy has tried the experiment of opening the Branch for two hours on Saturday afternoons, and this has given much satisfaction to the adult readers. It has also brought many young children whose parents would not allow them to take the lonely walk in the evening. The Branch is still open on Tuesday and Saturday evenings, and whether the longer hours of opening will continue depends on the afternoon use.

That there has been a gain of 438 in the number of books issued through the House to House Delivery Service is a matter of satisfaction, but also of surprise. The present method of delivery is slow and we do not feel that much more than is at present accomplished can be done with the equipment at hand. The important fact is that from 11,026 books circulated through this service, 8,480 have been issued at the homes from the supply on the wagon, the other 2,546 having been sent out on special request from the Library. This seems a conclusive proof that the opportunity for personal selection is appreciated.

Twice during the year it has been our privilege to entertain the Americanization Class, which is conducted by the Public Schools. Our reasons for inviting this class in a body are two-fold: we wish first to impress upon them that the library is at the service of each and all who live in the town, and secondly we wish to be a supplement to the class room work. The spirit of friendliness on these occasions was delightful, and when succeeding Sundays brought these men back to the library we felt that the first steps had been taken in bringing them to a realization that this is after all their library.

A chance remark was made to the Librarian not long ago to the effect that no serious use is made of the library. Is it possible that we are such an ineffective force in the community that we can reach a circulation of 100,000 and yet cater only to the ephemeral needs of our reading public? We think not. We are reminded at once of the man who spent an afternoon reading anything we could give him about social service and social case work; of the boy, just starting in work in a cotton manufacturing plant, who took out all of the up-to-date books on the cotton industry that we owned, one we borrowed from the Boston Public Library, and one we purchased; of the man who spent an evening looking up plans for remodeling a farm house; of the Yale Professor who wished to know of the life of the Ancient Athenians before they came to Athens; of the eager and excited woman who wished to identify a picture which might prove her to be the owner of a priceless Claude Lorrain. These are but suggestions of the many demands that are made upon the library and its Branches, and they are cited, not because they are the unusual, but because they represent in measure the daily demands of an inquiring and thoughtful public.

The gifts this year cover a great variety of subjects, particularly those given to the Children's Room. It is a long cry from a mud turtle to a reproduction of a Wyeth drawing, yet each one has found its proper niche and the interest of the children has been as keen for one as for the other. That the children feel a sense of ownership and pride in the Children's Room is evident by their gifts. Ellen Cushing gave us two gold fish; Bernard Flaherty, a mud turtle; and Alfred Rogers, a snapping turtle; Evelyn Emery gathered the tadpole eggs which remained on Miss Draper's desk until the survivors had turned into frogs. The large aquarium with twenty-eight gold fish is loaned to the room by Mrs. Morton Safford. Copies of new and popular novels have been given by Mrs. Norton Wigglesworth, Mrs. Strafford Wentworth, and Mrs. Marcy L. Sperry; other books and magazines have been given by Mrs. Carrie E. Barnes, Miss Edith S. Tilden, Mr. and Mrs. Robert R. Haydock, Mr. George R. Russell, Miss Anne D. Beck, Mrs. George B. Whiting, Miss Ella W. Bray, Mr. Philip P. Chase, Mr. Samuel C. Lord, Mr. Henry A. Ames, Mrs. George Wigglesworth, Mr. Warren P. Landers, Mrs. Franklin Hamilton, Mrs. Frederick O. Houghton, The Brush Hill Book Club, Mrs. Henry G. Shaw, Mrs. Charles Williams, Mr. Roger L. Scaife, Mrs. Alfred Weld, Dr. Henry S. Forbes, Mrs. James Lawrence. Not the least in importance among the gifts of the year have been the small Christmas trees given by Mr. Frank H. Farrington for

the Children's Room and the three Branches. These small, lighted trees gave great pleasure to all who saw them.

Believing that any service which the citizens may give to us increases their sense of pride and ownership in the library, we have asked those in the town who, either by inclination or training, are interested in art, to write up the Art Exhibits for the *Milton Record*. This has resulted in really good criticism of the shows.

There have been eight exhibits since January, consisting of the work of Maurice Day and Harold Brett, two well-known illustrators; oil paintings and water colors by J. Eliot Enneking, Mrs. Walter D. Brooks, Mrs. Charles E. Guild, Mr. and Mrs. Harold Haven Brown; pastels by Kate Leah Cotharin, portrait drawings by Margaret Lesley Bush-Brown and an Industrial Exhibit held under the auspices of the Milton Education Society and the Science Clubs of the High School and Milton Academy.

The present library building is almost twenty years old. During these years only very necessary repairing and renovating has been done. The roof over the main part of the building has been repaired this year; the stone work on the roof has been pointed; a brick wall has been built in the boiler room, making a fire-proof coal bin; a driveway has been built from the rear of the building to the coal bins, an outlay of money, however, which will soon pay for itself by a saving of coal cartage in the immediate future. Although some painting and cleaning was done last year, the inside of the building as a whole is sadly in need of renovating, and this should be attended to in the near future if the building is to be kept up to the standard that Milton demands of its public buildings.

There have been no changes in the staff during the past fiscal year. This fact in itself contributes to efficient service, but it is not the sole factor to be reckoned with. The spirit of the present staff is excellent. Frequent meetings of the Central and Branch assistants for the discussion of problems tends to weld the system together in friendly co-operation. Many of the assistants are taking courses which are of material help in their work, all of which combines to give us a staff of unusual spirit. With such a spirit among the staff, and back of this a Board of Trustees who are active and keenly interested in the welfare of the Library, we should go on to better and finer service each year.

Respectfully submitted,

CARRIE S. ALLEN,
Librarian.

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

MILTON, MASS., January 1, 1924.

To the Honorable Board of Selectmen:

GENTLEMEN: I herewith submit my report for the year ending December 31, 1923.

Number of Scales, Weights and Measures sealed	735
Number condemned	2
Number of Scales, Weights and Measures found incorrect and adjusted	10

Respectfully submitted,
JAMES SANGSTER,
Sealer of Weights and Measures.

REPORT OF THE SEWER COMMISSIONERS

MILTON, January 1, 1924.

The Board of Sewer Commissioners makes the following report of operations of the Sewer Department during the year ending December 31, 1923.

General

Population by census of 1920	9,382
Estimated length of streets of Town (miles)	55
Percentage of length provided with sewers	35.9%
Method of Disposal	Metropolitan System

Collection Mains

	For Sewage	For Sewage and Surface Water
Lineal feet of pipe (measured)	104,282.2	700 (storm overflow)
Lineal feet extended during year.	6,048.1	
Number of inverted siphons	1	
Number of manholes	470	
Number of storm overflows	1	
Number of emergency overflows	1	
Number of automatic pumping stations	1	

House Connections

Number made during the year	102
Number of stoppages coming to the notice of the department	8

Discharge of Sewer

Estimated population using sewer system	7,380
Number of buildings connected	1,381

Financial

Total cost of collection mains to December 31, 1923	\$245,542 59
Bonded debt at date	9 000 00
Average rate of interest on bonds	4.111%

For details of sewer construction and maintenance accounts, reference is made to the Financial Report compiled by the Auditors, as shown elsewhere.

Respectfully submitted,

E. L. CUTTER, *Chairman,*
W. A. WILL,
F. Y. MARSHALL,
Board of Sewer Commissioners.

The extensions made during the year were as follows: Aberdeen Road, 396.6 feet; Adams Street, 258.37 feet; Blue Hill Avenue, 649.12 feet; Cabot Street, 563.66 feet; Cary Avenue, 1000.04 feet; Central Avenue, 261 feet; Churchill Street, 49.3 feet; Governor's Road, 628.4 feet; Howard Street, 290 feet; Huntington Road, 120 feet; Johnson Street, 263.5 feet; Plymouth Avenue, 156.8 feet; Projecta Road, 250 feet; Rowe Street, 459 feet; Thacher Street, 680.72 feet; Verndale Road, 21.59 feet.

REPORT OF THE SUPERINTENDENT OF STREETS

MILTON, January 15, 1924.

To the Honorable Board of Selectmen, Milton, Mass.:

GENTLEMEN:—I herewith submit to your board and also to the citizens of the Town, the report of the Street Department for the year 1923.

The weather conditions during the whole year will be remembered as being the most extreme and unusual for a long time. The winter season was very severe, with an unusual number of snow storms, and a long period of continuous cold weather. The rest of the year was exceptionally pleasant and free from heavy and violent rain storms. I mention these facts because they have a great deal to do with the expense of general maintenance and cost of construction of our streets. Favored by the unusual fine weather this department was enabled to do its work with very successful and satisfactory results. The cost of the various kinds of work of the department will compare very favorably with that of other years and are specified under the same headings.

Permanent Construction Work

The appropriation for permanent construction was reduced from that of the previous year on account of the cost of rebuilding Blue Hill Avenue.

After a survey of the Town it was decided to expend this appropriation on sections of Canton Avenue, Brush Hill Road, Dana Avenue, Williams Avenue and Randolph Avenue. The policy of former years, viz.: the improving of our main highways used by the citizens of the Town in general, was thereby continued.

Canton Avenue

Pay Roll	\$3,723 98	
Coal	112 86	
Gasoline	99 81	
Oil	4 50	
Stone, 1,397,700 lbs.	1,265 34	
Asphalt, 7,450 gallons	894 00	
		\$6,100 49

Brush Hill Road, Williams Avenue and Dana Avenue

Pay Roll	\$1,937 69	
Gasoline	225 44	
Stone, 757,800 lbs.	753 14	
Stone, 500,900 lbs.	438 28	
Coal	43 38	
Asphalt, 9,896 gallons	1,178 99	
Pipe	49 39	
		\$4,626 31

Brush Hill Road, Atherton to Milton Streets

Pay Roll	\$4,118 51	
Stone, 2,157,500 lbs.	2,089 66	
Asphalt, 15,150 gallons	1,781 10	
Miscellaneous supplies	132 77	
Cement	83 40	
Building wall	191 40	
Grates and frames	79 00	
Coal	110 15	
Pipe	166 21	
Gasoline and oil	268 06	
		\$9,020 26

Randolph Avenue, Centre to Artwill Streets

Pay Roll	\$4,632 71	
Stone, 2,183,600 lbs.	1,924 25	
Gasoline and oil	184 70	
Cement	110 94	
Tarvia, 17,830 gallons	2,115 85	
Pipe	46 57	
Coal	120 69	
Miscellaneous expense	117 21	
		\$9,252 92
Total appropriation	\$30,000 00	
Less Trans. to General Highway	1,000 00	
		\$29,000 00
Expenditures		28,999 98
Balance		\$0 02

GENERAL MAINTENANCE

The appropriation for the maintenance and repairs was increased to meet the unusual expense incurred on account of the great number of snow storms. The expense of repairing the streets after the severe winter was greater than usual, especially on the main highways. It was necessary to excavate and rebuild in many places.

Plant and Equipment

There has been no change, either in the plant or equipment, during the year. The buildings are in good repair and the equipment is in good condition.

Hay and grain	\$2,091 38	
Shoeing	284 34	
New harness and repairs	179 55	
Electric light	45 78	
Coal	62 02	
Pay Roll	1,254 00	
Lumber	66 61	
Water	26 38	
Veterinary services, etc.	86 50	
Miscellaneous expense	8 75	
		\$4,105 31
Carts and wagons repaired	\$470 63	
Tools repaired	131 97	
New tools	404 82	
		\$1,007 42

Bridges, Guard Rail Fences and Signs

The bridges and guard rail fences have been given very careful attention and are in safe condition. Street signs have been painted and replaced. New street signs of a different type have been placed in the Mattapan section along the Blue Hills Parkway. These signs are more costly than the customary wooden signs, but will last indefinitely.

Central Avenue Bridge

Pay Roll	\$132 50	
Lumber	344 62	
		\$477 12

Guard Rail Fences and Walls

Pay Roll	\$222 50	
Lumber	118 89	
Posts	50 00	
		\$391 39

Street Signs and Bulletin Boards

Pay Roll	\$155 00	
Lumber	36 87	
Painting	60 00	
New metal signs	105 96	
		<u>\$357 83</u>

Street Cleaning

The street cleaning work was carried on in the same manner as of other years.

Pay Roll	\$3,581 74	
Rent	25 00	
		<u>\$3,606 74</u>

Catch Basins, Cleaning, Building and Repairs to same

Grates and frames	\$566 59	
Brick	50 50	
Pipe	130 22	
Pay Roll	308 06	
		<u>\$1,055 37</u>

Steam Rollers

The steam rollers were repaired and are in good condition. They were inspected late in the season by authorized inspectors.

Repairs	\$484 63	
New picks and sharpening	84 62	
		<u>\$569 25</u>

Gravel Pit

Pay Roll	\$1,779 00
--------------------	------------

Sand Pit

Pay Roll	\$716 00
--------------------	----------

Miscellaneous Highway Work and Supplies

Pay Roll, mowing, burning grass, etc.	\$763 00	
Supplies	1,406 80

General Road Maintenance and Repairs

During the year the activity in building was greater in all sections of the Town. On account of this work the Street Department is obliged to widen and grade the existing streets, build new sidewalks, and extend and improve the drainage systems. In extending the water, sewer, and gas mains, also Telephone conduits, and the laying of service pipes to new and old buildings, the streets have to be dug up and the improved and hard surface is always damaged.

This work is always necessary, but causes considerable trouble and expense to this department. On account of these present time conditions, the expense of maintenance is always necessary.

General Work	
Pay Roll	\$3,249 41
Gasoline and kerosene	586 46

		<hr/>
		\$5,742 90

Traffic Signals

Two new Beacon traffic signals were installed during the year, one at Brook Road and Centre Streets, the other at Randolph Avenue and Reedsdale Road. Six safety warning signals were installed on dangerous curves and street intersections. These traffic signals have proved to be a great benefit and are being adopted by most cities and towns.

Cost and installation	\$906 06
---------------------------------	----------

Street Widening

This work has become one of the most necessary features of street improvement for safety. There are many dangerous curves and corners in the town that can be improved and while this will cause considerable work and expense, it is much better to improve some of these dangerous conditions each year.

The County Commissioners of Norfolk County have assisted by establishing new street lines, and agree to pay for land taken, with the understanding that the Town will do the widening. This seems to be a very fair and reasonable way to improve the dangerous curves and corners on our main highways.

Adams Street, between Pleasant Street and Otis Street, was widened according to the plan of the County Commissioners. The land taken was given by the owner very gratefully. When the work is completed it will be a great improvement.

Pleasant Street was widened, thereby removing a very sharp curve. This widening was opposite land of the Cunningham Park, and the Trustees gave the land for this purpose.

The widening of the northwest corner of Canton Avenue and Dollar Lane was completed. This work was started late in the season of 1922.

Brush Hill Road, near Milton Street, was widened along the property of Mr. Herbert Lyman. This was a very narrow and dangerous section, and was done in conjunction with Permanent Construction work. Mr. Lyman gave the Town the land necessary for improvement.

Widening Adams Street at Centre Street

Pay Roll	\$733 50
--------------------	----------

Widening Northwest Corner Canton Avenue and Dollar Lane

Pay Roll	\$565 95
--------------------	----------

Widening Pleasant Street

Pay Roll	\$145 50
--------------------	----------

Surface Drainage

The expense for drainage was not so large, as the work consisted of improving a number of short sections.

Pay Roll	\$320 50	
Pipe	171 64	
		<hr/>
		\$592 14

Automobile and Trucks

Early in the year a new 5 ton White truck that was purchased to take the place of a smaller truck proved to be a great benefit in removing snow during the winter. This is the only change in motor equipment.

Expense		
Pay Roll, repairs		\$25 50
Supplies		208 48
Gasoline		474 80
Tires		212 55
Oil		356 07
Outside repairs		400 45
		<hr/>
		\$1,677 85
New 5 ton White truck.		4,518 62
Ford runabout replacement		167 90

Ice and Snow

The expense of plowing, handling and removing the snow, was unusually large. There were a great many heavy snow storms and the snow remained on the ground the entire winter season. The expense of this work covers all the street, sidewalk and gutter work in all sections of the town.

Pay Roll	\$12,082 12	
Plows and supplies	483 00	
		<hr/>
		\$12,565 12

Distribution of Coal

This Department was called upon to assist in relieving the distress of many people who were unable to get coal. Assisting the Fuel Administrator and coal company, the department pungs and trucks delivered coal to many houses in all sections of the town. We were very willing to assist in this work, but did not keep any account of the expense.

Water and Oil

The applying of oil and tar on road surfaces was practically the same as other years. The prices for this material were not reduced.

Pay Roll	\$1,387 78	
Road oil	3,214 80	
Sand	1,090 38	
Tarvia	3,255 75	
Water	27 23	
		<hr/>
		\$8,975 94

Additional Sidewalk Work

This was expended out of the General Highway fund, to complete permanent work already started, as the Sidewalk fund was exhausted.

		\$2,100 00

Conclusion

In concluding this report, I wish to say that it will be necessary to have the appropriation for the work of this Department as large as in former years to meet the increasing demands for improvements.

I wish to thank your Honorable Board for your assistance and suggestions during the year, also the employees of the department for their co-operation.

I also wish to take this opportunity of extending to the citizens of the town my sincere thanks for their many suggestions and recommendations.

Respectfully yours,

EDWARD A. McCUE,
Superintendent of Streets.

REPORT OF THE BOARD OF WATER COMMISSIONERS

MILTON, MASS., January 28, 1924.

To the Citizens of the Town of Milton:

The Board of Water Commissioners respectfully submits the following report for the year ending December 31, 1923:

At the Annual Meeting in March, 1923, the Town voted to appropriate money for the use of the Water Department during 1923 as follows:

For installation of gate valves and extension to water mains	\$15,000
For hydrant rental (including water used at fountains)	9,000
In November the Warrant Committee voted to transfer from the Contingent Fund, to be used for extension of water mains	1,300

The year just ended saw the demand for housing facilities still unsatisfied. New residential real estate developments required appreciable extensions in order that they might be served with water and other public utility services, resulting in the busiest year in the history of the Department. The majority of these requests continued to come on unaccepted streets.

Four 10-inch and one 6-inch gate valves were installed in Adams Street, a valve inserting machine being used by means of which service interruption was avoided. A much needed reinforcement to the water main system was completed when the 8-inch pipe was extended in Dudley Road to Brook Road, a 12-inch pipe run from that point to Centre Street and an 8-inch pipe installed from that section westerly to the then existing dead end in Centre Street. The completion of this work will appreciably benefit and strengthen service out to the easterly section of the Town.

On Brook Road 198 feet of 12-inch pipe was laid to connect up with 209 feet of 6-inch pipe on Rowe Street to supply new houses there. These two sections of 12-inch pipe so laid in Brook Road anticipate the future 12-inch main that will extend in that street from Canton Avenue to Adams Street.

In order to provide for the future it was deemed advisable to lay two short pieces of pipe across Blue Hill Avenue, where new paving is now being put down, one at Lafayette Street and one at Tucker Street. The State Regulations forbid the granting of permits for opening the hardened surface of a state highway for a period of five years after completion of such new paving, unless the opening is absolutely necessary.

A gate was installed on the branch pipe to a hydrant in Canton Avenue, which has been knocked over several times by automobiles.

In private ways the more important work done was as follows:

The first job was the installation of 204 feet of 3-inch pipe in Francis Street. The property in the vicinity of Washington Street required several short stretches of 6-inch pipe, as follows: 276 feet in Howard Street, 264 feet in Johnson Road, 292 feet in Rockwell Avenue, 252 feet in Rockwell Place, 276 feet in Bunton Place and Bunton Street. A 6-inch main was laid for a distance of 600 feet in Bassett Street and Projecta Road. Brae Burn Road required 420 feet of 6-inch pipe. In Meredith Circle 1407 feet of 6-inch main were laid. Six-inch pipe was laid from the main in Edgehill Road into Garden Street for a distance of 288 feet. Installation of 6-inch main in Verndale Road and Lothrop Avenue required 487 feet of pipe. To supply two houses in Martin Road 319 feet of 6-inch main were laid. Two hundred sixty-eight feet of 6-inch pipe were installed in Emerson Road. Three houses in Hudson Street required 316 feet of 6-inch pipe, 276 feet of which were laid in 1923, the remainder being carried over to 1924.

Funds available for extension of mains were not sufficient to meet all demands and three pieces of construction work were completed under an agreement whereby the applicant paid for the cost of the extension with the understanding that the Board of

Water Commissioners would recommend to the Town at the March Meeting that the necessary funds be appropriated for repaying to the applicant the cost of the extension. The three extensions made under this agreement were as follows:

Lothrop Avenue	\$539 08	
Emerson Road	804 90	
Hudson Street	1,088 32	
Total	<hr/>	\$2,432 30

Where it was apparent that the yearly revenue from customers served by any extension would not equal at least six per cent of the cost of such extension, an agreement was signed whereby the applicant guaranteed to the Department a minimum payment of six per cent per annum of said cost for five years.

During the year 186 new services were laid; three services were discontinued, resulting in a net gain of 183 services. The number of services in use on January 1 of this year was 2,578.

The automobile equipment in use during the past year consisted of:

- 1 Autocar
- 1 Ford ton truck
- 2 Ford light trucks
- 1 Ford coupe

Near the close of the year one Ford light truck, which had been in use for three years, was replaced with a Dodge truck, the work proving too heavy for the lighter car.

In March, 1923, Mr. Edward E. Ford was re-elected a member of the Board of Water Commissioners for a three-year term. Mr. E. Lawrence Hurd was elected to complete the unexpired two-year term of Mr. Oliver Wolcott, who resigned.

For details of receipts and expenditures of this Department for the year just ended, those interested are referred to the Financial Report of the Auditors, shown elsewhere.

Respectfully submitted,

MARCY L. SPERRY,
EDWARD E. FORD,
E. LAWRENCE HURD,
Board of Water Commissioners.

FUNDS HELD BY THE TOWN

Perpetual Care Fund

Amount held December 31, 1923 \$52,379 50

This fund is held by the Town Treasurer in accordance with Chapter 82, Sections 15-18, of the Public Statutes, interest at the rate of 6 per cent per annum being allowed on it and paid over to the Trustees of the Cemetery.

Jason Reed Cemetery Fund

Amount held December 31, 1923 \$2,626 67

The interest on this at the rate of 4 per cent per annum is paid over to the Trustees of the Cemetery.

E. T. L. Reed Public Park Fund

Amount held December 31, 1923 \$6,662 44

Extract from the Will of Elizabeth T. L. Reed

“All the rest, residue and remainder of all the moneys remaining in the hands of said Executor or Administrator, I direct shall be divided into three equal parts.

“The second of said parts shall be paid to and deposited with the Treasurer for the time being of said Town of Milton, the same to be received, held and invested by said town as a fund to be known as the ‘Jason Reed Fund,’ and the income thereof shall be applied to the preservation, care, improvement, or embellishment of the said Milton Cemetery.

“And the third of said parts shall be paid to said Town of Milton, and the same shall be applied by the proper legal authorities to or towards laying out, improvement or ornamentation of a Public Park or Parks in said town, in such manner as said authorities may deem advisable.

“I make the foregoing bequests in favor of First Parish, the Cemetery and the Parks in said Milton, both on account of the deep interest taken by my father, the late Jason Reed, deceased, in the affairs of said town, and of my own profound desire for the welfare of said town and of the citizens thereof.”

Mary L. Peabody Fund

Amount held December 31, 1923 \$5,000 00

The clause under which this bequest is given reads as follows: “To the Selectmen of the Town of Milton, Massachusetts, \$5,000, to be invested and the income thereof to be distributed annually to the poor at Christmas.”

REPORT
OF THE
SCHOOL COMMITTEE

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of the Town of Milton:

The School Committee submits herewith as its main report the report of the Superintendent of Schools, to which it invites your careful attention.

The Committee acknowledges with pleasure the receipt of the following gifts to the several schools as indicated:

GIFTS

High School:

Milton High School Silk Flag for interior display }
Milton High School Bunting Flag for outside display } Class of 1923

Antlers of Rocky Mountain Elk { Brackett Parsons of Class of 1916
Albert E. Parsons of Class of 1920
Charles S. Parsons of Class of 1922

\$1,000, the income of which is to be used for two citizenship prizes—Tuell Alumni Association

Vose School:

\$3.88 for purchase of picture—Class of 1923

All Schools:

\$150 toward health work in the schools—Red Cross Committee of the Milton Woman's Club

Estimates for 1924

After careful consideration of the estimated cost of maintaining the schools during the year 1924, your Committee recommends the appropriation of \$187,850.

Respectfully submitted,

LEONARD M. PATTON, *Chairman*
J. HENRY SCOTT, *Secretary*
HENRY W. B. ARNOLD
ELMER P. FLETCHER
GEORGE Y. BADGER
HARRIET WHITTIER

ANNUAL REPORT
OF
SUPERINTENDENT
OF
SCHOOLS

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and the Citizens of the Town of Milton:

It is my privilege to discuss in this, my fourth annual report, some of the accomplishments of your schools during the year and their present condition. Without fear of contradiction we may state that during the past year we have held all ground previously gained and have made advance along many lines. That team plays the best game that is made up of players each doing his best for the success of all. With School Committee, teachers, and all others involved working in this team spirit, as has been and is now the case, it is inevitable that progress should be made. It is therefore especially fitting that I should at the outset express to my associates my deep appreciation of the spirit that has characterized all their work.

In school work much that is accomplished is inconspicuous and intangible, yet of the utmost value. To what extent we have succeeded in establishing ideals of good citizenship, for example, may not be known for several years. Yet no effort has been spared or opportunity lost to utilize school activities to train by precept and practice in the direction of such ideals. To develop an appreciation of the relation between individual freedom and a proper regard for the rights of others as expressed in constituted law is one of the heaviest responsibilities resting in part upon the schools. A worthy member of society must not only show obedience himself, but he must also realize and properly exercise his influence over the conduct of others. Such is the lesson the schools are in every way endeavoring to bring home to the pupils. President Coolidge's words in his first message to Congress in December, 1923, may well be kept constantly before every boy and girl: "Free government has no greater menace than disrespect for authority and continual violation of law. It is the duty of a citizen not only to observe the law, but to let it be known that he is opposed to its violation." Not through monitors, but through pupil leaders of public opinion, are we trying to apply daily the principles of citizenship in the schools. To counteract the many opposite influences is not an easy task. To establish such standards of honor as will protect the interests of the law-abiding rather than shield the law breaker is often most difficult. Yet this is in part the problem of the school. More and more as individuals and as nations are we appreciating our responsibilities one to another. Every day brings opportunities to impress this lesson upon our boys and girls and thereby make them the better fitted for the larger responsibilities that are before them. In all schools and in all grades, but in different ways, increasing emphasis is being laid upon the practice of the qualities of good citizenship.

INCREASE IN SCHOOL POPULATION

In January, 1921, there were 1,553 pupils attending our public schools. In January, 1922, there were 1,603. In January, 1923, there were 1,723. At the present time, January, 1924, there are 1,818. This shows an increase of over seventeen per cent in three years. With the large number of new houses under construction, especially in Mattapan and East Milton, a more rapid increase may well be expected. In this connection it is interesting to observe that the largest growth has come in the upper grades of the system. In 1921 grades eight through twelve, then comprising the High school unit, had 481 pupils. The same grades today have 588 pupils, a gain of over twenty-two per cent. The larger increase at this point is both significant and gratifying, indicating a desire for a fuller training; it is our obligation to see that the training we provide justifies the longer time spent in school.

REDUCTION OF SCHOOL COSTS

Unthinking persons may measure the costs of schools only by consideration of the total amount spent from year to year. Obviously this is not a proper basis for comparison, as it ignores the growth of the school population. Only by considering cost per

pupil can reasonable comparisons be made. It is gratifying to be able to point out that while school opportunities have been constantly broadening, the cost per pupil has been decreased nearly eleven dollars, about ten per cent, during the past three years.

HIGH SCHOOL

No school can long retain the confidence of the community if it fails to give proper emphasis to improvement of scholarship. For this work the school must have a good organization, good teachers, and good methods of instruction. The present form of organization of our High school is the one endorsed by the best educational thought of the country. It would be difficult to find a corps of teachers more worthy of public confidence than those now in the Milton High school. Professionally alert, they are bringing to their classes the best methods that study can discover. Gratified as we are at the absence of criticism on the part of the parents, we are not satisfied. We want more active interest in the work of their children. In order to have this home co-operation, general and individual conferences with parents have been held, particularly in an effort to discover the causes of individual failures.

The uniformly favorable impression the school makes upon visitors, both in conduct and in general attitude toward work, should be as gratifying to pupils and parents as it is to teachers. I wish that every parent and every citizen realized what those from outside our town find in our schools as they visit them.

The amount and the quality of home study and the use of leisure time are now being given special attention in the school. The interest and co-operation of parents are vital at this point.

Harvard and Radcliffe have this year instituted a modification of their plan of admission, accepting without examination candidates in the highest seventh of the graduating class. Under this plan three graduates of the class of 1923 were admitted to Harvard in September. The reports just received from the college show that all are fully maintaining themselves and are entirely justifying the school's confidence in them.

While the usual teams have been maintained in the several sports, emphasis is being increasingly laid upon the broadest physical development of all the pupils. For example, the benefits of football training have been received not only by those who were chosen for the team, but also by a far larger number who have taken advantage of the opportunities to obtain instruction and have regularly engaged in practice under direction of the physical instructor.

For several years one of the most helpful student organizations has been the Girls' League. In many ways it has been constantly demonstrating its value. New girls have been made welcome and have been given assistance in every way possible in adjusting themselves to the new school. At the Christmas season the League's interest in others has been quietly but sympathetically and effectively shown. It is a large factor in the maintenance of the best standards in the several activities of the school.

This year there has been organized a Boys' Senate, with purposes somewhat similar to the Girls' League. Already it has assumed a position of importance in the school, and is fully justifying its establishment. While both these organizations have the interest and co-operation of Faculty advisers, yet the control is vested entirely in the students themselves.

The Debating Club has entered upon its second year's existence. Last year it held regular meetings and conducted several interesting debates, two being with other schools. On one occasion the Club held a mock debate and social, with the Faculty and the other students as guests.

The High School Glee Club and the Orchestra, composed of members of the High school and of the Junior High school, gave a concert of high merit last spring, the program of which appears elsewhere. Both organizations are flourishing and are maintaining standards of excellence. Milton is indeed fortunate in having the vocal music of the schools under the direction of Miss Carrie E. White and its orchestral work under the leadership of Mr. Emil Posselt, each a master in the field covered.

Many interesting assemblies of the school have been held, the pupils increasingly assuming responsibility for them. They are a vital element in the life of the students.

The work of the Advisory Bureau deserves especial mention in this report. Under the direction of Mr. Hunt it has been the means of assisting many pupils at graduation to find congenial employment. Through its activity in securing work for pupils while still in school it has without doubt made it possible for some to continue their studies who without it would for economic reasons have been obliged to leave school. Of thirty-five graduates of June, 1923, now at work, twenty-two obtained their positions through

the Advisory Bureau. During the year there have been two hundred twenty-two requests for pupil service. It is the office of the Bureau to place pupils in vacation, afternoon, and Saturday work, as well as to help those who leave school permanently. Its services are at the disposal of graduates and students for several years after leaving school and it has had a large part in the advancement of many already employed. We shall appreciate opportunities to provide workers for positions in Milton or Boston, whether for full time or for part time.

During the year the Bureau has arranged as usual several lectures, as shown by the list printed in the appendix to this report.

In order to facilitate its work a small conference room was provided by partitioning off a part of the sewing room on the first floor. This room is available also on occasion for other conferences.

The work of the Bureau is now being broadened by the working out of a plan by which every student will have the personal interest and advice of some one teacher, to whom he can freely go throughout his Junior High school and High school course. This will bring to him suggestion and encouragement and will materially increase his prospects of success.

A new manual activity that has appealed especially to the girls of the High school is the work in Arts and Crafts, the present interest being in light sheet metal work. The school printing shop, another important manual activity, appreciated alike by both boys and girls, is doing an increasingly difficult and valuable work under the instruction of Miss Helen J. Holmes.

The graduation exercises of the High school this year were of unusual significance in that for the first time the Tuell and the Hallowell Citizenship Prizes were presented to graduates. The Tuell Alumni Association raised within its membership a fund of one thousand dollars, which it presented to the Town through the School Committee. The income of this fund is to be used each year in providing prizes to be given to two members of the graduating class. The first prize, called the Tuell Citizenship Prize in honor of Hiram Tuell, for nearly twenty years the principal of this school, is to be awarded to the boy who throughout his course in the High school has best exemplified the qualities of good citizenship. The second, called the Hallowell Citizenship Prize in honor of Miss Henrietta T. Hallowell, for many years a teacher of English in the school, is awarded upon the same basis, but to a girl. At the main entrance have been placed oak panels, one for each prize, and upon these panels are inscribed each year the names of the winners. This fine contribution of the Tuell Alumni Association will give a permanent emphasis to the training for good citizenship, with which the names of both these teachers will always continue to be associated.

The names of those to whom these prizes were awarded will be found on a subsequent page with the program of the graduating exercises.

Junior High School

This organization has now passed entirely beyond the experimental stage and has become an essential part of our school system. That it is meeting in a better way the peculiar needs of the adolescent age is best shown by the fact that few pupils withdraw from it except from necessity. The work of the school this year is especially successful, in part due to the fact that the corps of teachers with but a single exception is the same as that of last year.

The Junior High school now issues a school paper called "The Great Blue," entirely the work of pupils, even including the printing of the paper in the school print shop.

More than two hundred students applied for admission to a Glee Club which has recently been organized. One hundred voices were selected and the Club is already under fine headway under Miss White's leadership. The orchestra and the instrumental classes previously mentioned continue to be appreciated by the pupils of this school.

With the Girl Scouts, the Assemblies, the Students' Council, and the other opportunities for assuming responsibilities, the school is making a fine contribution to citizenship, both for the present and for the future.

Elementary Schools

There has been an increase in membership in all the elementary schools, the gain being largest in the Mattapan and the East Milton sections. As a result one additional class was formed in the Belcher school last September, with the probability that still another will be needed next year. This will not, however, result in overcrowding.

The use of the new Tucker school will make it possible to reduce the size of over large classes there and at the same time meet all the demands of the growth of the district.

In July Miss Anna M. Woodbine, for over two years the efficient principal of the Belcher school, resigned her position to be married. Her work in East Milton during that time had won for her a large place in the hearts of all and her going was a cause of deep and general regret. The position was filled by the transfer of Miss Bessie B. Allen, principal of the Wadsworth school. The fine spirit manifest everywhere and the excellent work being done are convincing evidence of the wisdom of Miss Allen's selection for this position.

Milton Teachers' Association

This Association, which includes all the teachers of our schools, has been especially active. Its welcome to new teachers the day before the opening of schools last September, its Hallowe'en Party, its Concert by the Ferrell Ensemble, the two lectures of Miss Harriet Whittier upon the work of the Williamstown Institute of last summer, and the five lectures of Mr. Charles C. Batchelder of New York University upon world problems, have all been noteworthy events.

Americanization

The Americanization Class, meeting two evenings a week, has steadily gained in numbers and in influence. At first it was composed entirely of Italian men, but it now includes men of several other nationalities as well as several women. The class has become so large that one teacher cannot successfully do the varied work required and a second teacher is now employed, working with those who are soon to obtain their final citizenship papers. This class, of which the State bears one-half the salary expense, is a good investment for Milton.

Revision of Rules and Regulations

Although conditions have materially changed in the past few years, and individual rules of the School Committee have been changed from time to time to meet those conditions, yet there has been no thorough revision of the rules for several years. Recently this was done and the revised regulations put into print.

No-School Signals

One of the most difficult questions calling for decision by the Superintendent of Schools is the omission of school sessions on account of weather. While the dangers from exposure to rain or snow should not be overlooked, yet the sure effects upon school accomplishment caused by the omission of school sessions must not be disregarded. The only offset to frequent omission would be the lengthening of the school year. With reasonable clothing protection, our children must expect to attend school except in time of severe storm. There are still those who believe that meeting the demands of New England weather has some part in the development of the strong sturdy characteristics that we like to associate with our part of the country. Especially in Milton is it difficult to decide wisely because of the large area and the widely varying conditions of the Town.

Heretofore there has been but one signal, sounded at seven-thirty o'clock, which has affected all grades alike. Recently a different system has been adopted that makes it possible to consider the interests of the lower grades apart from those of the upper grades. A printed explanation of the signals for home display has been given to each pupil in the schools. In the appendix of this report will be found a copy of this explanation.

Health

Increasing attention is being given everywhere to the health of the child. For several years Milton has been doing excellent work along this line, being much in advance of general practice. Last summer Dr. Frank S. Churchill, who had been the School Physician for four years, tendered his resignation in order to give his whole attention to his private practice. During his years of service Dr. Churchill had given himself whole-heartedly to his work in the schools and had constantly safeguarded the health interests of our children. Dr. Augusta G. Williams, for three years the physical examiner for the girls, resigned last June in order to direct a health program elsewhere.

In reorganizing the health program in our schools in September, the School Committee decided to separate the work of physical inspection from the general health work, and accordingly employed several physicians of experience in the field of examinations to do this work in all the schools so that the results of the inspection might be available for follow-up work as soon as possible.

For the position of School Physician the Committee secured the services of Dr. Walter A. Lane, a physician thoroughly acquainted with conditions in Milton and peculiarly well-fitted for this work.

For the position of physical instructor for boys to succeed Leon R. Harvey, who resigned to go to a position in the Michigan College of Mines, Aaron H. Yeaton of Amesbury, Massachusetts, was chosen. Stress is being laid upon the physical improvement of all, especial attention being given to posture. Similar broad work is being done in the elementary grades and among the High school girls by Miss Alma Porter.

In connection with the increased emphasis being laid upon health instruction in the schools, Miss Mabel C. Bragg of Newton, who gave courses the past summer to selected teachers of Belgium under the auspices of the Commission on Belgian Relief, has given six lessons to the teachers of Milton upon the methods of health instruction. These lessons were made possible by the generosity of the Red Cross Health Committee of the Milton Woman's Club.

At an early date there will be in the High school building a display of the Health Exhibit of the Massachusetts Department of Health, to which pupils, parents, and the general public will be cordially invited. At this time there will be an exhibit of some of the work done in our own schools in the promotion of interest in health.

With the co-operation of the Board of Health and of the local physicians an additional means of protecting our schools against exposure to contagious disease is about to go into effect. When a child is known to have a disease that should, under State laws, be reported to the Board of Health, duplicate postal cards, one addressed to the Superintendent of Schools and the other addressed to the Board of Health, will be sent to the home. Upon each card is printed the Board of Health rule regarding that particular disease. Until the attending physician has certified on both cards to the fact that the regulation has been complied with, the child cannot be readmitted to school. This safeguards against premature return and consequent exposure of others to the disease.

In our efforts to make good and healthy citizens we ask the constant interest of the home.

New Tucker Building

While much educational progress has been made the past year, most of it has been within the schools in the improvement of organization and methods, and therefore not conspicuous. The year has brought one accomplishment, however, in which the whole town has an interest and in which all may well take pride. I refer to the erection of the new building for the Tucker school.

Every School Committee, beginning with the Committee of 1913, has called the attention of the Town to the growth of the Mattapan section and to the need of added school accommodations there. Notwithstanding the removal of the Morse Home and also the gradual withdrawal of upper grades until in 1921 it became a six grade school, still the school has in each case soon recovered its numbers and even increased.

At the Town Meeting of 1920 the Moderator was authorized to appoint a special committee of five to consider the needs of the Mattapan section in the matter of school accommodations. This Committee, consisting of W. Rodman Peabody, Chairman, J. Henry Scott, Secretary, Alfred J. Ellsworth, Leonard M. Patton, and William G. Rodd, made its report to the Town Meeting of 1922.

That report contained the following recommendations: First: That the Town acquire at once two lots of land on Oak Street which lie immediately westerly of the present Tucker school; Second: That at such time in the near future as building prices are again normal, the Town proceed to construct at the corner of Oak Street and Blue Hills Parkway a brick, six-grade public school.

The report pointed out that the establishment of the Junior High school would remove the immediate pressure upon the building by the transfer of the seventh grade to the High School building and that thus the erection of a building at war-time prices would be avoided.

However, the volume of new home building in that section became so great that upon the request of the School Committee the Town Meeting of March, 1922, adopted an article providing for the appointment of another special committee to consider the needs of the Mattapan section and to prepare plans and estimates of cost of construction

of a new building to meet those needs. The Moderator appointed the following Committee: Alfred J. Ellsworth, Ernest E. Erickson, Leonard M. Patton, J. Henry Scott, and Albert R. Whittier. The Committee organized by the election of Mr. Ellsworth as Chairman and of Mr. Scott as Secretary. About twenty meetings were held during the following months. A careful study was made of the probable demands by reason of the growth of the district, in which study the Committee sought the advice of those best acquainted with the real estate situation and outlook. The Committee also engaged Mr. Arthur W. Kallom of Boston to make a scientific study of the Tucker school by application of the Strayer-Engelhardt test of school buildings. This report showed that the Tucker building in almost no way met the requirements of a modern school building.

Data was supplied by the Superintendent of Schools as to the results of an investigation of the number of children in the district, street by street, of school age and of pre-school age, and his opinion was sought as to the size and requirements of a building necessary to meet the probable growth of the district.

A careful study was made of the number of building permits issued in Mattapan each year recently. This showed a very rapid increase of home construction. Careful consideration was then given to the possibility of large sections of land available for home-building purposes.

Special committees of the Tucker School Association and the Milton Park Improvement Association met with the Building Committee and expressed their opinions as to the need of a new building.

The advice of the State Inspector was sought as to the safety of the building and the changes needed to comply with the building laws involved so much expense that he stated that in his opinion such expenditure upon a building old and already inadequate in size would not be justified.

All the Committee were now convinced that a new building was a necessity. Although from time to time the School Committee had informally presented their opinions as to the size of building required, the Building Committee requested the School Committee to supply them now with a formal statement as to the character and the size of the school building that in their judgment would be required to meet adequately the needs of the district for a period of years. The building now under construction is entirely in harmony with the recommendations of the School Committee.

Plans were prepared by Kilham, Hopkins & Greeley, architects, of Boston, and estimates were obtained. The Committee unanimously recommended that the Town Meeting of March, 1923, provide for the immediate erection of a building in place of the Tucker school, and also appropriate the sum of \$240,000 to be spent under the direction of a building committee of five citizens to be appointed by the Moderator. This action the Town took by unanimous vote and the Moderator appointed the same Committee to be the Building Committee. To fill the vacancy caused by the resignation of Albert R. Whittier, the Moderator appointed John P. Illsley. The Committee organized by the choice of Mr. Ellsworth and Mr. Scott as Chairman and Secretary respectively and entered upon its work immediately, engaging Kilham, Hopkins & Greeley as architects, with authority to proceed at once with the preparation of detailed plans.

Inasmuch as the new building was to be erected upon the exact site of the existing building, which would therefore have to be removed, the School Department took steps at once to provide for housing the Tucker school organization during the building period. The three-room Thacher school at the Center, unused for several years, was put into condition for occupancy and vacant space in the Vose and Glover buildings was made ready to receive furniture. In view of the distance and the street danger it was decided to provide transportation for the children of the kindergarten, the first, and the second grades. This necessitated the purchase of an additional school automobile bus, the order for which was placed immediately.

On Wednesday, May 9, the last session of the school was held in the old building. The following day the desks and other furniture were transferred to the new locations and on Monday, the 14th, the pupils began their work in their new rooms. Thus the transfer involved the loss of but two school days.

In few communities would it be possible to provide such satisfactory temporary quarters for four hundred children without serious loss of schooling through half-time or some other expedient. The work has gone on from the beginning without reduction of time for any pupil.

On account of the distance to the temporary schools, it was not deemed feasible to maintain the two-session schedule and therefore the one-session plan was adopted.

In the Vose building is provided a hot lunch for all who wish it, a privilege taken advantage of by nearly two hundred pupils every day.

I wish to take this opportunity to express our appreciation of the fine spirit shown by parents and pupils in the acceptance of the conditions under which we are working temporarily. It is apparent that they realize that no effort has been spared by the School authorities to make the best possible provision for all the children.

In addition to using the Thacher building, the Tucker school children are now in the Vose and Glover buildings, side by side with the children of those schools. The fine spirit in which the situation has been accepted is worthy of special mention, being highly to the credit of all the teachers and the pupils of the schools involved.

The Building Committee has held many meetings and in every way has demonstrated rare civic interest in their devotion to their task. They have kept before them all the time the desire to provide the best educational instrument possible for the children of the Tucker district. The building that is the result of their work will be one in which Milton will take justifiable pride.

The weather has been unusually favorable for construction work and as a result the building was entirely closed in before cold weather, so that the winter has not interrupted the progress of the work. There is every reason to expect that the school will be ready for occupancy before the close of the school year.

A study of the plans and description incorporated in this report will show the principal features of the building.

Conclusion

No printed statement of what is being done for the children in our schools should satisfy the parents and citizens of Milton. Again we cordially invite you to visit the schools and observe them for yourselves.

As we cross the level field, the further boundary comes perceptibly nearer; as we climb the mountain, although we are conscious of ascending, the top seems ever receding. As we work together for our children and therefore for our future Milton, in spite of discouragements, we would climb mountains rather than cross fields.

Respectfully submitted,

JOSEPH A. EWART,

Superintendent of Schools.

MILTON, MASSACHUSETTS

SUPERINTENDENT

SPECIAL REPORTS
AND
STATISTICS

NEW TUCKER SCHOOL

The Tucker School is located on the corner of Blue Hills Parkway and Oak Street, a few minutes' walk from Mattapan Square.

It will be used for children of the kindergarten and the first six grades. The following description will serve to give a knowledge of the principal characteristics of the building.

Kilham, Hopkins & Greeley of Boston are the architects. The general contractor is C. S. Cunningham & Sons Construction Company; the heating and ventilation contractor is M. A. Dame & Son, while the electrical work is being done by J. Wilkinson Company.

The building is of brick and concrete. All floors are of concrete and the stairways are of iron. One cannot fail to be impressed by the solid and substantial appearance of the building.

The corridors are finished with brown brick dado with white brick above, and are well lighted their entire length.

The building is ideally located so that all the rooms have an abundance of light from the right compass directions.

At the right of the Parkway entrance on the ground floor is the office of the Principal. Adjoining it is a large waiting room for pupils and visitors, and also a conference room to be used by the Principal, the School Nurse, and the School Physician. Leading from the corridor just beyond the office is the main store room for supplies and books.

At the left of the entrance and opposite the office is the kindergarten suite of rooms. These will be a constant delight to the children and will give them a most happy introduction to their school life. They will easily accommodate sixty pupils. On one side is a large bay window and on the inside wall opposite the bay window is a generous fireplace. The one large room can be divided by folding doors, thus providing for two groups working independently. While these rooms can be entered from the main corridor, they have a direct outside entrance from Oak Street. Near this door are the coat room and the toilet facilities of the kindergarten suite.

Passing down the corridor, we come next to the room that will be used for the sewing classes. It will also be equipped for cooking. While the building does not contain a gymnasium, the next room on this corridor will well serve this purpose, being at all times available for group physical exercises.

The next room will be used as a special class room, adjoining the corner room, which is for manual training. Large closets take care of the tools and the products of the wood-working classes.

Across the corridor is the janitor's room, from which he may pass immediately into the boiler room and the fan room. Electrically driven fans will provide a constant supply of warmed fresh air to all the rooms.

Passing from the ground floor to the first floor we find there seven classrooms and a small library. On the second floor are seven more classrooms, together with an emergency room and a room for the teachers of the school. These rooms will be fully equipped for their particular purposes.

While the building has no basement, a part of the basement of the old building has been utilized to carry steam lines and ducts.

At each end of the building are provided two large toilet rooms, located on the stair landings, one between the ground floor and the first floor and the other between the first floor and the second floor.

In place of dressing rooms for pupils' wraps, a large ventilated and heated wardrobe is provided in each classroom, shut off from the room during the session by lifting doors.

Built into the walls are book closets, teachers' closets, and compartments where each pupil may keep books and such other materials as are usually kept in pupils' desks.

The furniture will be of the most modern type and will be entirely in harmony with the requirements of the best thought in education.

There will be five entrances to the main building. The entrance on Oak Street will lead directly to the Assembly Hall. Facing this entrance and built into the corridor wall will be large cabinets with glass doors for the display of educational exhibits, work of pupils, and other material having exhibition value.

Extending from the center of the building back toward Belvoir Road is an assembly hall, connected with the main building but yet with its own roof. With the gallery it has a seating capacity of about five hundred and has provision for a moving picture booth in the rear of the gallery. At either side of the large stage are two dressing rooms, one above the other. The gallery can be entered directly from the first floor and from the second floor. The hall can be entered immediately from outdoors from the Parkway side. At each side of the stage is provided a generous exit. Beneath the stage is a large room in which, through openings under the stage, the folding chairs can be stored when not needed on the floor of the hall.

The heating plant is placed entirely outside the main building and is modern in every detail. Two large low-pressure boilers provide both direct and indirect heating. Two large motor-driven fans force warmed air over the entire building.

The whole building is electrically lighted, having also emergency gas lights on stairs and landings.

As the new building covers much more ground than the former one, the land on Oak Street, bought by the Town in 1921, will be graded and added to the playground.

The completion of this building will give to Milton a school modern in every respect and a fine addition to its educational equipment. It will at the same time make adequate provision for many years for this rapidly growing district.

REPORTS OF ATTENDANCE OFFICERS

To the Superintendent of Schools:

I present herein my report as Attendance Officer of the Town of Milton for the year 1923.

Number of cases	2
Number of visits to homes of pupils	3
Number of visits to schools	3
Habitual truant — prosecuted	1
Pupil kept from school by parent on account of physical condition	1

Respectfully,

TIMOTHY McDERMOTT.

DECEMBER 29, 1923.

To the Superintendent of Schools:

I hereby submit to you my report as Attendance Officer for the year ending December 31, 1923.

Number of notices received	42
Number of pupils kept by parents	6
Number of pupils kept for sickness	12
Number of cases for other causes	10
Number of cases of truancy	14

Respectfully yours,

HENRY F. BRIERLY.

DECEMBER 31, 1923.

QUOTATIONS FROM RULES AND REGULATIONS OF THE SCHOOL COMMITTEE

1. Admission to Kindergarten and to First Grade

SECTION 45. Children who will be five years old before January 1 of the following year may be admitted to the kindergarten during the month of September. Children who will be six years of age before January 1 of the following year may be admitted to the first grade during the month of September.

2. Tuition Pupils

SECTION 69. Tuition fees at the rate of \$125 (One Hundred Twenty-five Dollars) per year in the High School, \$100 (One Hundred Dollars) per year in the Junior High School, and \$75 (Seventy-five Dollars) per year in the elementary schools shall be paid by non-resident pupils to the Town Treasurer at the beginning of each term. Pupils whose term bills have not been paid at the end of the second week from the time the bills have been rendered shall be required to discontinue their attendance at school.

3. No-School Signal

SECTION 61. The signal 2-2 sounded four times on the fire alarm at

7.15 o'clock means no school sessions for all schools for entire day.

7.30 o'clock means no school sessions for all schools below the Junior High School for entire day.

11.40 o'clock means no afternoon session for all schools below the Junior High School. This signal will not be sounded if the 7.15 or the 7.30 signal has been sounded.

ADVISORY BUREAU VOCATIONAL LECTURES
1923

January 12

Speaker—Mr. Corey, Burdett College, Boston

Subject—WHAT DOES YOUR MIND DO WHEN YOU THINK?

January 26

Speaker—Mr. Edwin Weber, Mattapan National Bank.

Subject—BANKING

April 30

Speaker—Miss A. R. Whittier, Massachusetts Normal Art School, Boston

Subject—OPPORTUNITIES IN THE FIELD OF ART

Practical demonstration by students of the school

May 10

Speaker—Miss Ellen C. Daley, Superintendent of Nurses, Boston City Hospital

Subject—NURSING (lecture for girls)

Speaker—Mr. Roy Davis, Assistant Dean, Boston University

Subject—ELEMENTS OF SUCCESS (lecture for boys)

Special
 Signals
 for Fires
 in the
 Blue Hills
 Reserv'n.

*Special Signals.

Directions for Sounding an Alarm

Open outside door of Fire Alarm Box, then pull the hook down **ONCE** and let go. Remain at Box until arrival of Firemen and direct them to the Fire.

Signals

- 1 One blow, 7.30 A.M., 12 M., 5.45 P.M. Fire Alarm Tests.
- 1-1 Two blows, Recall.
- 1-1-1 Three blows followed by four rounds of box number, general alarm.

Signal for No School

The signal 2-2 sounded four times on the fire alarm at

7.15 o'clock means no school sessions for all schools for entire day.

7.30 o'clock means no school sessions for all schools below the Junior High School for the entire day.

11.40 o'clock means no afternoon session for all schools below the Junior High School - this signal will not be sounded if the **7.15** or the **7.30** signal has been sounded.

The **7.15** signal will rarely be sounded as it includes the closing of the High and Junior High Schools. If the **7.15** signal is given, the **7.30** signal will be unnecessary.

The widely varying conditions in the several parts of Milton make it difficult to reach decisions equally fair to all interests. Parents are, therefore, expected to exercise discretion in regard to their own children.

BOARD OF FIRE ENGINEERS

J. HARRY HOLMES, *Chief*
 HENRY F. BRIERLY
 ERNEST C. SOULIS, *Clerk*

Emergency calls for Fire Department should be
 "Milton Fire Department Emergency"

88th
ANNUAL TOWN REPORT

OF

MILTON
MASS.

FOR THE YEAR ENDING

DECEMBER 31, 1924

COMPILED BY

THE AUDITORS.

BOSTON
WRIGHT & POTTER PRINTING COMPANY
32 DERNE STREET
1925

STATEMENT OF THE AUDITORS

To the Citizens of Milton.

In accordance with the Revised Laws and the By-Laws of the Town, we have examined the books and accounts of all officers and committees intrusted with the expenditure of money, and all original bills and vouchers on which moneys have been paid from the treasury, for the year ending December 31, 1924, and have found the same correct.

Following out the ideas of the President of the United States and our Honorable Board of Selectmen as to economy, we have, as far as possible, eliminated the printing of all unnecessary records, especially as to the itemized bills, which have been approved and paid, of the different departments. As the records are public property, any or all information pertaining to any department may be had from the Accounting Department at the Selectmen's office.

Respectfully submitted,

J. HERBERT RAYMOND,
FREDERICK N. KRIM,
ARTHUR S. FORBES,

Auditors.

MILTON, MASS., December 31, 1924.

REVISED BY-LAWS

Town of Milton, March 2, 1902

Adopted by the Town and approved by the Superior Court May 20, 1902

The amendments to Chapters 2, 3, 4, 7, 8, and 10, adopted by the Town March 2, 1914, March 13 and September 1, 1915, March 11, 1922, were approved by the Attorney-General, December 10, 1914, May 8 and September 22, 1915, April 6 and July 19, 1922

Chapters 12 and 13, adopted by the Town July 10, 1922, were approved July 11 and 21, 1922

CHAPTER 1

GENERAL PROVISIONS

SECTION 1. These By-Laws, contained in this and the succeeding chapters, being ten chapters in all, may be designated as the Revised By-Laws, adding the number of the chapter and section when necessary.

SECT. 2. So far as the provisions of these By-Laws are the same in effect as those of previously existing By-Laws, they shall be construed as a continuation of such By-Laws, but, subject to said limitations and the provisions of the next section, all By-Laws of the Town heretofore in force are hereby repealed; provided that this repeal shall not apply to or affect any By-Law, order, or article heretofore adopted, accepting or adopting the provisions of any statute of the Commonwealth.

SECT. 3. These By-Laws and the repeal of all By-Laws heretofore in force shall not affect any act done, any right accrued, any penalty or liability incurred, or any suit, prosecution, or proceeding, pending at the time when they take effect; nor shall the repeal of any By-Law thereby have the effect of reviving any By-Law theretofore repealed or suspended.

SECT. 4. When in a By-Law anything is prohibited from being done without the license or permission of a certain officer, officers, or board, such officer, officers, or board, shall have the power to license or permit such thing to be done.

SECT. 5. In all the By-Laws of the Town the following words and expressions shall, unless inconsistent with the manifest intent, be severally construed as follows: —

The word *public way* shall include any highway, townway, road, bridge, street, avenue, boulevard, roadway, parkway, lane, sidewalk or square; *the owner or occupant* of a building or land shall include any sole owner or occupant, and any joint tenant and tenant in common of the whole or of any part of a building or lot of land; words purporting to give a joint authority to three or more officers or other persons shall give such authority to a majority of such officers or persons; the word *person* may include corporations; words importing the singular number may apply to the plural number, and words importing the masculine gender may apply to the feminine gender.

SECT. 6. All fines and penalties for the violation of any By-Laws shall, when received, inure to the use of the Town, and be paid into the Town treasury, unless it be otherwise directed by the laws of the Commonwealth or the By-Laws of the Town.

SECT. 7. Whoever violates any of the provisions of the By-Laws of the Town, whether included in these By-Laws or any hereafter enacted, whereby any act or thing is enjoined or prohibited, shall, unless other provision is expressly made, forfeit and pay a fine not exceeding twenty dollars for each offence.

SECT. 8. Whoever shall refuse or neglect to obey any order of any Town officer or board of Town officers, issued under any of the By-Laws of the Town, directed to him and properly served upon him, shall, in cases not otherwise provided for, forfeit and pay for such offence a fine not exceeding twenty dollars.

SECT. 9. Prosecutions for the breach of any of the provisions of the By-Laws of the Town shall be commenced within six months from such breach.

SECT. 10. Any or all of the By-Laws of the Town may be repealed or amended, or other By-Laws may be adopted, at any Town meeting, annual or special, an article containing the subject-matter of the proposed change having been inserted in the warrant for such meeting.

CHAPTER 2

TOWN MEETINGS

SECTION 1. The warrants for all Town meetings shall be directed to the constables of the Town, and the meetings shall be notified by posting attested copies of the warrant in each of the post-offices of the Town at least fourteen days, and by leaving printed copies thereof at the dwelling-houses in the Town at least four days, before the day of such meeting.

SECT. 2. The annual meeting for the election of Town officers shall be held upon the first Saturday of March, the polls to be open at fifteen minutes before six o'clock in the forenoon, and they shall remain open until four o'clock in the afternoon for the election of such other Town officers as are required by law to be elected by ballot, all said officers to be voted for on official ballots. At any time after said four o'clock a vote may be passed to close the polls in not less than ten minutes.

SECT. 3. All business except the election of such officers and the determination of such matters as by law are required to be elected or determined by ballot shall be considered at an adjournment of said meeting to the following Saturday at one-thirty o'clock in the afternoon.

SECT. 4. All motions shall, if required by the Moderator, be reduced to writing before being submitted to the meeting.

SECT. 5. Upon taking the question, if the decision of the Moderator is doubted, or a division of the House called for, the Moderator shall request the voters to be seated, and shall appoint tellers; the question shall then be distinctly stated, and those in the affirmative and negative respectively shall be requested to rise and stand in their places until they are counted by the tellers, who shall carefully count each side and make a report thereof to the Moderator; provided, however, that if prior to the opening of the Town Meeting or adjourned Town Meeting at which any specific Article is considered, twenty-five citizens shall in writing have requested the Moderator to submit any question arising under such Article to vote by ballots in case the decision of the Moderator upon voice vote being taken is doubted, then in such case, if the decision of the Moderator is so doubted or a division of the House called for, vote upon any such question shall be taken by ballots indicating the affirmative or negative, which shall be distributed, collected and counted by the tellers and a report of the count made to the Moderator.

SECT. 6. No vote shall be reconsidered at the same meeting, except upon a motion made within one hour of the adoption of such vote, unless ordered by two-thirds of the voters present and voting thereon.

SECT. 7. When a question is before the meeting, the following motions, viz.:—

- to adjourn,
- to lay on the table,
- for the previous question,
- to postpone to a time certain,
- to commit (or recommit) or refer,
- to amend or substitute,
- to indefinitely postpone,

shall have precedence in the order in which they are placed in this section.

In proposed amendments involving amounts or dates, the smallest amount and the shortest time shall be put first.

SECT. 8. After the declaration of the vote for Town officers, fifteen legal voters shall be appointed by the Moderator, who shall constitute a committee to be known as the Warrant Committee. The persons so appointed shall continue as members of said committee until the Town meeting of the ensuing year.

CHAPTER 3

THE WARRANT COMMITTEE

SECTION 1. The Warrant Committee shall, within two weeks after their appointment, meet, at the call of the member thereof first named, for organization by the choice of a chairman and secretary. And they shall meet thereafter from time to time as they may deem advisable.

They shall have power to fill vacancies in their number by vote, attested copy of which shall be sent by the secretary to the Town Clerk.

SECT. 2. It shall be the duty of the Warrant Committee to inform themselves concerning those affairs and interests of the Town, the subject-matter of which is generally included in the warrants for its Town meetings; and the officers of the Town shall, upon their request, furnish them with facts, figures, and any other information pertaining to their several departments; provided, however, that any such information may be withheld when, in the opinion of the officer or board of officers so requested, the communication thereof might injuriously affect the interests of the Town or its citizens.

SECT. 3. The Warrant Committee shall consider the various articles in the warrants for all the Town Meetings held during the period for which they were appointed including the various articles in the warrant for the annual Town Meeting next after their appointment; they shall also consider all questions submitted to the voters of the Town at any meeting, including State elections under any act or resolve of the Legislature and proposed amendments to the Constitution; and they shall report in print before all such meetings their estimates and recommendations for the action of the Town.

On or before January first of each year each board, committee or officer of the Town shall file with the Selectmen, who shall transmit the same to the Warrant Committee, a statement in detail of the appropriation or appropriations recommended by such board, committee or officer for the work under its or his charge for the ensuing year.

The Warrant Committee shall include in its report of recommendations for the annual Town Meeting a statement setting forth the total appropriations so requested, the appropriations recommended, and the totals of such appropriations requested and recommended, and an estimate of the tax rate for the ensuing year if such recommendations are adopted.

CHAPTER 4

THE TOWN'S FINANCES AND PROPERTY

SECTION 1. The financial year shall begin with the first day of March.

SECT. 2. The Selectmen shall annually, not less than seven days before the annual meeting, cause to be printed and distributed among the tax-payers of the Town, a detailed report of all moneys received into and paid out of the Town treasury during the preceding calendar year, with such information and recommendations as they may deem proper, and with detailed estimates of the amounts of money that will be required for the ensuing financial year. With this report shall be printed the records of all meetings of the Town held since the last annual report was printed, the reports of the Auditors, of the Surveyors of Highways, and of the Engineers of the Fire Department, the Collector's account of receipts, payments, and abatements, a list of all taxes assessed, an abstract of the births, marriages, and deaths to be furnished by the Town Clerk, a statement concerning the condition and funds of the public library and the cemetery to be furnished by the Trustees respectively, and a statement of all other funds belonging to the Town or held for the benefit of its inhabitants; also statements of the liabilities of the Town on bonds, notes, certificates of indebtedness, or otherwise, and of the total money paid the Town, the income of which is to be applied to the care of lots in the cemetery. The annual report shall also contain such other matters as may be required by the By-Laws of the Town.

SECT. 3. The assessment of taxes shall be completed and the tax list and warrant shall be delivered to the Collector on or before the first day of August in each year.

SECT. 4. Poll taxes shall be payable on demand, and all other taxes assessed in each year shall be payable on or before the first day of November in the same year; and on all such taxes as are not paid on or before the said first day of November, interest shall be charged at a rate to be fixed annually by the Town, pursuant to Section 71 of Chapter 490 of the Acts of the year 1909, Part I, and the Collector shall use all the means and processes provided by law for the collection of all taxes remaining unpaid after the first day of November in the same year.

SECT. 5. No person being an officer of the Town shall in his official capacity make or pass upon, or participate in making or passing upon, any sale, contract or agreement, or the terms or amount of any payment, in which the Town is interested and in which such officer has any personal interest at variance with that of the Town.

SECT. 6. The Selectmen, being duly authorized by vote of the Town under the limitations imposed by statute, may authorize the Treasurer to borrow money temporarily in anticipation of the collection of taxes, or upon loans authorized by vote of the Town, and to give promissory notes therefor in behalf of the Town, the same to be signed by the Treasurer and countersigned by a majority of the Selectmen.

SECT. 7. No money granted for special purposes shall be applied to any other use unless by a vote of the Town, and all unexpended balances of such grants shall be stated in the annual report.

SECT. 8. The Selectmen shall keep full accounts in respect to the several separate appropriations and the drafts made against each and shall not approve any draft which does not state specifically the appropriation against which it is drawn, whether general or special.

SECT. 9. The Warrant Committee shall send to the Selectmen and to the Auditors certified copies of all votes whereby transfers are made out of the Reserve Fund for extraordinary or unforeseen expenditures.

SECT. 10. No board, committee, or officer of the Town shall commit the Town to any expenditure or liability which would, in the ordinary course of business, be chargeable to the appropriation of which such board, committee or officer is or has been in charge, after such appropriation has been exhausted, or after the satisfaction of all liabilities against it would exhaust it, until either the Warrant Committee shall have transferred additional sums to such appropriation, or until the Town at a meeting of the voters, shall have acted in the matter.

SECT. 11. No grant of a sum of money exceeding five hundred dollars shall be made until the subject-matter thereof has been considered and the estimates reported to the Town, either by the Selectmen or other Town officers, or by the Warrant Committee or some committee chosen for that purpose in pursuance of a vote of the Town.

SECT. 12. The Selectmen shall have full authority as agents of the Town to institute and prosecute suits in the name of the Town, and to appear and defend suits brought against it, unless it is otherwise specially ordered by a vote of the Town.

SECT. 13. Whenever it shall be necessary to execute any deed conveying land or other instrument required to carry into effect any vote of the Town, the same shall be executed by the Selectmen, or a majority thereof, in behalf of the Town, unless the Town shall otherwise vote in any special case.

SECT. 14. Three Auditors shall be chosen by ballot at the annual meeting, who shall have the power and perform the duties prescribed by statute.

CHAPTER 5

THE CEMETERY

SECTION 1. The sole care, superintendence, management, and control of the Cemetery shall be intrusted to a Board of five Trustees to serve for the period of five years; one of said Board shall retire and a new member be elected at each annual meeting of the Town.

In case of vacancies in the Board of Trustees the remaining members may fill the same, but any member so chosen shall hold office only until the next annual Town meeting, when a Trustee shall be elected for the unexpired term.

SECT. 2. Citizens of Milton who are heads of families and have been residents of the Town not less than five years shall be entitled to lots in the Cemetery, allowing one lot to a family, subject to the regulations adopted by the Town, upon payment of the charges for putting the lot in order; but by unanimous consent of the Trustees the five years' residence requirement may be waived.

SECT. 3. The Trustees, when in their judgment it shall be deemed advisable, may sell lots at the rate of not less than fifty cents a square foot, but only to those who are in some way connected with Milton people.

SECT. 4. The proprietor of each lot shall cause to be erected, at his own expense, corner-stones, and a step with his name and the number of the lot inscribed on the same, and shall cause his lot to be kept in proper order; and if the proprietor shall omit for thirty days after notice to erect such land marks and to keep the lot in order, the Trustees shall have authority to have the same done at the expense of said proprietor.

SECT. 5. No lot shall be used for any other purpose than as a place of burial for the dead, and no proprietor shall suffer the remains of any person to be deposited within the bounds of his lot for hire; nor shall any proprietor sell or transfer the whole or any part of his lot without the consent of the Trustees.

SECT. 6. If in the judgment of the Trustees any trees or shrubs in any lot shall become detrimental to the adjacent lots or avenues, or dangerous or inconvenient, it shall be the duty of the Trustees to enter upon said lot and to remove said trees and shrubs, or such parts thereof as are thus detrimental, dangerous or inconvenient.

SECT. 7. There shall be no structure or inscription placed in, upon or around any

lot which the Trustees shall deem offensive or improper; and it shall be the duty of the Trustees to remove all offensive or improper objects.

SECT. 8. The Trustees shall have authority to purchase any tomb in the Cemetery offered for sale, paying for the same such sums as, in their judgment, may be fair and reasonable. They shall also have authority to give for any tomb a lot to be constructed on the land occupied by the tomb, or to be selected at some other point in the Cemetery grounds, as they may agree with the proprietor of the tomb. Should there be no living proprietors, or legal representatives of deceased proprietors, the Trustees may take possession of such Tomb, carefully remove its contents to a lot prepared for the purpose, and erect over the remains a suitable memorial stone.

SECT. 9. The following regulations shall be posted within the Cemetery:—

1. All persons are prohibited from driving on the borders.
2. No horse shall be left upon the grounds without a keeper, unless fastened to posts provided for the purpose.
3. All persons are prohibited from discharging firearms within the grounds of the Cemetery, except in connection with military memorial services.
4. All persons are prohibited from writing upon or otherwise defacing any sign, monument, fence, or other structure.
5. All persons are prohibited from gathering flowers, or breaking any tree, plant or shrub.
6. Dogs are not allowed within the Cemetery grounds.

CHAPTER 6

POLICE REGULATIONS

SECTION 1. No person shall move or assist in moving any building, over any way which the Town is obliged to keep in repair, without the written permit of the Selectmen being first obtained; nor, having obtained such permit, without complying with the restrictions and provisions thereof.

SECT. 2. Whoever, without a written license from the Selectmen, shall cause or suffer any cart or wagon to remain within the limits of any public way so as in any manner to obstruct travel thereon, or for more than twenty-four hours, shall forfeit and pay a sum not less than one dollar and not more than ten dollars for each offence; and he shall be subject to a like penalty if he neglects to remove the same within the time ordered by such officers, who may revoke such license at any time.

SECT. 3. No person shall place or cause to be placed, upon any public way or sidewalk, any lumber, iron, wood, coal, trunk, bale, box, crate, cask, barrel, package or other thing, and allow the same to remain for more than one hour, or more than ten minutes after being notified by a constable, police officer or the Selectmen.

SECT. 4. Any person who intends to erect, repair or take down any building on land abutting on any way which this Town is obliged to keep in repair, and desires to make use of any portion of said way for the purpose of placing thereon building materials or rubbish, shall give notice thereof to the Selectmen. And thereupon the Selectmen may grant a permit in writing to occupy such a portion of said way to be used for such purpose as in their judgment the necessity of the case demands and the security of the public allows; such permit in no case to be in force longer than ninety days, and to be on such conditions as the Selectmen may require; and especially in every case, upon condition that during the whole of every night, from twilight in the evening until sunrise in the morning, lighted lanterns shall be so placed as effectually to secure all travellers from liability to come in contact with such building materials or rubbish.

SECT. 5. No person shall throw or place, or cause to be thrown or placed, any ice or snow into or upon any public way unless the same be broken into small pieces and spread evenly.

SECT. 6. Whoever, without the written permission of the Selectmen, shall place or cause to be placed in or upon any public way, or sidewalk, any ashes, dirt, rubbish or filth of any kind, or any animal or vegetable substance, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 7. Whoever shall suffer any horse or grazing beast, or swine, to run at large in the Town, or to feed in any public way either with or without a keeper, and whoever shall drive any such animal upon any sidewalk, or suffer any horse to remain hitched across any sidewalk, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 8. Three or more persons shall not continue to stand or remain in a group,

or near to each other,' on any sidewalk or in any public place in such a manner as to obstruct a free passage for foot passengers, after having been requested by a constable or police officer to move on. Any person who shall violate the provisions of this section shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 9. No person shall dig up or obstruct any portion of any way which the Town is obliged to keep in repair without the permit, in writing, of the Selectmen, nor, having obtained such permit, shall fail to comply with the conditions thereof; and in addition to any penalty to which he may be subjected under these By-Laws for such failure, he shall reimburse the Town for all expenses and damages which, or for which the Town may be compelled to pay by reason of such unauthorized use, or any failure to comply with said conditions.

SECT. 10. No person shall ride or drive any beast of burden, carriage or draught, or shall propel or cause to be propelled any bicycle, tricycle, automobile or any vehicle whatsoever, at a rate of speed exceeding ten miles an hour, in or over any crossing in any public way.

SECT. 11. No person shall permit any team under his care or control to stand across any public way in such a manner as to obstruct the travel over the same for an unnecessary length of time; no person shall stop with any team in any public way so near to another team as to obstruct public travel; and no person shall stop with any team or carriage upon or across any crossing in any public way.

SECT. 12. No person shall drive or take charge of at the same time in any public way two or more vehicles drawn by horses or other beasts; or shall allow any vehicle belonging to him to be driven in any public way without some competent person in charge thereof.

SECT. 13. Whoever shall coast upon ice or snow on Adams Street, between Churchill's Lane and the line of the City of Boston, or upon any public way on which the Selectmen or Superintendent of Police shall by public notice have forbidden such coasting, and whoever shall drive, wheel or draw any coach, cart, wheelbarrow, handcart, velocipede, bicycle or any carriage of burden or pleasure, except children's carriages, or coast upon any sidewalk in the Town, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 14. Whoever shall behave in an indecent or disorderly manner, or use profane, indecent, or insulting language in or upon any sidewalk, public way, or other public place, to the annoyance or disturbance of any other person there being or passing in a peaceable manner, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

SECT. 15. Any person or persons who shall play or perform on any musical instruments, or sing, parade, march, or congregate in any public way or public place, except in connection with a funeral, without the written permit of the Selectmen, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

SECT. 16. Whoever shall be or remain on any doorstep, portico, or other projection from any house or building, or upon any wall or fence on or near any public way or public place, after being requested by the occupant of the premises or by any constable or police officer to remove therefrom, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 17. No person shall throw stones, snowballs, sticks, or other missiles, or kick a football or play at any game in which a ball is used, or fly any kites or balloons, in any public way.

SECT. 18. Whoever shall affix, by paste or otherwise, any handbill, placard, notice, or advertisement, or paint, draw or stamp the same, or any marks or figures, to or upon any sign board of the Town, or to or upon any building, fence, wall, tree or structure, without the permission of the owner of such building, fence, wall, tree or structure, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence; and if such handbill, placard, notice, advertisement, mark, or figure be obscene or indecent, the penalty shall not be less than twenty dollars for each offence.

SECT. 19. Whoever shall undertake to enter a particular drain into a common sewer without a permit in writing from the Sewer Commissioners or without complying with the conditions and directions of such permit, shall forfeit and pay a sum not exceeding ten dollars.

SECT. 20. Whoever shall lead or cause to be led into any public way, or running stream, any drain or pipe from any house or other building whereby filthy water or other unclean matter may be emptied into or upon any such public way or running stream; and whoever shall throw, lead or discharge or cause to be thrown, led or dis-

charged, into any public way, or running stream, any noxious or poisonous matter or substance, or any matter or substance which shall cause an offensive smell or odor, or which shall be destructive of, or injurious to, animal life, shall forfeit and pay a sum not less than five dollars nor more than twenty dollars.

SECT. 21. The Selectmen may grant licenses to use a certain portion of any public way as a carriage-stand, under such terms and conditions as they may prescribe; and no person shall use any portion of any public way as a carriage-stand for the solicitation of passengers for hire without a license from the Selectmen. But licenses shall not be confined to one person to the exclusion of other applicants, and shall be granted so as to allow competition and promote public convenience.

SECT. 22. No person shall distribute papers, circulars or advertisements through the Town or any portion thereof in such a manner as to make a litter or otherwise cause public annoyance.

SECT. 23. No person shall fire, discharge, explode or set off any gun, firearm, torpedo, fire-cracker or fire-works in such manner as to frighten any horse, or to disturb the peace or quiet of any neighborhood.

SECT. 24. No person shall wilfully deface or injure any public playground, planting space, flower bed, tree, shrub or grass border.

SECT. 25. No person shall own or keep a dog which by barking, biting, howling or in any other manner is disturbing the peace or quiet of any neighborhood.

SECT. 26. No person shall hawk or peddle any of the articles enumerated in Section 15 of Chapter 65 of the Revised Laws, until he has recorded his name and residence with the Superintendent of Police, and been assigned a number by him, nor unless any vehicle or receptacle in which he shall carry or convey such articles shall have painted on it in letters and figures at least two inches in height the name of the person selling, and the number given him by the Superintendent of Police, and be approved on the first Monday in every month by the Superintendent of Police; provided, however, that the foregoing provisions shall not apply to minors licensed by the Selectmen; and, further, provided that the Selectmen may restrain the sale by minors of any or all such articles.

No person hawking, peddling or selling, or exposing for sale, any articles enumerated in Section 15 of Chapter 65 of the Revised Laws, shall cry his wares to the disturbance of the peace and comfort of the inhabitants of the town.

No hawker or peddler shall carry or convey any articles enumerated in Section 15 of Chapter 65 of the Revised Laws in any manner that will tend to injure or disturb the public health or comfort, nor otherwise then in vehicles or receptacles which are neat and clean and do not leak.

SECT. 27. The Selectmen may license suitable persons to be dealers in and keepers of shops for the purchase, sale, or barter of junk, old metals, or second-hand articles, in the Town. They may also license suitable persons as junk collectors, to collect, by purchase or otherwise, junk, old metals, and second-hand articles from place to place in the Town; and they may provide that such collectors shall display badges upon their persons, or upon their vehicles, or upon both, when engaged in collecting, transporting, or dealing in junk, old metals, or second-hand articles; and may prescribe the design thereof. They may also provide that such shops and all articles of merchandise therein, and any place, vehicle or receptacle used for the collection or keeping of the articles aforesaid, may be examined at all times by the Selectmen or by any person by them authorized thereto. The aforesaid licenses may be revoked at pleasure, and shall be subjected to the provisions of Sections 186 to 189 inclusive of Chapter 102 of the Revised Laws.

Whoever violates any provisions of Sections 26 and 27 shall in cases not otherwise provided for, forfeit and pay for each offence a fine not exceeding twenty dollars.

SECT. 28. The Selectmen may order numbers to be affixed to or painted on the buildings on any street in their discretion. The owner of every house shall comply with such order within thirty days thereafter.

PROSECUTIONS AND PENALTIES.

Except when otherwise provided by law, prosecutions for offences under the By-Laws of the Town may be made by any constable or police officer of the Town.

CHAPTER 7

THE CONSTRUCTION AND INSPECTION OF BUILDINGS.

SECTION 1. This Chapter shall constitute and be known as the Building Code and may be cited as such. It provides, in conjunction with Chapter 635, Acts of 1912, known as the "Tenement House Act", for all matters concerning the construction, equipment, alteration, repair, demolition or moving of buildings or structures erected or to be erected in the Town of Milton.

SECT. 2. Whenever the word "Inspector" occurs in this Chapter it means the Inspector of Buildings.

SECT. 3. The Inspector may, so far as is necessary for the performance of his duties, enter any building or premises within the Town at any reasonable hour.

SECT. 4. In this Chapter the following terms shall have the meanings respectively assigned to them:

First Class Buildings: A first class building shall consist of fireproof material throughout, with floors constructed of iron, steel or reinforced concrete beams, filled in between with terra cotta or other masonry arches or with concrete or reinforced concrete slabs. Wood may be used only for under and upper floors, window and door frames, sashes, doors, interior finish, handrails for stairs, necessary sleepers bedded in cement, and for isolated furrings bedded in mortar. There shall be no air space between the top of any floor arches and the floor boarding.

Second Class Buildings: Second class buildings shall include all buildings not of the first class, the external and party walls of which are of brick, stone, iron, steel, concrete, reinforced concrete, concrete blocks or other equally substantial and fireproof material.

Third Class Buildings: Third class buildings shall include all buildings not of the first or second class.

Thickness of Wall: The minimum thickness of such wall.

Grade: Average grade of the ground immediately adjoining a building.

Cellar: A story more than one-half below the average grade of the ground immediately adjoining a building.

Wooden Frame Building: Any building of which an external wall is constructed wholly or partly of wood. Wood frames covered with metal, wire lath and plaster or brick shall be deemed to be wood structures.

Reinforced Concrete: By the term "reinforced concrete" is meant an approved concrete mixture reinforced by steel of any shape so combined that the steel takes up the tensile stress and assists in the resistance to shear.

Story: That part of a building between the top of any floor beams and the top of the floor or roof beams next above.

PERMITS

SECT. 5. Before the erection, construction or alteration of any building or part of any building, structure or part of any structure, wall, or any platform or flooring to be used for standing or seating purposes, is commenced, the owner or lessee, or agent of either, or the architect or builder employed by such owner or lessee in connection with the proposed erection or alteration shall, except for ordinary repairs, submit to the Inspector a detailed description of the location, purpose and construction of the proposed structure or work on proper blanks to be furnished by the Inspector, and full and complete copies of the plans of such proposed work, and such structural detailed drawings as the Inspector may require.

Such plans and detailed drawings shall be furnished in duplicate and, if approved by the Inspector, one set shall be kept at the building during the progress of the work, open to the inspection of the Inspector or his representative. The other shall be kept on file in the office of the Inspector.

The Inspector may require an applicant for a permit to submit with the plans of a building or other structure detailed drawings and calculations of any portions thereof subjected to unusual stresses, or of complicated construction, or for a steel frame or reinforced construction, or of any type of construction not particularly described in this chapter.

Nothing in this section shall be construed to prevent the Inspector from granting his approval of the erection of any part of a building or structure where the general plans and detailed descriptions have been filed for the same, before the entire detailed plans have been submitted.

SECT. 6. It shall be the duty of the Inspector to approve or reject any plans filed with him pursuant to the provisions of this chapter within a reasonable time and within ten (10) days in any event, and no work shall be commenced until a permit is issued.

SECT. 7. Upon approval of plans the Inspector shall issue a permit. The permit shall be void unless work is commenced within three (3) months from the date thereof.

SECT. 8. No building shall be lathed nor shall any metal ceiling, plaster board or other covering be put on until the Inspector has been notified that the building is ready for such work, and until he has given written consent thereto.

SECT. 9. If a proposed building or structure is of a size or character not provided for by this chapter, plans and specifications of such building or structure shall be submitted to the Inspector and referred by him, with his recommendations thereon, to the Board of Selectmen for approval.

CONSTRUCTION

SECT. 10. The Inspector shall examine all buildings in the course of erection or alteration as frequently as is necessary, to see that the Law and the By-Laws of the Town are complied with.

SECT. 11. Every portion of every building or other structure in process of construction, alteration, repair or removal and every neighboring building or other structure or portion thereof affected by such process, or by any excavation, shall be properly supported during such process or excavation.

SECT. 12. All masonry below the finished grade shall be laid up in mortar no poorer than one part Portland Cement and three parts sand.

All masonry above grade shall be laid up in mortar no poorer than one part Portland cement, one part lime, and six parts sand.

SECT. 13. Every building or structure hereafter erected shall have a masonry foundation resting upon the solid ground, piles, or other durable structure. Said foundation shall be securely and properly built, and shall be of such thickness as to properly sustain the weight it is intended to support; provided, however, that the Inspector may, in his discretion, permit the use of other materials for foundations of buildings not over one and one-half stories high.

SECT. 14. The underpinning above grade, if of concrete, shall be not less than ten (10) inches in thickness; if of brick, not less than twelve (12) inches in thickness; if of stone, not less than sixteen (16) inches in thickness; and shall be laid in cement mortar, as prescribed in Section 12.

SECT. 15. All foundation walls and pier footings shall be laid at least three (3) inches below cellar bottom and not less than three (3) feet six (6) inches below any adjoining surface exposed to frost.

SECT. 16. All piers shall be built of stone, good hard burnt brick laid in mortar, or reinforced concrete. Isolated brick piers shall not exceed in height ten (10) times their horizontal dimensions and, if of reinforced concrete, fifteen (15) times their least horizontal dimensions, which shall not be less than twelve (12) inches. Cement filled iron columns may be substituted for piers if of suitable size to carry the superimposed load. Such columns shall have cast iron caps and bases and shall rest on footings of masonry, stone, or concrete which shall be at least twelve (12) inches in each dimension.

SECT. 17. For buildings other than frame, where the walls are of brick or solid concrete, the minimum thickness in inches of all exterior and dividing walls carrying the loads of floors and roofs and including foundation walls for the same shall be not less than specified in the following table:

Height.	Foundations.	Basement.	STORIES.					
			1	2	3	4	5	6
1 story . . .	16	12	8					
2 stories . . .	16	12	12	8				
3 stories . . .	20	16	12	12	8			
4 stories . . .	20	16	16	12	12	8		
5 stories . . .	20	16	16	16	12	12	8	
6 stories . . .	24	20	16	16	16	12	12	8

The height of stories for the thickness of walls given shall not exceed:

First Story	17 feet
Second Story	15 feet
Third Story	13 feet
Fourth and Upper Stories	12 feet

and if any story exceeds the foregoing heights, it shall be counted as one additional story for each twelve feet in height or fraction thereof and the thickness of the walls not diminished from the thickness of the lower portion of such story.

If stone is used in place of brick or solid concrete, the thickness of walls shall be made four (4) inches thicker than above specified.

In external walls of the thickness specified in this section, the area of openings for windows, doors, flues, etc., shall not exceed 50 per cent of the gross sectional area. In case the width of such openings exceeds one-half the length of the wall, the thickness of piers between openings shall be increased so as to maintain an area of at least fifty (50) per cent of the gross area required by the specified thickness; provided, however, that in the upper half of any vertical portion of the wall required to be of constant thickness a smaller addition may be made to the thickness of piers, if the stresses allowed by this code are not exceeded. Curtain walls of brick or concrete between piers, where carried to the piers by arches or lintels at each story, shall be not less than eight (8) inches in thickness.

SECT. 18. Vaulted walls shall contain, exclusive of ties, the same amount of material as required for solid walls, and shall be securely tied together with headers in every sixth course at least.

SECT. 19. In reckoning the thickness of walls, no allowance for ashlar shall be made unless it is at least eight (8) inches thick, in which case the excess over four (4) inches shall be reckoned as part of the thickness of the wall. Ashlar shall be at least four (4) inches thick and properly held by metal clamps to the backing, or properly bonded to the same.

SECT. 20. Reinforced concrete construction will be accepted for buildings of the first class, and must be designed in accordance with the recommendations of the Joint Committee of the American Society of Civil Engineers, or American Society for Testing Materials, and all materials used in the construction must conform to the requirements of the standard specifications of the American Society for Testing Materials.

The Building Inspector shall have authority to require tests to be made of all materials used in the construction. Such tests shall conform to the requirements as approved by the American Society for Testing Materials.

Only stone or gravel concrete shall be allowed in the construction of reinforced concrete buildings, except that slag or cinder concrete may be used for fireproofing purposes and for floors or roofs where the superimposed load does not exceed fifty (50) pounds per square foot, and the spacing between supports does not exceed six (6) feet.

The allowable unit stresses shall not exceed those recommended by the Joint Committee above mentioned.

Before issuing permit for the construction of reinforced concrete buildings, the Inspector of Buildings shall require the owner to submit a complete set of working drawings and details of the proposed construction with the approval of some well-known consulting engineer written upon each sheet of the drawing, and the cost of such approved drawings shall be paid by the owner.

SECT. 21. The studding in outside walls shall be at least two (2) by four (4) inches in size and spaced not over sixteen (16) inches on centers.

Studs next door and window openings shall be at least three (3) inches by four (4) inches and shall be mortised into sills and girts.

Openings in outside walls shall be trussed if the Inspector so requires.

SECT. 22. Every wooden building hereafter erected or altered shall have all parts of sufficient strength to carry the weight of the super-structure; shall be built with sills, posts, girts, studs and plates all properly framed, braced and secured together by mortising, strapping or halving, to the satisfaction of the Inspector.

The posts and girts shall be not less than four (4) inches in size except intermediate posts, which shall be not less than four (4) inches by eight (8) inches in size. Studs in interior partitions shall be placed not more than twenty (20) inches on centers. Plates shall be not less than four (4) inches by four (4) inches in size, but may be two (2) inches by four (4) inches doubled. Sills shall be not less than four (4) inches by six (6) inches in size.

SECT. 23. The studding of main or carrying partitions shall be not less than two (2) by four (4) inches in size, and shall rest on a sole piece of hard pine two (2) by four (4) inches. All openings in main partitions of more than thirty-six (36) inches shall be trussed and have studs doubled at sides. Every partition shall have a header extending the length of the partition, and carrying partitions shall be bridged with stock the full width of studding and two (2) inches thick, at least once in height.

Partitions over twelve (12) feet in height shall be bridged at least once in every six (6) feet.

When carrying partitions rest directly over each other, the studs shall run down between the floor beams and rest on the header of the partition below.

Headers of carrying partitions shall be at least two (2) inches by four (4) inches in size, doubled and of hard pine.

SECT. 23A. All wooden header beams more than four (4) feet long used in any building shall be framed together and pinned or hung to the trimmer beams in stirrup-irons. When it is not practicable to frame or secure the ends of tail beams into header beams, the ends of the tail beams shall be hung to the header beams by stirrup-irons.

SECT. 24. All wooden beams of floors or flat roofs shall be properly bridged with cross bridging at least one (1) inch by three (3) inches in size, and the distance between bridging or between bridging and walls shall not exceed eight (8) feet.

SECT. 25. No part of any floor timber shall be within two (2) inches of any chimney; no studding or furring shall be within one (1) inch of any chimney; and no timbers or woodwork shall be within two (2) inches of the back wall of any fireplace. The header beam, carrying the tail beams of a floor and supporting the trimmer arch in front of a fireplace, shall be not less than eighteen (18) inches from the finished chimney breast.

SECT. 26. Every wooden beam, except header beams, shall rest four (4) inches in the wall at each end, or upon a girder or column as authorized by this chapter, unless the wall is properly corbelled out of four (4) inches, in which case the brickwork or corbelling shall extend to the top of the floor beams.

SECT. 27. The ends of all wooden beams of floors where they rest on brick walls, and the ends of all wooden roof beams in parapeted walls, shall be cut to a bevel of three (3) inches in their depth.

SECT. 28. No cutting of timbers for any purpose shall be done so as to reduce the strength of the supporting parts below that required by the provisions of this chapter. No floor timber, header or trimmer beam of any building shall be cut into more than two (2) inches in depth for piping without a permit from the Inspector. Holes for electric wires through wooden beams, girders or floor beams shall not be located more than one (1) inch from the neutral axis thereof.

SECT. 29. Every second and third class building hereafter built shall have in each story all vertical space in the exterior walls, and carrying partitions thoroughly stopped with fireproof materials not less than four (4) inches in height. These steps may be omitted on approval of the Inspector in cases where the studding is to remain open and uncovered. In every building used solely as a mill or factory there shall be a fireproof stop between the upper and under floor. This fire stop may, however, be omitted if the floor boards are at least two (2) inches thick and splined or tongued together and the space between the timbers of the floor open and uncovered.

SECT. 30. All floors shall be of sufficient strength to bear the weight imposed thereon and of sufficient strength in all parts to safely bear (in addition to the weight of the material of which the floor is composed), upon every square foot of its surface not less than the weights named below for the specified purposes for which such floors are respectively used or designed to be used:

Dwelling houses and hotels [except public rooms having a floor area of over five hundred (500) square feet and corridors], fifty (50) pounds; unfinished attics used for storage purposes only, thirty (30) pounds; schoolhouses, except corridors and assembly halls, sixty (60) pounds; stairs, landings, platforms, fire escapes, office floors, places of public assembly and public buildings having permanent seats, seventy-five (75) pounds; stables, private garages and the portions of public garages not containing machinery, seventy-five (75) pounds; corridors of hotels, of public buildings and of schoolhouses and rooms in hotels exceeding five hundred (500) square feet in area, one hundred (100) pounds; retail stores and buildings for light manufacturing purposes, one hundred and twenty-five (125) pounds; places of public assembly and public buildings having movable seats, dance halls and gymnasiums, two hundred (200) pounds; warehouses and buildings for heavy manufacturing purposes, two hundred and fifty (250) pounds. Loads not included in the above classification shall be determined by the Inspector.

SECT. 31. The pressure upon brick masonry in walls or piers, of which the thickness or least dimension is more than one-sixth of the height, when lime mortar is used, shall not exceed eight (8) tons per square foot; with lime and cement mortar, twelve (12) tons per square foot; with cement mortar, eighteen (18) tons per square foot. When the thickness or least dimension is between one-sixth and one-twelfth the height, and lime mortar is used, the pressure shall not exceed seven (7) tons per square foot; lime and cement mortar, ten (10) tons per square foot; with cement mortar, fifteen (15) tons per square foot.

On first class stone work laid in cement, pressures shall not exceed: on sandstone, thirty (30) tons per square foot; on marble or limestone, forty (40) tons per square foot; on granite, sixty (60) tons per square foot.

Hollow blocks of terra cotta or concrete when used for bearing walls shall have not more than fifty (50) per cent of cellular space. Concrete blocks shall not be used in construction until they have attained the age of twenty-eight days, or developed the strength required in this section. All building blocks shall be laid in Portland cement mortar.

The compressive strength of building blocks shall in all cases be calculated upon the gross area of the bedding faces, no account being taken of the cellular spaces. The average ultimate compressive strength for terra cotta blocks laid with cells vertical shall be not less than twelve hundred (1,200) pounds per square inch; the average for concrete blocks laid with cells vertical shall be not less than eight hundred (800) pounds per square inch. Concrete blocks shall be not less than thirty-six (36) days old when tested. The average strength of the blocks as here given shall be obtained by testing ten blocks of average quality.

The allowable working stress of hollow building blocks shall not exceed one hundred (100) pounds per square inch of gross area for terra cotta blocks, or seventy-five (75) pounds per square inch of gross area for concrete blocks. If a wall be built of blocks with the cells horizontal, the allowable working stress shall not exceed thirty (30) pounds per square inch of gross area.

The maximum stress in pounds per square inch in woodwork shall not exceed the following:

	Long-leaved Yellow Pine, Oak and Locust.	Other Woods.
Direct tension on compression or fiber stress	1,500	1,000
Direct compression side grain	500	300
Shear across fiber	1,200	800
Shear with fiber	150	100
Short columns	1,000	700

Columns may be used with a length not exceeding forty (40) times the least dimension. The unit strain for lengths up to ten (10) times the least dimensions shall be as given in the above table, with a reduction of one hundred (100) pounds per square inch for every increase of ten in the ratio of length to least dimension.

The maximum stress in tension in cast iron, or tensile fiber stress in case of beams, shall not exceed three thousand (3,000) pounds per square inch. The maximum compression in short pieces or compressive fiber stresses in beams shall not exceed sixteen thousand (16,000) pounds per square inch. Cast iron columns may be used with a length not exceeding twenty (20) times their least external diameter. The unit stress for lengths up to three (3) times their least diameter shall not exceed eleven thousand (11,000) pounds per square inch, with a reduction of five hundred (500) pounds per square inch for every increase of 3 in the ratio of length to least diameter.

In rolled steel the maximum stresses shall not exceed the following:

Tension and fiber stress, 16,000 pounds per square inch; compression in columns, 13,000 pounds per square inch.

Columns may be used with a ratio of length (l) to least radius of gyration (r) not exceeding 16, 1 being expressed in feet and the r in inches. The unit stress allowed shall be 13,000 pounds per square inch for l/r from 2 to 4; 12,000 from 4 to 6; with a decrease of 1,000 pounds for each succeeding increase of 2 in the ratio of l to r.

Shear in rivets, 10,000 pounds per square inch; shear in rough bolts, 9,000 pounds

per square inch; shear in web (stiffened), 8,000 pounds per square inch; bearing on rivets, 18,000 pounds per square inch; bearing on rough bolts, 15,000 pounds per square inch.

The maximum stresses in wrought iron shall not exceed seventy-five (75) per cent of those allowed in rolled steel.

Materials not specifically mentioned above shall not be allowed to carry stresses exceeding one-quarter the stresses which would cause fracture or cracks in specimens of such materials of average quality under similar conditions of loading. In cases of doubt of the strength of such materials, the owner may be required to make such tests as the Inspector shall deem necessary to determine the strength, said tests to be made in the presence of the Inspector or his authorized representative.

SECT. 32. Frame buildings veneered on the outside with four (4) inches of brick or stone work shall have such brick or stone work supported on a foundation of masonry, and shall be properly anchored to the frame structure. The height of any such veneer shall not exceed twenty-five (25) feet above the solid masonry.

SECT. 33. All hot air furnaces, low pressure boilers, and hot water heaters shall be placed at least two (2) feet from any wooden or combustible partition or ceiling, unless such partition or ceiling is properly protected by incombustible material, when the distance shall be not less than one (1) foot.

SECT. 34. No wood shall be placed within one (1) inch of any smoke flue or metal pipe used to convey hot air. No smoke pipe shall pass through any wood floor. No smoke pipe shall be placed nearer than twelve (12) inches to any woodwork unless it is properly guarded by metal shields; if so guarded smoke pipes shall be not less than six (6) inches distant. Where smoke pipes pass through a lath and plaster partition they shall be guarded by galvanized iron ventilated thimbles at least twelve (12) inches larger in diameter than the pipes, or by galvanized iron thimbles surrounded by solid masonry extending through the partition and eight (8) inches larger than the pipe. No smoke pipe shall pass through the roof of any building unless a special permit be first obtained from the Inspector of Buildings.

SECT. 35. Steam or hot water heating pipe shall not be placed within two (2) inches of any timber or woodwork, unless the timber or woodwork is protected by a metal shield; then the distance shall be not less than one (1) inch. All steam or hot water heating pipes passing through floors and ceilings or lathed and plastered partitions shall be protected by a metal tube one (1) inch larger in diameter than the pipe — having a metal cap at the floor.

All pipes or ducts used to convey air warmed by steam or hot water shall be of metal or other fireproof material. All steam and hot water pipe coverings shall consist of fireproof materials only.

SECT. 36. All walls, ceilings and partitions inclosing drying-rooms, when not made of fireproof material, shall be wire lathed and plastered, or covered with metal, tile or other hard, incombustible material.

SECT. 36A. No portion of any building of third class construction to which the provisions of Chapter 635 of the Acts of 1912 do not apply shall be hereafter erected, enlarged, altered, or placed nearer than four (4) feet to the line of any adjacent lot or to any other building of the first or second class; or nearer than eight (8) feet to any portion of any other building of the third class on the same lot, unless fireproof masonry walls, with openings protected as required by Section 36, are built next to the said lot or other building, such walls to be of thickness provided under Section 17.

SECT. 37. In first or second class buildings all openings in walls within four (4) feet of adjoining property lines shall be protected by metal shutters or by metal sash, frames and wire glass.

SECT. 38. Every building of the third class hereafter erected to form a block of two or more buildings shall have a wall of brick, or Portland cement concrete, or other equally substantial and approved fireproof material between adjoining buildings, completely separating same. Such walls to be of thickness specified in Section 17, carried to under side of roof boarding.

SECT. 38A. Every dwelling to which the provisions of Chapter 635 of the Acts of 1912 do not apply shall have at least two independent means of egress.

ELECTRIC WIRING AND FIXTURES

SECT. 39. All wires, appliances and apparatus in the interior of a public building or on private premises, which are intended for the transmission of electricity and to be connected with an outside circuit, shall be made and at all times kept safe, and

shall be placed, arranged, attached, changed and maintained by the person, firm or corporation owning or using the same, to the satisfaction of the Inspector of Wires appointed in accordance with the provisions of Chapter 337 of the Acts of the year 1899. The Inspector of Wires shall have access at all reasonable times to such wires, appliances and apparatus.

Before any person, firm or corporation shall arrange, fix, or essentially change any such wires, appliances and apparatus, the Inspector of Wires shall be notified and given full opportunity to inspect the said wires and their arrangement and fixtures before the same are covered or enclosed. Wires in the interior of buildings and on private premises shall not be connected with an outside circuit which crosses or runs along, over or under any street or way of the Town without written permission therefor having been first obtained from the Inspector of Wires.

Companies and contractors making any repairs on or installing any electric plants in the Town of Milton shall send a notice to the Inspector of Wires before the work is commenced.

All work and material must be supplied and installed in accordance with provisions of the National Electric code and any amendments or additions thereto.

GAS FIXTURES

SECT. 40. The burners of all gas fixtures shall be at least three (3) feet below any ceiling or woodwork, unless the same is properly protected by a shield, in which case the distance shall be not less than eighteen (18) inches. No gas bracket on any lath and plaster partition or woodwork shall be less than five (5) inches in length, measured from the burner to the plaster surface or woodwork.

SECT. 41. Gas pipes in any building or structure shall be installed in accordance with the rules and regulations prescribed by the company furnishing gas. All gas pipes shall be inspected and tested by the gas company before the pipes are covered, and a certificate of the same from the gas company shall be placed on file with the Inspector of Buildings by the owner of the building or his representative. The method of installation of the gas pipes shall be subject to the approval of the Inspector of Buildings.

SECT. 42. Every hot water boiler hereafter installed, to be used for heating purposes, shall be provided with a safety or relief valve of a size not less than that known commercially as one-half ($\frac{1}{2}$) inch. Such valve shall be attached either directly to the boiler or to some pipe connected therewith at a point not more than one foot from the boiler.

REGULATIONS MADE BY THE FIRE ENGINEERS ACCORDING TO THE PROVISIONS OF CHAPTER 32, SECTION 46, OF THE REVISED LAWS IN REGARD TO CHIMNEYS, FLUES, FIREPLACES AND HEATING PIPES.

SECT. 43. All chimneys hereafter erected shall be built of brick, stone or other incombustible material.

SECT. 44. All chimneys hereafter erected, if walls are less than eight (8) inches thick, shall be lined on the inside with terra cotta or tile pipe, made smooth on the inside from two (2) feet below girder, or from the throat of the fireplace, if the flue starts from the latter, and carried up continuously to the top. The ends of all such lining pipes shall be made to fit close together, and the pipe shall be built in, as the flue or flues are carried up. The walls shall be at least four (4) inches thick. No parging mortar shall be used on the inside of any fireplace, chimney or flue. The firebacks of all fireplaces hereafter erected shall be not less than eight (8) inches in thickness if of solid brickwork nor less than twelve (12) inches if of stone. When a grate is set in a fireplace, a lining of firebrick at least two (2) inches in thickness shall be added to the fireback, unless soapstone, tile or cast iron is used and filled solidly behind with fireproof material.

All chimneys shall extend at least three (3) feet above the highest point at which the chimney cuts the roof and at least six (6) inches above any roof surface within ten (10) feet in a horizontal line.

SECT. 45. Imitation fireplaces intended for use with gas or electricity and not having a flue shall be constructed throughout, including the hearth, of fireproof material not less than two (2) inches thick.

Hearths of all fireplaces and chimney breasts where mantels are placed shall be supported by trimmer arches of brick, stone, burnt clay or concrete at least eighteen

(18) inches in width measured from the face of the finished chimney breast and not less than sixteen (16) inches longer than the width of the finished fireplace opening. Wooden centers under trimmer arches shall be removed before plastering the ceiling underneath. Hearths may be supported on steel cantilever beams built not less than sixteen (16) inches into the chimney.

SECT. 46. No chimney shall be supported by, started or built upon any woodwork.

In no case shall a chimney be corbelled out more than two-thirds the thickness of a wall to which it is attached, and in all such cases the corbellings shall consist of at least five course of brick. Where chimneys are supported by piers, the piers shall start from the foundation on the same line with the chimney breast, and shall be not less than twelve (12) inches on the face, properly bonded into the walls. When a chimney is to be cut off below, in whole or in part, it shall be wholly supported by stone, concrete, brick, iron or steel.

All chimneys which become dangerous in any manner whatever shall be repaired and made safe, or taken down.

SECT. 47. All hot air furnaces, low pressure boilers, and hot water heaters shall be placed at least two (2) feet from any wooden or combustible partition or ceiling, unless such partition or ceiling is properly protected by incombustible material, when the distance shall be not less than one (1) foot.

SECT. 48. No wood shall be placed within one (1) inch of any smoke flue or metal pipe used to convey hot air. No smoke pipe shall pass through any wood floor. No smoke pipe shall be placed nearer than twelve (12) inches to any woodwork unless it is properly guarded by metal shields; if so guarded smoke pipes shall be not less than six (6) inches distant. Where smoke pipes pass through a lath and plaster partition they shall be guarded by galvanized iron ventilated thimbles at least twelve (12) inches larger in diameter than the pipes, or by galvanized iron thimbles surrounded by solid masonry extending through the partition and eight (8) inches larger than the pipes. No smoke pipe shall pass through the roof of any building unless a special permit be first obtained from the Inspector of Buildings.

SECT. 49. Steam or hot water heating pipe shall not be placed within two (2) inches of any timber or woodwork, unless the timber or woodwork is protected by a metal shield; then the distance shall be not less than one (1) inch. All steam or hot water heating pipes passing through floors and ceilings or lathed and plastered partitions shall be protected by a metal tube one (1) inch larger in diameter than the pipe — having a metal cap at the floor.

All pipes or ducts used to convey air warmed by steam or hot water shall be of metal or other fireproof material. All steam and hot water pipe coverings shall consist of fireproof materials only.

CHAPTER 8

THE REGULATION AND INSPECTION OF PLUMBING

SECTION 1. There shall be in the Town a department for the inspection of plumbing in accordance with the provisions of Chapter 103 of the Revised Laws.

SECT. 2. The word "Inspector" without further addition wherever used in this chapter means the Inspector of Plumbing.

SECT. 3. Every plumber before commencing work on any part of the drainage system in a building, except in the case of the repair of leaks, shall file at the office of the Inspector upon blanks provided for that purpose, a description of the proposed work. No such work shall be done in any building unless approved by the Inspector and after a permit is issued therefor. Permits to perform plumbing shall be issued only to master plumbers. Drawings of the proposed work shall be filed when required by the Inspector.

SECT. 4. No drainage, waste or ventilation pipes shall be covered or concealed in any way until the same have been examined and approved by the Inspector. Notice shall be sent to the Inspector when the work is sufficiently advanced for such inspection, and it shall be the duty of such Inspector, within two (2) working days after receiving such notice, to inspect the same; and in case any change therein shall be found necessary, he shall direct in writing the change to be made.

SECT. 5. All drainage, waste and ventilation pipes shall be subjected to the water test before the fixtures are set. After all the fixtures are set, said pipings and fixtures shall be subjected to pneumatic or other reliable pressure test. All such tests shall be made in the presence of the Inspector.

SECT. 6. The drainage and waste piping of every building shall be connected with the public sewer when such sewer is located in a street, way or other land adjacent to the lot upon which the building is located, if the sewer is within two hundred (200) feet of such building and is so located as to take the sewerage therefrom. If the building is more than two hundred (200) feet from the sewer or a sewer is not accessible, connection may be made with a proper cesspool, provided a permit is granted therefor by the Board of Health.

SECT. 7. The soil pipe of every building shall be of sufficient size to receive, and allow freely to pass, all that enters or should enter the same. All soil pipes shall be of extra heavy cast iron pipe. All drain and connecting ventilating pipes within the building shall be of sufficient size, and made of cast iron with leaded and caulked joints, but galvanized wrought iron pipe may be used for vent purposes. All pipes shall be properly secured to walls and ceilings with wrought iron hangers. Waste pipes shall be of cast iron, of lead, or of annealed brass of a thickness not less than No. 13 Stubbs gauge with brass or cast iron recessed fittings. No soil pipe of any building shall be less than four (4) inches inside diameter, except by written permission of the Board of Health. No vent pipe shall be less than one and a half ($1\frac{1}{2}$) inches inside diameter. No waste pipe shall be less than one and a quarter ($1\frac{1}{4}$) inches inside diameter.

SECT. 8. All drain pipes shall have a proper pitch, shall have an accessible clean-out, and shall extend to a point ten (10) feet outside of the cellar wall. The pipe from the sewer or cesspool to within ten (10) feet of the cellar wall shall have tight joints. The clean-out, if made accessible, may be placed outside the cellar wall. All drain or ventilation pipes shall extend undiminished in inside diameter at least two (2) feet above the highest window on the roof. Every drain pipe, except a drain pipe from a building having but one sink, or but one sink with adjoining trays, shall have a suitable trap placed with an accessible clean-out at a reasonable distance from the point where such drain pipe leaves the building. All changes in direction of soil pipes shall be made by Y branches or by curved pipes. No ventilation pipes on the outside of any building shall be less than two (2) inches inside diameter.

SECT. 9. All joints in iron drain pipes, soil or vent pipes shall be made by thoroughly caulking the same with molten lead. Joints of lead pipes with iron pipes shall be made by soldering the same into brass ferrules by means of a full sized wiped joint and caulking the ferrules to pipes which are of cast iron, or screwing them to pipes which are of wrought iron.

SECT. 10. Every water-closet, urinal, sink, basin, bath-tub, slop hopper, and every tray or set of four or less wash trays shall have a separate trap, placed as near the fixture as possible, except that when two sinks or two basins, or a sink and a set of four or less wash trays adjoin, one trap shall be sufficient. A basin and bath-tub adjoining shall each have a separate trap, and in no case shall the waste from the bath-tub or other fixtures be connected with the water-closet trap or water-closet lead outlet pipe.

All fixture traps shall be protected from syphonage or air pressure by special vent pipes having a diameter not less than the diameter of the waste pipe and connected with the waste pipe at a point not lower than the seal of the trap in such manner as to make the vent pipe a continuation of or a Y branch from the waste pipe, except that the highest fixture on a stack which extends through the roof shall not require such special vent pipe unless the length of the waste pipe from the trap of said fixture to the said stack exceeds three (3) feet. Vent pipes for water-closets shall be of not less than two (2) inches bore and may be connected with the water-closet waste pipe below the level of the trap seal. Two or more vent pipes may be connected together or with a soil pipe, but such connection with a soil pipe shall be above the uppermost fixture connected with such soil pipe. Lead vent pipes may be used only where they are exposed to view.

SECT. 11. No drip or overflow pipes from safes under water-closets, urinals, or other fixtures, no overflow pipes from tanks or cisterns, no waste pipes from refrigerators or other receptacles in which food is stored, no rain water conductors, and no steam exhaust pipes, or steam waste pipes shall be connected with any soil pipe. No openings shall be allowed in the soil or waste pipe of any building for the purpose of receiving the surface drainage of the cellar except by permission of, and in a manner satisfactory to, the Board of Health. No brick, sheet metal, earthenware, or chimney flue shall be used as a sewer ventilator, or to ventilate any trap, drain, soil or waste pipe.

SECT. 12. Every water-closet shall be supplied with water from a tank or cistern, and shall have a flushing pipe of not less than one and a quarter ($1\frac{1}{4}$) inches inside diameter. Flushing valves attached directly to a water-closet may be used, but when used the method of installation shall conform in every particular to the requirements of the Inspector.

SECT. 13. Cesspools shall have a top of stone, or arched brick, with iron rim and cover, and may be laid up dry, unless otherwise ordered by the Board of Health.

SECT. 14. No water-closet shall be enclosed with any woodwork.

SECT. 15. None of the provisions of the foregoing sections of this chapter shall apply to the drainage systems of barns and stables, except so far as ordered by the Board of Health, and all drainage systems of barns and stables shall be constructed according to plans approved in writing by the Board of Health.

SECT. 16. Every closed tank or boiler hereafter installed, which is to be used for the storage and supply of hot water, shall, if fed by direct pressure from any source outside of the building, have a safety or relief valve and a vacuum valve. Each valve shall be of a size not less than that known commercially as one-half ($\frac{1}{2}$) inch.

SECT. 17. Any person violating any of the provisions of Chapters numbered Seven and Eight shall be liable to a fine of not less than twenty (20) dollars nor more than one hundred (100) dollars for each offence, to be paid into the treasury of the Town of Milton.

SECT. 18. Upon the approval of Chapters 7 and 8 by the Attorney-General of the Commonwealth and the publication as required by law, they shall go into effect, and all building laws heretofore adopted by the Town shall be thereby repealed, except that in cases where permits have been issued prior to the approval and publication as above provided, the laws then existing shall govern the work to be performed under said permits.

CHAPTER 9

STREET RAILWAYS

SECTION 1. The annual report shall contain the following concerning the street railways in the Town and the street railway companies owning or operating the same, viz.: —

Copies or full statements of all locations granted to street railways during the preceding calendar year, with all the terms, conditions and modifications thereof, and the terms of any modifications granted during the year of locations previously granted.

A copy of all regulations in force as to the rate of speed, the mode, manner and extent of use of tracks, and the number and routes of cars of any and all such companies made by the Selectmen under the provisions of Sections 40 and 42 of Chapter 112 of the Revised Laws.

A statement of all taxes paid the Town by street railway companies during the preceding calendar year, which by the terms of Section 47 of Chapter 14 of the Revised Laws are to be applied toward the construction, repair and maintenance of the public ways and removal of snow therefrom within the Town.

SECT. 2. Whenever the Selectmen are of the opinion that additional accommodations for the travelling public are required upon any street railway in the Town, and the company neglects or refuses to furnish the same at their request, it shall be their duty to petition the Board of Railroad Commissioners to order such additional accommodations to be provided under the terms of Section 70 of Chapter 112 of the Revised Laws.

CHAPTER 10

TOWN WAYS

SECTION 1. Every way that shall be laid out for the acceptance of the Town as a Town way shall be not less than thirty feet in width.

SECT. 2. Whenever an existing private way, the fee of which is in the abutters, shall be laid out for the acceptance of the Town as a Town way, the documents relating to such laying out shall be accompanied by a letter from the Selectmen, which shall be filed in the office of the Town Clerk, together with said documents, before such way shall be accepted. This letter shall state that such private way is well built; and that as constructed it is equal to the average construction of the existing highways of the Town.

SECT. 3. Whenever any way shall have been laid out or altered by the Selectmen, and accepted and allowed by the Town, no entry for the purpose of constructing any part of such laying out or alteration shall be made until all claims for damages by reason thereof shall have been finally adjusted or determined, unless such entry shall be authorized by special vote of the Town.

CHAPTER 11

BILLBOARDS

SECTION 1. No person or corporation shall erect or maintain a billboard sign or other outdoor advertising device, except as provided in Section 32 of Chapter 93 of General Laws, on any location within three hundred feet of any public park or playground or Metropolitan Park or Parkway, if within public view from any portion of such parks, playgrounds, or parkways; or within three hundred feet of any other public way and within public view from any portion of the same, if such billboard, sign or device exceeds five feet in height or eight feet in length, and no billboard, sign or device placed within three hundred feet of any such public way and within public view shall be nearer than fifty feet to any other such billboard, sign or device; or at the corner of any public ways and within the radius of one hundred fifty feet from the point where the center lines of such ways intersect; or in any place unless the lowest portion of such billboard, sign or device is at least three feet from the ground, and the entire structure, including its braces and supports, is maintained in good repair, painted, and free from accumulation of rubbish and filth and from the pupæ, eggs and caterpillars of gypsy and brown-tail moths and other tree and shrub destroying pests; provided that this section shall not apply to signs or other devices which advertise or indicate either the person occupying the premises in question or the business transacted thereon, or advertise the property itself or any part thereof is for sale or to let.

CHAPTER 12

USE OF BUILDINGS

SECTION 1. *Districts.* — A residence district is hereby created in the Town of Milton, to be known and designated as District A, the bounds of which shall be as set forth in the Zoning Map hereinafter in this By-Law referred to, the said district comprising all territory within the corporate limits of the Town of Milton, excepting the districts marked B and C on said Zoning Map, which are bounded and described as follows:

District B. — Beginning at a point in the boundary line between Milton and Quincy at the junction of the northeasterly side line of Bryant Avenue, and said boundary line: thence running northwesterly along said northeasterly boundary of Bryant Avenue to a point where the northwesterly side line of Martin Terrace extended northeasterly would intersect said line of Bryant Avenue: thence turning and running southwesterly along said extension of the northwesterly side line of Martin Terrace and said northwesterly side line itself to the end of said Martin Terrace at the land of L. A. Dame: thence turning to the right and running northwesterly along said land of L. A. Dame to the southeasterly side line of Boulevard Street: thence continuing in a northwesterly direction across said Boulevard Street to the intersection of the northwesterly side line of Boulevard Street with the southeasterly side line of Edge Hill Road: thence turning and running northeasterly and northerly along said southeasterly side line of Edge Hill Road and continuing northerly in the same line across Adams Street to the easterly boundary line of land of the New York, New Haven and Hartford Railroad Company: thence turning and running northwesterly along said easterly boundary line to a point where the southeasterly side line of Wood Street extended southwesterly would intersect said easterly boundary line: thence turning and running northeasterly along said southeasterly side line of Wood Street to a point distant 200 feet northeasterly from the northeasterly side line of Granite Avenue: thence turning at right angles and running southeasterly in line parallel with the northeasterly side line of Granite Avenue and 200 feet distant therefrom to a point distant 200 feet northerly from the northerly line of Adams Street: thence turning and running easterly in a line parallel with said northerly side line of Adams Street and distant 200 feet therefrom to the westerly side line of Church Street: thence turning and running southerly along the westerly side line of Church Street to a point where the westerly side line extended intersects the southerly side line of Adams Street: thence turning and running westerly to the westerly side line of Mechanic Street: thence turning and running southerly along the westerly side line of Mechanic Street 100 feet: thence turning to the right and running westerly on line parallel with the southerly side line of Adams Street and 100 feet distant therefrom to a point 100 feet northeasterly from the northeasterly side line of Granite Avenue: thence turning and running southeasterly in a line parallel with the northeasterly side line of Granite Avenue and 100 feet distant

therefrom to the boundary line between Milton and Quincy: thence turning and running southwesterly along said boundary line to the point of beginning.

District C. — Beginning at a point in the boundary line between Milton and Boston at the Neponset River, said point being at the intersection of the southerly boundary of land of the New England Telephone and Telegraph Company extended easterly and said boundary line between Milton and Boston: thence running westerly along said extension of the southerly boundary line of the New England Telephone and Telegraph Company and said southerly boundary line itself, to the easterly side line of Adams Street; thence continuing in the same general westerly direction across Adams Street and Canton Avenue to a point 100 feet distant westerly from the westerly side of High Street extended: thence turning and running northerly parallel with the westerly side line of High Street and distant westerly 100 feet therefrom to the northerly side line of Eliot Street: thence turning and running westerly along said northerly side line of Eliot Street to Pine Tree Brook: thence turning and running along the center line of said Brook southerly and southwesterly to the southwesterly boundary of land of the Town of Milton used for a Police Station: thence turning and running northwesterly along the southwesterly boundary and southwesterly line extended across Central Avenue to land of Octavia L. Horne: thence turning and running in a general northerly direction along the westerly boundary line of land of said Octavia L. Horne, and said westerly boundary line extended to the northerly side line of Eliot Street: thence turning and running westerly along said northerly side line of Eliot Street to the westerly boundary of land now or formerly of the National Biscuit Company: thence turning and running northerly along said westerly boundary and said westerly boundary produced across land of the New York, New Haven and Hartford Railroad Company to boundary line between Boston and Milton at the Neponset River: thence turning and running in a general easterly and southerly direction along said boundary between Boston and Milton to the point of the beginning.

SECT. 2. *Zoning Map.* — (a) The Zoning Map prepared by C. Frederick Joy, Jr., Civil Engineer, dated June 23, 1922, bearing the signatures of the Board of Selectmen and showing the boundaries of Districts A, B, and C, is declared to be a part of this By-Law.

(b) Where a boundary line divides a lot in a single ownership at the time of the adoption of this By-Law, the regulations as to District A shall not apply provided the lot does not extend more than twenty-five feet within the boundary line of said District A.

SECT. 3. *Residence Purposes.* — In District A, except as herein otherwise provided, no building shall be used, and no building shall be erected or altered which is intended or designed to be used for a store or shop, or for manufacturing or commercial purposes, or any other purposes except one or more of the following:

- (a) A dwelling for one or more families.
- (b) A hotel or a lodging or boarding house.
- (c) A club other than a club the chief activity of which is a service customarily carried on as a business.
- (d) A church, school or academy.
- (e) Other purposes which are not particular industries, trades, manufacturing or commercial purposes.
- (f) A railroad passenger station.
- (g) A farm, truck garden, nursery or greenhouse.
- (h) An accessory purpose customarily incident to the above purposes and not detrimental to the use of other property in the district for the above purposes, including a private garage for not more than two automobiles. An accessory purpose shall not include an advertising sign except a real estate sign advertising for sale or rent the property on which it is placed, but may include a sign not over one square foot in area, bearing a name and the designation of any authorized occupation, and being such a sign as is customary on any building used for the purposes permitted by this section of this By-Law.

(i) A garage for more than two automobiles, or a telephone exchange or transforming station, provided in each case that after a public hearing, fourteen days' notice of which shall be given, in such manner as the Selectmen shall determine, the Selectmen shall rule that such use in a building or buildings located, designed and constructed as described by them in their ruling, will not be seriously detrimental to the use of other property in the district for the purpose specified in the preceding paragraphs of the section, and provided that the use is confined to a building or buildings conforming to the description of said ruling.

SECT. 4. *Existing Buildings.* — Any building or part of a building in District A which at the time of the adoption of this By-Law is being used for a purpose forbidden in said District may continue to be used for the same purpose or for a purpose not substantially different in character. Any such building or part of a building and any addition thereto made by permission of the Selectmen as hereinafter provided may be structurally altered or added to at any time provided the alterations or additions do not substantially enlarge the part of the building used for such purpose; and any such building or part of a building or such addition which is partially or wholly destroyed by fire or other casualty may be repaired or replaced by a structure of substantially the same size and character and used for the purpose for which it was formerly used or for a purpose not substantially different in character.

Any such building may be added to or enlarged at any time and such addition or enlargement used for the purpose for which the original building may lawfully be used under the provisions of the foregoing paragraph of this section provided in each case, that after a public hearing, of which fourteen days' notice shall be given in such manner as the Selectmen may decide, the Selectmen shall determine that such addition or enlargement and the use to be made thereof will not to any substantial extent be more detrimental to the use of other property in the district for the purposes permitted in Section 3 than the building to which such addition or enlargement is to be made or the use then lawfully made thereof, and shall issue a permit therefor. Each such permit issued by the Selectmen shall specify the size and character of the addition or enlargement and no such addition or enlargement shall be constructed or used for any purpose forbidden in District A which is not constructed in accordance with the terms of such permit.

SECT. 5. *Incidental Use of Residential Buildings.* — Any building in District A designed solely for residential purposes, and used primarily and principally for residential purposes, may be used incidentally for a purpose forbidden in said District, provided, in each case, that after a public hearing, of which fourteen days' notice shall be given in such manner as the Selectmen may decide, the Selectmen shall determine that the use of such building is incidental only, within the meaning hereof, and that such incidental use will not be detrimental to the use of other property in the district for the purposes permitted in Section 3, and shall issue a permit therefor.

SECT. 6. *Enforcement.* — Whoever violates any of the provisions of this By-Law shall be punished by a fine of not more than twenty dollars for each violation. Upon any well founded information from any citizen that this By-Law is being violated or upon his own initiative, the Inspector of Buildings shall take immediate steps to enforce the By-Law.

SECT. 7. *Validity.* — The invalidity of any section or provision of this By-Law shall not invalidate any other section or provision hereof.

SECT. 8. The provisions of this By-Law shall be construed as being additional to and not as limiting or lessening to any extent whatsoever the requirements of Chapters 7 and 8 of the Revised By-Laws of the Town.

SECT. 9. So much of this By-Law as is approved by the Attorney-General shall go into effect upon its publication, or notice by delivery, as required by law.

CHAPTER 13

PLANNING BOARD

A Board consisting of five members is hereby created and established, to be known as the Planning Board. At the annual town meeting to be held in March, 1923, there shall be elected one member of such Board to serve for one year, two members to serve for two years, and two members to serve for three years, and thereafter there shall be elected at the annual meeting in each year one or two members of such Board to fill the places of members whose terms of office expire in such year. The members of such Board shall serve without pay.

The Board shall perform the duties prescribed by Sections 70 and 71 of Chapter 41 of the General Laws. It shall be the duty of the Board also to consider and advise upon municipal improvements in regard to which the advice of the Board, at any time, may be asked by any official or officials of the Town. The Board may upon its own initiative make to any official or officials of the Town such recommendations in regard to municipal improvements as the Board may from time to time think proper or expedient.

LEGISLATIVE ACTS ACCEPTED BY THE TOWN OF MILTON

MARCH 19, 1866. *Voted*, To establish a high school, according to the provisions of Section 2 of Chapter 38 of the General Statutes. (Repealed, 1898, Chapter 496, Section 36.)

MARCH 2, 1874. *Voted*, To accept the provisions of Chapter 265 of the Acts of 1873, relative to public landing places in the town of Milton. (Special Act.)

MARCH 4, 1878. *Voted*, To accept the provisions of Sections 23 to 32 of Chapter 24 of the General Statutes, relative to the establishment of a board of fire engineers. (General Laws, Chapter 48, Section 45.)

MARCH 3, 1879. *Voted*, To accept the provisions of Section 21 of Chapter 38 of the General Statutes, relative to the election of School Committee. (General Laws, Chapter 41, Section 1.)

DECEMBER 8, 1879. *Voted*, To accept the provisions of Section 1 of Chapter 234 of the Acts of 1878, relative to truants and neglected children. (Repealed, 1919, Chapter 363, Section 16.)

MARCH 5, 1883. *Voted*, To accept the provisions of Section 10 of Chapter 48 of the General Statutes, relative to truants and neglected children. (Repealed, 1898, Chapter 496, Section 36.)

MARCH 7, 1881. *Voted*, To accept the act of the Legislature, Chapter 158 of the Laws of 1871, entitled, "An Act to Provide for the Election of Road Commissioners." (General Laws, Chapter 41, Section 1.)

MARCH 3, 1890. *Voted*, To accept the first nine sections of Chapter 51 of the Public Statutes, said Chapter being entitled, "Of Betterments, and other Assessments on Account of the Cost of Public Improvements." (General Laws, Chapter 80.)

FEBRUARY 12, 1891. *Voted*, To accept the act authorizing towns and cities to lay out public parks within their limits; being Chapter 154 of the Acts of 1882. (General Laws, Chapter 45, Sections 1 to 11.)

MARCH 2, 1891. *Voted*, To accept the provisions of Chapter 386 of the Acts of 1890, relative to the election of town officers. (Repealed 1893, Chapter 417, Section 345.)

FEBRUARY 3, 1894. *Voted*, That the town does hereby accept the provisions of Section 268 of Chapter 417 of the Acts of 1893, relative to the election of a separate Board of Assessors. (General Laws, Chapter 41, Section 1.)

NOVEMBER 28, 1894. *Voted*, To accept the provisions of Chapter 324 of the Acts of 1894, entitled an "Act Relative to the Reservation of Spaces in Public Ways." (General Laws, Chapter 82, Section 34.)

MARCH 4, 1895. *Voted*, That the town hereby accepts the provisions of Chapter 309 of the Acts of 1885, authorizing towns to license groves to be used for picnics and other lawful amusements. (General Laws, Chapter 140, Sections 188 to 190.)

MARCH 4, 1895. *Voted*, To accept the provisions of Section 272 of Chapter 417 of the Acts of 1893, relative to the election of Sewer Commissioners. (General Laws, Chapter 41, Section 1.)

MARCH 4, 1895. *Voted*, To accept the provisions of Chapter 462 of the Acts of 1893, relative to the establishment of a building line on Public Ways. (Repealed, Acts of 1917, Chapter 344, Part 8, Section 1.)

MARCH 4, 1895. *Voted*, To accept the provisions of Chapter 218 of the Acts of 1894 as amended by Chapter 473 of that same year, relative to the election of Boards of Health in towns. (General Laws, Chapter 41, Section 1.)

MARCH 4, 1895. *Voted*, To accept the provisions of Sections 20 and 21 of Chapter 50 of the Public Statutes, relative to the establishment and grading of sidewalks by the Selectmen. (General Laws, Chapter 83, Section 25.)

MARCH 4, 1895. *Voted*, To accept the provisions of Chapter 304 of the Acts of 1895, authorizing the town of Milton to construct one or more systems of sewerage. (Special Act.)

MARCH 1, 1897. *Voted*, To accept the provisions of Chapter 101 of the Public Statutes, relative to the suppression of common nuisances. (General Laws, Chapter 139.)

MARCH 7, 1898. *Voted*, To accept the provisions of Section 11 of Chapter 481 of the Acts of 1894, relative to the regulation and inspection of buildings. (General Laws, Chapter 143, Section 3.)

MARCH 5, 1900. *Voted*, To accept the provisions of Chapter 344 of the Acts of 1899, relative to eight-hour day for town employees. (General Laws, Chapter 149, Section 31.)

MARCH 3, 1902. *Voted*, To accept the provisions of Section 18 of Chapter 122 of the Revised Laws (General Laws, Chapter 166, Section 32), relative to the appointment of an Inspector of Wires by the Selectmen.

JULY 14, 1902. *Voted*, To accept the provisions of Chapter 307 of the Acts of 1902, relative to water supply. (General Laws, Chapter 92, Section 10.)

AUGUST 16, 1902. *Voted*, To accept the provisions of Sections 58 to 64, inclusive, of Chapter 48 of the Revised Laws, relative to the jurisdiction of towns over highways and county bridges. (General Laws, Chapter 82, Sections 17 to 20.)

MARCH 2, 1903. *Voted*, To accept the provisions of Sections 20 and 21 of Chapter 25 of the Revised Laws, relative to public baths. (General Laws, Chapter 40, Section 12.)

MARCH 2, 1903. *Voted*, To accept the provisions of Section 339 of Chapter 11 of the Revised Laws, relative to the election of Overseers of the Poor. (General Laws, Chapter 41, Section 1.)

MARCH 7, 1904. *Voted*, To accept the provisions of Section 70 of Chapter 75 of the Revised Laws, relative to privy vaults. (General Laws, Chapter 111, Section 126.)

MARCH 6, 1905. *Voted*, To accept the provisions of Chapter 103 of the Revised Laws, relative to the supervision of plumbing. (General Laws, Chapter 142.)

JULY 21, 1905. *Voted*, To accept the provisions of Chapter 381 of the Acts of 1905, relative to the suppression of gypsy and brown-tail moths. (General Laws, Chapter 132.)

MARCH 1, 1909. *Voted*, To accept the provisions of Chapter 476 of the Acts of 1908, relative to vacations for members of the Police Department. (General Laws, Chapter 92, Section 62, and Chapter 147, Sections 14 and 17.)

MARCH 8, 1910. *Voted*, To accept the provisions of Section 43 of Chapter 49 of the Revised Laws, relative to the grading and construction of sidewalks. (General Laws, Chapter 83, Section 25.)

MARCH 6, 1911. *Voted*, To accept the provisions of Section 359 of Chapter 560 of the Acts of 1907, relative to the election of Moderators. (General Laws, Chapter 41, Section 1.)

MARCH 6, 1911. *Voted*, To accept the provisions of Section 362 of Chapter 560 of the Acts of 1907, relative to the election of four constables. (General Laws, Chapter 41, Section 1.)

NOVEMBER 7, 1911. *Voted*, To accept the provisions of Chapter 634 of the Acts of 1911, relative to the establishment by counties of the retirement system for employees. (General Laws, Chapter 32.)

MARCH 4, 1912. *Voted*, To accept the provisions of Chapter 146 of the Acts of 1911, relative to the establishment of an Art Commission. (General Laws, Chapter 41, Sections 82 to 84.)

MARCH 4, 1912. *Voted*, To accept the provisions of Chapter 468 of the Acts of 1911, relative to the extension of Civil Service Act to Chiefs of Police. (General Laws, Chapter 31, Section 49.)

MARCH 4, 1912. *Voted*, To accept the provisions of Chapter 314 of the Acts of 1911, relative to the expending of money by the School Committee for the supervision of sports. (General Laws, Chapter 71, Section 47.)

MARCH 4, 1912. *Voted*, To accept the provisions of Chapter 367 of the Acts of 1911, relative to the use of school halls for other than school purposes. (General Laws, Chapter 71, Section 71.)

MARCH 3, 1913. *Voted*, To accept the provisions of Chapter 327 of the Acts of 1904, relative to the pensioning of permanent members of the Police and Fire Departments. (General Laws, Chapter 32, Section 85.)

MARCH 3, 1913. *Voted*, To accept the provisions of Chapter 498 of the Acts of 1908, relative to the pension funds for teachers in the public schools. (General Laws, Chapter 32, Section 42.)

MARCH 3, 1913. *Voted*, To accept the provisions of Chapter 635 of the Acts of 1912, relative to tenement house regulation. (General Laws, Chapter 145.)

MARCH 3, 1913. *Voted*, To accept the provisions of Chapter 191 of the Acts of 1907, relative to the establishment of a Board of Survey. (General Laws, Chapter 41, Sections 73 to 81.)

NOVEMBER 4, 1913. *Voted*, To accept the provisions of Chapter 807 of the Acts of 1913, relative to the compensation of certain employees for injuries sustained in the course of their employment. (General Laws, Chapter 152, Section 69.)

NOVEMBER 5, 1912. *Voted*, To accept the provisions of Chapter 503 of the Acts of 1912, relative to the pensioning of laborers in the employ of the town. (General Laws, Chapter 32, Section 77.)

MARCH 2, 1914. *Voted*, To accept the provisions of Chapter 807 of the Acts of 1913, relative to workmen's compensation. (General Laws, Chapter 152, Section 69.)

MARCH 2, 1914. *Voted*, To accept the provisions of Section 42 of Chapter 514 of the Acts of 1909 as amended by the provisions of Chapter 494 of the Acts of 1911, relative to the eight-hour day for city and town employees. (General Laws, Chapter 149, Sections 30 to 33.)

NOVEMBER 3, 1914. *Voted*, To accept the provisions of Chapter 217 of the Acts of 1914, relative to vacations for town laborers. (General Laws, Chapter 41, Section 111.)

MARCH 13, 1915. *Voted*, To accept the provisions of Chapter 296 of the Acts of 1913, relative to the appointment of a Bird Warden. (General Laws, Chapter 131, Section 76.)

MARCH 10, 1917. *Voted*, To accept the provisions of Chapter of the Special Acts of 1917, revoking the reservation of space for use of street railway on Blue Hill Avenue. (Special Act.)

MARCH 2, 1918. *Voted*, To accept the provisions of Chapter 140 of the Acts of 1917, amending Chapter 291 of the Acts of 1916, relative to the tenure of office of Chiefs of Fire Departments in the Metropolitan Fire Prevention District. (General Laws, Chapter 48, Section 58.)

MARCH 2, 1918. *Voted*, To accept the provisions of Chapter 575 of the Acts of 1913, relative to the furnishing of lunches for school children. (General Laws, Chapter 71, Section 72.)

MARCH 9, 1918. *Voted*, To accept the provisions of Chapter 305 of the Special Acts of 1917, relative to the management of the property received under the terms of the will of Edwin W. Wardsworth. (Special Act.)

MARCH 8, 1919. *Voted*, To accept the provisions of Chapter 293 of the Acts of 1916, relative to the licensing of motor vehicles carrying passengers for hire. (General Laws, Chapter 159, Sections 45 and 46.)

MARCH 8, 1919. *Voted*, To accept the provisions of Chapter 17 of the Special Acts of 1919, relative to the payment of an annuity to Catherine M. Moran. (Special Act.)

MARCH 8, 1919. *Voted*, To accept the provisions of Chapter 16 of the Special Acts of 1919, relative to the payment of an annuity to Katherine K. McDermott.

MARCH 13, 1920. *Voted*, To accept the provisions of Chapter 186 of the Acts of 1907, relative to the pensioning of widows and children of members of the Police and Fire Departments. (General Laws, Chapter 32, Section 88.)

MAY 3, 1920. *Voted*, To accept the provisions of Chapter 240 of the Acts of 1920, relative to sports and games on the Lord's Day. (General Laws, Chapter 136, Sections 21 to 28.)

NOVEMBER 2, 1920. *Voted*, To accept the provisions of Chapter 166 of the Acts of 1920, relative to the granting of one day off in every eight days to police officers without loss of pay. (General Laws, Chapter 147, Sections 16 and 17.)

MARCH 12, 1921. *Voted*, To accept the provisions of Section 25A of Chapter 41 of the General Laws, relative to the appointment and renewal of Assistant Assessors by the Assessors.

MARCH 3, 1923. *Voted*, To accept the provisions of Chapter 516 of the Acts of 1922, relative to the adoption of the State accounting system.

JUNE 12, 1923. *Voted*, To accept the provisions of Section 20 of Chapter 39 of the General Laws, relative to precinct voting.

MARCH 8, 1924. *Voted*, To accept the provisions of Chapter 26 of the Acts of 1923, relative to Boards of Public Welfare.

MARCH 8, 1924. *Voted*, To accept the provisions of Chapter 337 of the Acts of 1921, relative to the pensioning of call men.

MARCH 8, 1924. *Voted*, To accept the provisions of Chapter 391 of the Acts of 1923, relative to the collection of water rates.

RULES AND ORDERS OF THE SELECTMEN OF MILTON FOR THE REGULATION OF CARRIAGES AND VEHICLES USED THEREIN

MILTON, November 7, 1924.

Ordered, That the following rules are hereby adopted for the regulation of carriages and vehicles in the town of Milton, however propelled.

RULE 1. Every person having charge or control of any carriage or other vehicle, upon a public street, shall stop, change the position of, or move such carriage or other vehicle as directed by any police officer.

RULE 2. Every person having charge or control of a carriage or other vehicle, upon a public street, shall comply with and obey the directions upon all signs, movable posts or mechanical devices placed by direction of the Board of Selectmen or by a police officer on or near such street unless otherwise directed by a police officer.

RULE 3. All carriages or other vehicles stopping in any business section must stand near to and parallel with the right-hand curb, unless it is necessary for the purpose of loading or unloading said vehicle to back up to the curb. By the words "business section" is meant any section of a street in the town where two or more stores or shops for the sale of goods, wares or merchandise are located within 100 feet of each other.

RULE 4. No carriage or other vehicle shall remain backed up to the curb except when actually loading or unloading, and the horse thereof, if it be a horse-drawn vehicle, shall be turned in the direction of traffic and parallel with the curb.

RULE 5. Unless in an emergency or to allow another vehicle or a pedestrian to cross a street, no carriage or other vehicle shall stop in any public street except close to the curb.

RULE 6. No carriage or other vehicle shall stop in such a way as to obstruct any street or crossing or within ten feet of a fire hydrant, street corner, electric car or pole stop, except in case of emergency or when directed to do so by a police officer.

RULE 7. The operator of a motor vehicle shall under no circumstances cut out the muffler while on a public street.

RULE 8. A carriage or other vehicle when turning to the right into another street shall slow down and keep as near to the right-hand curb as possible.

RULE 9. A carriage or other vehicle in turning to the left into another street shall slow down and pass to the right of and beyond the center of the intersecting streets before turning.

RULE 10. A carriage or other vehicle crossing from one side of the street to the other, except for the purpose of passing other vehicles or because of dangers in the street, shall do so by turning to the left, so as to head in the general direction of traffic after it has crossed the street.

RULE 11. The words "carriage or other vehicle" herein shall include horses hitched to vehicles, horses ridden or led, motor vehicles of all kinds, bicycles, tricycles propelled by hand, and everything on wheels or runners except street cars and light carriages for conveyance of children.

RULE 12. In accordance with General Laws, chapter 40, section 22, the following are declared one-way streets, and are hereby *closed to traffic* in the direction specified in each case:

Austin Street — Closed from Blue Hill Avenue to Blue Hills Parkway.

Brackett Street — Closed from Washington Street to Granite Place.

Brook Road — Left-hand roadway closed in each direction between Blue Hills Parkway and Canton Avenue.

Central Avenue — Left-hand roadway closed in each direction between Brook Road and Eliot Street.

Edge Hill Road — Left-hand roadway closed in each direction between Pleasant Street and Boulevard Street.

Eliot Street — Left-hand roadway closed in each direction between Adams Street and Central Avenue.

Grafton Avenue — Left-hand roadway closed in each direction.

High Street — Closed from Eliot Street to Canton Avenue.

Oak Street — Closed from Brook Road to Blue Hill Avenue.

Pleasant Street — Left-hand roadway closed in each direction between Reedsdale Road and Edge Hill Road.

Randolph Avenue — Left-hand roadway closed in each direction between Reedsdale Road and Highland Street.

Reedsdale Road — Left-hand roadway closed in each direction between White Street and Pleasant Street.

Tucker Street — Closed from Blue Hill Avenue to Brush Hill Road.

White Street — Left-hand roadway closed in each direction between Brook Road and Reedsdale Road.

Whosoever violates any of the provisions of the foregoing rules and regulations shall be punished by a fine not exceeding twenty dollars (\$20) for each offence.

ROGER WOLCOTT,
JOSIAH BABCOCK,
KENNETH D. JOHNSON,
Selectmen of Milton.

MILTON TOWN RECORDS IN THE MUNICIPAL YEAR 1924

MARCH MEETING

WARRANT

COMMONWEALTH OF MASSACHUSETTS NORFOLK, SS.

To either of the Constables of the Town of Milton, in said County, Greetings.

In the name of the Commonwealth of Massachusetts, you are here required to notify and warn the inhabitants of the town of Milton qualified to vote in elections and in town affairs, to meet at the several designated polling places in their respective precincts, in said Milton, to wit:

In Precinct I, polling place, Town Hall, Canton Avenue,
In Precinct II, polling place, Blue Hills Hall, Thacher Street,
In Precinct III, polling place, Milton Police Station, Central Avenue,
In Precinct IV, polling place, Belcher School, Church Street,
on Saturday, March first next, at fifteen minutes before 6 o'clock in the forenoon, then and there to bring in to the precinct officers of their respective precincts their votes on one ballot respectively, for the following-named town officers, to wit:

One Moderator for the term of one year; a Town Clerk for the term of one year; a Town Treasurer for the term of one year; a Collector of Taxes for the term of one year; three Selectmen and Surveyors of Highways for the term of one year; one Assessor for the term of three years; two Overseers of the Poor for the term of three years; one Overseer of the Poor for the term of one year (to fill a vacancy); three Auditors for the term of one year; one Sewer Commissioner for the term of three years; a Tree Warden for the term of one year; four constables for the term of one year; two members of the School Committee for the term of three years; one member of the Board of Health for the term of three years; one Cemetery Trustee for the term of five years; three Library Trustees for the term of three years; one Park Commissioner for the term of three years; one Water Commissioner for the term of three years; one Trustee of the Wadsworth Fund for the term of three years; one member of Planning Board for the term of three years.

Also on the same ballot to vote "yes" or "no" on the following question, viz.: "Shall licenses be granted for the sale of certain non-intoxicating beverages, as defined in section one of chapter one hundred thirty-eight of the General Laws?"

For these purposes the polls will be open at each and all of said precincts at fifteen minutes before 6 o'clock in the forenoon and will be closed at 4 o'clock in the afternoon.

William H. Hooper	Inspector
Joseph Dalton	Inspector
Herbert E. Clark	Deputy Inspector

And, thereupon, by adjournment of said meeting, to meet on the following Saturday, to wit, March 8 next, at thirty minutes past 1 in the afternoon, at the Town Hall in said Milton, then and there to act upon the following articles, to wit:

Adjourned Meeting, March 8, 1924

ARTICLE 1. To choose all such town officers as are not required by law to be chosen by ballot.

The following officers were elected *viva voce*, namely: Ralph E. Forbes, Bird Warden; George E. Burt, Carl R. Horne, Measurers of Lumber.

ARTICLE 2. To hear and act upon the Auditors' report, and reports of other town officers and committees:

Voted, That the Auditors' (printed) 87th report be accepted and placed on file.

REPORT OF STREET RAILWAY COMMITTEE

MILTON, MASS., January, 1924.

The Eastern Massachusetts Street Railway Company has submitted to this Committee monthly reports of the operating receipts and expenses of the line from East Milton to Milton Lower Mills, under its agreement with the town.

During the period beginning April 1, 1923, and ending November 30, 1923, the railway failed to earn the charges to which it is entitled under the provisions of the Special Acts of 1918, chapter 188, and the provision of its agreement with the town of Milton, by \$6,357. Commencing the first of December, 1923, owing to the unusually fine weather lasting through that month, the receipts of the railway from the Milton Branch have fallen off about \$400. It seems certain, therefore, that it will be found at the end of our contract year, March 31, 1924, that the loss to the railway will exceed the whole amount of the town's agreed payment (\$2,500), and that the whole guarantee will be payable.

The Committee has conferred with the Trustees of the railway relative to a guarantee for next year. The Board would like a guarantee of \$2,500 from the town, the same amount as last year. The Board has not gone officially on record as to what it would do if the town should give no guarantee, but the impression given to this Com-

mittee informally is that they would not immediately discontinue the road but would endeavor, by rearrangement of schedules and readjustment of fares, to make up the deficit.

We are of the opinion that if the town is to give any guarantee the sum of \$2,500 is a proper sum, and that this sum will probably be, for next year, considerably less than the actual loss of the road figured on the basis allowed in the act above referred to.

Whether the town should give any guarantee is largely a matter of policy which the citizens will have to decide. This Committee is of the opinion that the guarantee should be continued for next year in the sum named.

There is a certain amount of direct financial benefit accruing to the town by reason of the use of the railway by the town in transporting pupils at reduced rates. It is also unquestioned that the presence of the railway in the town is a benefit to the whole town. While we believe theoretically that the fares paid on a street railway should carry the expenses of the road, we nevertheless realize that where it appears that receipts for fares at the maximum customary rate are not sufficient to maintain the road, the citizens of the town are justified in making a certain contribution to the expenses of the road if they choose to do so.

We have not had occasion to use \$500 appropriated for expenses at the last town meeting, and we recommend that it be transferred to the surplus revenue account.

Respectfully submitted,

JAMES F. MITCHELL.

LINCOLN BRYANT.

MARCY L. SPERRY.

Voted, That the report of the Street Railway Committee be accepted and placed on file, and that the \$500 appropriated for expenses at the last town meeting be transferred to the surplus revenue account.

REPORT OF THE LEGISLATIVE COMMITTEE FOR 1923

During last year some sixteen hundred bills were filed in the House and about four hundred in the Senate. The Committee endeavors to look over all these bills as they are printed and to keep advised as far as is possible of proceedings before State Boards and Commissions. The Committee selects such bills as might conceivably have some effect on Milton and discusses the advisability of taking action in regard to them. There is a large number of bills which might possibly affect cities and towns, including our town. If attempt were made to appear in all cases it would involve a great deal of labor, most of which would be wasted because many of the bills do not command any very serious attention from the Legislature. The Committee believes that it is not policy for the town to be constantly appearing on matters that do not directly affect it or which do not affect it in any very substantial way. In matters which seem to be of direct interest to the town we notify the Board of Selectmen who take action through counsel.

We do not think any useful purpose would be served at this time by attempting to give a review of legislation proposed last year. We endeavor, in connection with the Board of Selectmen, from time to time as matters come up, to keep the town advised of such as are important.

Respectfully submitted,

LINCOLN BRYANT.

REGINALD L. ROBBINS.

W. RODMAN PEABODY.

FELIX RACKEMANN.

JAMES S. RUSSELL.

Voted, That the report of the Legislative Committee for 1923 be accepted and placed on file.

REPORT OF THE PLANNING BOARD

(Submitted at the Annual Meeting, March 8, 1924)

Pursuant to section 71 of chapter 41 of the General Laws of Massachusetts requiring Planning Boards to make report to the annual town meeting, the Planning Board of Milton hereby submits its report for the past year.

Milton's first Planning Board, consisting of five members, was elected in March of 1923. The Board was elected as a result of a town by-law which had been adopted at a special town meeting held in July of 1922.

At the special town meeting held in July of 1922 the town had also adopted a so-called zoning by-law providing for the division of the town into districts or zones consisting of one large residential district and two smaller commercial districts located, respectively, at East Milton and at the Lower Mills. The zoning by-law provided in substance that only dwelling houses or other structures consistent therewith could be erected within the residential district, whereas the erection and use of buildings in the commercial districts were to all intents and purposes left unrestricted.

At the same time that the zoning by-law was adopted a temporary committee, known as the Zoning Committee, was appointed with instructions to report at the annual meeting in 1923. This Committee made a study of the comparatively new subject of zoning, and recommended that the Milton zoning by-law be made still more restrictive by limiting buildings in a substantial portion of the residential district to houses of single family type. The recommendation of the Zoning Committee was defeated at the town meeting.

In view of the prominence which was given to the subject of zoning a year ago it was logical that the first subject to be given consideration by the new Planning Board was the subject of zoning. The new Board, therefore, did consider the subject and gave a great deal of time and thought to it.

It is obvious that the subject of zoning is demanding a steadily increasing amount of public attention. According to the most recent report of the National government more than 22,000,000 people, comprising 40 per cent of the urban population of the United States, live in 183 zoned cities and towns. During the first eight months of 1923, 54 municipalities with more than 6,500,000 inhabitants adopted zoning ordinances. This indicates the greatest progress in zoning that has ever been made during a similar period. Furthermore, more than two-thirds of the 183 zoned municipalities have been zoned during the past three years.

It is, therefore, a fair assumption that the growing subject of zoning will play an increasingly important part in the future growth and development of the town. It is a fair prediction that the character of the town will depend to a considerable extent on the restrictions and limitations which may from time to time be adopted by amendment to the zoning by-law.

Nevertheless, the Planning Board has not recommended for this year any concrete changes in the existing by-law. The Board has felt, under all the circumstances, that the subject of further zoning restrictions might well be postponed pending a general and comprehensive survey of the town's needs as a whole rather than be singled out for separate action at this time.

The Board has therefore adopted the almost universal form of procedure used by municipal planning boards when first created, and has started in progress a general survey of town planning needs. This matter is especially important at this time, owing to the recent appointment of a Metropolitan Planning Division by the Commonwealth, which Division has asked the town for information and suggestions on metropolitan matters which are vital to Milton. In this connection the Board has employed the expert services of Mr. Arthur A. Shurtleff who has had wide experience as consultant and adviser in city and town planning. The Board has already sent to the taxpayers a plan of the town, together with a questionnaire. It will greatly expedite the work of the future if citizens who have not already replied will give prompt attention to this questionnaire.

The Board has during the year past accomplished all that was possible within the limitations of its appropriation, but to carry out the work already started will require a substantial appropriation for the coming year. After careful estimate the Board requested an appropriation of \$5,000, believing that it would require this sum in order to complete its studies and make adequate report thereon. The Warrant Committee recommended an appropriation of \$3,500. The Board is not disposed to take issue with the Warrant Committee in its very laudable desire to curtail town expenditures. The Board will, therefore, proceed with its program to the extent permitted by its appropriation if the town sees fit to adopt the Warrant Committee's recommendation.

Two matters have been officially referred to the Planning Board by the town during the year past. One related to the possible purchase of certain parcels of land for cemetery purposes, and was referred to the Cemetery Trustees and the Planning Board jointly at the last special town meeting. The two boards jointly recommended that the parcels of land in question be purchased if they could be acquired for a total sum not exceeding \$30,000. This matter is covered by Article 61 of this year's warrant. The other matter officially referred to the Planning Board by the town related to the question of amending the building laws of the town by requiring fire retardant material for shingles and other roof covering. The Planning Board recommended postponement of the

consideration of this subject. This matter is covered by Article 78 of this year's warrant. Other questions have been referred to the Planning Board from time to time during the year by various officers and departments of the town, and the Board has given its recommendations with respect thereto.

Respectfully submitted,

ARTHUR H. WEED, *Chairman.*
DAVID A. HEFFERNAN, *Secretary.*
JESSE B. BAXTER.
JAMES S. RUSSELL.
ARTHUR H. TUCKER.

MARCH 8, 1924.

Voted, That the report of the Planning Board be accepted and placed on file.

ARTICLE 3. To see what sum of money the town will vote to appropriate for the support of the schools the present year.

Voted, That the sum of \$188,450 be appropriated; this sum to cover cost of transportation of pupils, medical inspection of pupils, maintenance of the school dental clinic, and the supervision of play and games in accordance with the Acts of 1911, chapter 314, as well as general school expenditures, the municipal use of school buildings, and expenses of the Americanization classes.

ARTICLE 4. To see what sum of money the town will appropriate for the completion of the new Tucker School Building, including furnishing, equipping, and grading.

Voted, That the sum of \$25,400 be appropriated and that the Committee of five citizens heretofore appointed by the Moderator under votes of the town, and known as the Tucker School Building Committee, be continued as a Committee with authority to use the said sum for the purposes set forth in the foregoing article.

ARTICLE 5. To see if the town will vote to authorize the Tucker School Building Committee to clear and grade for school playground use the two lots of land bought for this purpose by the town meeting of March, 1921.

Voted, That the town so vote. The expenses thereof to be paid out of the sums appropriated under Article 4 for the completion of the new Tucker School Building.

ARTICLE 6. To see if the town will vote to authorize the Selectmen to sell the whole or any portion of the land of the Sumner School property abutting the premises of Jessie A. Perry on Blue Hill Avenue.

Voted, That the subject matter of this article be referred to the Planning Board and the School Committee.

ARTICLE 7. To see if the town will accept the gift of \$1,000 from the Tuell Alumni Association, — "to be held as a fund in perpetuity and the income thereof each year to be paid to the School Department, and to be used to provide two prizes, one prize to be known as the Hiram Tuell Good Citizenship Prize and to be awarded to the boy in the senior class of the Milton High School who, in the opinion of the faculty of said High School, has shown in the greatest degree those qualities which make for good citizenship; the other prize to be known as the Henrietta T. Hallowell Good Citizenship Prize, and to be given to the girl in the senior class of the Milton High School who, in the opinion of the above-said faculty, has shown similar qualities. The prizes are to be awarded each year at the graduation exercises. If such exercises are omitted for any year the prizes are to be awarded on some other occasion near the close of the school year," — and act on anything relating thereto.

Voted, That the town vote to accept the gift of \$1,000 from the Tuell Alumni Association, as set forth in this article, and that the Town Treasurer be authorized and directed to do all things necessary to carry out the terms of said gift.

ARTICLE 8. To see what sum of money the town will vote to appropriate for the Public Library the present year.

Voted, That the sum of \$16,100 be appropriated, including in said sum the receipts from the dog tax.

ARTICLE 9. To see if the town will vote to designate the fund known as the "Hollingsworth Fund" as the "Oakland Hall Fund," and act on anything relating thereto.

Voted, That the town designate the fund known as the "Hollingsworth Fund" as the "Oakland Hall Fund."

ARTICLE 10. To see what sum of money the town will vote to appropriate for the improvement of the cemetery the present year.

Voted, That the sum of \$12,000 be appropriated.

ARTICLE 11. To see if the town will accept the gift of Mr. Robert F. Herrick of thirty shares of Saco-Lowell common stock, as a permanent fund for the preservation and improvement of the cemetery, and act on anything relating thereto.

Voted, That the town accept the gift of Mr. Robert F. Herrick to be held as a permanent fund for the preservation and improvement of the cemetery pursuant to the terms of his letter making said gift, and that the Town Treasurer be authorized and directed to do all things necessary to carry out the terms of said gift.

ARTICLE 12. To see what sum of money the town will vote to appropriate for the general uses of the Board of Park Commissioners the present year.

Voted, That the sum of \$5,000 be appropriated.

ARTICLE 13. To see if the town will vote to erect a grandstand on Brook Road Playground, and appropriate the sum of \$5,000 for the same, and to act on anything relating thereto.

Voted, That action under this article be postponed.

ARTICLE 14. To see what sum of money the town will vote to appropriate for the use of the Tree Warden, to be expended in the care and planting of shade trees and the destruction of insect pests, injurious to trees, the present year.

Voted, That the following sums be appropriated: for public work, \$5,300; for private work, \$3,000.

ARTICLE 15. To see what sum of money the town will vote to appropriate to be expended by the local Superintendent for the suppression of the gypsy and brown-tail moths the present year.

Voted, That the following sums be appropriated: for public work, \$7,500; for private work, \$7,500.

ARTICLE 16. To see what sum of money the town will vote to appropriate for the support of the poor the present year.

Voted, That the sum of \$14,500 be appropriated.

ARTICLE 17. To see if the town will vote to accept the provisions of chapter 26 of the Acts of 1923, entitled "An act changing the name of the Overseers of the Poor to the Board of Public Welfare."

Voted, That the town accept the provisions of chapter 26 of the Acts of 1923, entitled "An act changing the name of the Overseers of the Poor to the Board of Public Welfare."

ARTICLE 18. To see what sums of money the town will vote to appropriate for salaries and expenses of the following departments, and other purposes.

- | | |
|-------------------------------|-------------------------------------|
| 1. Warrant Committee. | 11. Town Hall and lot. |
| 2. Selectmen. | 12. Building Inspector. |
| 3. Assessors. | 13. Wires. |
| 4. Treasurer. | 14. Sealer of Weights and Measures. |
| 5. Auditors. | 15. Inspection of Animals. |
| 6. Collector. | 16. Health. |
| 7. Town Clerk. | 17. Insurance. |
| 8. Election and registration. | 18. Town reports. |
| 9. Law. | 19. Interest. |
| 10. Engineering. | |

Voted, That the following sums be appropriated for salaries and expenses and other purposes:

1. Warrant Committee:	
General expenses	\$750 00
2. Selectmen:	
Salaries:	
Chairman	\$500 00
Second member	500 00
Third member	500 00
General expenses	6,400 00
	<hr/>
	\$7,900 00

[illegible]

17. Insurance:	
General expenses	\$10,500 00
18. Town reports:	
General expenses	\$3,000 00
19. Interest:	
Bonds	\$20,000 00
Discount	6,000 00
	<hr/>
	\$26,000 00
Total appropriation	\$88,200 00

ARTICLE 19. To see what sum of money the town will vote to appropriate for the collection of ashes and garbage the present year.

Voted, That the sum of \$10,800 be appropriated to be expended under the direction of the Board of Health.

ARTICLE 20. To see if the town will vote to provide for the removal of ashes and garbage in the south part of the town from Highland Street to the Quincy line on Randolph Avenue, and to the Blue Hill Reservation on Hillside Street, and appropriate money for the same.

Voted, That action under this article be indefinitely postponed.

ARTICLE 21. To see if the town will vote to appropriate a sum not exceeding \$100,000, under the provisions of chapter 307 of the Acts of 1902, for the extension of water mains, and to raise and appropriate the same, and to act on anything relating thereto.

Voted, That the Treasurer be and he hereby is authorized in the name and behalf of the town and under authority granted in and in compliance with the provisions of chapter 307 of the Acts of 1902, and other Acts applicable thereto, to borrow a sum not exceeding \$75,000, the same to be expended by the Board of Water Commissioners for the extension of water mains to connect the existing system with new customers, and to issue bonds of the town not exceeding said sum. Said bonds shall bear on their face the words "Town of Milton Water Loan" and shall be payable as required by said chapter 307 of the Acts of 1902 and by section 19 of chapter 44 of the General Laws, so that the whole loan shall be paid in not more than thirty years from their date, or at such earlier dates as the Treasurer and Water Commissioners may determine. They shall be sold at not less than the par value thereof, from time to time, by the Treasurer under the direction of the Water Commissioners as the money above appropriated is needed. Each bond shall be subject to registration as to principal, and may be exchanged in compliance with the statutory provisions for a registered certificate representing an equivalent obligation for principal and interest. The coupon bonds shall not be obligatory without the authenticating certificate of the First National Bank of Boston thereon.

(Result of vote: Yes, 669; No, 0.)

ARTICLE 22. To see what sum of money the town will vote to appropriate for hydrant service the present year.

Voted, That the sum of \$9,000 be appropriated, this amount to cover also the water supplied for public fountains.

ARTICLE 23. To see what sum of money the town will vote to appropriate for the extension of water mains the present year.

Voted, That no action be taken under this article, appropriate action having been voted under Article 21.

ARTICLE 24. To see if the town will vote to extend the water main from the corner of Granite and Hope Avenues, through Thistle Avenue, and appropriate money for the same.

Voted, That action under this article be indefinitely postponed.

(Result of vote: Yes, 301; No, 318.)

ARTICLE 25. To see if the town will accept sections 42A to 42F, inclusive, of chapter 40 of the General Laws as amended by chapter 391 of the Acts of 1923, relative to the collection of water rates.

Voted, That the town accept sections 42A to 42F, inclusive, of chapter 40 of the General Laws as amended by chapter 391 of the Acts of 1923, relative to the collection of water rates.

ARTICLE 26. To see what sum of money the town will vote to appropriate for the maintenance of the Sewer Department the present year.

Voted, That the sum of \$3,000 be appropriated for the maintenance of the Sewer Department for the present year.

Further voted, That the town request the Sewer Commissioners and the Water Commissioners to consider jointly the advisability of consolidating the Sewer and Water Departments, and also to consider what economies and advantages, if any, could result by such consolidation; and if they recommend such consolidation, to consider the manner in which the same should be carried out and to report in writing to the next annual town meeting and file a copy of their report with the Warrant Committee on or before November 1, 1924.

ARTICLE 27. To see what sum of money the town will vote to appropriate for the extension of the sewerage system the present year.

Voted, That the sum of \$1,100 be appropriated, \$1,000 of this amount to be transferred from the sewer assessment account, and \$100 to be raised by taxation.

Further voted, That the town instruct the Moderator to appoint a committee consisting of the Sewer Commissioners and two other citizens, said committee to report in writing to the Warrant Committee on or before November 1, 1924, as to the proportion of and the manner in which the cost of construction of the proposed trunk line sewer in the Mattapan district should be assessed upon the property benefited, and the proportion of and the manner in which the cost of any other trunk line sewer hereafter to be constructed and of ordinary sewer extensions should be assessed.

ARTICLE 28. To see if the town will vote to enlarge the bridge on Thacher Street and to appropriate money for the same.

Voted, That the sum of \$1,000 be appropriated to build an additional culvert under the roadway, said work to be carried out under the direction of the Selectmen.

ARTICLE 29. To see if the town will vote to authorize the Sewer Commissioners to clean and otherwise improve and place in a sanitary condition Pine Tree Brook, between Blue Hills Parkway and Thacher Street, and to appropriate a sum not exceeding \$1,000 for the same.

Voted, That action under this article be postponed.

ARTICLE 30. To see what sum of money the town will vote to appropriate for the Police Department the present year.

Voted, That the sum of \$65,000 be appropriated. It is recommended to the Selectmen that no vacancies in the force be filled without vote of the town, or until the regular force be reduced to a number that in any event does not exceed 25 men, and that the amount saved in salaries and otherwise by this reduction shall revert to the town.

ARTICLE 31. To see if the town will vote to increase the pay of the members of the Police Department, \$400 per year, and appropriate money for the same.

Voted, That the salary of the police officers be increased \$200 annually, said increase to take effect immediately and that the sum of \$5,248 be appropriated.

ARTICLE 32. To see if the town will vote to appropriate the sum of \$6,000 for the purpose of increasing the salary of the permanent members of the Fire Department.

Voted, That the salary of the permanent members of the Fire Department be increased \$200 annually, said increase to take effect immediately and that the sum of \$2,952 be appropriated.

ARTICLE 33. To see what sum of money the town will vote to appropriate for the Fire Department the present year.

Voted, That the sum of \$46,025.36 be appropriated.

ARTICLE 34. To see what sum of money the town will vote to appropriate for the purpose of providing pensions for members of the Police and Fire Departments retired and placed upon the pension roll under the provisions of section 85, of chapter 32, General Laws, the present year.

Voted, That the sum of \$5,315 be appropriated.

ARTICLE 35. To see if the town will vote to accept chapter 32 of the General Laws, as amended by chapter 337, Acts of 1921, relative to pensioning of call members of Fire Department.

Voted, That the town accept chapter 32 of the General Laws, as amended by chapter 337, Acts of 1921, relative to pensioning of call members of Fire Department.

ARTICLE 36. To see what sum of money the town will vote to appropriate to pay an annuity under chapter 16, Special Acts of 1919, for the present year.

Voted, That the town vote to appropriate the sum of \$300 to be paid as an annuity in accordance with the provisions of chapter 16 of the Special Acts of 1919.

ARTICLE 37. To see what sum of money the town will vote to appropriate for the payment of pensions under the provisions of section 88, chapter 32, of the General Laws, for the present year.

Voted, That the town vote to appropriate the sum of \$1,200 for the payment of pensions for the present year, under the provisions of section 88, chapter 32, of the General Laws.

ARTICLE 38. To see what sum of money the town will vote to appropriate for pensions for laborers under the provisions of section 77, chapter 32, General Laws, for the present year.

Voted, That the sum of \$4,093.92 be appropriated.

ARTICLE 39. To see what sum of money the town will vote to appropriate for the retirement of teachers in the public schools under the provisions of section 42, chapter 32, General Laws, for the present year.

Voted, That the sum of \$425 be appropriated.

ARTICLE 40. To see what sum of money the town will vote to appropriate for the Soldiers' Relief the present year.

Voted, That the sum of \$1,500 be appropriated.

ARTICLE 41. To see what sum of money the town will vote to appropriate for State Aid and Military Aid under chapter 200, General Acts of 1919, the present year.

Voted, That the sum of \$500 be appropriated.

ARTICLE 42. To see what sum of money the town will vote to appropriate to be expended by the Huntington Frothingham Wolcott Post 102, G. A. R., on Memorial Day.

Voted, That the sum of \$400 be appropriated, to be expended by the Huntington Frothingham Wolcott Post 102, G. A. R.

ARTICLE 43. To see what sum of money the town will vote to appropriate to be expended by the Selectmen for the celebration of the Fourth Day of July, 1924.

Voted, That the sum of \$500 be appropriated.

ARTICLE 44. To see whether the town will authorize the Moderator to appoint a committee of three citizens to petition the Great and General Court for legislation to authorize the town to take by eminent domain the Suffolk Resolves House and the land on which it stands on Adams Street, Milton, as an ancient landmark of historic interest, and to appropriate the sum of \$250 for the purpose of the committee.

Voted, That a committee of three citizens be appointed by the Moderator who, in their discretion, are empowered to petition the Great and General Court for general or special legislation which will authorize the town to take by eminent domain the Suffolk Resolves House and the land on which it stands on Adams Street, Milton, as an ancient landmark of historic interest; and that the sum of \$250 be appropriated for the purpose of the committee.

ARTICLE 45. To see what sum of money the town will vote to appropriate for the use of the Milton Planning Board.

Voted, That the sum of \$3,500 be appropriated, together with the unexpended balance of the previous year.

ARTICLE 46. To see what sum of money the town will vote to appropriate for street lighting the present year.

Voted, That the sum of \$20,635 be appropriated.

ARTICLE 47. To see what sum of money the town will vote to appropriate for additional street lights to be installed during the present year.

Voted, That the sum of \$204 be appropriated.

ARTICLE 48. To see what sum of money the town will vote to appropriate for the Street Department the present year.

General expenses
Sidewalk purposes
Maintenance of public fountains
Street watering and oiling
Removal of ice and snow
Permanent construction

Voted, That the sum of \$96,584.92 be appropriated as follows: General expenses, including street watering and oiling, removal of ice and snow, and maintenance of public fountains, \$63,584.92. Sidewalk purposes, \$3,000. Permanent construction, \$30,000, for rebuilding a portion of the main thoroughfares of the town, and it is recommended that the Board of Selectmen and Surveyors of Highways, in determining upon what thoroughfares the above sum of \$30,000 is to be used, and the manner in which the same shall be used, consult with a committee of two citizens, to be appointed by the Moderator. Committee appointed: Stanley Cunningham and Francis S. O'Neill.

ARTICLE 49. To see if the town will vote to increase the wages of the employees of the Highway Department 50 cents per day, and appropriate money for the same.

Voted, That we request the Selectmen to increase the wages of the employees of the Highway Department 50 cents per day and appropriate \$6,000 for the same.

ARTICLE 50. To see what sum of money the town will vote for the care and maintenance of Granite Avenue Bridge, over the Neponset River. (See Chapter 58, General Acts, 1915.)

Voted, That the sum of \$2,600 be appropriated.

At 5.55 P.M. the meeting adjourned until 1.30 P.M. the following Saturday, March 15, 1924.

ARTICLE 51. To see if the town will vote to accept Webster Road, running from Edge Hill Road to Warner Road, as laid out by the Selectmen, as a town way.

Voted, That action under this article be postponed.

ARTICLE 52. To see if the town will vote to accept Hope Avenue, running from Granite Avenue to Pine Grove Street, as laid out by the Selectmen, as a town way.

Voted, That action under this article be postponed.

ARTICLE 53. To see if the town will vote to accept Antwerp Street, running from Squantum Street to Wood Avenue, as laid out by the Selectmen, as a town way.

Voted, That action under this article be postponed.

ARTICLE 54. To see if the town will vote to accept Waldeck Road, running from Edge Hill Road to Reservation Road, as laid out by the Selectmen, as a town way.

Voted, That action under this article be postponed.

ARTICLE 55. To see if the town will vote to accept Cary Avenue, as laid out by the Selectmen, as a town way.

Voted, That action under this article be postponed.

ARTICLE 56. To see if the town will vote to accept Cabot Street, as laid out by the Selectmen, as a town way.

Voted, That action under this article be postponed.

ARTICLE 57. To see if the town will vote to accept Meredith Circle, as laid out by the Selectmen, as a town way.

Voted, That action under this article be postponed.

ARTICLE 58. To see if the town will vote to authorize or instruct the Selectmen to examine the conditions in Ruggles Lane and report their recommendations with respect thereto.

Voted, That the town authorizes the Selectmen to examine the conditions in Ruggles Lane and report their recommendations with respect thereto.

ARTICLE 59. To see what sum of money the town will appropriate to widen Canton Avenue, between Atherton Street and Dollar Lane, also Dollar Lane on the south side, according to plan and decree of the Norfolk County Commissioners.

Voted, That no action be taken under this article, the Committee believing that the cost of this improvement should be taken out of the appropriation recommended under Article 48.

ARTICLE 60. To see if the town will approve relocation, by the Norfolk County Commissioners, of Hillside Street, between the Canton line and a point lying about 464 feet easterly from Houghton Path, and the assessment upon the town of part of the expense thereof, and to raise and appropriate the necessary sums therefor, and to act on anything relating thereto.

Voted, That the town authorize the Selectmen to approve the relocation by the County Commissioners of Hillside Street between the Canton line and a point lying about 464 feet easterly of Houghton Path, and to assent to assessment upon the town of one-third of the expense of construction thereof, exclusive of land damages, provided the amount assessed upon the town shall in no event exceed the sum of \$8,000, and provided the Selectmen and the Planning Board approve of the plans for the reconstruction of a roadway by way of Blue Hill River Road from Braintree Five Corners to said point on Hillside Street lying about 464 feet easterly of Houghton Path, and, from said point, of Hillside Street and Blue Hill Street to Washington Street, Canton, and of any other matters relating to or arising in connection therewith, any amount so assessed to be paid out of the general highway appropriation for permanent construction.

ARTICLE 61. To see if the town will authorize the Selectmen to purchase or otherwise acquire, for cemetery purposes, in behalf of the town, the whole or a part of a tract of land described as follows:

The land in said Milton, with the buildings thereon, bounded and described as follows:

Commencing on Gun Hill Street at land of the Milton Cemetery thence running northwesterly about 1,280 feet to the junction of Gun Hill Street and Randolph Avenue; thence running a little east of northerly along Randolph Avenue about 200 feet to land of Fuller; thence turning and running a little south of easterly about 200 feet along land of Fuller; thence running a little east of northerly along said Fuller's land 120 feet; thence turning and running a little north of westerly along said Fuller's land about 200 feet to Randolph Avenue; thence running north-easterly along Randolph Avenue 60 feet to land of Osgood; thence running a little south of easterly along said Osgood's land about 180 feet; thence running a little east of northerly along said Osgood land 80 feet to land of the Milton Cemetery; thence running a little south of easterly along land of the Milton Cemetery about 80 feet to other land of the Milton Cemetery; thence turning and running south-easterly along land of the Milton Cemetery about 1,600 feet; thence running south-westerly along land of said cemetery about 300 feet and again westerly along said cemetery land 250 feet to the point of beginning. Containing 22 acres more or less.

Excepting, however, a life estate to J. Merrill Brown of said Milton, in a portion of the above described premises described as follows: Commencing on the north-easterly side line of Gun Hill Street, at a point about 100 feet distant southeasterly from the junction of said northeasterly side line and the easterly side line of Randolph Avenue; thence running along Gun Hill Street northwesterly 100 feet to said junction; thence turning and running along Randolph Avenue a little east of northerly about 200 feet to land of Fuller; thence running a little south of easterly along said land of Fuller and continuing in a straight line to land of the Milton Cemetery, a distance of about 500 feet; thence running southeasterly along land of the Milton Cemetery about 280 feet; thence turning and running a little north of easterly about 600 feet to the point of beginning.

and to raise and appropriate the money necessary therefor and act on anything relating thereto.

Voted, That action under this article be postponed.

ARTICLE 62. To see if the town will vote to enter into an agreement with Trustees of the Eastern Massachusetts Street Railway Company to pay any part, or all, of any excess of the cost of service above the receipts on the line of said Company operating between Milton Lower Mills and East Milton, and to raise and appropriate the sums necessary therefor, and to act on anything relating thereto.

Voted, That the Selectmen be, and they hereby are, authorized in the name and behalf of the town, pursuant to the authority granted by chapter 188 of the Special Acts of 1918, and acts in amendment thereof and in addition thereto, and for the purpose of avoiding a reduction or discontinuance of service on the lines of the Eastern Massachusetts Street Railway Company running within the town between Milton Lower Mills and East Milton, to enter into an agreement with the Trustees of said Railway Company to pay a part, or all, of any excess of the cost of the service as defined in section 14 of said act, on said lines within the town of Milton, above the amount of receipts of said lines during a period commencing April 1, 1924, and ending March 31, 1925; provided, however, that the amount to be paid by the town under such agreement shall in no event exceed the sum of \$2,500, and that the sum of \$2,500 be and hereby is appropriated for the above purpose.

ARTICLE 63. To see if the town will vote to authorize the appointment of a committee to represent the interests of the town in connection with any agreement with the Trustees of the Eastern Massachusetts Street Railway Company which the town may make.

Voted, That the town authorize the Moderator to appoint a committee of three citizens to represent the interests of the town in connection with such agreement as the Selectmen, on behalf of the town and as authorized by the preceding vote, may make with the Trustees of the Eastern Massachusetts Street Railway Company.

Committee appointed: Lincoln Bryant, Marcy L. Sperry.

ARTICLE 64. To see what sum of money the town will vote to appropriate for the reserve fund for extraordinary or unforeseen expenditures during the current year.

Voted, That the sum of \$12,000 be transferred from the Overlay Reserve Fund.

ARTICLE 65. To see what sum of money the town will vote to authorize the Assessors to use out of the surplus revenue account in fixing the tax rate for 1924.

Voted, That the Assessors be authorized to use \$18,000 out of the surplus revenue account, in fixing the tax rate for 1924.

ARTICLE 66. To see if the town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the financial year ending December 31, 1924.

Unanimously *voted*, That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow to an amount not to exceed \$400,000 in anticipation of the revenue of the financial year, ending December 31, 1924, and to issue a note or notes therefor, payable within one year from the date thereof; any debt or debts incurred under this vote to be paid from the revenue of the financial year ending December 31, 1924.

ARTICLE 67. To see if the town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money on and after January 1, 1925, in anticipation of the revenue of the financial year ending December 31, 1925.

Unanimously *voted*, That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow on and after January 1, 1925, to an amount not to exceed \$75,000 in anticipation of the revenue of the financial year, ending December 31, 1925, and to issue a note or notes therefor; any debt or debts incurring under this vote to be paid from the revenue of the financial year ending December 31, 1925.

ARTICLE 68. To see if the town will vote to authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer, when appointed Collector, may use.

Voted, That the town authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer, when appointed Collector, may use.

ARTICLE 69. To see if the town will vote to authorize the Selectmen to employ counsel to represent the town at hearings before committees of the General Court.

Unanimously *voted*, That the town authorize the Selectmen to employ counsel to represent the town at hearings before committees of the General Court.

ARTICLE 70. To see if the town will vote authorizing the Moderator to appoint a committee of five citizens to consider such proceedings of the Legislature and of State Boards and Commissions as may affect the interests of the town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the town in any such proceedings; such committee to hold office for the calendar year next following its appointment, to have power to fill vacancies in its own number, and to report in writing to the town at the town meeting next following the close of its term of office.

Voted, That the town authorize the Moderator to appoint a committee of five citizens to consider such proceedings of the Legislature and of State Boards and Commissions as may affect the interests of the town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the town in any such proceedings; such committee to hold office for the calendar year next following its appointment, to have power to fill vacancies in its own number, and to report in writing to the town at the town meeting next following the close of its term of office.

ARTICLE 71. To see if the town will vote to amend its Revised By-Laws by striking out chapter 2, section 8; and to amend chapter 3, section 1, by striking out the words "appointment" and "at the call of the member first named," and respectively substituting therefor the words "election" and "Town Clerk," and to further amend chapter 3, section 1, by adding before the present phraseology the following:

There shall be an advisory committee which shall be known as the Warrant Committee, consisting of not less than fifteen registered voters, none of whom shall be Town officers, agents of employees, the members of which shall be elected for a term of three years, at the annual Town Meeting, by ballot in the manner prescribed for the election of Town officers.

At the annual Town Meeting in 1925 there shall be elected from each Town voting precinct and from the Town at large one member of said committee to serve for a term of three years, one to serve for a term of two years, and one to serve for a term of one year. Annually thereafter there shall be elected at the annual Town Meeting one member of said committee from each voting precinct and one from the Town at large to serve for a term of three years. Any member of said committee who shall be elected to any other Town office shall forthwith upon his qualification in such office, and any member who shall remove from the Town shall, upon such removal, cease to be a member of said committee,

and to amend chapter 3, section 3, by striking out the words "held during the period for which they were appointed including the various articles in the Warrant for the annual Town Meeting next after their appointment."

Voted, That action under this article be indefinitely postponed.

ARTICLE 72. To see if the town will vote to instruct the Selectmen to petition the Legislature for permission to elect a Board of five Selectmen. Beginning with 1926 one member of said Board shall be elected from each voting precinct and one from the town at large to serve for terms of one year.

Voted, That action under this article be indefinitely postponed.

ARTICLE 73. To see if the town will vote to elect a Board of five Selectmen, beginning with 1925, to serve for terms of one year.

Voted, That the subject matter of this article be referred to the next Warrant Committee.

ARTICLE 74. To see if the town will vote to amend section 3, chapter 3 of the By-Laws, by adding thereto paragraphs reading substantially as follows, or to amend said section 3, chapter 3, in such other manner as the town may deem proper in order to incorporate therein the substance of the following paragraphs; *i.e.*:

On or before January first of each year each board, committee or officer of the Town shall file with the Selectmen, who shall transmit the same to the Warrant

Committee, a statement in detail of the appropriation or appropriations recommended by such board, committee or officer for the work under its or his charge for the ensuing year.

The Warrant Committee shall include in its report of recommendations for the annual Town Meeting a statement setting forth the total appropriations so requested, the appropriations recommended, and the totals of such appropriations requested and recommended, and an estimate of the tax rate for the ensuing year if such recommendations are adopted.

Voted, That the town amend section 3 of chapter 3 of the Revised By-Laws of the town so that said section 3 of chapter 3 shall read as follows:

SECT. 3. The Warrant Committee shall consider the various articles in the warrants for all the Town Meetings held during the period for which they were appointed, including the various articles in the warrant for the annual Town Meeting next after their appointment; they shall also consider all questions submitted to the voters of the Town at any meeting, including State elections under any act or resolve of the Legislature and proposed amendments to the Constitution; and they shall report in print before all such meetings their estimates and recommendations for the action of the Town.

On or before January first of each year each board, committee or officer of the Town shall file with the Selectmen, who shall transmit the same to the Warrant Committee, a statement in detail of the appropriation or appropriations recommended by such board, committee or officer for the work under it or his charge for the ensuing year.

The Warrant Committee shall include in its report of recommendations for the annual Town Meeting a statement setting forth the total appropriations so requested, the appropriations recommended, and an estimate of the tax rate for the ensuing year if such recommendations are adopted.

ARTICLE 75. To see whether the town will vote to amend chapter 2, section 5, of the Revised By-Laws, relating to the method of taking the vote upon a question so as to provide that the vote may be taken by ballot, or by a rising vote, as now provided.

Voted, That the town amend the Revised By-Laws, chapter 2, section 5, by striking out the period at the end of section 5 and inserting in place thereof a semicolon, and by adding at the end of section 5 the following:

Provided, however, that if prior to the opening of the Town Meeting or adjourned Town Meeting at which any specific Article is considered, twenty-five citizens shall in writing have requested the Moderator to submit any question arising under such Article to vote by ballots in case the decision of the Moderator upon voice vote being taken is doubted, then in such case if the decision of the Moderator is so doubted or a division of the House called for, vote upon any such question shall be taken by ballots indicating the affirmative or negative, which shall be distributed, collected and counted by the tellers and a report of the count made to the Moderator,

so that said section 5 as amended will read as follows:

Upon taking the question, if the decision of the Moderator is doubted, or a division of the House called for, the Moderator shall request the voters to be seated, and shall appoint tellers; the question shall then be distinctly stated, and those in the affirmative and negative respectively shall be requested to rise and stand in their places until they are counted by the tellers, who shall carefully count each side and make a report thereof to the Moderator; provided, however, that if prior to the opening of the Town Meeting or adjourned Town Meeting at which any specific Article is considered, twenty-five citizens shall in writing have requested the Moderator to submit any question arising under such Article to vote by ballots in case the decision of the Moderator upon voice vote being taken is doubted, then in such case, if the decision of the Moderator is so doubted or a division of the House called for, vote upon any such question shall be taken by ballots indicating the affirmative or negative, which shall be distributed, collected and counted by the tellers and a report of the count made to the Moderator.

ARTICLE 76. To see if the town will vote to amend section 8 of chapter 4 of the Revised By-Laws by striking out from line 4 the words "Town Treasurer" and substituting therefor the word "Selectmen," and by striking out from line 6 the word "honor" and substituting therefor the word "approve," so that the same shall read substantially as follows:

SECT. 8. No order shall be drawn by any officer or committee on the Town Treasurer for any purpose not authorized by a vote of the Town, or by the laws of the Commonwealth, nor shall any such draft be made for any amount, which overdraws the appropriation against which it is made, whether general or special; and the Selectmen shall keep full accounts in respect to the several separate appropriations and the drafts made against each, and shall not approve any draft which does not state specifically the appropriation against which it is drawn, or which overdraws such appropriation, whether general or special,

and act on anything relating thereto.

Voted, That the town amend the Revised By-Laws, chapter 4, section 8, by striking out the same and substituting the following:

SECT. 8. The Selectmen shall keep full accounts in respect to the several separate appropriations and the drafts made against each and shall not approve any draft which does not state specifically the appropriation against which it is drawn, whether general or special.

ARTICLE 77. To see if the town will vote to amend section 9 of chapter 4 of the Revised By-Laws by striking out from the first line thereof the words "Town Treasurer" and substituting therefor the word "Selectmen," so that the same shall read substantially as follows:

SECT. 9. The Warrant Committee shall send to the Selectmen certified copies of all votes whereby transfers are made out of the Reserve Fund for extraordinary or unforeseen expenditures.

and act on anything relating thereto.

Voted, That the town amend the Revised By-Laws, chapter 4, section 9, by striking out the same and substituting the following:

SECT. 9. The Warrant Committee shall send to the Selectmen and to the Auditors certified copies of all votes whereby transfers are made out of the Reserve Fund for extraordinary or unforeseen expenditures.

ARTICLE 78. To see if the town will vote to amend section 5 of chapter 7 of the Revised By-Laws relative to the construction and inspection of buildings, by adding the word "shingling" after the word "construction" in the first line of the first paragraph, so as to read as follows:

SECT. 5. Before the erection, construction, shingling or alteration of any building or part of any building, structure, or part of any structure, wall, or any platform or flooring to be used for standing or seating purposes, is commenced, the owner or lessee or agent of either, or the architect or builder, employed by such owner or lessee in connection with the proposed erection or alteration shall, except for ordinary repairs, submit to the Inspector a detailed description of the location, purpose and construction of the proposed structure or work on proper blanks to be furnished by the Inspector, and full and complete copies of the plans of such proposed work, and such structural detailed drawings as the Inspector may require.

And by further amending chapter 7 by adding the following:

SECT. 30A. All roof coverings shall be of fire retardant material and all roofs which shall hereafter require repair to the extent of one-third of their area shall be replaced with fire retardant material.

Voted, That the subject matter of this article be referred to the Planning Board.

And you are directed to warn said inhabitants qualified as aforesaid to meet at the times and places and for the purposes herein mentioned by posting attested copies of this warrant in each of the post offices of said town fourteen days at least before the first day herein appointed for said meeting in said several precincts, and leaving printed copies thereof at the dwelling houses of said town at least four days before the said first day herein appointed for said meeting in said several precincts.

Hereof fail not, and make due return of this warrant, or a certified copy thereof with your doings thereon, to each of the several precinct wardens at the time and places of meeting as aforesaid in said precincts and to the Town Clerk as soon as may be, and before said meeting.

Given under our hands at Milton, the fourteenth day of February, nineteen hundred twenty-four.

JAMES F. MITCHELL,
JACOB A. TURNER,
WILLIAM B. BATCHELDER,
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

MILTON, February 29, 1924.

Pursuant to the within warrant I have notified the inhabitants of the town of Milton as within directed to meet at the time and places and for the purposes therein mentioned, by posting attested copies of the same in the post offices of the town and leaving copies at the dwellings of the inhabitants.

PELEG BRONSDON,
Constable of Milton.

March 15, 1924, at 4.25 P.M. *Voted*, That the meeting be dissolved.

The foregoing meeting was opened March 1, 1924, at 5.45 by the wardens in the several precincts.

Attest.

G. FRANK KEMP,
Town Clerk.

Warrant Committee

The following citizens were appointed by the Moderator as a Warrant Committee for the ensuing year in accordance with chapter 2 of the Revised By-Laws, viz.:

Charles F. Williams
Mrs. Sarah F. Arnold
Howard Coonley
Kenneth S. DeWitt
Frederic A. Eustis
Frank P. Fanning
Henry J. Hope

Francis P. McCarthy
Francis S. O'Neill
Howard S. Patterson
Reginald L. Robbins
Charles R. Rockwell
Mrs. Edith E. Stebbins
Charles H. Thayer

Arthur W. Vose

MARCH MEETING

RECOUNT OF VOTES

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

MILTON, March 6, 1924.

At a meeting called and held at the Town Hall in said Milton on the above date, as per order of the Chairman of the Board of Registrars (a recount of votes cast at the annual town meeting, held upon March 1, 1924, for Selectman, having been petitioned for by more than ten voters), said recount was held upon the above date with results as follows:

	PRECINCT.				Total.
	I.	II.	III.	IV.	
Josiah Babcock	644	817	477	832	2,770
Walter F. Gallagher	245	515	87	289	1,136
Kenneth D. Johnson	307	682	172	737	1,898
James F. Mitchell	264	332	264	179	1,039
Jacob A. Turner	257	429	166	231	1,083
Roger Wolcott	558	749	448	500	2,255
Blanks	302	595	126	649	1,672

All the above votes after being counted were again sealed up and delivered to the Town Clerk.

PATRICK F. MAHONEY,
JOSEPH A. REIN,
FRANK L. RICHARDS,
G. FRANK KEMP,
Registrars of Voters.

WARRANT

APRIL PRIMARIES

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

To Either of the Constables of the Town of Milton, in said County, Greetings.

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the town of Milton qualified to vote in elections and in town affairs to meet at the several designated polling places in said Milton, to wit:

In Precinct I, polling place, Town Hall, Canton Avenue,
 In Precinct II, polling place, Blue Hills Hall, Thacher Street,
 In Precinct III, polling place, Milton Police Station, Central Avenue,
 In Precinct IV, polling place, Belcher School, Church Street,
 on Tuesday, the twenty-ninth day of April, 1924, at 4 o'clock in the afternoon, for the following purposes:

To bring in their votes to the primary officers for the election of candidates of political parties for the following offices:

Seven Delegates at Large to the National Convention of the Republican Party.

Seven Alternate Delegates at Large to the National Convention of the Republican Party.

Eight Delegates at Large to the National Convention of the Democratic Party.

Eight Alternate Delegates at Large to the National Convention of the Democratic Party.

Two District Delegates to the National Convention of the Republican Party, Fourteenth Congressional District.

Two Alternate District Delegates to the National Convention of the Republican Party, Fourteenth Congressional District.

Four District Delegates to the National Convention of the Democratic Party, Fourteenth Congressional District.

Four Alternate District Delegates to the National Convention of the Democratic Party, Fourteenth Congressional District.

The polls will be open from 4 o'clock P.M. to 9 o'clock P.M.

And you are directed to warn said inhabitants qualified as aforesaid to meet at the times and places and for the purposes herein mentioned by posting attested copies of this warrant in each of the post offices of said town at least fourteen days, and by leaving printed copies thereof at the dwelling houses in the town at least four days, before the day of said meeting in said several precincts.

Hereof fail not, and make due return of this warrant, or a certified copy thereof with your doings thereon, to each of the several precinct wardens at the time and places of meeting aforesaid in said precincts, and to the Town Clerk as soon as may be, and before said meeting.

Given under our hand at Milton, this eleventh day of April, nineteen hundred and twenty-four.

ROGER WOLCOTT,
JOSIAH BABCOCK,
KENNETH D. JOHNSON,
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS. NORFOLK, SS.
MILTON, April 21, 1924.

Pursuant to the within warrant I have notified the inhabitants of the town of Milton, as within directed, to meet at the time and place and for the purposes herein mentioned, by posting attested copies of the same in the post offices of the town and leaving copies at the dwellings of the inhabitants.

PELEG BRONSDON,
Constable of Milton.

WARRANT

SEPTEMBER PRIMARIES

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

To Either of the Constables of the Town of Milton, in said County, Greetings.

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Milton qualified to vote in Elections and in Town affairs to meet at the several designated Polling Places in said Milton, to wit:

In Precinct I, polling place, Town Hall, Canton Avenue,
 In Precinct II, polling place, Blue Hills Hall, Thacher Street,
 In Precinct III, polling place, Milton Police Station, Central Avenue,
 In Precinct IV, polling place, Belcher School, Church Street,

on Tuesday, the ninth day of September, 1924, at 3 o'clock in the afternoon, for the following purposes:

To bring in their votes to the primary officers for the nomination of candidates of political parties for the following offices:

Governor, Lieutenant Governor, Secretary, Treasurer and Receiver-General, Auditor, Attorney General, Senator in Congress, all for this Commonwealth; Representative in Congress for the Fourteenth Congressional District; Councillor for the Second Councillor District; Senator for the Norfolk Senatorial District; Representative in the General Court for the Fourth Norfolk Representative District; two County Commissioners for the County of Norfolk; one County Commissioner to fill vacancy for the County of Norfolk; Register of Probate and Insolvency for the County of Norfolk; County Treasurer for the County of Norfolk.

And for the election of the following officers:

District Member of the State Committee for each Political Party for the Norfolk Senatorial District.

Members of the Republican Town Committee; members of the Democratic Town Committee; Delegates to State Conventions of the Republican Party; Delegates to State Conventions of the Democratic Party.

All the above candidates and officers are to be voted for upon one ballot.

The polls will be open from 3 o'clock P.M. to 9 o'clock P.M.

And you are directed to warn said inhabitants qualified as aforesaid to meet at the time and places and for the purposes herein mentioned by posting attested copies of this warrant in each of the post offices of said town at least fourteen days, and by leaving printed copies thereof at the dwelling houses in the town at least four days before the day of said meeting in said several precincts.

Hereof fail not, and make due return of this warrant, or a certified copy thereof with your doings thereon, to each of the several precinct wardens at the time and places of meeting aforesaid in said precincts, and to the Town Clerk as soon as may be, and before said meeting.

Given under our hand at Milton this twelfth day of August, Nineteen Hundred and Twenty-four.

ROGER WOLCOTT,
 JOSIAH BABCOCK,
 KENNETH D. JOHNSON,
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

MILTON, September 9, 1924.

NOVEMBER MEETING

THE COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

To Either of the Constables of the Town of Milton in said County, Greetings.

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the town of Milton qualified to vote at elections, to meet at the several designated polling places in said Milton, to wit:

In Precinct I, polling place, Town Hall, Canton Avenue,

In Precinct II, polling place, Tucker School Hall, Blue Hills Parkway,

In Precinct III, polling place, Milton Police Station, Central Avenue,

In Precinct IV, polling place, Belcher School, Church Street,

on Tuesday, the fourth day of November, 1924, at 5.45 o'clock in the forenoon, then and there to bring in their ballots for sixteen electors and two at large, for President and Vice-President, Governor, Lieutenant Governor, Secretary of State, Treasurer and Receiver-General, Auditor, Attorney General, all of this Commonwealth; Senator in Congress; Congressman for the Fourteenth Congressional District; Councillor for the Second District; Senator for the Norfolk Senatorial District; Representative in the General Court for the Fourth Norfolk District; two County Commissioners for the County of Norfolk; one County Commissioner to fill vacancy for the County of Norfolk; County Treasurer for the County of Norfolk; Register of Probate and Insolvency for the County of Norfolk; also to vote on the acceptance of the following questions:

Acceptance of the following

PROPOSED AMENDMENTS TO THE CONSTITUTION

Article of Amendment

Article III of the Amendments to the Constitution as amended is hereby further amended by striking out, in the first line, the word "male."

Article of Amendment

SECTION 1. No person shall be deemed to be ineligible to hold state, county or municipal office by reason of sex.

SECTION 2. Article IV of the Articles of Amendment of the Constitution of the Commonwealth, as amended by Article LVII of said amendments, is hereby further amended by striking out the words "Change of name shall render the commission void, but shall not prevent reappointment under the new name," and inserting in place thereof the following words: "Upon the change of name of any woman, she shall re-register under her new name and shall pay such fee therefor as shall be established by the general court."

LAWS SUBMITTED UPON REFERENDUM AFTER PASSAGE

Acceptance of chapter 370, Acts of 1923, entitled "An Act relative to intoxicating liquors and certain non-intoxicating beverages."

Acceptance of chapter 454, Acts of 1923, entitled "An Act to provide funds toward the cost of construction and maintenance of highways and bridges by means of an excise tax on gasoline and other fuel used for propelling motor vehicles upon or over the highways of the commonwealth."

Acceptance of chapter 473, Acts of 1923, entitled "An Act relating to deposits with others than banks."

Acceptance of chapter 210, Acts of 1924, entitled "An Act to ascertain the will of the people with reference to the retention of the daylight saving law, so called."

Acceptance of chapter 509, Acts of 1924, entitled "An Act to ascertain the opinion of the people of the commonwealth as to the ratification of the proposed amendment to the constitution of the United States empowering the Congress to limit, regulate and prohibit the labor of persons under eighteen years of age."

All to be voted for on one ballot.

The polls may be closed at 4 o'clock P.M. And you are directed to warn said inhabitants qualified as aforesaid, to meet at the time and places and for the purposes herein mentioned by posting attested copies of this warrant in each of the post offices of said town at least fourteen days, and by leaving printed copies thereof at the dwelling houses in the town at least four days before the day of said meeting in said several precincts.

Hereof fail not, and make due return of this warrant, or a certified copy thereof with your doings thereon, to each of the several precinct wardens, at the time and places of meeting aforesaid in said precincts, and to the Town Clerk as soon as may be, and before said meeting.

Given under our hand at Milton this seventeenth day of October, nineteen hundred and twenty-four.

ROGER WOLCOTT,
JOSIAH BABCOCK,
KENNETH D. JOHNSON,
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

MILTON, October 28, 1924.

Pursuant to the within warrant I have notified the inhabitants of the town of Milton, as within directed, to meet at the time and places and for the purposes herein mentioned, by posting attested copies of this warrant in each of the post offices of said town at least fourteen days, and by leaving copies at the dwelling houses of said town at least four days, before said meeting in said several precincts.

PELEG BRONSDON,
Constable of Milton.

DEPARTMENT REPORTS

REPORT OF SELECTMEN

MILTON, MASS., December 31, 1924.

To the Citizens of Milton.

We respectfully submit the following report for the year 1924.

The Board organized by the choice of Roger Wolcott as Chairman and Kenneth D. Johnson as Secretary. Our appointments will be found elsewhere in the town Report. F. Elliot Cabot was persuaded to resume his valuable service on the Board of Fire Engineers, taking the place of Henry F. Brierly, who declined reappointment, and at a joint meeting with the School Committee on November 7, Harold B. Garland was unanimously elected to that Committee to take the place of J. Henry Scott, resigned. Few other new appointments have been made.

One of our first acts was to change the hour of meeting from the evening to the afternoon, in the belief that the extensive routine business of the town was entitled to our uninterrupted attention for a substantial time. The change has enabled us to hold conferences with citizens after our routine work was completed, reserving Friday evenings for more extended conferences and hearings, has enabled us to finish each week's business during the week, and in other ways has been beneficial.

One of the important functions of the Board is that of granting licenses. We found, contrary to the understanding of our predecessors, that we were charged with the duty of licensing all garages of whatever size. This required unnecessary attention to such garages as any private individual may reasonably need for family purposes, where no question of public policy is involved and the only requirements should be safe construction and the absence of fire hazard. The State Fire Marshal, therefore, at our suggestion, has created a new commission, consisting of the Chief of the Fire Department, the Inspector of Buildings and the Clerk of the Board of Selectmen, to take charge of the licensing of one and two car garages, while the Board retains control of all larger ones.

The State Fire Marshal has recently decided that sidewalk gasoline pumps are an unlawful obstruction to travel upon public ways, and the Board has taken steps to secure their removal.

The Board found certain common victuallers doing business without a license. This has been stopped, while the statutory fee of \$5 is being collected and turned in to the town treasury.

Regulations based on those of the city of Boston have been adopted governing dealers in second-hand articles. While the occasion for these may not be very evident at the present time, in a growing community like ours it was considered wise to assume the supervision authorized by the statutes as a means of preventing future dealings in stolen articles.

A number of individuals in the past have received licenses to carry revolvers without apparent justification. A series of questions supplementing those on the state blank have been prepared, which will produce the needed additional information as to all future applicants, and the Commissioner of Public Safety has agreed to include these questions as soon as a new supply of state blanks is printed.

Insurance

The insurance of the town has been a problem of patronage. On taking office, we found that small amounts were being handled by a great many different brokers, although for many years W. Newton Harlow has been the town's insurance adviser and agent of record with the New England Insurance Exchange. He has prepared the special forms for the town, determined on the proper coverage in the different lines of insurance, examined all the policies written, made the necessary changes to meet changes in the property insured, and has attended to the collections on all losses. No attempt has been made to change the allotment of the miscellaneous insurance of the town, but we have awarded him the largest single share of the fire insurance of the town, dividing the remainder equally among the brokers who already had a share, in so far as they still remained residents of Milton. Only by having a single experienced and responsible

adviser on insurance matters can a town obtain the best value for its money, and in other towns and in large business organizations 40 per cent of the insurance is the average allotment to him in consideration of his special services.

Law

The outstanding event of the year was the unanimous decision of the Supreme Court upholding the zoning by-laws of the town (Revised By-Laws, chapter 12) in the suit of *Spector v. Burt*. The litigation has been long-drawn out and expensive, but it is hard to overestimate the importance of the decision to the town. Save for the necessary business zones, Milton remains a town of homes.

The Town Counsel, under instructions of the Board, is prosecuting a number of cases of alleged violations of the building by-laws in the territory known as Mattapan Park on the southerly side of Blue Hill Avenue.

In every doubtful question of law the Board has sought the opinion of the Town Counsel, especially as to situations which are bound to arise again and again in years to come. This has resulted in a considerable bill for legal opinions, but in our judgment it has been a wise investment.

Our attention was early directed to the question of abating the billboard nuisance, under Revised By-Laws, chapter 11. We were advised that the billboard interests had combined to carry the question of constitutionality to the United States Supreme Court, if necessary, which would require a heavy expenditure by the town to enforce its by-laws. Attempts failed to secure the co-operation of other towns. The Attorney General, however, is planning a test case on the statutes, and has agreed if possible to select one which will establish the validity of the Milton by-laws.

Highway Department

The town in March, 1924, provided for a raise of 50 cents each per day in the pay of the employees of the Highway Department. In carrying out this provision, the Board has made a readjustment, involving no greater expenditure of money, but providing that thereafter no employee be paid for days on which he does not work, except for rainy days on which he reports and does any work assigned to him, and for the vacation to which he is entitled by law. Our action has settled a question that has caused friction in the past.

Soon after assuming office, the Board temporarily closed the principal highways of the town to trucks beyond a certain weight during the critical time when the frost is coming out of the ground. Action was taken too late to result in any great saving to the highways last spring, but it is planned to take earlier action next year.

All the highways of the town with double roadways have been made one-way streets as to each roadway, and as a safety measure a few of the narrowest side streets of the town have been made one-way streets where convenient alternative routes are available in the other direction. With the increasing use of automobiles this action should be extended.

The direction and danger signs of the town highways are inadequate, and a considerable sum of money will have to be spent to install a satisfactory system. In view of this fact, and because of the impossibility of getting from the State Highway Division or elsewhere authoritative advice as to the best types of signs to be employed under varying conditions, Arthur A. Shurtleff, the foremost local authority on city planning and kindred problems, has been employed to make an intensive study of conditions in the Mattapan section of the town and along Blue Hill Avenue to the Canton line. His report will enable the Board to solve this problem all over the town in the most intelligent and economical manner.

After consultation with Messrs. Stanley Cunningham and Francis S. O'Neill, the Advisory Committee on Permanent Construction, for whose expert advice the town is very much indebted, it was decided to rebuild Dollar Lane and Milton Street in the westerly section of the town, and the westerly roadway of Pleasant Street so far as the appropriation would permit. The Selectmen and the Advisory Committee considered carefully the question of doing the work by contract rather than by the regular Highway Department, but inasmuch as the town owns the full equipment for first-class bituminized macadam construction, and the work was needed in order to keep the regular force of the Highway Department busy, it was decided to do the work by the latter method.

Milton Street was rebuilt with an average width of 24 feet; Dollar Lane, 26 feet; and Pleasant Street, 18 feet. There were 7,432 lineal feet of roadway thus put in ex-

cellent condition, or 19,000 square yards, at an average cost of \$1.58 per square yard, as compared with the State cost of \$2.60.

Concrete sidewalks aggregating 2,177 lineal feet were built on Oak Street, Columbia Park, Pierce Street and Grafton Avenue.

Keragis Barsoom petitioned the Board for permission to erect an addition to his store at the junction of Blue Hill Avenue and Brush Hill Road, Mattapan. Much local opposition developed and the petition was denied, but inasmuch as any structure upon this corner would very much intensify the present dangerous traffic conditions, and as it is unfair that Mr. Barsoom should be taxed on a piece of property which he is forbidden to use, we recommend that the town take the unoccupied portion of his land for highway purposes.

Under Article 28 of the last March warrant, \$1,000 was appropriated for an additional culvert over Pine Tree Brook on Thatcher Street. The Board prepared the specifications with the assistance of the Bridge Engineer of the Massachusetts Highway Division and advertised for bids thereon. As the lowest bid was \$2,450, the Board has found it impossible to comply with the vote of the town.

Under Article 58 of the warrant, the Board was instructed to examine conditions in Ruggles Lane and report its recommendations thereon. Ruggles Lane is a private way through which the public has by long use acquired a right to pass. It was in a deplorable condition as regards safety and convenience. At the request of the Board, Robert F. Herrick, the principal abutter, has enlarged the culvert over Pine Tree Brook and has generously contributed the greater part of the cost of widening, straightening and reconstruction of the lane which has been carried out. It is now in excellent condition and the Board makes no recommendations in regard to it.

Under Article 60 of the warrant, the Selectmen were authorized to approve the County Commissioners' relocation of Hillside Street and to assent to assessment on the town of \$8,000, provided the Selectmen and the Planning Board approved of the plans for the reconstruction of a roadway from Washington Street, Canton, to Braintree Five Corners. Canton attached impossible conditions to action on its section of the highway, the Metropolitan District Commission refused to act as to its section unless Canton acted, and the Selectmen and the Planning Board decided that there was consequently no plan for the road as a whole which they could approve. They have, however, introduced a petition into the Legislature for an investigation by the Metropolitan Planning Board of the best route for a thoroughfare between Dedham and Braintree, and an estimate of its cost and the apportionment thereof, feeling that there was merit in the original suggestion, but that a much more thorough study was necessary before the representatives of the town could act intelligently on it.

The subject of traffic congestion at East Milton has been given much study, but we feel that it is a State, or, at the least, a Metropolitan District, problem rather than one to be solved at the expense of Milton alone. We have held several conferences with the Metropolitan Planning Board, which will recommend a solution to the Legislature of 1925.

The present building boom in Milton has created, perhaps, the most difficult problem before the Board, — the approval and control of new streets. The town by-law, chapter 10, is unsatisfactory, placing on the Board the duty of making exceedingly difficult decisions and leaving the individual wholly in the dark as to what steps he must take to secure a favorable decision. We have adopted regulations to the limit of our authority in an attempt to improve conditions under the by-law, but we earnestly recommend the adoption by the town of a policy of public construction of all private ways intended for acceptance as highways, with assessments of part of the cost to the abutters. Only in this way can the evils of inferior private construction be avoided.

Milton is one of the few important towns in the neighborhood of Boston without a Town Engineer. We have got along fairly well hitherto, but the number and importance of our municipal activities, in the opinion of the Board, now make it essential to have such an official. He would have reliable plans, which are now lacking, of all the town property, especially highways and the water and sewerage systems, as well as of the public utilities. He would co-ordinate the opening of streets for utilities, and would exercise an expert supervision over the public works of the town. We recommend the establishment of the office of Town Engineer.

Public Transportation

The railroad and street railway service of the town is in an unsatisfactory condition, and members of the Board have held repeated conferences with the representatives of the New Haven Railroad in regard to it. The Blue Hill Street Railway long since went out of business, and the Eastern Massachusetts Street Railway since 1921 has been subsidized by the town to insure the continuance of its service between the Lower Mills and East Milton, which has been operated at a loss each year. This has been an emergency measure and should not become a settled policy of the town. The whole question of public transportation has this year been brought to a head by applications to the Board for licenses for the operation of so-called jitney busses, four of which are now pending. We have adopted regulations to control jitney lines when and if they are authorized, but the fundamental difficulty in regard to them cannot be met by regulations. A railroad or street railway has a heavy investment of taxable property, which not only makes it amenable to discipline, but also makes it reluctant, even when losing money, to incur the additional heavy loss involved by abandonment of its tracks, buildings and other property, which, moreover, are maintained at its expense and not at that of the taxpayers in general. It is impossible similarly to insure financial responsibility and continuous operation by jitney busses. We have therefore felt that the most careful consideration was necessary before committing the town to the experiment of competing jitney bus service, which would undoubtedly result in the serious curtailment and possible discontinuance of our railroad and street railway facilities. We have accordingly invited the New Haven Railroad and the Eastern Massachusetts Street Railway to co-operate with the members of the town's Street Railway Committee in a thorough, broad-gauge, long-range investigation of the town's public transportation requirements. Vice-President Russell of the New Haven Railroad and Vice-President Stearns of the Eastern Massachusetts Street Railway Company have cordially accepted our invitation, and it is to be hoped that the investigation will solve the problem that confronts us.

Police Department

Officer Lucius E. Damon has been retired on a pension. Officer John H. Higgins has served for twenty-five years and is disabled from further service, but is ineligible to retirement under the General Laws, and we have accordingly introduced a special bill into the Legislature permitting his retirement. The police force now consists of thirty-one men.

The control of traffic is an increasingly difficult problem. Much may be done by an adequate system of direction and danger signs, but much more will have to be done by the use of traffic officers, and we are investigating the relative efficiency of traffic officers on fixed posts as compared to officers on motorcycles.

Miscellaneous

Dr. Walter A. Lane has offered to the town a lot of land on Randolph Avenue amounting to 3.111 acres as a children's playground, in memory of his late wife, Mary Chase Lane. The Board has thanked Dr. Lane for his generous offer and referred it to the Park Commissioners for appropriate action.

A number of trees have been killed by the Boston Consolidated Gas Company along Adams Street and Granite Avenue in East Milton. The matter is in course of friendly adjustment with the company, which admits full liability.

The Edison Company of Boston petitioned our predecessors for a location between East Milton and Central Avenue for a large concrete conduit to bring electricity from its new power house at Weymouth to its transformer station at Central Avenue. The location petitioned for was unsatisfactory, and the present Board has granted another location on the recommendation of the Milton Planning Board and its expert adviser, Arthur A. Shurtleff. The company has notified us that it cannot accept our location, but has taken no steps before the Public Utilities Commission to secure its own, although it has filed an appeal against the action of the city of Quincy.

The town appropriation for the celebration of the Fourth of July has for several years been placed in the hands of the Milton Park Improvement Association. This year the Board was notified that the Association did not care to undertake the celebration again, and we accordingly placed it in the hands of the Milton Post of the American Legion, which conducted it well. It seems peculiarly appropriate that a military organization should hereafter have charge of the town's celebration of this patriotic holiday.

The awarding of Soldiers' Relief is one of the difficult problems of the Board. It should be readily available in deserving cases, but undeserving applicants occasionally appear. In order to enable us to act intelligently, we have adopted a blank form of application to give us the necessary information, and the State Commissioner of State Aid and Pensions has very courteously agreed to have all applications investigated for us by his Department.

The division of the town into precincts with the extraordinary number of primary and regular elections this year has resulted in a deficit in the election and registration appropriation unforeseen by last year's Warrant Committee or the town. Next year there will be only the town election and the expense will be very much reduced.

The State standardization of our accounting system will be of great advantage to the town in enabling it to know exactly what each department spends. It was impossible for last year's Warrant Committee to estimate accurately the needs of each department, and in several cases the appropriations have been exceeded. The new system is working smoothly, however, and considerable sums of money received by the departments and in former years spent again by them are now in the hands of the Town Treasurer.

Last year's Warrant Committee recommended that their successors, together with the Selectmen, consider the possibility of simplifying the form of the warrant. We have conferred with the Warrant Committee and have agreed that a number of hitherto separate articles shall be combined in a manner to save printing and the time of the town meeting. It has also been decided to print the warrant and the recommendations of the Warrant Committee as a single document, thereby effecting a great saving on printing and eliminating a document which has been entirely superfluous, except for legal requirements which will be equally well complied with by the combined document.

The town of Milton is growing rapidly. In addition to our statutory duties, we have handled many private matters involving a considerable expenditure of our time at the request of citizens, especially newcomers to the town. We have endeavored, however, not to allow ourselves to become so involved in details as to prevent our taking a broad view of the town's interests. In this we have been very much helped by the co-operation of the Planning Board, which is bound to render increasingly valuable services to the town as time goes on. Our gratitude is also due to Joseph H. Duffy, our Clerk, without whose experience and devotion to the town an inexperienced Board would have had trouble indeed in performing its duties satisfactorily.

ROGER WOLCOTT,
JOSIAH BABCOCK,
KENNETH D. JOHNSON,
Selectmen of Milton.

REGULATIONS PERTAINING TO THE LAYOUT OF NEW STREETS, SECOND-HAND ARTICLES LICENSE AND THE OPERATION OF JITNEY BUSES

THE LAYOUT OF NEW STREETS

GENERAL LAWS, CHAPTER 41 (EXTRACT)

SECTION 74. After the establishment of a board of survey no person shall open a private way for public use without first submitting to said board suitable plans thereof in accordance with such rules and regulations as the board may prescribe. . . . Upon the receipt of said plans, with a petition for their approval, the board shall give a public hearing thereon, after giving notice of the same by publication once in each of two successive weeks in a newspaper published in the city or town, the last publication to be at least two days before the hearing; and after the hearing, the board may alter such plans, and may determine where such ways shall be located and the width and grades thereof, and shall indicate any modifications on said plans. The plans as approved or modified by the board shall then be signed by the board, and . . . shall be filed . . . in the office of the town clerk; and the officer with whom they are filed shall attest thereon the date of filing; and thereafter no way in the territory to which the plans relate shall be laid out or constructed except in accordance therewith, or with further plans subsequently approved by the board.

SECTION 77. . . . No public way shown on any plan filed as aforesaid shall hereafter be laid out, located anew, altered or widened, and no such way, whether already or hereafter laid out, shall be constructed by any public authority except in accordance with the plan duly attested and recorded under said sections. If any person shall open for public travel any private way the location, direction, width, grades and plan of drainage of which have not previously been approved in writing by the board of survey in the manner provided in said sections, neither the city or town nor other public authority shall place any public sewer, drain, water pipe or light in, or do any public construction work of any kind, or make repairs, on such private way; provided, that this section shall not prevent the laying of a trunk sewer, drain, water or gas main if required by engineering necessities for the accommodation of other territory.

REVISED BY-LAWS OF MILTON, CHAPTER 10

Town Ways

SECTION 1. Every way that shall be laid out for the acceptance of the Town as a Town way shall be not less than thirty feet in width.

SECTION 2. Whenever an existing private way, the fee of which is in the abutters, shall be laid out for the acceptance of the Town as a Town way, the documents relating to such laying out shall be accompanied by a letter from the Selectmen, which shall be filed in the office of the Town Clerk, together with said documents, before such way shall be accepted. This letter shall state that such private way is well built; and that as constructed it is equal to the average construction of the existing highways of the Town.

SECTION 3. Whenever any way shall have been laid out or altered by the Selectmen, and accepted and allowed by the Town, no entry for the purpose of constructing any part of such laying out or alteration shall be made until all claims for damages by reason thereof shall have been finally adjusted or determined, unless such entry shall be authorized by special vote of the Town.

REGULATIONS OF THE BOARD OF SURVEY OF MILTON

SECTION 1. No person shall construct any private way for public use, nor any permanent building in the territory to be served by such way, until after the approval by the Board of Survey of the plans required by Section 74 of Chapter 41 of the General Laws.

SECTION 2. Such plans shall be prepared by a competent engineer, shall be on a scale of forty feet to the inch and shall include a profile plan and a plan of drainage.

They shall provide for curves of at least a ten-foot radius at all street intersections, and shall show the relation of the private way in question to all surrounding property lying between it and the nearest existing public ways or private ways the layout of which has been approved by the Board of Survey.

SECTION 3. Such plans shall be accompanied by a written statement specifying the proposed method of construction of such private way or such portions thereof as it is proposed to construct within two years from the date of filing of such plans, including the types and depths of road material to be employed, and to be supplemented from time to time by any further particulars required. The Board of Survey reserves the right of frequent inspection during such construction to insure that when completed it shall be equal to the average construction of the existing highways of the Town.

SECTION 4. Every petition for the approval of the layout of a private way shall be accompanied by cash or a certified check sufficient to pay the cost of advertising such petition for a hearing in accordance with Section 74 of Chapter 41 of the General Laws.

SECTION 5. Every petition for the approval of the layout of a private way must be submitted to the Board of Survey before November first in any year.

MILTON, MASS., October 1, 1924.

SECOND-HAND ARTICLES

SECTION 1. The Board of Selectmen will, upon petition, license suitable persons to be dealers in second-hand articles and keepers of shops for the purchase, sale or barter of such articles, pursuant to law. Such licenses shall not be valid to protect the holders thereof in a building or place other than that designated in the license unless consent to removal is granted by the Board of Selectmen, nor shall any such license authorize the licensee to bring or allow to remain upon the licensed premises any rags, old paper, junk or other refuse material gathered or recovered from any source. Applications for such licenses shall be examined and reported upon by the Chief of Police, who shall report whether the applicant wishes to engage in a general second-hand business or in a special stated line; whether or not he is of good reputation, is a citizen of the United States, can read and write the English language intelligibly, has ever held a similar license, and if such license was revoked, suspended or surrendered, the reason therefor. Applications for new licenses under this rule may be filed at any time. Applications for the reissue of licenses already existing should be filed at least thirty days before the expiration of such licenses. All licenses issued under this rule shall expire annually on the first day of May, except that licenses may be issued in April to be valid for twelve months beginning the next succeeding first day of May. Persons whose licenses have expired and have not been reissued will be liable to prosecution if engaging in any business for which the license is required. (Gen. Laws, chap. 140, sects. 54, 202, 205; Revised By-Laws, chap. 6, sect. 27; Regulations of Board of Selectmen.)

SECTION 2. Every such shopkeeper shall keep a book in which shall be written, at the time of every purchase of any such article, a description thereof and the name, age and residence of the person from whom, and the day and hour when such purchase was made; and such book shall at all times be open to the inspection of the Board of Selectmen, or of any person by it authorized to make such inspection.

Such book shall be of a size and style to be approved by the Board of Selectmen, shall be legibly written in the English language, and shall show the amount paid for each article and the number attached to each article in accordance with Section 4. No entry in such book shall be erased, obliterated or defaced.

SECTION 3. Every such shopkeeper shall allow his shop and all articles of merchandise therein to be at all times examined by the Board of Selectmen or the Chief of Police, or by any person by it or him respectively authorized to make such examination.

SECTION 4. Every such shopkeeper shall, at the time of making any purchase, attach a number to each article bought, and shall make entry of such number in the book provided for by Section 2.

SECTION 5. Every such shopkeeper shall make out and deliver to the Chief of Police, every day before the hour of 10 o'clock A.M., a legible and correct list containing an accurate description of all articles purchased during the preceding business day, the respective numbers of such articles as provided by Section 4, the prices paid therefor, the time when such articles were purchased. If during the preceding business day no articles have been purchased by such shopkeeper, he shall make out and deliver to the Chief of Police, before the hour of 10 o'clock A.M., a report of such fact.

SECTION 6. No such shopkeeper shall permit to be sold any article purchased or received by him until at least a period of thirty days from the date of its purchase or receipt has elapsed.

SECTION 7. No such shopkeeper shall have his shop open for the transaction of business, nor shall he purchase any second-hand articles, except between sunrise and 9 o'clock in the evening of any week day except Saturday, on which day such shop may be kept open and such articles purchased from sunrise until 10 o'clock in the evening.

SECTION 8. No such shopkeeper shall directly or indirectly purchase or receive by way of barter or exchange any junk, old metals or second-hand articles from a minor or apprentice, knowing or having reason to believe him to be such.

SECTION 9. The possession by any dealer in second-hand articles of certain registered vessels, without the written consent of or purchase from the owner thereof, shall be prima facie evidence of unlawful use, possession of or traffic in the same. (Gen. Laws, chap. 110, sect. 19.)

SECTION 10. Licenses provided for by this rule may be revoked by the Board of Selectmen at pleasure. (Gen. Laws, chap. 140, sect. 54.)

Such licenses will be revoked for violation of any statute, By-Law or Regulation of the Board of Selectmen relating to the business of the licensee, for failure of the licensee to carry on the business at the place designated in his license, or for any other cause deemed sufficient by the Board of Selectmen.

MILTON, MASS., October 1, 1924.

REGULATIONS AS TO THE OPERATION OF SO-CALLED JITNEY BUSES

SECTION 1. No person or corporation shall, in the town of Milton, operate any motor vehicle upon any public street or way in said town, for the carriage of passengers for hire, in such a manner as to afford a means of transportation similar to that afforded by a street railway company, by indiscriminately receiving and discharging passengers along the route on which the vehicle is operated or may be running, or for transporting passengers for hire as a business between fixed and regular termini, without first obtaining a license therefor from the Board of Selectmen of said town.

SECTION 2. A license for the operation of any such motor vehicle shall not be issued or granted for a period exceeding one year, and shall not become operative until the licensee named therein shall deposit with the treasurer of said town, security, by bond or otherwise, running to the Town Treasurer and approved by him and the licensing authority, conditioned to pay any final judgment obtained against the principal named in the bond for any injury to person or property or damage for causing the death of any person by reason of any negligent or unlawful act on the part of the principal named in said bond, his or its agents, employees or drivers, in the use or operation of any such vehicle. The security deposited under the provisions of this paragraph shall be in the sum of twenty-five hundred dollars for a motor vehicle having a seating capacity of five persons or less, and for a motor vehicle having a seating capacity of six or more in the sum of twenty-five hundred dollars and five hundred dollars additional for each passenger seat in excess of five. If the licensee shall file with the Town Treasurer an insurance policy issued by a company authorized to issue such policy in this Commonwealth, by which the company insures the licensee against loss from liability imposed by law upon the assured for damages on account of bodily injuries, including death resulting therefrom accidentally suffered by any person or persons, caused by such motor vehicle, the operation thereof, or by the loading or unloading of merchandise carried on such motor vehicle, to the extent of at least twenty thousand dollars (\$20,000) total liability for injury or death in any one accident, and subject to such liability in one accident to the extent of at least five thousand dollars (\$5,000) for injury or death of one person; and against loss from the liability imposed by law upon the assured for damage (including damage necessarily resulting from loss of use) to property of every description (property of the assured excepted) resulting from any accident occurring within the term of the policy, directly caused by or due to the ownership, maintenance or use of such motor vehicle to the extent of at least one thousand dollars (\$1,000), then security in the sum of five hundred dollars (\$500) only shall be required to be deposited with the treasurer.

Such insurance policy shall not satisfy the requirements of these regulations if it contains any provision or condition that the insurer shall not be liable thereunder unless it receives notice of any accident or other cause of liability under such policy,

or of suit or action resulting therefrom, other than provision for notice within a period of not less than sixty days after the accident or other cause of liability aforesaid given either by the assured, or the Town Treasurer aforesaid, or by any person sustaining bodily injury or damage in his property by reason of said accident, or other cause of liability in the name of such Town Treasurer. Such insurance policy shall also provide that the notice aforesaid may be given by another in the name of the Town Treasurer in behalf of any person sustaining bodily injury or damage in his property as aforesaid and that if from physical or mental incapacity it is impossible for the person sustaining such injury or damage to give the notice aforesaid within the time above provided, he may give it within ten days after such incapacity has been removed, and if he dies without having given such notice and without having been for ten days after the accident or other cause of liability of sufficient capacity to give it, his executor or administrator may give the notice within a period of not less than sixty days after his appointment. Such insurance policy shall not satisfy the requirements of these regulations if it contains any provision or condition for cancellation without notice thereof to the Treasurer of the town with whom such policy is filed as aforesaid.

SECTION 3. In case the Town Treasurer at any time shall determine that any surety on any bond is not possessed of sufficient property to be able to respond to the obligation of surety on such bond, whether any damage may have occurred or accrued or not, said Town Treasurer after giving the principal thereof an opportunity to be heard, may require the principal to furnish another or further surety on such bond, or a new bond for the remainder of the term of the license of the motor vehicle to which such bond relates, and in that event or upon the cancellation of any insurance policy filed under these rules such license, without any further action by the Board of Selectmen, shall thereupon stand suspended until such new bond or such other or further surety, approved by the said Town Treasurer, shall be furnished.

SECTION 4. Upon each vehicle licensed under the provisions of these regulations, the owner shall cause to be placed at his own expense, a metal plate of the form and size approved by the Chief of Police of said town, and bearing the words "Licensed motor vehicle No. Milton, 19....,passengers" setting forth the serial number of the license, the date and the number of passengers excluding the operator that the vehicle is licensed to carry. Said plate shall be attached to and kept on the dash of the motor vehicle in such a position as to be visible to the occupants thereof. For each vehicle so licensed there shall be paid to the Town Treasurer the sum of \$5.

SECTION 5. No motor vehicle so licensed shall be operated without having a sign thereon in form approved by the said Chief of Police stating the main street or streets of the route, the termini of the route and the fare to be charged, which sign shall be so placed at the entrance of the vehicle as to be plainly visible to persons entering the vehicle. The letters and figures on such sign shall not be less than two and one-half inches in height and shall have a stroke of not less than one-quarter inch in width. No advertising sign of any kind except the owner's name or symbol shall be placed or carried on the outside of the vehicle.

SECTION 6. Every licensee before operating any such motor vehicle shall file with the Board of Selectmen a schedule or tariff showing the effective date thereof, the time of arrival and departure at and from all termini, and the time of departure from important intermediate points and a schedule or tariff showing the passenger fares to be charged between the several points or localities to be served; and no fare other than designated in such tariff shall be charged or collected for transportation in such motor vehicle by the licensee or his agents or servants. The schedule or tariff shall provide for half fares for school children.

SECTION 7. Persons or corporations making application for such license to operate such vehicles shall designate the route or routes over which they desire to operate, and the licensee shall operate such motor vehicle only over such route or routes as shall be approved by the Board of Selectmen. Such route or routes may be changed only with the consent or approval of the Board of Selectmen, except in case of an emergency the route may be changed by the Chief of Police, who shall be the sole judge as to whether an emergency exists. Termini of such routes shall be fixed and motor vehicles so licensed shall be driven to such termini before turning around.

SECTION 8. No person shall operate any such motor vehicle so licensed within the town of Milton unless he shall be twenty-one years of age or older and unless he shall have first obtained a license so to do from said Board of Selectmen, which license shall state the name, age, height and weight, color of hair, color of eyes, and race of the licensee, his home address, and the name of his employer if he operates such car as an employee. The application for such license shall be on a blank furnished by said Board

of Selectmen, and the form of the application and the information to be furnished therein by the applicant shall be such as from time to time may be prescribed by said Board of Selectmen and said Board of Selectmen shall require that the truth of the allegations in such application shall be sworn to before an officer authorized to administer oaths. The said Board of Selectmen shall not grant such a license to any applicant who has not demonstrated to the satisfaction of the Chief of Police his ability to drive the vehicle proposed to be operated by him; such license shall be signed by the Clerk of said Board, shall be numbered in regular order as granted, shall be recorded in the office of the Town Clerk, and also in the office of the Chief of Police, and shall expire on the first day of May next succeeding the date thereof.

SECTION 9. No person operating any motor vehicle so licensed shall refuse to carry any person offering himself to be carried as a passenger therein, unless the seats of the same are fully occupied and the number of passengers thereon is the number allowed the operator to be carried at one time, or unless such person be intoxicated or disorderly.

SECTION 10. Every licensee shall operate for at least eight hours daily during the term of his license, unless accident or unavoidable cause prevents such operation, and the minimum period of operation shall be fixed by the Board of Selectmen in the case of each permit granted. On routes using the same termini as are used by electric street railways, not less than twelve hours daily operation shall be required by the Board of Selectmen unless accident or other unavoidable cause prevents such operation.

SECTION 11. No person operating any motor vehicle so licensed shall solicit passengers by outcry or make any noise for the purpose of soliciting passengers.

SECTION 12. No such motor vehicle shall stand to wait for passengers in any street, square or public place except on such portions thereof and during such hours as may be designated therefor by the Board of Selectmen, nor shall such vehicle stand or stop for the purpose of receiving or discharging passengers between the track of a street railway and the side of the street upon which the street railway passengers ordinarily board or leave street railway cars operated on such track within fifty (50) feet in each direction longitudinally upon such street of a white pole or other designated or customary point for passengers to take or leave the cars of a street railway company, unless authorized by the Department of Public Utilities. The Board of Selectmen from time to time shall designate locations in streets, squares and public places in which general street travel will not be materially interfered with where such vehicle may stand, and said Board of Selectmen at any time when it finds that any such locations materially interfere with public travel, may cancel such locations, and said Board of Selectmen may at any time cancel any such hours and prescribe other hours therefor.

SECTION 13. No motor vehicle so licensed shall be operated in any street or public place where there is snow or ice unless it be equipped with proper non-skidding chains and every such vehicle shall be kept in safe and proper condition for use in such business, and to that end the said Board of Selectmen shall have the right to have every such vehicle examined at any reasonable time or times, by the Chief of Police or any representative or agent of the Board of Selectmen without charge to the licensee therefor. Every licensee shall be required to clear the streets of snow and ice as may be designated by the Board of Selectmen.

SECTION 14. No greater number of passengers shall be carried at any one time in any such motor vehicle than the license of such vehicle shall specify, provided that in addition thereto children under seven years of age may be carried therein in arms or seated on the laps of parents or adult persons accompanying them, but no person with a child in arms or seated on the lap shall be permitted to sit with or immediately next to the driver of the vehicle. Nor shall any passenger be permitted to ride upon any fender, dash, top floor, steps or running board of any such vehicle.

SECTION 15. No person operating any such motor vehicle shall collect fares, make change or discharge passengers while such vehicle is in motion; nor shall he have a lighted cigarette, lighted cigar or lighted pipe in his possession while any passenger is being carried therein, nor drink any intoxicating beverage of any kind, or be under the influence thereof, while engaged in operating such vehicle.

SECTION 16. Every person operating any such motor vehicle shall deliver any article left therein by any passenger to the Chief of Police not later than twenty-four hours after finding the same, and shall receive a receipt therefor from said Chief of Police and said Chief of Police shall provide for returning the same to the owner upon proper identification and proof of ownership. All such articles delivered to said Chief of Police and not claimed within ninety days from such delivery shall be delivered to the licensee by whom they were left.

SECTION 17. No change shall be made by any licensee in rates to be charged for

transportation in such motor vehicle or in the schedule of the operation thereof except after fourteen days' notice of such change filed with the Board of Selectmen which shall decide on such change after a public hearing which the Board shall advertise at the expense of the petitioner in a newspaper of the town.

SECTION 18. Every such motor vehicle shall come to a full stop immediately before crossing the tracks of any railroad at grade.

SECTION 19. Every such licensee shall immediately report fully, in writing, to the Town Treasurer and to the Chief of Police, any injury to a passenger or other person, any accident resulting in damage to property, in which any motor vehicle which he is licensed to operate is involved.

SECTION 20. The Board of Selectmen may suspend or revoke any license granted for the operation of any such motor vehicle and any license issued to any person to drive or operate any such motor vehicle, for the violation of any law of the Commonwealth made in relation to the operation of motor vehicles, or the violation of any traffic regulations of said town, or the violation of any of the rules and regulations herein prescribed, or for any other cause deemed by the Board of Selectmen, in the exercise of their discretion, to be sufficient.

SECTION 21. No person or corporation shall operate any such motor vehicle over any bridge or culvert whose span is 10 feet or more without said bridge or culvert being first approved by the Department of Public Utilities as of sufficient strength to sustain such operation with safety, and no such motor vehicle shall be operated over any such bridge or culvert after a determination by the Department that such bridge or culvert is unsafe for the operation of such motor vehicle over it.

SECTION 22. The holding or adjudication of any paragraph or subdivision of the rules and regulations herein prescribed to be unconstitutional or invalid shall not affect the validity of any other paragraph or subdivision, but all other paragraphs and subdivisions shall be and remain in full force and effect.

SECTION 23. The "Rules and Regulations Governing the Authorization of Certain Motor Vehicles Commonly Known as Jitneys, in the Town of Milton" adopted by the Milton Board of Selectmen on December 22, 1922, are hereby revoked.

ROGER WOLCOTT,
JOSIAH BABCOCK,
KENNETH D. JOHNSON,
Selectmen of Milton.

Clerk of the Board.

REPORT OF ASSESSORS OF TAXES

MILTON, MASS., January 1, 1925.

To the Citizens of the Town of Milton, Mass.

The Assessors of Taxes hereby submit their annual report for the year 1924.

At the annual town meeting for the election of town officers, William W. Churchill was re-elected to the Board for the ensuing three years.

Early in March, 1924, the Board organized as follows: William W. Churchill, Chairman; Charles H. Horne, Secretary. Wallace C. Tucker was reappointed Clerk of the Board.

Assistant Assessors were appointed as follows: Percy A. Horne, Frank H. Rein and Evelyn N. Smith.

Owing to the activity of real estate in the town during the past few years, and consequent tremendous growth in new buildings and population, the Assessors can no longer run their department and render efficient service on the amount of money which we have had at our disposal. We have therefore voted to ask for a recommendation from the Warrant Committee for incidental expenses, including clerk hire, the sum of \$3,700, — an increase of \$600 over the last two years.

We urge every person liable for taxation in this town to file a sworn statement with the Assessors of all their taxable property which shall include real estate and personal property of whatever nature liable for taxation here. The prescribed forms can be obtained by application either by mail or in person at the office of the Assessors in the Town Hall, Milton, Mass.

The population of the town for the year ending April 1, 1924, is 11,950.

Other statistics are as follows:

Total number of dogs	642
Total number of horses	236
Total number of cows	439
Total number of sheep	30
Total number of swine	104
Total number of fowls	2,330
Total value of fowls	\$2,330
Number of people liable for military duty	1,912
Number of dwelling houses assessed	2,564
Total number of acres assessed	6,218
Amount used of national bank tax	\$4,907 50
Amount used of business and public service tax	\$30,032 56
Amount used on account of State income tax and Public School Reimbursement Fund	\$132,162 71
Amount voted by town	\$18,000 00
Estimated receipts of the town	\$42,400 00

Taxes assessed in Town of Milton, 1924

Valuation of personal estate	\$2,959,340 00
Valuation of real estate	22,455,490 00
Total valuation	\$25,414,830 00
Tax rate, \$23.60 per thousand (total tax)	599,789 99
Town tax plus town bonds less assets	\$473,122 43
State tax	36,800 00
Metropolitan fire prevention tax	173 45
Charles River Basin tax	2,404 43
South Metropolitan sewer tax	20,841 60
State highway tax	948 72
Metropolitan park tax	13,112 94
County tax	35,554 39
County hospital tax	7,709 50
Metropolitan Planning Board tax	224 88
State audit	2,627 14
Overlay	6,270 51
Total	\$599,789 99

Additional Taxes

3,229 poll taxes at \$2	\$6,458 00
Local town sewer tax	72 17
Local gypsy moth tax	329 65
Sidewalk assessments	62 99
57 additional poll taxes at \$2	114 00
December levy	336 30

\$7,373 11

Grand total \$607,163 10

Statement of Overlay Accounts

1922 overlay balance December 31, 1924	\$1,055 84
1923 overlay balance December 31, 1924	266 99
1924 overlay balance December 31, 1924	3,314 37

The 1922 taxes having all been settled the balance now in the overlay should revert to a fund to be held for extraordinary or unforeseen purposes.

Respectfully submitted,

WILLIAM W. CHURCHILL,
CHARLES H. HORNE,
CLARENCE BOYLSTON,

Assessors.

REPORT OF BIRD WARDEN

MILTON, MASS., December 31, 1924.

To the Citizens of the Town of Milton.

I beg to submit to you my report as Bird Warden for the year 1924.

There was no appropriation and there are no accounts to be submitted.

I regret to report that the result of my observation during the year 1924 indicates an increasing diminution of the bird life within the town, with the exception of the starlings, which appear to be increasing, and are probably an undesirable addition, as they do much destruction in fruit gardens.

I can only recommend to those citizens who are interested that they should provide such natural shelters for birds as they conveniently can, and that during the winter months, especially during periods when the snow lies deep, or there is much ice on the ground or on the trees, that suitable shelters and feeding stations be established for the winter birds.

Respectfully submitted,

RALPH E. FORBES,
Bird Warden.

REPORT OF TRUSTEES OF MILTON CEMETERY

MILTON, MASS.

To the Citizens of Milton.

The Trustees report as follows for the year 1924.

There were 131 interments of which 79 were from out of town, 79 new lots were finished, and 49 were taken by residents; no lots were sold to non-residents. Three single graves were taken by residents. There were placed under perpetual care 42 lots and one single grave.

In the annual report for 1923, the Trustees stated that they were of the opinion that the expenses of the cemetery should ultimately be met nearly, if not wholly, by the income of the cemetery, without appropriation from the town. Under the method of accounting adopted by the town and put into effect January 1, 1924, the income of the cemetery, except the income from invested funds, is collected and retained by the Town Treasurer, and the town appropriates the full amount necessary for the annual maintenance, not, as heretofore, the amount required over and above receipts.

This fact will explain the much larger appropriation, \$18,200, now asked. The net cost of the cemetery to the town may be found by deducting the annual receipts from the annual appropriation.

On account of increased costs, principally of labor, the time when the cemetery will be on a self-supporting basis is somewhat postponed.

PERCY E. SHELDON, *Chairman.*
REGINALD ROBBINS, *Treasurer and Secretary.*
THOMAS K. CUMMINS.
ELLERTON P. WHITNEY.
ASAPH CHURCHILL.
THOMAS W. POND, *Superintendent.*

REPORT OF FIRE ENGINEERS

MILTON, MASS., January 2, 1925.

To the Honorable Board of Selectmen.

GENTLEMEN:—The Board of Fire Engineers take pleasure in submitting their annual report for the year ending December 31, 1924.

There have been 292 alarms, 92 of which were bell alarms, including 24 calls to Boston and one to Canton. Boston has responded to 16 alarms in Milton; 9 false alarms were sounded.

The property at risk was \$149,165; the fire loss was \$11,761.02; insurance paid, \$11,076.02; net loss, \$685; per capita loss, 98 cents.

The Department laid 22,050 feet of hose; raised 1,036 feet of ladder; spread 11 rubber covers; used 2,536 gallons of chemicals, and travelled 1,672.6 miles.

Permits were issued as follows:

Out-of-door fires, 710; inflammable fluids, 38; explosives, 86; fuel oil burners and tanks, 16; fireworks, 6.

Inspections.—There were 327 inspections made of garages and gasoline tanks; 16 fuel oil burners were inspected; 140 inspections were made of stores, churches, public buildings and institutions.

Appointments.—On April 30 Mr. F. Elliot Cabot was appointed to the Board, after an absence of one year, and Mr. Henry F. Brierly, who served for that period, returned to his post as Captain of Hose No. 2 in East Milton.

Personnel.—The personnel of the Department was increased by the appointment of one man on the call force. At the last town meeting the pay of the permanent men was increased \$200 a year, and the pay of the call men \$50 a year.

New Boxes.—Box No. 342 was established at the Milton Hospital in place of a location of similar number, and a new box number—151—has been temporarily located on a pole on Oak Street, opposite the Tucker School.

Repairs of Buildings.—It was necessary to lay a new floor in the fire station at East Milton and to build an additional bedroom for the comfort of the men stationed there. A new office was also constructed for the Wire Department, which uses a considerable portion of this building.

Apparatus.—On July 28, Hose No. 2 was somewhat damaged by colliding with a telephone pole while responding to an alarm of fire. While repairs were being made, it was deemed best to give the machine an entire overhauling, as it had been in service for five years, without requiring any special repairs or replacements.

The pumping engine also received a thorough inspection and overhauling during the fall. Hose No. 4 and Ladder No. 1 will be given a general overhauling during the coming year.

New tires were placed on Hose No. 2 and Hose No. 4, and the ladder truck and the chief's car will need re-tiring this year.

Fires.—While we did not quite reach our record of 1923 as to the number of fires, we still are away above the average of previous years. The town has grown rapidly, and with it the opportunity for more frequent fires. Several buildings would have been seriously damaged by fire had it not been for the early discovery and prompt response and efficient work performed by the Department.

Owing to the extreme dryness of the weather, we had many brush and wood fires; particularly was this true during the latter part of July, when the members of our Department were on duty continuously for many days in the woods in and adjacent to the Blue Hills Reservation.

We were ably assisted at these woods fires by the Superintendent of the Moth Department and his spraying machines, and also by the Metropolitan District Commission men and their machines. These spraying machines can be driven much farther into the wood roads than can fire apparatus, and by using smaller hose we were able to cover a great deal of territory which otherwise could not be reached.

While all of our apparatus was engaged in these woods fires, the town was protected by a piece of apparatus and a full company of men which were stationed at our Central Fire Station, through the courtesy of the city of Boston fire officials.

This is only another evidence of the co-operation between departments which exists in the Metropolitan District, and this act is very much appreciated.

Recommendations. — Two years ago the Board of Fire Engineers were brought face to face with the fact that the town was growing very fast, both in population and in the number of buildings of all kinds which were being added month by month to the valuation of the town.

By the judicious assignment of our hose and chemical equipment, we have been able to meet all demands made upon us for the protection of the town in its increased size. We are, however, badly handicapped in our work through the fact that we have but one ladder truck. When this piece of apparatus is in action, and it answers every bell alarm and about 50 per cent of the still alarms, the remaining part of the town is practically without adequate ladder protection.

This is a very serious condition, and after studying and carefully reviewing the situation for the past two years, the Board feel that they cannot permit this situation to continue, perhaps unnoticed by a majority of the citizens.

As a means of remedying this weak spot in the Department, the Board has inserted in the warrant for the March meeting an article asking for the appropriation of \$9,000 for the purchase of a new hook and ladder truck.

As Milton is no longer the country town that it was a decade or two ago, the citizens must soon realize that we are faced with the problems of a large town or small city. Two ladder trucks instead of one are now absolutely necessary to give the proper protection to the East Milton and Mattapan sections of the town, where the enormous building operations have been going on during the last few years.

Open areas of years ago are now closely packed with wooden buildings constituting a fire hazard with which the town has previously been unacquainted. These closely built sections bring to us opportunities for fire which we have not had to face before, and we must have proper apparatus and equipment to hold these fires in check and prevent disaster.

In order to properly man this new piece of apparatus we shall have to appoint four additional permanent men.

We feel, if the citizens once realize the precarious position into which their homes and families are quite often placed, that they will go on record as favoring our article, and take the proper steps to increase the protection to which they are rightfully entitled.

Conclusion. — We would, through you at this time, publicly express to the members of our Department our appreciation for the good work performed during the past year, for no matter how good our apparatus may be, it is the man power that keeps the fire loss down and our town safe from calamity and destruction by fire.

The practice of automobilists in answering alarms of fire and also chasing fire apparatus is becoming quite a serious problem, not only in our town but everywhere, and machines block the roads and sometimes hinder the work of the firemen.

We must, however, say that we receive good co-operation from the Police Department of our town, both in clearing a passage in the streets for our apparatus and patrolling the immediate fire grounds. This co-operation and assistance is very much appreciated.

May we respectfully suggest to the citizens of the town that when they do go to fires, they do not drive directly to the scene of the fire, but park their automobiles on some side street, leaving the main street clear in order that our call men, arriving in their own cars, may not be delayed in getting into action. Every minute counts. Our men must not be hindered in reaching their apparatus and obtaining the appliances and equipment that are needed to subdue a fire in the home of some citizen. Co-operation in this matter will be greatly appreciated.

Respectfully submitted,

J. HARRY HOLMES,
F. ELLIOT CABOT,
ERNEST C. SOULIS,
Board of Fire Engineers.

RECORD OF ALARMS OF FIRE FOR THE YEAR ENDING DECEMBER 31, 1924

TREE WARDEN DEPARTMENT

DECEMBER 31, 1924.

To the Honorable Board of Selectmen.

I beg to submit the following report of the work of the Tree Warden Department of this town for the past year.

TRIMMING

There were several violent wind storms during the year, including the hurricane of August 26, which were very destructive to trees within the town and involved a very considerable extra expense for their trimming or removal.

PLANTING

The autumn this year was so dry that it seemed unwise to plant new trees, therefore we have again failed to accomplish our plan of planting about 100 trees during the year, which has been the policy for several years. We have, however, planted 64 new trees and replaced 2 dead ones with new trees.

REMOVING DEAD TREES

During the year the Department removed 26 dead trees. It was necessary, also, to remove 9 live trees on account of widening of streets in various parts of the town.

There was an unusual occurrence this year which affected the trees in East Milton. The Department was satisfied that it was due to the gas escaping from the gas main under Adams Street and Granite Avenue, through leaky joints. The ground in the vicinity of the pipes appeared to be permeated with leaking gas, and prior to November 1, 17 of the trees along this line had died and several more appeared to be dying. Seven of these dead trees were included in the list of 26 trees reported removed, in the previous paragraph.

The Department has reason to believe that the ground will remain permeated with the gas for a considerable period. We do not know just how long, but that until a reasonable time has elapsed we believe it would be unwise to plant new trees in the region which has been affected.

INSECTS

The situation in regard to the general infestation of injurious insects has not greatly changed this year. A few Satin moths and a few Oriental moths have been found. These are apparently newcomers. The only marked increase which we have observed is in the autumn forest tent caterpillar.

SAWMILL

The sawmill shows a profit and is clearly a much-needed improvement for the conduct of this Department.

PLANS FOR NEXT YEAR

We believe that the policy of the Department of planting and trimming should be continued substantially the same as during the past few years.

Tree Warden.

MOTH DEPARTMENT

DECEMBER 31, 1924.

To the Honorable Board of Selectmen.

I beg to submit the following report of the work of the Moth Department of this town for the past year.

SUPPRESSION WORK

The creosoting work this year was again less than the previous year, on account of the fact that the infestation of gypsy moths has continued to diminish. We do not believe, however, that it would be wise to relax our efforts in this fight against this pest which is still far from exterminated in the town.

I am glad to report that the brown-tail moth which appeared to increase seriously last year has again diminished and the infestation is this year apparently very slight.

LABOR

The cost of labor has increased slightly over the previous year and ranged from \$4.50 to \$4.75 per day.

EQUIPMENT

The equipment is the same as last year.

PLANS FOR NEXT YEAR

We believe it desirable to plan to do the usual amount of creosoting and spraying during the coming year, but our hope is, that should the diminution of the pests continue, this work may be noticeably lessened.

Appendix A

INVENTORY OF PROPERTY OF MOTH AND TREE WARDEN DEPARTMENT

3 Packard trucks with sprayer bodies	\$7,500 00
1 G. M. C. truck with sprayer body	2,100 00
1 Ford truck with express body	250 00
1 Ford runabout	435 00
Spraying hose	1,135 00
Tools of all kinds (including field supplies)	574 00
Building and equipment	6,500 00
Office equipment	200 00
Total	\$18,694 00

Appendix B. General Account

Appropriation	\$7,500 00
Expenditures	7,498 16
Balance reverting to Treasurer	\$1 84

Appendix C. Private Account

Appropriation	\$7,500 00
Expenditures	3,526 12
Balance reverting to Treasurer	\$3,973 88

Respectfully submitted,

RALPH E. FORBES,
Local Moth Superintendent.

REPORT OF BOARD OF HEALTH

MILTON, MASS., December 31, 1924.

To the Citizens of Milton.

The number of cases of contagious diseases reported to the Board of Health for the past three years has been as follows:

	1924.	1923.	1922.
Chicken pox	157	23	9
Diphtheria	7	13	8
German measles	5	7	5
Lobar pneumonia	2	14	8
Measles	217	10	29
Mumps	6	97	36
Scarlet fever	32	26	45
Tuberculosis (pulmonary)	16	7	8
Tuberculosis (all other forms)	2	2	4
Typhoid fever	—	3	9
Whooping cough	7	109	19
Influenza	—	4	59
Encephalitis lethargica	2	2	1
Ophthalmia neonatorum	—	1	—
Cerebrospinal meningitis	1	2	—

The Board of Health organized March 18, 1924, with Mr. Ames, Chairman; Dr. Withington, Secretary. The following appointments were made: Agent, Dr. A. W. Draper; Inspector of Milk, P. S. Burns; Inspector of Plumbing, L. E. Young; Deputy Inspector of Plumbing, B. F. Murray; Caretaker of Detention Hospital, J. W. Eldridge; Inspector of Slaughtering, A. W. Draper. The permit for cleaning cess-pools was given to A. B. Snow, and the contract for collecting ashes and garbage to S. G. Craig.

Respectfully submitted,

S. B. AMES,
P. R. WITHINGTON,
J. S. LINCOLN,
Board of Health of Milton.

REPORT OF COLLECTION OF ASHES AND GARBAGE

MILTON, MASS., January 1, 1925.

To the Board of Health.

GENTLEMEN:—I herewith submit my report for the year ending December 31, 1924. There have been collected 325 truck loads and 2,950 double loads of ashes, and 325 cords of garbage.

Yours respectfully,

SAMUEL G. CRAIG.

REPORT OF GENERAL CONTRACTOR

MILTON, MASS., January 16, 1925.

To the Board of Health.

GENTLEMEN:— I herewith submit my report for the year ending December 31, 1924.

3 vaults cleaned.
39 cesspools cleaned.
42 loads removed from same.

Yours respectfully,

ALVAH B. SNOW.

REPORT OF INSPECTOR OF MILK

MILTON, MASS., January 1, 1925.

To the Honorable Board of Health.

GENTLEMEN:— I herewith submit my report for the calendar year ending December 31, 1924.

During the year 44 licenses to sell milk or cream have been issued and 5 registrations to sell oleomargarine. Of these, 20 sell milk and cream from cows which have been tuberculin-tested and maintained in accordance with the State and Federal regulations (all animals failing to pass the regulations have been slaughtered); the other dealers sell pasteurized milk or cream. Every licensed producer in Milton has had his cows tested. The quality of the milk has been very good, having a high percentage of butter fat and but few bacteria.

Respectfully submitted,

P. S. BURNS,
Inspector.

REPORT OF INSPECTOR OF PLUMBING

MILTON, MASS., January 1, 1925.

To the Board of Health, Milton, Mass.

GENTLEMEN:— Herewith I submit report of the Department of Inspection of Plumbing for the year 1924.

MONTH.	Permits issued.	Valuation.
January	31	\$16,020 00
February	20	13,150 00
March	34	25,017 00
April	34	17,387 00
May	32	18,635 00
June	27	18,760 00
July	39	24,215 00
August	28	15,540 00
September	43	24,720 00
October	26	11,720 00
November	22	13,570 00
December	24	13,210 00
Totals	360	\$211,944 00

Seventy-seven buildings have been connected with the town sewers.

Respectfully submitted,

LORENZO E. YOUNG,
Inspector of Plumbing.

REPORT OF INSPECTOR OF SLAUGHTERING

MILTON, MASS., December 31, 1924.

To the Board of Health.

GENTLEMEN:— Herewith I submit my report for the year 1924.
No animals were passed for food.

Respectfully submitted,

A. W. DRAPER, M.D.V.,
Inspector of Slaughtering.

REPORT OF INSPECTOR OF ANIMALS

MILTON, MASS., January 1, 1925.

To the Honorable Board of Selectmen.

GENTLEMEN:— I herewith submit my annual report for the year ending December 31, 1924.

I inspected 70 stables and premises where cattle or swine were kept, and found all in good sanitary condition, meeting requirements of light, space, ventilation, etc.; gave physical examination to 534 cows, 10 bulls, 40 sheep, 334 pigs and 2 goats; and quarantined 6 dogs for rabies.

Respectfully submitted,

JAMES SPENCER,
Inspector of Animals.

REPORT OF INSPECTOR OF BUILDINGS

MILTON, MASS., January 1, 1925.

To the Honorable Board of Selectmen.

GENTLEMEN:— I herewith submit my annual report for the year ending December 31, 1924.

There have been 672 applications received and permits issued for buildings.

Work of the Department by Monthly Report

MONTH.	Permits for New Buildings.	Permits for Alterations.	Permits for Garages.	Valuation.
January	20	7	4	\$138,425 00
February	17	3	3	185,875 00

December	17	5	45	122,040 00
Total	276	112	284	\$2,169,026 00

Making valuation as per applications \$2,169,026.

Respectfully submitted,

G. E. BURT,
Inspector of Buildings.

REPORT OF SUPERINTENDENT OF WIRES

MILTON, MASS., January 12, 1925.

To the Honorable Board of Selectmen.

GENTLEMEN: — I herewith present the report of the Department of Wires for the year ending December 31, 1924.

This Department has supervision of the fire and police signal system, also inspection of all buildings equipped with electric light services and all poles and wires on town streets.

Interior Wiring

	1923.	1924.
Certificates issued for light and power	363	549
Number of inspections	781	962
Number of incandescent lights wired for	7,650	10,731
Number of motors installed	15	25
Total horse power	50	60
Number of electric heaters and ranges installed	14	51
Total watts	54,060	128,550

Fire and Police Signal Systems

On Brush Hill Road, between Smith Road and Atherton Street, this Department has replaced 68 cross-arms and rerun 12,400 feet of signal wire on pole line rebuilt by Edison Light Company.

On Squantum Street, between Adams Street and Granite Avenue, 18 cross-arms have been replaced and 7,200 feet of wire rerun.

On Thacher Street, between Brook Road and Central Avenue, 25 cross-arms have been replaced and 2,500 feet of cables rerun.

On Blue Hill Avenue, between Cheever Street and Brush Hill Road, fire and police signal wires have been changed to permanent construction.

A spot light has been installed at the corner of Brook Road and Central Avenue.

A private fire alarm box (No. 342) has been installed at the Milton Hospital.

During the past year this Department has responded to 130 emergency calls.

Any one wishing a copy of rules concerning radio installation may have same by notifying the Wire Department.

For the maintenance of the Wire Department I have requested an appropriation of \$8,774.45.

Respectfully submitted,

E. E. CHOATE,
Superintendent of Wires.

REPORT OF PARK COMMISSIONERS

MILTON, MASS., December 31, 1924.

To the Citizens of the Town of Milton.

The Park Commissioners respectfully submit the following report for the year ending December 31, 1924.

The several plots of land belonging to the town, and under the charge of the Park Commissioners, have been mowed and kept in orderly shape, as has been the custom in recent years. The agreement with the Milton Yacht Club, whereby they assumed care and responsibility for the appearance of the grounds and the wharf at the Town Landing, has been continued, and was carried out satisfactorily. Another section of wire mesh fence has been completed and the tennis courts resurfaced at the town field, and a baseball back stop and diamond laid out at the East Milton field. The skating rink at Brook Road playground has been in successful operation for several weeks, being patronized by a large number of children, particularly the younger ones. Water has been obtained for flooding by means of an electric pump and pipe line from Pine Tree Brook at a considerable saving to the town. This source of supply will be made use of also in wetting down the tennis courts and baseball field during the coming season.

Playground activities were ably directed this summer by Mr. A. H. Yeaton, Miss Flora Douglas, and Miss Dorothy Patton. Daily programs consistent with weather conditions were carried out and two trips to beaches made. A circus by the children, together with an exhibition of basketry, successfully ended the season.

All of the equipment belonging to the department has been put in good condition for 1925. Unsightly and unsanitary conditions prevailing at the town field playground headquarters must be corrected soon.

No radical departure from the 1924 program is planned for the coming season, and we accordingly ask for the same appropriation for 1925 as we had this year, — \$5,000.

WILLIAM G. RODD, *Chairman*,
MALCOLM DONALD,
CLYDE L. WHITTIER,

Park Commissioners.

REPORT OF POLICE DEPARTMENT

MILTON, MASS., January 1, 1925.

To the Honorable Board of Selectmen.

GENTLEMEN: — I herewith submit the report of the Police Department for the year ending December 31, 1924.

Roster of the Department

Chief. — James R. Travers.

Deputy Chief. — Timothy McDermott.

SERGEANTS

Norman R. Bowman.

John B. Shields.

Officers detailed for public service	75
Officers detailed at request of citizens	246
Permits granted for soliciting	12
Runaway horses stopped by officers	3
Solicitors driven out of town	6
Amount of lost property reported and recovered	\$66 00
Amount of stolen property reported	6,252 00
Amount of stolen property recovered	5,267 50

Motor Service

During the year the ambulance has covered 4,104 miles responding to calls for the sick and injured. It also answers all bell alarms of fire so as to be there if needed in case some one is injured.

After receiving figures from different automobile concerns who offered from \$150 to \$530 on the old Buick car, I purchased a Reo touring car for \$1,530. I received \$530 allowance on the Buick, which made the net cost of the Reo touring, \$1,000.

The motorcycle has done good work chasing automobile violators and regulating traffic throughout the town.

The Ford touring car purchased in 1923 has covered approximately 40,000 miles and refused to run any longer, so a new Ford touring was purchased in January, 1925, to continue covering the Blue and Brush Hill sections of the town. It also does day patrol duty.

Crime

The prestige enjoyed by an individual or organization can be shattered in the twinkling of an eye, and the prestige of the Police Department, which has weathered the countless attacks that it has, speaks well for the profound impression the work of the Police Department has made on the citizens of the town. One of the most familiar shapes taken by these attacks is the circulation of reports that "crime waves" are engulfing the town. For those who do not understand just what is meant by the term "crime wave," it may be said that it is another way of claiming that the criminal elements are overrunning the town. No such condition exists at this time.

During the past year cities and towns throughout the country have felt the horror of crime. Our town was no exception, as houses in Mattapan and Brush Hill were entered. Not much property was stolen, and in most cases we were able to apprehend the offenders and they were brought to justice.

The Milton Hill section was also visited. Seven houses were entered and again the burglar was caught and brought to justice.

East Milton was visited also, and in this case the burglar was not caught. Finger prints were taken and through this means we hope to apprehend him some time.

Traffic

The traffic squad remains the same, consisting of four men at fixed posts and one motor which operates nearly all the time on Blue Hill Avenue.

Much has been said about the traffic jam in East Milton, and to relieve it, it was necessary to make Granite Avenue a one-way street from Squantum Street to Adams Street, also Center Street, from Brook Road going south to Adams Street on Sundays and holidays. After this plan was put in operation there was no congestion in East Milton except at train time, although the critics had press agents to say differently.

On September 25, 1924, three shifts were put into effect in the Mattapan section so that now we have twenty-four-hour service in Mattapan, East Milton and Milton Village.

When the crossings and schools are left unprotected on account of the regular officer being ill or on a day off, some citizen telephones the station asking the reason, and he is told that no officer is available. The officers are entitled to a day off in eight, and the night officers after working all night cannot continue all day, although in several instances they have, and did so willingly. At the March meeting, I sincerely hope that the people who know what is needed in the Department will make known their wants at that time.

Discipline

Rumors have reached me from time to time that there has been a slackening of discipline. So much emphasis has been laid on the subject that I cannot allow it to remain unnoticed. The criticism undoubtedly had its origin in the minds of the thoughtless and malicious, but it is so utterly false that I shall not permit the detractors of the Police Department to construe my silence after their own fashion. The discipline of the Department in general has been very good.

Recommendations

I recommend another motorcycle and another officer to do traffic duty on account of the increase in automobile traffic through this town.

Conclusion

In conclusion, I express my thanks and appreciation for the assistance and courtesies extended to me by the Honorable Board of Selectmen. I am very grateful for the advice and aid of the Justice of the District Court, Honorable Albert E. Avery, and his associates, and to the Clerk of the Court, Lawrence W. Lyons, and his assistants. I also extend my thanks to all other town departments for their co-operation and to the members of this Department for their loyalty and splendid services rendered during the year.

Respectfully submitted,

JAMES R. TRAVERS,
Chief of Police.

Expenditures, 1924

Pay roll	\$63,299 95
Motor expenses	3,790 20
Equipment for men	85 45
Fuel and light	970 50
Maintenance of buildings and grounds	443 81
Other expenses	1,214 04
	<hr/>
	\$69,803 95

Other expenses include stationery, printing, postage, telephone, furniture, police alarm, water, food for prisoners, traffic and medical expenses.

REPORT OF BOARD OF PUBLIC WELFARE

JANUARY 15, 1925.

To the Citizens of the Town of Milton.

The amounts disbursed for inside and outside poor during the year 1924 and the three preceding years are as follows:

	Inside.	Outside.	Total Disbursements.
1924	\$4,926 86	\$11,805 84	\$16,732 70
1923	5,438 70	8,886 03	14,324 73
1922	4,846 33	8,659 94	13,506 27
1921	4,801 53	9,861 98	14,663 51

This is an average of \$14,806.80 a year as the gross expense of the entire department. The net expense to the town, however, has averaged less than \$9,000 during the last four years, due to the fact that each year there are sales of produce from the Town Farm and reimbursements for aid rendered to residents of other towns or to persons who are State charges. In addition, there are usually several inmates at the Town Farm who pay for their own board. The figures showing the net expense are as follows:

	Total Disbursements.	Total Receipts from Sales and Reimbursements.	Net Expense.
1924	\$16,732 70	\$5,748 76	\$10,983 94
1923	14,324 73	6,368 77	7,955 96
1922	13,506 27	5,788 53	7,717 74
1921	14,663 51	5,340 00	9,323 51
Average	—	—	\$8,995 29

The number of inmates at the Town Farm at the beginning and end of the year 1924 was 7, of whom 5 were poor people of the town of Milton; the other inmates were paying boarders. Such boarders help to keep down the cost of maintaining the Farm.

The net expense of the Town Farm has been much less than appears from the above figures because of the sales of produce and the reimbursements for board there. The figures for the last four years are as follows:

	Total Expense, Inside Poor.	Sales and Reimbursements.		Net Expense of Town Farm.
1924	\$4,926 86	\$3,358 05		\$1,568 81
		Sales.	Reimbursements.	
1923	5,438 70	\$1,424 18	\$990 00	3,024 52
1922	4,846 33	1,263 52	1,061 18	2,521 63
1921	4,801 53	1,189 43	657 00	2,955 10

This shows an average net annual expense of \$2,517.51. It would undoubtedly cost the town much more to care for the inmates in their own homes or as boarders in other homes or institutions. In some cases an applicant for aid has been offered board at the Town Farm and has then found work or obtained support from relatives. This saving to the town cannot be measured, of course, but it is a very real saving, as the experience of the Board proves each year.

At the town meeting of March, 1924, Mr. Horace N. Plummer was re-elected to the Board for the term of three years, Mr. Charles W. Rollins was elected for the term of three years in place of Mr. Homer W. LeSourd, who had resigned about six months previously, and Mr. Hugh McCue was elected for one year to fill the unexpired term of Reverend Albert D. Smith who had also resigned. The Board therefore continues with three old and two new members. Organization was effected on March 6, 1924, by the re-election of Mr. Plummer as chairman and by the election of Mr. McCue as secretary. Mr. and Mrs. James W. Eldridge continued during the year as superintendent and matron of the Town Farm, Mrs. Lavinia H. Brackett as visitor, and Mr. Albert Rounesville as agent.

Reverend Mr. Smith, who felt obliged to relinquish his duties last March because of failing strength, had been a member of the Board continuously for eleven years and had served as secretary for six years. He rarely missed a meeting, and his careful work as secretary and his good judgment in the administration of the Department were unfailing, and with his quiet humor he had endeared himself to his associates on the Board. The Board wishes to record here its appreciation of Mr. Smith's services and to bespeak the gratitude of the town to one who has served it so long and faithfully in this unpaid office.

Mr. LeSourd, after five years on the Board, resigned in the summer of 1923 because of his intended absence from Milton during the succeeding school year, the vacancy remaining unfilled until the following March. The Board accepted his resignation with much regret.

At the town meeting in March, 1924, the town voted (under Article 17 of the warrant) to accept the provisions of chapter 26 of the Acts of 1923, entitled "An Act changing the name of the Overseers of the Poor to the Board of Public Welfare."

Although this report deals only with the year 1924, it is proper to refer here to the sudden and tragic death of Mr. Eldridge on January 8, 1925. Mr. and Mrs. Eldridge have been in charge of the Town Farm for over six years, and their careful management has been a source of great satisfaction to the Board. The sales of produce from the Farm testify to the energy and efficiency which Mr. Eldridge has shown in the interest of the town, and at all times he has had the full confidence of the Board. He was trustworthy and straightforward and was thoughtful of those in his charge. His loss will be keenly felt.

Respectfully submitted,

HORACE N. PLUMMER, *Chairman.*
HUGH McCUE, *Secretary.*

REPORT OF TRUSTEES OF THE MILTON PUBLIC LIBRARY

MILTON, January 10, 1925.

To the Citizens of the Town of Milton.

The Trustees of the Public Library are reminded by the Librarian in her annual report, which is herewith appended, that it is now twenty years since the Library moved to its present beautiful and commodious building.

A reading of the report will show that the Library has kept pace with the growth of the town during this period, and that while the population has almost doubled, so has the number of persons holding borrower's cards.

The Central Building discharges all the functions of a library, and is also a useful community center, a place for the exhibition of pictures, paintings and other objects of interest, for the gatherings of different societies, for story-telling to children, and for many other purposes.

The needs of the Library are obvious. A new branch building at Mattapan is almost imperative, and repairs to the Central Building cannot be long delayed without serious results. These subjects are discussed at length in the Librarian's report and need not be enlarged upon here.

The Trustees ask that the town appropriate at the annual meeting in March, \$16,750.

The Trustees are glad to note that the coming year will mark the twenty-fifth anniversary of the connection of Miss Allen with the Library. In the summer of 1900 she became a member of the staff, and twenty years later was appointed Librarian. As a member of the staff she received her principal training under the exceptionally able guidance of Miss Gertrude E. Forrest, whose services as Librarian for eighteen years the town can never forget. In 1918 Miss Forrest resigned on account of ill health, and two years later Miss Allen was appointed Librarian. She has justified the appointment not only by the ability with which she continues Miss Forrest's work, but also by the way she meets, on her own initiative, an ever-increasing opportunity of usefulness for the Library to the town.

REPORT OF LIBRARIAN

JANUARY 9, 1925.

To the Trustees of the Milton Public Library.

I have the honor to submit my report for the year ending December 31, 1924.

The year just ended saw the completion of twenty years in the present building, and since an anniversary of any sort affords an opportunity for a backward glance, it may be well to ask, have we, as a public institution, kept pace with the growth of the town during this fifth of a century? In 1904 the population of Milton was 6,500; to-day the town census records over 11,000 inhabitants. The number of registered card holders was then 2,260; the present record is 5,800. The circulation of books for the year ending December 31, 1904, was 45,646; that for the year just ended was 104,032. In other words, the population has almost doubled, so has the number of persons holding borrower's cards. The circulation is more than twice as large, and so far as statistics tell the story, the Library has followed closely with the normal growth of the town. It has been my good fortune to watch this growth of twenty years, and while the increase in the number of books issued is the concrete evidence of success, it has been most interesting to watch our growth along other lines. Previous to moving to this building, we occupied one room in Associates' Building, — a room so crowded that little could be expected of us beyond the mere giving and receiving of books. We moved to a building which offered infinite possibilities. The establishment of the Children's Room opened an entirely new field for service. The nearness of the large schools instantly increased our reference work and caused this department to develop. The Art Room, with its frequent changes of exhibits, has given an amount of pleasure to the town which cannot be estimated in words. But the one phase of usefulness which stands out pre-eminently has been the tremendous use of the building as a common meeting ground. Clubs meet here; we have housed nutrition classes and baby clinics; several organizations use the Historical Room for annual meetings; many public lectures have been held; first aid, millinery, and garden classes have used our rooms; and the small rooms are in constant demand for committee meetings.

Our responsibility to the town, first and last, is to function as a library, but the past years have demonstrated that it is possible for us also to serve as a community center.

The increase in circulation over the preceding year is 3,507, and the greater part of this gain comes from the Children's Room. The total number of volumes issued from this department is 18,512, — an increase of 2,682 over 1923, — a very substantial figure compared to the total gain throughout the system. Our aim at all times is not quantity but quality in the reading of the children of Milton, and the story hours, without doubt, are our greatest help along this line. We feel, however, that the older children, who may not attend the story hours, are best reached by occasional reading contests. These have always met with enthusiastic response, and their success is proved to us by the fact that the children who have taken part have all been stimulated to a wider range of reading.

I quote in part from Miss Draper's report. "This year opened with a new formality in registering children. In the past, it was only necessary for a child to be able to write his or her name legibly in ink. In addition to this, the child must now read the following pledge seriously and with understanding:

I pledge allegiance to my Library
And promise to obey all its rules.
Always to handle books with clean hands.
To be orderly when on Library grounds.
Not to walk on the grass.
Not to mark books with pen or pencil.
Not to open books and lay them face down on the table.
To remember that many others are to enjoy these books when I am through.
To keep my Library card means to keep my pledge.

"The children feel the dignity of the little ceremony and seem more inclined to sense the responsibility of borrowing books from the Library. We are indebted to Miss

Johnson of the Chelsea Library for the idea which we have worked into this pledge. The children themselves contributed to an exhibition in the late winter, by bringing models of ships to the Children's Room. They varied from amateur manual training class models to those made by sailors on shipboard, and in size from a small two-masted schooner in a bottle to a launch fully equipped with a gasoline engine. The result of this exhibition was a tremendous interest in books of the sea, biographies of naval officers, stories of lighthouses and general books on the ocean and its mysteries."

There has been a slight gain of 234 in the circulation of books by the house to house delivery. The kind of books circulated by this service varies according to season, there being a marked gain in the number of books issued to the younger people during the summer. With the closing of the schools this is the only opportunity many of the children in this part of the town have for drawing library books, and we consequently double the number sent out on the delivery wagon for the younger readers during July and August.

For several years it has been our ambition to establish a more friendly contact between the library and the members of the Americanization class which meets twice a week in the Vose School. As a means to this end, the Librarian has twice visited the class; a small collection of books has been sent to the school, pictures have been loaned, and we have purchased about forty volumes on the recommendation of the instructor, which are reserved on a special shelf at the Library. The annual visit of this group to the Library was made in November. We aim to make this both a helpful and social affair. A brief talk is always given, telling of the resources of the Library, of our obligations to all residents, and of their obligations to the Library when once they become card holders. All who have not registered are urged to do so, and the evening ends with a social hour. In the three weeks following this visit, eleven members of the class returned to the Library, a small number in itself, but a good proportion from a total enrollment of thirty, and an excellent showing when we consider that all are busy men and women to whom a visit to the Library is not the easy matter that it is to many of us. No single piece of work which we do seems more worth while than our co-operation with this class, and we feel it a great privilege if, in any degree, we can participate in this splendid work which the School Department is doing.

Once more I urge the need of a branch building at Mattapan. Miss Hills, in her report, has concisely summed up the situation. She says, "There comes a time in the existence of any enterprise when it must either expand or diminish. For the past eleven years the use of the Mattapan Branch has grown steadily, the circulation of books increasing 4,424 during the five years between 1918 and 1923. Two years ago the working capacity of this branch seemed to have reached its limit. Last year the circulation fluctuated, showing a gain one month and a loss the next, but the final outcome was a small gain, bringing the circulation up to 25,422. This year we have to report a loss of 1,265 over 1923. During one cold day this fall, when there were 143 visitors, we feared that it would be necessary to ask fifteen or twenty of the boys to withdraw to the front piazza while the books were put on the shelves, but as many of the boys had removed their overcoats it seemed kinder to line them up in one corner while the books were put away in the opposite one, and then reverse the action. This sort of thing, unfortunately, creates a certain amount of confusion, but the books had to be put on the shelves, as patrons might wish to look them over and take them out again." Could a building of adequate size be provided, planned with one-half for the younger readers, and the other half sacred to adults, I am positive that the increased use would more than pay for the expenditure of money. If the population of Mattapan has grown so much recently as to warrant building a new schoolhouse, is it not reasonable to suppose that a room which ten years ago was barely adequate to serve the Library public has long since reached its limit of usefulness?

The work of East Milton and Russell Reading Room has quietly progressed, both places recording gains in circulation almost identical in figure, that for East Milton being 335 and for Russell, 356. The work varies little each year in these two places, but both branches exert a quiet but definite influence upon their respective communities.

There have been eight shows in the Art Room during 1924, consisting of oil paintings by Constance Cochrane, Marguerite S. Pearson and Willard B. Eaton; water colors by Milton C. Avery; etchings and paintings by John T. Coolidge, Jr., and a loan exhibition of paintings by Charles H. Hayden, Edward H. Barnard and Charles H. Davis, arranged by Mrs. Edward L. Cutter. In October a collection of pictures of Old Milton was shown. Much of the credit for the success of this show belongs to Mr. Jesse B. Baxter, who loaned us thirty-four pictures and maps of old East Milton. But the most important and the most successful exhibit of the year was that of the

artists of Milton. It was a surprise, a delight, and a revelation to most of us to know that so much and such varied talent existed among our townspeople. That such a show should be an annual event in the future was a foregone conclusion from the first day the exhibition was opened to the public.

While the number of persons making gifts to the Library is not so large as usual, it nevertheless shows continued interest. We are always particularly glad to get copies of recent novels, which many people purchase but do not care to keep after the first reading. Two splendid gifts of this sort have been received during the year. Those who have given books, magazines or maps are Miss Mary F. Gill; Mrs. Norton Wigglesworth; Mr. and Mrs. Robert R. Haydock; Mr. James S. Russell; Dr. Harris Kennedy; Mr. Nathaniel T. Kidder; Mr. Charles E. Rogerson; Mrs. Ellerton P. Whitney; Mr. John F. Perkins; Columbine Book Club; Mr. Charles M. Rogerson; Mrs. James Lawrence; and Mr. Alfred J. Ellsworth.

The interior of the building is sadly in need of renovating. In many places the paint has worn down to the woodwork; the plastering is cracking and breaking away in several rooms; the joints in the tables in the reading room, the Children's Room and at the issue desk are spreading; and the woodwork on the fireplace in the Reading Room has become loosened. It seems unwise to delay this necessary work much longer, and I strongly advise that, during the next year, the Trustees seriously consider this question and ask the town in March, 1926, for a sum of money sufficient to put the interior of the building in proper condition.

I wish to take this opportunity to thank the Trustees for their generosity in granting me a five weeks' leave of absence during the summer for a trip abroad, and at the same time to express my appreciation of the splendid attitude of the staff, who cheerfully and willingly assumed the extra work and responsibility which fell upon them during this period of absence.

Respectfully submitted,

CARRIE S. ALLEN,
Librarian.

REPORT OF SEALER OF WEIGHTS AND MEASURES

MILTON, MASS., January 1, 1925.

To the Honorable Board of Selectmen.

GENTLEMEN: — I herewith submit my report for the year ending December 31, 1924.

Number of scales, weights and measures sealed	760
Number condemned	3
Number of scales, weights and measures found incorrect and adjusted	21
Number of measuring pumps, 39; 135 stops	174

Respectfully submitted,

JAMES SANGSTER,
Sealer of Weights and Measures.

REPORT OF SEWER COMMISSIONERS

MILTON, MASS., January 1, 1925.

The Board of Sewer Commissioners make the following report of operations of the Sewer Department during the year ending December 31, 1924.

General

Population by census of 1920	9,382
Estimated length of streets of the town (miles)	55
Percentage of length provided with sewers	36.0
Method of disposal	Metropolitan system

Collection Mains

	For Sewage.	For Sewage and Surface Water.
Lineal feet of pipe (measured)	104,799.8	700 ¹
Lineal feet extended during year	517.6	—
Number of inverted siphons	1	—
Number of manholes	473	—
Number of storm overflows	1	—
Number of emergency overflows	1	—
Number of automatic pumping stations	1	—

¹ Storm overflow.

House Connections

Number made during the year	87
Number of stoppages coming to the notice of the Department	15

Discharge of Sewer

Estimated population using sewer system	7,815
Number of buildings connected	1,468

Financial

Total cost of collection mains to December 31, 1924	\$249,035 86
Bonded debt at date	\$7,000 00
Average rate of interest on bonds	4.214

For details of sewer construction and maintenance accounts, reference is made to the Financial Report compiled by the Auditors, as shown elsewhere.

The only extension made during the year was in Rowe Street, where 517.6 feet of 8-inch sewer was built.

The Board of Sewer Commissioners has for over a year been making a study of the sewer requirements of the town, and has employed Messrs. Metcalf & Eddy, Consulting Engineers, to advise it. Messrs. Metcalf & Eddy in a report dated January 4, 1924, advise that "the existing sewers are adequate at the present time, and, for the most part, will be adequate for the future in so far as it is possible to forecast the growth of the town. There are a few sewers, however, which will prove too small when their tributary areas become completely built up." The combined length of these sewers that probably will ultimately have to be enlarged is given as 3,798 feet out of a total present length of 104,800 feet.

Messrs. Metcalf & Eddy advise that there is need for sewerage facilities in the "Milton Park" and "Blue Hill Terrace" districts, both in Mattapan. They point out the difficulties of supplying the needed sewers in these districts, and make specific recommendations with estimates as to how such sewers may best be provided. Their plan calls for the construction of 15,720 feet of sewers of various sizes at an estimated cost of \$107,700. This figure does not include anything for the overhead expense of the Sewer Department in carrying on the work, and does not include anything for rights of way.

During the year the Sewer Commissioners have been working with the special committee on sewers, appointed in accordance with the vote of the town under Article 27 of the March warrant, 1924, preparing a plan for financing the considerable sewer construction that they now feel is needed, especially in the Mattapan district. The report of the committee was handed to the Warrant Committee and the Selectmen in November, 1924.

Respectfully submitted,

F. A. EUSTIS, *Chairman,*
F. Y. MARSHALL,
E. L. CUTTER,
Board of Sewer Commissioners.

REPORT OF SUPERINTENDENT OF STREETS

MILTON, January 14, 1925.

To the Honorable Board of Selectmen, Milton, Mass.

GENTLEMEN: — I herewith submit the report of the Street Department for the year 1924.

During the entire year this Department was unusually busy, keeping apace with the ordinary and growing demands that are increasing each year. While the winter season was not so severe, the snowstorms not being many or heavy, yet the season was long, extending into the spring months, thereby delaying the seasonable repair and maintenance work.

During the first part of the year, a great deal of work was accomplished in widening Dollar Lane and Canton Avenue to conform to the plan of the County Commissioners. This work consisted mostly of filling and the removal and rebuilding of stone walls, and has proved to be of great benefit to that section of the town.

This work was preliminary to the widening and rebuilding of the highway, which was completed later in the year.

For the plowing and removal of snow from the highways, an additional truck was used to assist the two trucks and tractor owned by the Department. This equipment proved to be of great benefit in speeding up this particular line of work.

No material changes were undertaken in any way, either in maintenance or construction work from that of the preceding year. The weather conditions were very favorable for road work, and the cost of construction and maintenance work was low.

Permanent Construction Work

The appropriation of \$30,000 for permanent construction was expended as follows:

Milton Street, Dollar Lane and the westerly side of Pleasant Street, from Edge Hill Road to Reedsdale Road, also the northerly side of Reedsdale Road from Pleasant Street to Randolph Avenue — cost of construction as follows:

Milton Street	} Lineal feet, 2,972; square yards, 8,800 (\$1.80 per square yard)	\$15,869 21
Dollar Lane		
Pleasant Street	} Lineal feet, 4,460; square yards, 10,200 (\$1.38½ per square yard)	14,130 79
Reedsdale Road		
		\$30,000 00

Permanent Sidewalk Construction

This appropriation was expended on the following streets:

	Lineal Feet.	Cost.
Oak Street (east side)	406	\$650 56
Columbia Park (east side)	288	509 36
Pierce Street (east side)	760	846 16
Grafton Avenue (east side)	500	535 82
Lincoln Street (half cost)	125	70 00
Brook Road (half cost)	98	92 12
General sidewalk repairs	—	295 93
Revert	—	\$2,999 95
	—	\$3,000 00

General Maintenance

The appropriation for general maintenance, which has to meet the expense of all the various kinds of work for the year, was expended as follows:

Snow and ice	\$8,383 80
Oiling and sanding	7,597 95
Bridges, fences and signs	872 70
Street cleaning	3,911 26
Office expense	1,890 94
General road repairs	13,774 52
Drains and catch basins	2,261 57
Tar patching	7,482 92
Traffic signal expense	122 63

Street Widenings

Canton Avenue near Dollar Lane	1,534 09
Dollar Lane	1,667 93
Adams, Pleasant and Centre streets	761 85
Robbins Street at Blue Hill Avenue	118 65
Pleasant Street	427 18
Brookside Park extension	475 20

Resurfacing of Streets

Granite Avenue	3,302 32
Granite Place	1,263 37
Brackett Street	1,075 97
Randolph Avenue	1,771 39
Reedsdale Road at car barn	457 57
Plant and equipment	8,577 54
Miscellaneous highway work and supplies	1,851 84
Total	\$69,583 19
Revert	1 73

Total appropriation \$69,584 92

Granite Avenue Bridge

Pay roll	\$2,339 85
Fuel, lighting, printing, etc.	260 15
Appropriation	\$2,600 00

Inventory of Plant and Equipment at Town Yard, Randolph Avenue

Stable and equipment	\$16,500 00
Steam rollers	7,000 00
Motor equipment	11,000 00
	<hr/>
	\$34,500 00

In concluding this report, I wish to extend to your Board, and also to the citizens of the town, my sincere thanks for your co-operation and assistance during the past year.

Note. — As this report is much shorter and more concise than that of last year, any person desiring more detailed information can obtain the same by inquiring at the office of the Highway Department.

Respectfully submitted,

EDWARD A. McCUE,
Superintendent of Streets.

REPORT OF BOARD OF WATER COMMISSIONERS

MILTON, MASS., January 19, 1925.

To the Citizens of the Town of Milton.

The Board of Water Commissioners submits herewith its report for the year ending December 31, 1924, giving the receipts and expenses of the Water Department for the year, as shown by the system of accounts recently installed under the supervision of the Massachusetts Department of Corporations and Taxation.

This system has been carefully considered by the Commissioners, who believe it represents the best modern practice for public service operation.

As customers and citizen-owners of the property, you should read it.

A history of the Department, its organization and an outline of the work done in 1924, with an explanation of the needs for the future, is given.

1. Operations, 1924

Operating receipts	\$73,713 62	
Operating expenses	41,648 17	
Net operating revenue		\$32,065 45
Interest	\$3,054 17	
Bond retirement	10,166 67	
Total fixed charges		13,220 84
Net earnings		\$18,844 61
Expended for extension of mains		10,000 00
Surplus earnings available for interest and retirement of additional bonds		\$8,844 61

THE TOWN'S WATER SYSTEM

In 1902 the town purchased and began to operate, under an Enabling Act, property of the Milton Water Company consisting of 35 miles of water mains, 1,000 services, each equipped with a meter, 344 gates and 266 fire hydrants, with other miscellaneous equipment. All water used is purchased from the Metropolitan District Commission.

Upon taking over the system it was divided into low and high pressure districts. The low-pressure district connects with the Metropolitan system in the Lower Mills section; the high-pressure district connects in the Brush Hill section. There are also two emergency connections with the Metropolitan system, and one with the Boston system.

Water is distributed in practically all portions of the town for your individual and community needs. You pay for your individual needs in the water rates and for your community water services through a sum appropriated annually by the town as "hydrant service."

The information below shows the growth of operations and business since 1902 and during the last five years:

	Number of Fire Hydrants in Use.	Number of Services (Meters) in Use.	Miles of Main in Use.	Cubic Feet of Water purchased.	Population April 1, by Assessors.
1902	266	1,000	35	15,873,596	7,100
1920	415	2,162	54	21,084,091	9,985
1921	421	2,248	54	19,642,246	10,176
1922	434	2,395	56	21,275,535	10,630
1923	445	2,577	57	22,080,615	11,295
1924	467	2,837	60	26,277,406	11,950

At the close of 1924 there were 14 persons regularly employed. The largest number was in the service installation branch; in the office there were 2, and 4 read and repaired meters, inspected hydrants, services and mains.

2. The 1924 Business

Earnings were the largest in our history. The net increase in services was 260, and 4,196,791 more cubic feet of water were used than in 1923.

These earnings represent revenue from money already invested in the system. The needs of increased population must be met by the investment of additional money for new or enlarged mains, depending upon whether the growth is in new territory or whether the already established mains are too small to supply satisfactorily the increased demand.

The Commissioners anticipate that the Department's net earnings will from year to year be sufficient to meet the interest and debt charges.

The Department is being conducted efficiently and economically.

During the year there were 276 building permits granted. Most of these were for the Mattapan and East Milton sections.

Last year the town's population increased by 655. To serve this increase 3 miles of new mains were laid.

The system is in excellent condition, through careful maintenance of existing property and inspection of all new additions.

3. Shop and Office

The space occupied by the Department for workshop and offices is now inadequate. A substantial sum is being paid yearly for rent.

The Thatcher School Building is vacant, and your Commissioners have asked the Selectmen to authorize them to use a portion of this building. The Commissioners can afford and are willing to maintain the exterior of the school if permitted to use a portion for their needs. The money now spent as rent will more than take care of this maintenance.

4. Financing for 1924

Your investment in the water system represents two kinds of capital: (1) the money you put into it before 1914 when every dollar would purchase relatively large value, and (2) money you have invested since, when dollars have not bought so much. As the town continues to grow, extensions to your water system must be made, and so long as the dollar buys less, you will need to invest relatively more of them to bring water service to your homes.

The cost of new construction work this year has been \$58,193.82. Of this sum \$10,000 was available from 1924 net earnings which is the maximum amount allowed from this source by the Enabling Act of 1902. The balance of \$48,193.82 was financed by the sale of 1924 water bonds. The total of such bonds which the Water Commissioners are authorized to issue is \$75,000 par value.

Of the \$312,000 bonds issued in 1902 to buy the water company's property, there remain only \$80,000 outstanding today, and the town has a water-distributing system having a book value on December 31, 1924, of \$584,912.82, and a replacement value much larger. The total bonded indebtedness on the entire water system is now only \$130,000.

5. Improvement of the System

You have seen how your water system grew in twenty years. This work was, we believe, well and economically done, but without expert engineering advice. In 1922 your Commissioners, seeing the great increase in residence building which began in that year, decided that a thorough examination of the system should be made, and Messrs. Metcalf & Eddy, consulting engineers, were therefore requested to make a careful study of the adequacy for all purposes of the town's system of water mains. Their report included definite recommendations for the improvement of the system, based upon ordinary prudence.

These recommendations were divided into yearly schedules in order of their importance, contemplating completion in five years. At present costs, it is estimated the entire program can be completed for \$175,000.

Such work does not immediately produce revenue, but as the town grows it will do so.

The more general use of modern plumbing and water heating apparatus appreciably

increases the per capita consumption of water; in addition, the substitution of "direct" for the "house-tank" system requires a more constant pressure and larger mains to insure an adequate flow of water at the household taps.

In 1923 a small part of the improvements planned was done. The same is true of the 1924 program. As a result, the recommendations of the consulting engineers for the improvement of the system have been to a very large extent deferred; only \$10,000 of the recommended work has been undertaken.

Prudence requires that means be provided to carry out these schedules in order to secure to the town adequate water protection for all needs.

6. Construction and Financing for 1925

It is probable there will be many requests for service installations and extensions of mains in 1925.

The growth of population and density of building makes the extension and adaptation of the water main system as planned by the engineers of utmost importance.

In case of a bad fire in the thickly settled districts of Mattapan and East Milton, and on some dead end lines, water for household use could not be long supplied in the vicinity, and the fire engines would siphon water from the homes, leading to the probable collapse of boilers where vacuum valves are not installed, with consequent property damage and probable shortage of water for fire fighting. The recent fire at the State Normal School at Bridgewater is an illustration of the danger of an inadequate water supply.

The estimated amount necessary to complete the engineers' schedule for 1925, including the deferred portions of the schedules for 1923 and 1924, is \$51,000.

The estimated cost for the extension of mains in 1925 incident to the opening up of new sections of the town is \$28,000, which may be increased by about \$13,000 if certain real estate developments now being considered are undertaken.

The total cost of the necessary extensions is \$79,000.

On page 142 of this report you have seen that surplus earnings available for additional interest charges and bond retirements in 1924 were \$8,844.61. In 1925 the added fixed charges on bonds sold in 1924 will amount to \$3,993, and the probable net balance which may be used to carry and provide for the retirement of additional bonds should be not less than \$5,200.

Until the improvements of the water main system, as recommended by the engineers, are completed, and until the present rate of increase in population slows up to a point where the \$10,000 from earnings which your Commissioners are empowered by law to spend yearly on new construction will pay for all such work, your Commissioners must each year submit to you the Department's requirements for additional funds.

Therefore, your Commissioners have presented to the Warrant Committee the Department's needs for the year 1925, and suggest issuing the amount of bonds which they believe are justified by the earnings of 1924.

Respectfully submitted,

MARCY L. SPERRY,
EDWARD E. FORD,
EDWARD L. HURD,

Board of Water Commissioners.

Statement of the Financial Condition of the Water Department on December 31, 1924

ASSETS

What the Department Owned

(1) Plant

\$584,912 82

This includes all of the water works property belonging to the town which is being operated by the Water Department. It consists of street mains; services, meters for measuring water used; gates for the control of water supply, and hydrants for fire protection; general equipment such as air compressor, Leadite equipment, pipe machines, forges, etc., used in construction work; automobiles and trucks; and office equipment, such as typewriter, adding machine, desks, filing cabinets, etc.

(2) Cash	\$15,721 64
The amount held by the Town Treasurer to the credit of the Water Department, subject to withdrawal only by warrants of the Commissioners, plus a small cash fund which is maintained in the offices of the Department for defraying minor expenses.	
(3) Savings bank deposits	953 40
These deposits are made by consumers whose homes are in new territory. The money is held in the Milton Savings Bank as a guarantee to the Water Department of an adequate return for five years on the investment made to give such consumers water service. Satisfactory collateral in lieu of cash would be considered by the Commissioners.	
(4) Accounts receivable	10,831 82
The amount owed to the Water Department by residents and others for water supplied, services, installations, or for miscellaneous items.	
(5) Materials and supplies	16,638 17
The value of supplies such as iron pipe, pipe fittings, valves, repair parts, etc., on hand.	
Total assets	<hr/> \$629,057 85

LIABILITIES

What the Department Owed

The Department accounts for money used to provide your water system as follows:

(6) Bonds outstanding	\$130,000 00
The Department is responsible for the property represented by these bonds; \$50,000 par value of water bonds were sold in December, 1924, and are included in this total.	
Since 1902, \$235,000 of bonds have been retired and the property represented by these bonds is included in the next two items.	
(7) Town of Milton	238,219 12
The total net money provided by the town for extensions to the system or for bonds retired by the town at maturity.	
(8) Milton Water Works	216,693 70
The Department's earnings invested in the system or returned to the town for bond retirement.	
(9) Accounts payable	217 86
This amount represents current bills for supplies or services not yet due.	
(10) Consumers' guarantee on main extensions	953 40
The guarantees appearing in the assets (Item 3) as pledged by consumers in new territory are held only as a trust, and therefore cannot be used for Department purposes unless forfeited. To offset this item which must be accounted for in the statement of assets, there must be again shown a like amount as a liability for which the Department is responsible to those who have pledged it.	
(11) Sale of water — minimum advance	4,605 76
Advance payment of minimum charges made by the consumers on the first of April, 1924, were credited here and are being reduced as the water is used.	

(12) Interest accrued	\$1,333 34
This is interest accrued on bonds outstanding.	
(13) Reserve for bond retirement	4,333 34
\$12,000 face value of water loan bonds become due and payable each year up to and including 1932. Heretofore the bonds have been paid from the town treasury. It is now planned that payments should be made from the earnings of the Department, and this amount represents that portion of these \$12,000 bonds payable in 1925 which is applicable to the year 1924.	
(14) Surplus	32,701 33
The book value of the Department property exceeds its obligations by the amount of this surplus.	
Total liabilities	<hr/> \$629,057 85

REPORT OF PLANNING BOARD

MILTON, MASS., January 15, 1925.

To the Citizens of Milton.

We respectfully report for the year ending December 31, 1924.

Under Article 6 of the warrant last March the advisability of selling the Sumner School was referred to us and the School Committee. We are unanimous in feeling such a sale unwise, as it is difficult to foresee the needs of this section, and the property, although now unused, may be valuable to the town in the future.

Under Article 60 the proposed road south of the Blue Hills was referred to the Selectmen and to us. Such a road has much in its favor. The plans shown, however, were immature, and we have therefore joined the Selectmen in asking the Legislature to provide further study of the whole situation.

Under Article 78 the question of fire retardant material for roof coverings was referred to us. We are not in favor of mandatory action at this time.

The questionnaire spoken of in our last report was duly sent to all voters, some 4,500; 106 replies were received. These, though few in number, contained valuable suggestions. Our attention has been called to Pine Tree Brook, and we hope to present a plan for its improvement at the annual meeting next March.

Very truly yours,

MILTON PLANNING BOARD.

JAMES S. RUSSELL.
DAVID A. HEFFERNAN.
JESSE B. BAXTER.
ARTHUR H. TUCKER.
W. LAWRENCE MURPHY.

REPORT OF AN AUDIT OF THE ACCOUNTS OF AND THE INSTALLATION OF AN ACCOUNTING SYSTEM FOR THE TOWN OF MILTON

**Made in Accordance with the Provisions of Section 35, Chap-
ter 44, General Laws**

STATE HOUSE, BOSTON, May 3, 1924.

To the Board of Selectmen, Mr. ROGER WOLCOTT, Chairman, Milton, Mass.

GENTLEMEN:—I submit herewith my report of an audit of the accounts of the town of Milton for the period from January 1, 1922, to October 13, 1923, and the installation of a system of accounts, as petitioned for by vote of the town and in accordance with the provisions of section 35, chapter 44 of the General Laws. This report is in the form of a report made to me by Mr. Edward H. Fenton, chief examiner of this Division, who was placed in charge of the work.

Very truly yours,

THEODORE N. WADDELL,
Director of Accounts.

REPORT OF STATE CHIEF EXAMINER

MR. THEODORE N. WADDELL. *Director of Accounts, Department of Corporations and Taxation, State House, Boston.*

SIR: — As directed by you, I have made an audit of the books and accounts of the town of Milton for the period from January 1, 1922, to October 13, 1923, and submit the following report thereon.

The financial transactions of the town as recorded on the books of the several departments receiving or disbursing money for the town, or committing bills for collection, were examined and checked for the entire period.

In checking the vouchers and bills on file in the office of the selectmen, it was noted that a considerable number of bills contracted in 1922, which should have been charged to and paid from the appropriation of 1922, had been paid in 1923 from the appropriation for that year. If these bills had been paid in 1922, there would have been an overdraft in the appropriations of several departments, which is in violation of section 31, chapter 44, General Laws, which reads as follows:

“No department of any city or town, except Boston, shall incur liability in excess of the appropriation made for the use of such department, except in cases of extreme emergency involving the health or safety of persons or property, and then only by a vote in a city of two thirds of the members of the city council, and in a town by a vote of two thirds of the selectmen.”

It was also found that the selectmen's orders were issued only for the payment of certain departmental bills, all other payments involving debt, interest and state and county accounts having been paid without the selectmen's orders. For instance, it has been the custom for the overseers of the poor to present orders which have not been approved by the selectmen to the treasurer for payment, and for the treasurer to make payment thereon. Again, the cemetery department has been managed entirely as an independent organization, the town paying over the appropriation direct to the cemetery trustees and allowing the addition of cemetery receipts to the appropriation; and the cemetery department made disbursements therefrom without any warrant from the selectmen. With the installation of the state accounting system, however, changes were made to the extent of having all departmental bills placed on treasury warrants, so that they may be properly approved by the selectmen before payment, as is provided for by section 52, chapter 41, General Laws, which reads, in part, as follows:

“The auditor or officer having similar duties in cities, and the selectmen in towns, shall approve the payment of all bills or pay rolls of all departments before they are paid by the treasurer, and may disallow and refuse to approve for payment, in whole or in part, any claim as fraudulent, unlawful or excessive; and in that case the auditor or officer having similar duties, or the selectmen, shall file with the city or town treasurer a written statement of the reasons for the refusal; and the treasurer shall not pay any claim or bill so disallowed. This section shall not abridge the powers conferred on town accountants by sections fifty-five to sixty-one, inclusive.”

The appropriations voted by the town were checked to the town clerk's records. It was found that the receipts of various departments, including those of the cemetery department mentioned above, were credited to the appropriations voted by the town. It is apparent, therefore, that it has been the custom in the past to make appropriations of smaller sums than were required for the expenses for the departments, thereby leaving an indefinite amount to be used by departments. In this connection the attention of the warrant committee was called to section 53, chapter 44, General Laws, which provides that:

“All moneys received by any town officer or department, except as otherwise provided by special acts and except fees provided for by statute, shall be paid by such officer or department upon their receipt into the town treasury. Any sums so paid into the town treasury shall not later be used by such officer or department without a specific appropriation thereof.”

The 1924 appropriations have therefore been voted for the full amount to be expended by each department, since, under the statutes, the assessors are authorized to

use estimated receipts to a limited amount in fixing the tax rate, and accordingly appropriations on a flat basis should not affect the tax rate.

The books and accounts of the treasurer were examined and checked in detail. The recorded receipts were compared with the departmental records of payments to the treasurer and with the several other sources from which money was paid into the town treasury, and the payments were checked with the selectmen's orders authorizing the treasurer to disburse town funds.

The treasurer's cash book was analyzed and footed, and the cash on hand was verified with the bank statements. The payments on account of debt and interest were checked with the amounts falling due and with the cancelled bonds, notes and coupons on file.

Appended to this report is a table showing a reconciliation of the treasurer's cash.

The books and accounts of the tax collector were examined and checked. The commitments were footed and reconciled, the payments to the treasurer were compared with the treasurer's books, the abatements were checked with the assessors' records of abatements granted, and the outstanding accounts were listed and reconciled. The outstanding accounts were further verified by mailing notices to a number of persons whose names appeared on the books as owing money to the town; and from the replies received I am satisfied that these accounts are correct. The accounts of the tax collector have been well kept and collections have been made with considerable promptness.

Appended to this report are tables showing a reconciliation of the tax and special assessment accounts.

The books and accounts of the water department were examined and checked. The receipts, as recorded on the cash books, were checked to the various water rates and service ledgers, and payments to the treasurer were verified by a comparison with the treasurer's records. The outstanding accounts were listed and verified by mailing notices to a number of persons whose accounts appeared as outstanding on the books. The vouchers, approved for payment by the water commissioners, were examined and checked, and the cash balance was proved and reconciled.

Appended to this report are tables summarizing the various accounts of the water department.

The books and accounts of the treasurer of the public library were examined and checked. The vouchers were examined, the cash book was footed, and the cash on hand was verified.

The accounts of the town clerk and of the cemetery, moth, poor and health departments were examined. The records of the moth department, as well as those of the Town Farm, did not lend themselves to a proper auditing, since no detailed cash book had been kept. With the installation of the accounting system, provision has been made for the commitment of all departmental bills receivable, such as school, cemetery, tree warden and moth, to the tax collector for collection. From an accounting, as well as from a financial standpoint, this change is highly desirable, since the billing is to be done by the department where the charges originate, while the collections are to be charged to and made by the town collection department, where the accounts will be more closely followed up.

The school department accounts dealing with tuition charges and receipts, lunch room receipts and expenditures, and other school auxiliary agencies, were examined and checked. It was found that no cash books had been kept, notwithstanding the fact that receipts and expenditures on account of the lunch room exceed the sum of \$10,000 a year. Again, money derived from tuition and other sundry receipts had been kept until the end of the year, although section 53, chapter 44, General Laws, provides that such sums received shall be paid over to the town treasurer "upon their receipt." In the case of proceeds derived from the rental of school property, it was found that no payments were made to the town treasurer during the period covered by the audit, while disbursements had been made out of the receipts without approval of the selectmen.

The securities and savings bank books in the custody of the town treasurer, representing the investments of the cemetery perpetual care funds, the charity and citizenship funds, as well as those of the trustees of the public library and of the Wadsworth Hospital funds, were examined and found to be correct. Appended to this report are tables showing the transactions of the various funds.

The surety bonds of the tax collector, treasurer and water rates collector were examined and found to be in proper form. The town clerk was not bonded, as required by section 13, chapter 41, General Laws, although arrangements have been made for the issuance of a bond.

Since the town has adopted the state system of accounting, I feel confident that in the future it will be much easier for the several officials to perform their respective duties, as they will have information before them at all times relating to the condition of the appropriations; and since the system provides for a reporting of all revenues to the accounting department, complete information will be available to interested citizens from the accounting officer's books.

The books and accounts under the new system were opened as of January 1, 1924, and the financial transactions to April 1, 1924, were entered therein.

The system as installed provides automatic checks which will furnish the administrative officers with information that should prove helpful in carrying on the work of the respective departments. Citizens may also be furnished with facts relative to the cost of the several functions and activities of the town government.

The several books and forms provided contemplate the systematic classification of accounts by means of grouping all items of receipts and all items of expenditures of a similar nature under what is termed a functional classification; that is, grouping those items that are related, thus allowing the public to see at a glance what each particular service is costing.

The treasury warrant (upon which all payments are made) will be prepared by the town accounting officer. By the use of the warrant, he can see whether there is a sufficient sum to the credit of the department on account of which the same is drawn before the warrant is approved by the selectmen, thereby preventing expenditures in excess of the sum appropriated.

Ample provision has been made for handling the accounts in a businesslike manner, and with the accounts kept up to date, as I believe they will be, the several town officials will have available at all times information that will aid them in planning their work, and that will also insure a complete statement of the financial condition of the town from time to time.

A list of the books and forms provided in the state accounting system, together with a brief description of their use and certain general instructions relative to the keeping of the accounts, follows:

- Journal for accounting officer.
- Cash book for accounting officer.
- Ledger for accounting officer.
- Classification book for accounting officer.
- Debt record book for accounting officer.
- Cash book for treasurer.
- Check register for treasurer.
- Schedule of departmental bills payable.
- Treasury warrants.
- Collector's cash sheets.
- Schedule of collector's payments to treasurer.
- Schedule of departmental payments to treasurer.
- Schedule of treasurer's receipts.
- Schedule of tax abatements allowed.
- Voucher folder.
- General department pay rolls.
- School department pay rolls.
- Monthly statements.
- Schedule of bills receivable.
- Schedule of bills receivable abatements.

All of these books and forms are arranged so as to simplify the reporting and make possible a proper check on the accounting of public moneys; also to insure a classification of both receipts and payments. All moneys received from every source and paid to the treasurer are also reported to the accounting officer, in whose book will be recorded all cash transactions in detail, which will furnish an absolute check on the total.

Journal. — This is a bound book of the ordinary two-column stock type. It forms, together with the cash book, the medium from which all entries in the general ledger are posted, as it is of vital importance that no entry shall be originated in the general ledger.

The journal is used for keeping a record of the debiting and crediting of items in the ledger, such as opening entries, budget appropriation entries, the entering of tax commitments, the abatement of taxes, accounts receivable, and all entries which are not strictly cash book transactions.

It is important that all journal entries state clearly the ledger accounts which are to be debited and credited; also that a full explanation of the entry be made, in order that the transaction may be fully understood by any one examining the accounts.

Cash Book (for Accounting Officer). — This is a loose-leaf form, made up of the treasurer's schedule of receipts on the debit side and of the duplicate treasury warrants on the credit side; these sheets are placed in a binder provided for this purpose, forming a book which should contain all transactions involving the receipt or the disbursement of cash, in order that the total transactions for a given period may be shown at a glance.

All entries made on the debit side of the cash book should clearly state the source from which the money was received and the department or account to which the same should be posted in the ledger; and all entries on the credit side should show to whom the money was paid and the appropriation or account against which the amount should be posted in the ledger.

All moneys received from every source will be reported to the town accountant; therefore in the latter's cash book will be recorded cash transactions which are similar to those of the treasurer, except in detail, and which will furnish an absolute check on the total.

Ledger. — This is of the loose-leaf type; when the several sheets are properly arranged and placed in the binder provided for the purpose, they form the general ledger in which is recorded, in controlling accounts, all of the financial transactions of the town.

The accounts in the general ledger are separated and grouped in sections, as follows:

First. — Assets and liabilities.

Second. — Revenue accounts.

Third. — Appropriation accounts.

Fourth. — Funded or fixed debt.

Fifth. — Trust funds.

From the ledger information relative to the condition of the several appropriations may readily be obtained and the administrative officers may keep constantly informed of the amounts expended; also of amounts available for the balance of the year. This information is very necessary in view of the statute which expressly forbids the incurring of liabilities in excess of the appropriation made for the use of the several departments; unless the work is well planned, it will be found that the appropriations will be exhausted before the end of the year, with much needed work still to be done.

Classification Book. — This book consists of loose-leaf forms with printed headings covering the chief sources from which revenue is received and object for which money is expended, with blank spaces which allow for additional headings to cover important items that may seem desirable. These sheets are arranged in functional order and placed in a binder provided for the purpose, thus forming the principal source of detailed information regarding the receipts and disbursements of the town. They are arranged in a classified form that is generally accepted and adopted by accountants and students of municipal affairs. Provision is made for the recording of the date of the receipt, from whom received, and the source.

On the payment side will be shown the date of the bill, to whom paid, and the purpose or object of payment.

From this book definite information can readily be obtained of every cash transaction of the town; but its chief object is to furnish classification in a scientific manner, regardless of the method of making appropriations.

This book is also designed to bring the costs of each particular function or service together, so that by knowing the costs and intelligently comparing these with the service given, the taxpayer may judge of the efficiency or inefficiency of the administrative officers.

Debt Record Book. — This is a loose-leaf book especially designed to show the amount of debt under each authorization at any time from the issuing of the bonds or notes to the maturity of the loan; also the interest due semi-annually during the period the loan has to run.

Cash Book (for Treasurer). — This is a bound book especially designed for the recording of all of the cash receipts and disbursements of the treasury department in one book.

Check Register. — This book consists of loose-leaf forms which, placed in the binder provided for the purpose, form the book in which all the transactions with the bank are recorded. It will show at a glance the condition of the accounts in the town's depository.

Schedule of Bills Payable. — On these sheets each department should list all bills approved for payment, and should forward the same, accompanied by the original bills, to the accountant. From these the treasury warrants are prepared.

Treasury Warrants. — These are for listing the bills of the several departments. Warrants are submitted to the selectmen, together with the bills, for their approval, the bills first having been checked by the accounting officer and compared with the several appropriation accounts to which they are chargeable. The selectmen having signed the warrant, it is passed to the treasurer as his authority for payment.

Under the statute, the selectmen are required to approve all bills before they are paid by the treasurer; by using the treasury warrant, they can give greater attention to the bills and appropriation accounts without consuming any additional time.

Collector's Cash Sheets. — These are especially designed forms for the use of the collector in recording receipts on account of various departmental accounts receivable. These sheets are loose-leaf in form and are provided with separate columns for the various classes of receipts.

Schedule of Collector's Payments to Treasurer. — These are especially designed forms for the reporting to the accounting officer of payments made to the treasurer by the collector. From these reports the accounting officer is enabled to classify properly the collector's receipts and verify the receipts reported by the treasurer.

Schedule of Departmental Payments to Treasurer. — This form is for the use of departments, except those for which special forms are prepared, for reporting payments to the treasurer.

Schedule of Treasurer's Receipts. — The accounting officer will use these forms in recording and analyzing the cash receipts of the treasurer. These sheets form the basis of the debit entries in the accounting officer's cash book, and, together with the schedules of payments to the treasurer, serve as an automatic check on the cash account, furnishing the accounting officer with the necessary information for keeping his accounts up to date at all times, and also enabling statements to be drawn off showing actual cash transactions.

Schedule of Tax Abatements allowed. — This form is for the use of the assessors in reporting abatements to the accounting officer, so that he may credit the collector with these items in addition to his cash payments to the treasurer. On the accounting officer's books the collector is charged with the commitment and credited with collections paid the treasurer; if to the collections are added abatements allowed, the accounting officer's ledger will show, in his collector's account, the exact amount of outstanding taxes.

Voucher Folder. — This form is for the use of the town accounting officer and is designed for the purpose of securing uniformity in the filing of bills.

General Department Pay Rolls. — These are to be used by all departments, except the school department, in making up their weekly or monthly pay rolls, and are designed for the purpose of securing uniformity in the pay rolls of all departments.

School Department Pay Rolls. — These are especially designed for the use of the school department, provision being made for showing the gross amount of salary due each teacher or employee, the amount of deduction on account of the retirement fund, the net amount received by each person, and the total amount to be sent to the treasurer of the retirement fund.

Monthly Statements. — These forms are used by the accounting officer in notifying each department of the warrants drawn against its appropriation and the balance subject to draft.

Schedule of Bills Receivable. — On these sheets the accounting officer should list all bills due the town for services rendered and materials furnished by the individual departments, and, after making the proper entry on the ledger, should forward the treasurer's copy with the bills to the treasurer for collection.

Schedule of Bills Receivable, Abatements. — This form is for the use of department officials in reporting to the accounting officer abatements granted on certain departmental bills receivable, so that he may credit the treasurer with these amounts, in addition to his cash collections.

Revenue. — Upon receipt of notice from the town clerk of appropriations voted by the town to be raised by taxation, a journal entry should be made debiting revenue and crediting the proper appropriation accounts. When the tax warrant is delivered to the collector, this account should be credited and taxes debited.

At the close of the year, journal entry should be made debiting all unexpended appropriation accounts (the object for which the appropriation was made having been completed) and crediting revenue. The estimated receipts account should also be closed out into the revenue account at the close of the year, and the revenue account closed into the excess and deficiency account.

Estimated Receipts. — The amount of estimated receipts deducted by the assessors

in determining the amount to be raised by taxation should be debited to the estimated receipts account and the revenue account credited; as cash is received, estimated receipts should be credited and cash debited.

Taxes. — Upon the delivery of the assessors' warrant for the collection of taxes, a journal entry should be made debiting taxes with the total amount of the commitment and crediting revenue, state tax, county tax, state highway tax and overlay with the several amounts appearing in the warrant.

As money is paid into the town treasury, cash should be debited and the tax account credited. When abatements are granted by the assessors, a journal entry should be made crediting taxes and debiting overlay.

Commonwealth of Massachusetts, State Aid. — This account represents the amount due from the Commonwealth for state aid disbursed during the previous year. Upon receipt of money from the state, cash should be debited and state aid credited. At the close of the year, a journal entry should be made debiting state aid due from the Commonwealth and crediting the departmental revenue with the amount of state aid disbursed during the year.

Poor Department Accounts Receivable. — When bills are sent to the state, cities and towns, or individuals, for aid rendered paupers not having a settlement in the town, a journal entry should be made debiting the poor department accounts receivable and crediting departmental revenue with the amount of the charge; as cash is received, the accounts receivable account should be credited and cash debited.

The same procedure should be followed in the case of accounts receivable of all departments rendering bills for amounts due the town.

Overlay. — Whenever abatements are granted by the assessors, a journal entry should be made debiting overlay and crediting taxes for the amount of the abatements. Any balance in the overlay account in excess of the amount of the warrant remaining to be collected or abated should, by journal entry, be transferred to the overlay reserve fund.

Overlay Reserve Fund (Overlay Surplus). — This account represents the surplus or difference between the overlay and the abatements granted by the assessors, and should be reserved for extraordinary or unforeseen expenses, as required by section 25, chapter 59 of the General Laws.

Revenue Loans. — Whenever loans are issued in anticipation of revenue, the cash account should be debited and the revenue loan account credited; when the loan is paid, a warrant should be drawn, revenue loan account debited, and cash credited.

Departmental Revenue (not available until collected). — This account represents revenue of the several departments on account of charges for services rendered or materials furnished. At the end of each month the amount of cash received on account of departmental charges should be credited by journal entry to the estimated receipts account, and departmental revenue should be debited.

Net Bonded Debt. — When debt is incurred by the issue of bonds or notes (for other than temporary revenue loans), a journal entry should be made debiting net bonded debt and crediting the specific loan account. When the bonds are paid, the specific loan account should be debited and net bonded debt credited.

Trust Funds. — When money is received the income of which is to be used for some specific purpose, cash should be debited and the special fund account credited. A warrant should be drawn authorizing the treasurer to deposit the amount in the savings bank, cash should be credited, and trust funds (cash and securities) debited.

As income is withdrawn from the bank, cash should be debited and the specific purpose for which the fund was created (such as library, cemetery, etc.) credited. At the end of the year, the income in excess of the withdrawals should be entered on the books by debiting trust funds (cash and securities) and crediting the specific fund account.

While engaged in making the audit and installing the system of accounts, I received the hearty co-operation of the several town officials, and I wish, on behalf of my assistants and for myself, to express my appreciation for the assistance rendered and the courtesies received.

Respectfully submitted,

EDW. H. FENTON,
Chief Examiner.

FUNDS HELD BY THE TOWN

Perpetual Care Fund

Amount held December 31, 1924 \$58,704 50

This fund is held by the Town Treasurer in accordance with Chapter 82, Sections 15-18, of the Public Statutes, interest at the rate of 6 per cent per annum being allowed on it and paid over to the Trustees of the Cemetery.

Jason Reed Cemetery Fund

Amount held December 31, 1924 \$2,626 67

The interest on this at the rate of 4 per cent per annum is paid over to the Trustees of the Cemetery.

E. T. L. Reed Public Park Fund

Amount held December 31, 1924 \$6,502 21

Extract from the Will of Elizabeth T. L. Reed

"All the rest, residue and remainder of all the moneys remaining in the hands of said Executor or Administrator, I direct shall be divided into three equal parts.

"The second of said parts shall be paid to and deposited with the Treasurer for the time being of said Town of Milton, the same to be received, held and invested by said town as a fund to be known as the 'Jason Reed Fund,' and the income thereof shall be applied to the preservation, care, improvement, or embellishment of the said Milton Cemetery.

"And the third of said parts shall be paid to said Town of Milton, and the same shall be applied by the proper legal authorities to or towards laying out, improvement or ornamentation of a Public Park or Parks in said town, in such manner as said authorities may deem advisable.

"I make the foregoing bequests in favor of First Parish, the Cemetery and the Parks in said Milton, both on account of the deep interest taken by my father, the late Jason Reed, deceased, in the affairs of said town, and of my own profound desire for the welfare of said town and of the citizens thereof."

Mary L. Peabody Fund

Amount held December 31, 1924 \$5,000 00

The clause under which this bequest is given reads as follows: "To the Selectmen of the Town of Milton, Massachusetts, \$5,000, to be invested and the income thereof to be distributed annually to the poor at Christmas."

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of the Town of Milton.

The School Committee submits herewith as its main report the report of the Superintendent of Schools, to which it invites your careful attention.

The Committee acknowledges with pleasure the receipt of the following gifts to the several schools as indicated:

Gifts

High School:

Picture of Mr. Wade L. Grindle, Principal of the Milton High School, 1921 to 1924
— Class of 1924

Tucker School:

Stereopticon lantern with reflectoscope attachment — Tucker School Association

Vose School:

Copy of "Rachel and the Seven Wonders," by Netta Syrett — Miss Harriet Whittier

Belcher School:

10 volumes of Photographic History of the Civil War — Will of Mrs. Isadore Frances Baxter in memory of her husband, Lieutenant William Quincy Baxter
1 silk flag — Huntington F. Wolcott Relief Corps, No. 147

All Schools:

\$200 to be used under the direction of the Superintendent of Schools to meet the expenses of teachers assigned to visit and study educational experiments elsewhere — Milton Education Society

Estimates for 1925

After careful consideration of the estimated cost of maintaining the schools during the year 1925, your Committee recommends the appropriation of \$199,700. In order to carry into effect the instruction of the State Director of Accounts, providing for a change in method of salary payments so that all salaries shall be paid through December 31 of the current year, an additional appropriation of \$8,300 is required.

Respectfully submitted,

LEONARD M. PATTON, *Chairman.*
HENRY W. B. ARNOLD, *Secretary.*
ELMER P. FLETCHER.
HAROLD B. GARLAND.
GEORGE Y. BADGER.
HARRIET WHITTIER.

MILTON, MASS., January 17, 1925.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and the Citizens of the Town of Milton.

In submitting this annual report I wish to direct attention at once to the most serious problem facing our schools at the present moment.

The Need of an Immediate Addition to the High School

Immediate action alone can prevent sacrificing the educational interests of our High and Junior High schools. If steps are not taken at once for the erection of an addition to the High school building, we shall face a most serious situation next September.

This imperative need will be better understood if we first consider the question of school accommodations in general.

School Accommodations

On every hand are seen evidences of the rapid growth of Milton. The large number of new houses recently completed, now under construction, or projected, many of them two family houses, keep before us constantly the question of increased school accommodations. Fortunately this new construction is distributed over the entire Town, so that a large part of the resulting increase in school population can be absorbed by the present buildings.

From my report of last year I quote: "In January, 1921, there were 1,553 pupils attending our public schools. In January, 1922, there were 1,603. In January, 1923, there were 1,723. At the present time (January, 1924) there are 1,818. This shows an increase of over seventeen per cent in three years. With the large number of new houses under construction, a more rapid increase may well be expected."

This expectation has been fully realized, as there are now in the schools 2,003 pupils, an increase of over ten per cent in a single year, as compared with seventeen per cent in three years.

Obviously, the Town cannot stand still in the matter of school construction in the face of these facts.

In its effort to reach the best solution of the problem of future needs, the School Committee asks the adoption of an article in the Warrant of the Annual Town Meeting authorizing the co-operation of the School Committee and the Planning Board in a comprehensive study of the question.

The congestion has become exceedingly serious in the one building that serves the whole Town, namely:— the High school, and immediate action is necessary at that point in order to protect the educational interests of the children of the High and the Junior High schools.

In January, 1921, this building contained 485 pupils. In the summer of that year several changes were made in the building, large rooms were divided by partitions, and unused rooms were adapted to class purposes. In September the establishment of the Junior High school on a three-year basis by bringing the seventh grades to the High school building provided immediate relief to the congested condition in the elementary schools, especially in the Mattapan section.

This change resulted in a large saving to the Town, as it made unnecessary the construction of a new building at peak prices. While the rapid growth of the Mattapan section soon forced to the front again the need of additional accommodations for that section, the delay was sufficient to give the Town the advantage of much lower construction prices when the Tucker school was finally built.

With all the changes made in the High school building, its capacity was increased to 700 with all available space occupied. Today there are 775 pupils in the building, working, however, under conditions entirely unfair; many classes are too large for effective work, some subjects cannot be given the full number of periods necessary because of lack of recitation space, pupils are studying in the assembly hall, a room entirely unfitted for this use, gymnasium classes have to be omitted in part, the lunch room is

entirely inadequate, although used by three shifts of pupils from 11.30 to 12.45, and rooms have to be diverted from their normal purpose in order to carry recitations. In short, even the present conditions cannot be continued without serious educational sacrifice.

As it is beyond question that next September there will be in the building from 825 to 850 pupils, it is evident that unless the added space is provided at the earliest possible moment the entire school will have to be placed on half time under a two shift organization, which will make it impossible to hold to our educational standards. Moreover, on account of the peculiar geographic conditions of the Town, this will be an exceedingly expensive plan to operate. Such a course would be entirely out of harmony with Milton's pride in its schools.

To erect a separate High school building will cost two or three times as much as to build the addition proposed, which will be practically completing the original plans of the building.

The addition requested will enable us to meet the crisis of next September; it will most economically meet the needs of the present and the known future and will be in harmony with any organization that may develop during the coming years.

The Wadsworth, the Glover, and the Vose buildings are not fully occupied and therefore present no problem. The Belcher school in East Milton is growing, but not so rapidly as to cause concern.

The opening of the new Tucker school has relieved the congestion in Mattapan and will care for this section for a few years. This building will house nearly twice as many pupils as the former one. While providing for this generous margin of growth, the Committee had the building so planned that it can be extended economically and without affecting the school as it now stands. This provision for future enlargement, rather than the construction of an over-large margin to remain unoccupied for a few years, is evidence of the sound business judgment of the Building Committee and their consideration for the financial interests of the Town.

Careful consideration, moreover, should be given to the alternative of meeting this future need in the Mattapan section by the erection of a building in another location, thereby diminishing the necessity of crossing main traffic streets and at the same time caring for the large growth eastward that will inevitably follow the completion of the electrification of the Shawmut Branch to Mattapan.

Senior and Junior High Schools

In April, Mr. Wade L. Grindle, who, for nearly three years, had been the Principal of the Senior High school, was offered the principalship of the High school of Winchester, Massachusetts, at a large increase in salary. Mr. Grindle's leaving Milton was a cause of sincere regret on the part of all his associates, including teachers, pupils, and citizens. His work left an abiding impression on all who knew him.

Mr. Clarence M. Hunt, for several years the head of the manual training department, was appointed temporary Principal to complete the school year. In June, the Committee elected Mr. James D. Howlett, Principal of the High school of Bethlehem, Pennsylvania, to fill this position. Mr. Howlett began his work at the opening of the school year in September.

The college entrance examinations of our graduates and their success after admission to college are convincing evidence that the scholarship of the school is being steadily advanced.

The physical interests of the students have been given an increasing amount of attention. The established policy of the school is not simply to train winning teams for inter-school competition, but rather to enlist the interest of the largest possible number in each sport and then to give to all alike instruction in that game. As a result both football and basketball are enjoyed by a very large proportion of the boys in the High school. At the same time there has grown up a fine school spirit and a true sportsman-like attitude. Our football team had a successful season. It is a fine tribute to the efficiency of the coach, Mr. A. H. Yeaton, that interest continued keen throughout the season and that not a single boy was injured in any game. Next year we shall without doubt see even greater results from this policy.

Nearly three years ago an orchestra was organized in the High and Junior High schools and instruction was provided upon a large variety of orchestral instruments. This work was under the charge of a man rarely qualified for it, Mr. Emil A. Posselt. His own enthusiasm, his unusual understanding of children, and his exceptional musical ability impressed themselves upon all. The concerts given each spring demonstrated fully

the success of his teaching. It was with deepest regret that we learned in September that on account of illness he could not return to us. On December 29, Mr. Posselt passed away at his home in Medford.

In Mr. Russell A. Cook we have found one who is well qualified to carry on Mr. Posselt's work and under his direction the orchestra and the instrumental instruction are going forward successfully. Instruction is being given upon the following instruments: violin, cello, bass viol, clarinet, flute, tympani, cornet, French horn, and traps.

On the last day before the Christmas vacation the Dramatic Club of the Junior High school gave before the Senior High school and later before the Junior High school a play entitled: "Why the Chimes Rang." Its artistic and impressive presentation made the occasion one long to be remembered.

Elementary Schools

In the elementary schools the outstanding accomplishment of the year is the extension of the privilege of the kindergarten to all children of the Town. There are still some parents who do not realize the educational value of kindergarten training. It is indeed unfortunate that any child should be denied the happy and valuable experience of the kindergarten.

In the Glover and Wadsworth schools, the number of pupils was not sufficient to justify the establishment of kindergartens; consequently, in those two schools the few five year old children have for several years been grouped in what has been called a sub-primary class. Being in the same room with the first grade, the interests of both groups have suffered. In each school there were three teachers, the first teacher having the sub-primary and the first grade, the second, having the second and third grades, and the third, the fourth and the fifth grades. From each school the pupils went to the Vose school for the sixth grade and then to the Junior High school.

Beginning with this school year, the sub-primary grade was abolished and the children transported in the school busses to the kindergarten at the Vose school. At the same time sixth grades were added to the Wadsworth and Glover schools. The educational interests of all the pupils involved were obviously materially advanced.

At the beginning of the year, Miss Ruth L. Danielson, a teacher in the Tucker school, became Principal of the Wadsworth school.

Parents of children soon to begin their school experience should acquaint themselves with the rules relating to the age of admission to the kindergarten and to the first grade. These rules appear in the Appendix of this report.

In view of the success that has attended the instrumental classes in the High school and the Junior High school, it was decided to provide this year opportunities for those in the fifth and sixth grades who wished to begin the study of certain instruments. Accordingly, one hundred are now studying the violin in classes held almost entirely out of school hours and fourteen are studying the clarinet.

New Tucker School Building

In my report of last year was incorporated a full description of this school building, then approaching completion. Early in June the school was transferred to the new building, thus enabling the pupils to become acquainted with it before the beginning of the new school year.

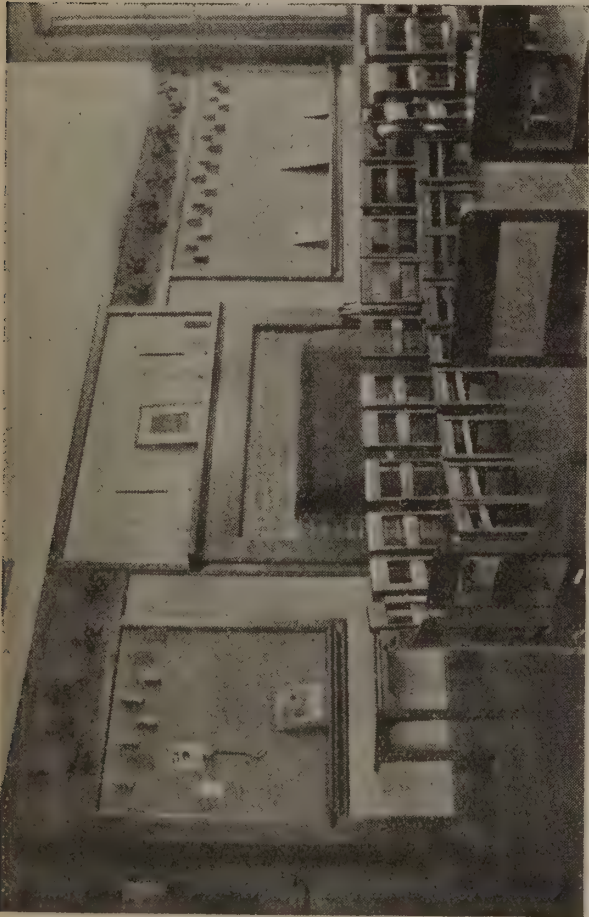

While departing from the conventional type in many ways, it has proved very satisfactory in every particular and a most valuable addition to the school equipment of the Town.

Too much praise cannot be given to the fidelity of the Building Committee, to whom this building is a real monument. The Committee that constructed the building was constituted as follows: Alfred J. Ellsworth, Chairman, J. Henry Scott, Secretary, Ernest E. Erickson, John P. Ilsley, and Leonard M. Patton. That their work was done both thoroughly and economically is well attested by the approval given the building by all who visit it.

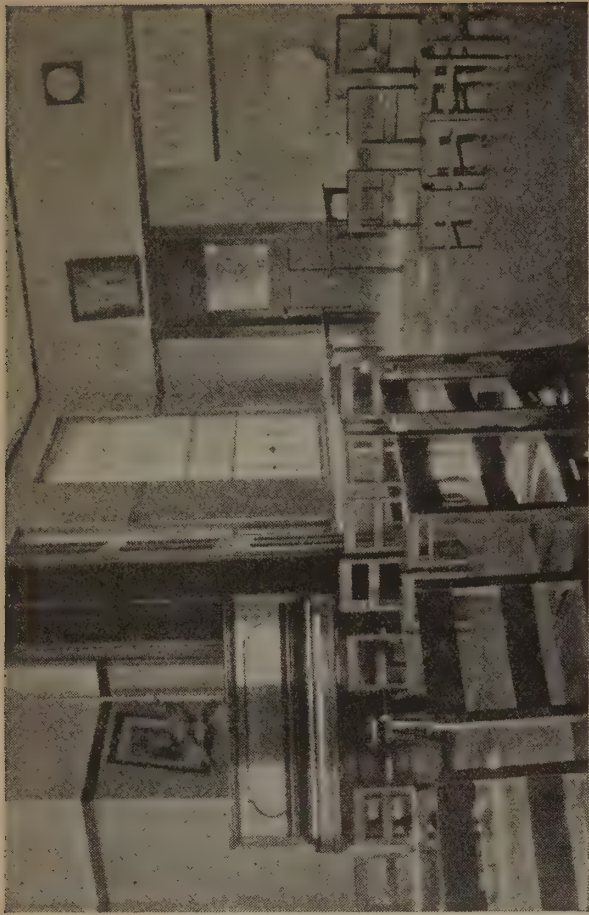

If the Town had not provided this building when requested, there would today be at least two hundred children of this school on a part time program.

The photographs appearing in this report are views of the new building, being the work of Miss Evelyn Springer, one of the teachers in the school.

A most cordial invitation is given all citizens to visit the school.

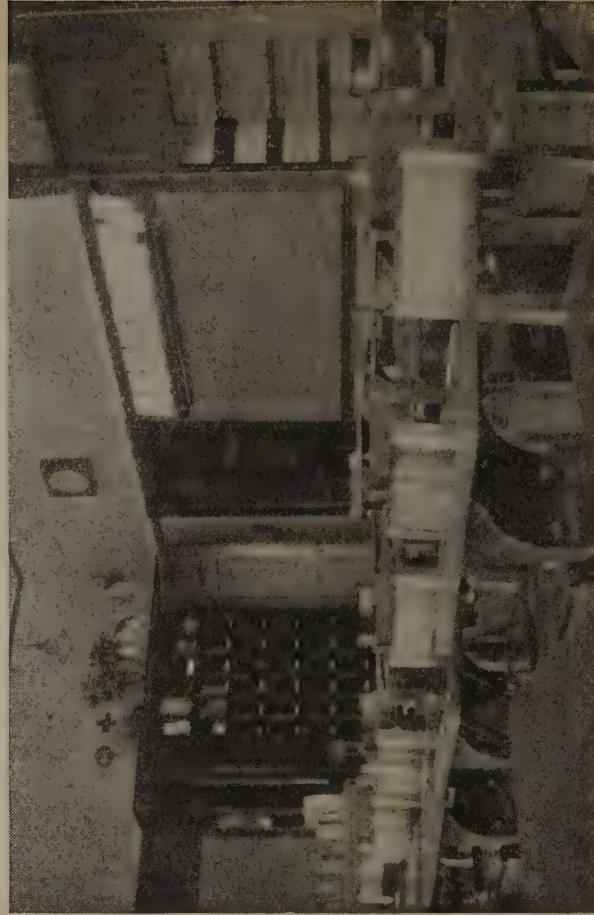

Kindergarten Room

Kindergarten Room

Lower Grade Room

Upper Grade Room

Vacant School Buildings

Nearly three years ago the Houghton school on Hillside Street and the Sumner school on Blue Hill Avenue at Atherton Street were closed and the pupils transferred to the Vose school. The Houghton building is at the extreme end of the district that it served, being at the edge of the Blue Hills Reservation. Should growth in that section require a school, a location much nearer the center of the district should be chosen. Therefore, the School Committee returns the building to the Town as no longer needed for school purposes.

The Sumner building has a location with much to commend it and in addition is upon a lot of sufficient size to carry a much larger building if the need should arise. The School Committee and the Planning Board, to whom was referred the question of selling this property, unanimously recommend against disposing of the whole or of any part of it at this time.

For several years the Thacher school on Walnut Street has been unused for school purposes. During the construction of the Tucker school last year this building was used to care for a part of the Tucker pupils. It is no longer needed for school purposes and the School Committee does not feel justified in incurring the expense of the repairs necessary even to protect it while remaining idle. The Committee, therefore, returns the building to the Town. All the land, however, except so much as may be needed to give an entrance to the building, it retains for playground purposes in connection with the adjoining Vose school.

Vacations and Length of School Year

The number of school days during the school year is a question of increasing gravity. Our schools open about the middle of September and close about the middle of June. Notwithstanding this late opening and early closing, there are many parents and pupils who wish to reduce the school time still further.

Last September there were in our schools on the eighth day of the term one hundred forty pupils who were not present on the opening day. Their coming in late threw many classes out of balance and made it necessary to go over again much of the work done in those first seven days.

In spite of the early closing in June we are besieged with requests to excuse children from the last few days of school in order to go away early with their parents. These requests in Milton are fully as numerous as I have found them in other places where the term does not close until the last of June.

It is not reasonable to expect children to attach to their work the value that belongs to it unless the parents by their own planning establish in the minds of their children an appreciation of the fact that the opening and the closing days of the school year are the most, rather than the least, valuable. This is a matter that many parents should carefully consider and by their acts give the schools better co-operation.

Likewise there is a constant demand for the lengthening of vacations, for omission of school on cold or stormy days, and particularly for omission of sessions on Monday or Friday when holidays fall on Tuesday or Thursday.

I wish that all parents would impress upon their children the idea that school opportunities are to be sought rather than to be avoided and that the omission of a school day means an actual loss. In the school attendance law the penalty for non-attendance is placed upon the parent, as it is assumed that the child will attend school if the parent wishes him to do so. It is difficult to understand how so many can fail to appreciate the permanent damage done their children by permitting them to regard so lightly what ought to be for them their greatest responsibility, namely:—regular and punctual school attendance. Pupils absent or tardy without sound reason are establishing a habit that will be most difficult to break and will seriously impair their value in later life.

A factory that would begin later and later in the morning, closing earlier and earlier in the afternoon, constantly lengthening the noon lunch period, and also closing for more and more holidays, would surely not be expected to increase its volume or quality of production, but would, on the other hand, soon be listed among the business failures. Exactly the same thinking should be applied to the consideration of the length of the school year.

Already our school year in Milton is shorter than in most other places and we cannot maintain standards and still further reduce time. Parents and pupils must not ask it.

Health Work in the Schools

The health work of the schools has been more definitely organized this year than ever before. The physical examinations were completed earlier in the school year and immediate provision made for definite corrective treatment through the physical exercises, especially in the matter of poor posture. No effort is made in the gymnasium to develop mere gymnastic skill, but rather to develop the soundest possible bodies for all. Both the physical instructor for boys and the one for girls are doing superior work in this line with gratifying results.

In the cases of poor posture, definite exercises are prescribed for work in school and also at home and the resulting improvement has been marked in many instances.

The physical examinations were made by four well-known physicians, two men and two women. The school nurse at once began her conferences with individual parents regarding their own children and has met with cordial co-operation in almost every instance.

The dental dispensary has continued to do valuable work, not only preventing much suffering, but also preserving the children's efficiency for school work.

All that the Town does in the protection of the health of its children will result in a more efficient and economical administration of its schools.

Contagious Diseases

In my report of two years ago I called attention to the law that requires the reporting to the Board of Health of all cases of contagious disease, including measles, chicken pox, mumps, and whooping cough. Many parents do not call physicians and, not realizing their own responsibility to report the cases themselves, the fact does not reach the knowledge of the Board of Health. Sometimes children return to school before they have fully recovered and thus they expose all their classmates. It is indeed unfortunate that any children, through the neglect of their parents, should thus spread these diseases.

The rules of the Board of Health require a certificate of recovery signed by a physician before the child may return to school. No parent has just cause for complaint against a teacher who refuses to re-admit a child until this rule has been complied with.

Several times this year it has happened that immediately after school opened in the morning children have been discovered by the teachers as having one of these diseases. Parents should be very watchful of their children to discover symptoms of sickness and should consult a physician in case of doubt, in order to avoid the tremendous waste of school time caused by this neglect.

The rules of the Board of Health governing all such reportable diseases are in print and copies can be obtained upon request of that Board. Parents should know these rules and thus be able to protect their own children and also avoid needless exposure of other children.

The seriousness of these diseases will be better appreciated after reading the report of the Surgeon General of the United States Public Health Service just released for publication, from which I quote the following:

"During the calendar year of 1923 a very decided increase is noted in measles. In 1923, 45 states reported a total of 725,529 cases of this disease with 10,282 deaths, as compared with 260,803 cases and 3,592 deaths in 1922. There was an increase of about sixty per cent in the number of cases of whooping cough with an increase from 4.4 deaths for every hundred cases to 5.5 deaths per hundred cases. . . . Forty-five states reported a total of 30,771 cases of small-pox, showing that this disease is much more prevalent in the United States than in European countries. . . . Small-pox remains the most widely distributed plague in the world, due to neglect of vaccination, revaccination, and in part to organized opposition to this most efficacious measure. Apparently one-fifth of all cases occurred in the United States."

As we are constantly discovering and excluding children having these diseases, undiscovered by the parents, it is evident that the school is doing all in its power to prevent their spread, but the conditions would be very much improved and the danger lessened if all parents would exercise the same vigilance as exercised by teachers, school nurse, and school physician.

Americanization Class

Three years ago the Town made its first appropriation for the organization and maintenance of a class for aliens wishing to prepare themselves for citizenship. The Town receives from the State a reimbursement of one-half the money expended for salaries, books, and supplies for this work. At first the class consisted of Italian men only. An effort was made to broaden the scope of the membership with the result that the present membership is made up as follows: men — 20 Italian and 1 Belgian; women — 3 Italian, 4 Swedish, 2 Finnish, 1 German, 1 Swiss, and 1 Danish. The class meets every Tuesday and Thursday evening in the Vose school from seven to nine o'clock. Any citizen who is interested is cordially invited to visit the class. Many have taken out their first papers and four have been admitted to citizenship. The steady growth of the class is a well-deserved tribute to the hard work and unusual qualities of Miss Eva G. Oakes, who has been its teacher from the beginning. I am glad to express our appreciation of the constant and helpful interest of Miss Carrie S. Allen, Librarian of the Milton Public Library.

Transportation

When in 1922 the School Committee decided to close the Houghton and Sumner schools because of the small attendance and also in order to give the children of those parts of the Town the advantages that go with the larger school, the Brush Hill Transportation Company was asked to furnish the transportation. This they could not do in full without a material increase of equipment. They did, however, consent to handle the transportation of the Sumner children with the understanding that they would be relieved of this as soon as possible. The School Department was therefore compelled to purchase and operate a bus to care for those from the Houghton district.

The demolishing of the old Tucker school building and the distribution of the children in other buildings made it necessary to provide for the transportation of the pupils of the kindergarten, the first and the second grades. For this work a second bus was purchased. With the occupancy of the new Tucker school this second bus was available to carry the children from the Sumner district to the Vose school. Last September, therefore, it was possible to release the Brush Hill Company as they had requested and this transportation is now being done in the two busses operated directly by the School Department.

They also convey to and from the Vose school kindergarten the children who, under the former plan of organization, would have attended the sub-primary classes of the Glover and the Wadsworth schools.

In carrying out the reorganization of school assignments, it was necessary to make a material increase in the distance to be covered by some children in reaching the school to which they were assigned. From the remoter parts of the Town the distance is so great that it would be unreasonable to expect the children to walk the entire distance. For them, then, transportation is provided. The privilege has not in any case been extended to those whose school assignments have not been changed. As each stop of the bus is time-consuming, the children meet in groups at convenient points. From time to time we receive requests to have the bus stop for an individual child at his own house. This cannot be done if the whole task is to be accomplished in the time to which we are limited.

We have received many requests for the extension of this privilege to children of other parts of the Town, in some cases to children living not over a half-mile from the school. The demand upon the present equipment is the maximum that it can meet, without resorting to one or another of the following objectionable expedients: requiring some of the children to leave home unreasonably early, or having some of them reach school after the beginning of the session, or overcrowding the busses, or running at excessive speed. Under the circumstances the School Committee can only deny all such requests.

Repairs

During the past year the largest single repair was the shingling of the entire roof of the Belcher school. The prompt completion of this work protected the building from the damage that would inevitably have been done to the interior this winter, thus, without doubt, saving the Town a large expense.

With the exteriors of all the schools now in good condition, attention will be turned to the interior painting and other work that is required in order to keep our school buildings the pride of the Town.

Teachers' Salaries and Professional Improvement

In adopting a new salary schedule effective last September the School Committee provided for a salary recognition of professional study completed by teachers. This gives to all teachers who perform a stated amount of professional study a salary rate to which they may be advanced beyond the regular salary maximum. This is a practice now general over the country and gives encouragement to improvement in service by study.

Four teachers, all of whom have been in the Milton schools for several years, are spending the present school year in study and travel. Their return will bring to our schools valuable suggestions from the best practice elsewhere. While this sabbatical year plan has been in force many years, a larger number than usual, in fact the maximum number permitted, are taking advantage of it this year.

In the field of industry and invention we are all aware of the tremendous changes that are coming about. Yet in education, preparing as it must for these changes in all other fields, even greater changes are going on. To sift the permanent from the temporary requires study and discrimination; no teacher can meet adequately the changing needs of life if he stands still. Never have teachers more faithfully studied their work than they are studying it today. Milton has reason to be proud of the fact that its teachers are earnestly endeavoring by all means in their power to discharge their full obligations to the Town and its children.

A Retrospect

During the past four years there has been no change in the personnel of the School Committee. This has made possible a continuity of thinking and effort that has been greatly to the advantage of the schools. In my long experience in school work, it has never been my privilege to be associated with a more earnest and faithful School Committee. Their one object has always been the advancement of the interests of the schools and in their work they have not measured their time or consulted their personal convenience.

Mr. J. Henry Scott, for nearly six years a member of the Committee, resigned in October by reason of removal from the Town, and Mr. Leonard M. Patton, a member of the Committee for the same length of time, and for nearly five years its Chairman, has announced his decision not to consider re-election at the Annual Town Meeting in March.

It is, therefore, especially appropriate that we should look back over the past four years and review the important advances that have been made in the educational interests of our Town.

- Establishment of three year Junior High school and of three year Senior High school, working side by side efficiently and economically.
- Extending to the children formerly of the Houghton and the Sumner schools the advantages of a larger school, with transportation provided, in heated busses with exceptionally competent and careful drivers, and with children under constant supervision.
- By the reorganization just named, all pupils of the Houghton, Sumner, and Vose schools placed in classes of reasonable size and with only one grade to a teacher.
- Kindergarten established in the Vose school, serving the Vose, Houghton and Sumner districts.
- Establishment and maintenance of a fully equipped dental clinic. In meeting the initial expense, the Committee had the valuable support of the Social Service League, the Milton Branch of the American Red Cross, and the Milton Woman's Club.
- Special class for pupils needing more individual assistance than is possible in the regular classes. Transportation provided for children coming to this class from the more remote parts of the Town.
- Establishment of evening class for aliens seeking instruction looking toward citizenship. Class constantly increasing in numbers.
- Abolishing the sub-primary classes in the Wadsworth and Glover schools and transporting children of that age to the kindergarten in the Vose school.
- Systematic attention given to the large repairs necessary to putting the several school buildings into good condition, but avoiding an excessive expense in any one year.
- Construction of the new Tucker school by a most efficient Building Committee, two of whom were members of the School Committee.

- During the construction of the new Tucker school, the four hundred pupils carried on their work without any interruption, being housed in other school buildings, the pupils of the kindergarten, the first, and the second grades being transported in school busses.
- Constant improvement in scholarship, particularly as evidenced by later success in school, college or business.
- Rules and Regulations of the School Committee thoroughly revised in harmony with the best practice and issued in printed form.
- Encouragement given to increased use of school buildings for community purposes so far as it can be done without interference with the regular work of the schools.
- Reorganization of the office management of the Department, including the establishment of an adequate and up-to-date filing system.
- Formation and maintenance of orchestras in the High and the Junior High schools, classes also being organized for instruction on the several instruments of the orchestra.
- Adoption of a new salary schedule, encouraging professional improvement of teachers by study and other means, in harmony with the best educational thought of the country.
- Establishment in the High school through the generosity of the Tuell Alumni Association of the Tuell Citizenship Prize for boys and the Hallowell Citizenship Prize for girls, awarded at graduation to the boy and the girl who, throughout their High school course, have best exemplified the qualities of good citizenship.
- Installation of the Educational Thrift Savings System in all the schools of the Town.
- Increasing attention to the health interests of the schools, including a prompt and thorough physical examination of all pupils at the beginning of the school year, with an immediate follow-up of cases calling for special attention, this work involving the school nurse and the two physical instructors.
- Formation of classes for the fifth and sixth grade pupils for after-school instruction upon the violin and the clarinet, the classes being of large size and conducted in the three larger schools one afternoon each week.
- Inauguration in co-operation with the Milton Education Society of a plan whereby the Superintendent of Schools will select teachers to visit and study in detail educational experiments being carried on elsewhere.
- Constant evidences of the increased confidence of the public in the sincerity and the efficiency of our school organization.

It is especially gratifying to be able to state that all these accomplishments of the present School Committee have been accompanied by a large reduction in the cost per pupil, this reduction being now about fourteen dollars per pupil or over twelve per cent.

The public commendation given the work of this Committee in the last three Annual Town Meetings by the Chairman of the Warrant Committee, who have known its work especially intimately, is a well-deserved tribute to its business ability as well as its educational efficiency.

To be associated with such a School Committee in so large a service for Milton is a privilege that I shall always appreciate.

Respectfully submitted,

JOSEPH A. EWART,
Superintendent of Schools.

MILTON, MASS., January 9, 1925.

APPENDIX

SPECIAL REPORTS

AND

STATISTICS

QUOTATIONS FROM RULES AND REGULATIONS OF THE SCHOOL COMMITTEE

1. Admission to Kindergarten and to First Grade

SECTION 45. Children who will be five years old before January 1 of the following year may be admitted to the kindergarten during the month of September. Children who will be six years of age before January 1 of the following year may be admitted to the first grade during the month of September.

2. Tuition Pupils

SECTION 69. Tuition fees at the rate of \$125 (One Hundred Twenty-five Dollars) per year in the High school, \$100 (One Hundred Dollars) per year in the Junior High school, and \$75 (Seventy-five Dollars) per year in the elementary schools shall be paid by non-resident pupils to the Town Treasurer at the beginning of each term. Pupils whose term bills have not been paid at the end of the second week from the time the bills have been rendered shall be required to discontinue their attendance at school.

3. No-school Signal

SECTION 61. The signal 2-2 sounded four times on the fire alarm at —

7.15 o'clock means no school sessions for all schools for entire day.

7.30 o'clock means no school sessions for all schools below the Junior High school for entire day.

11.40 o'clock means no afternoon session for all schools below the Junior High school. This signal will not be sounded if the 7.15 or the 7.30 signal has been sounded.
